Fifteen Ursinus College students, eight women and seven men, were selected for this year's "Who's Who Among Students in American Universities and Colleges," according to Richard J. Whatley, Dean of Men.

The criteria used for selection include scholarship, participation and leadership in academic and extra-curricular activities, citizenship and service to the school, and promise of future usefulness.

**Marianne T. Cordova**, daughter of Joseph C. Cordova, 116 Webers Road, North Wales, is an economics major.

She is president of Tau Sigma Gamma sorority and last year was its rush chairman. She is a member of the Messiah chorus.

A 1971 graduate of North Penn High School, Lansdale, she was a member of the school's yearbook, leaders club president, and played on the basketball and tennis teams.

**Lee Rambo**, daughter of Mrs. Isabel T. Rambo, Route 1, Lincoln University, Chester County, is a biology major.

She is president of the senior class, and was class secretary the past two years. Last year she was dormitory president and member of Women's Campus Council, and during her sophomore year was dorm vice president.

She is a social chairman of Phi Alpha Psi sorority and member of Campus Gold. She is captain of the varsity swimming and diving teams and plays the violin in the college orchestra.

Miss Rambo plans to teach on the secondary level, specializing in biology.

**Pamela Riel**, daughter of Mr. and Mrs. Eric A. Riel, 512 Filbert Road, Greenland, is a health and physical education major.

She is cheerleading captain, and active in field hockey, swimming, and diving, gymnastics, and a member of Omega Chi sorority and the Messiah chorus.

She plans a career in secondary teaching.

**Courtenay Sollenberger**, daughter of Mr. and Mrs. Donald M. Sollenberger, 4 Balfour Circle, Lansdowne, is a health and physical education major.

She is president of the Education Club, vice president of the senior class, secretary-treasurer of ProTectra, secretary of the Central Coordinating committee, plays center on the women's varsity basketball team, and is a member of the hockey, swimming and lacrosse teams.

She is a member of Omega Chi sorority, the Messiah chorus, the Color Day and Student-faculty dinner organizing committees, and appeared in several college dramatic productions.

Miss Sollenberger plans to teach on the secondary level.

**Melissa Matoon**, daughter of Mr. and Mrs. Norman P. Matoon, 4171 Country Club Road, Havilin, is an English major.

She is Chairman of the College Union this year, and last year was secretary. In that capacity, she was an organizer of the record-breaking 600-foot banana split prepared in November 1971.

She was assistant director for the college's stage production, "Fantasticks."

**Cynthia V. Fitzgerald**, daughter of Mr. and Mrs. Thomas V. Fitzgerald, 416 Spring Avenue, Ridge wood, N. J., is an English major planning a law career.

She is editor of the Ursinus Weekly student newspaper, vice chairwoman of the College Union and was chairwoman of campus special events. During the second semester of her junior year she attended Richmond College, Surrey, England.

**Elsbeth Barnhill**, daughter of Dr. and Mrs. George T. Barnhill, III, 911 Overbrook Road, Wilmington, Del., is a health and physical education major who plans a secondary teaching career.

She is president of the Women's Athletic Association, captain of the varsity lacrosse team, and played on the varsity hockey, basketball and softball teams.

**PUZZLE SOLVED**

"The College Union Has Done It Again" was the cryptic message hidden in yesterday's giant jigsaw puzzle. Team F, jumping for joy at their stripped socks, finished first and won bananas splits for themselves. Craig O'mcull, the decider, won a dinner for two. (Details in next week's issue.)
Historia Ursini: Library Metamorphosis

By RUTH VON KUMMER

Book—instead of a snack shop, instead of color television, instead of Pick n' Save, instead of even a movie. No, this is the Library Metamorphosis. Books, indeed.

\[ \sum \left( \pi x^2 \left( \frac{2}{\pi} - a \right)^2 \phi \omega x \right) + z \]/
\[ z(ad - bc)(\phi a) + a^2 \]

...does that simplify things?
The incident in the closing minute of the game was not the only complication in the game for Ursinus. The Bears hit hard all game; unfortunately, they failed to have a defensive presence. Defensive players were caught out of position and refused to engage in any defensive engagement. The offense lacked precision and was inconsistent, allowing many turnovers. It appears that having an experienced and skilled coaching will make for much improved Ursinus football in the future.

Freshmen are required to wear black socks at all times. This regulation applies to freshmen in the Philadelphia sectional tourname nant next weekend. GOOD LUCK, GIRLS!

Photo Review

By CATHY McCARTHY

The Photography Club of Ursinus has organized a display of art work in Wissner Auditorium which is very much worth an effort to see. Freshmen and seniors of the Club and Jim Tilly, a member, were present to transform them into a very impressive exhibit of creative art and talent.

Because of the knowledge of the art of photography, several people who are knowledgeable in that area in order to evaluate the exhibit. It is of interest to come to the conclusion that every person present will enjoy the display for themselves and I will therefore relate to you what I learned during my enjoyment of the exhibit which I shall have some meet to start.

One important characteristic of these photographs is the color, or the lack of it. The black and white-ness express their mood in terms of linear design and are a study in contrasting shades. It concerned with shapes, how they get together and how they convey to the viewer. Many of the black and white photos are used for their conveyance of texture.

Color photos, on the other hand, use the advantages of color to portray different color schemes in order to achieve a specific mood. In addition to, are concerned with the way shapes can be utilized to create an image, how contrast of color to do.

Some of the photographs were done by the different photographers which we talked about earlier. Telephone photos were used for several of the close-up photographs which show an excellent shot of the subject matter. It was realized into a modified shadow which reinforced the content of the picture. Others show a person wearing a frame in which the frame itself is subject also important to the effective photo. The original composite of the frame is also important because it can be studied from the basic beauty of the shot.

As you can see, I still don't know much about photographs.
