You said in last pub. about cat
stones. Did you know we had a
black cat that had a litter of 6
snow white kittens, had lots of
people here to see it; newspapers
had front page stories of it and

even college students came to
see ^{them} and but a black hair was
found on one of the 6 kittens
I have several photos of them
if it interest you. John Hix had
a picture in the syndicated
press, but had it and people
from Indiana came for more of
^{them} 3 had blue eyes and heard
3 had pink eyes and were deaf.
they also had orange like fur.
"Also there is a saying that when
a baby has "measles" or "ob remate" ^{see}
put milk on a saucer let the
cat drink out of it and then
give the rest to the baby, ^{for cure} I know
a friend of mine who tried it.
If you hear of you are interested
in cat pictures & story ^{Recpt} Mrs Emma Coldren
