Historical Sketch

The beginning of educational work on what is now the campus of Ursinus College dates back to the construction of a primitive schoolhouse built of logs probably two centuries ago. The ancient building was razed in 1832 when Todd's School was built in the town of Perkiomen Bridge, now Collegeville. In 1848 Freeland Seminary was opened on a tract adjacent to Todd's School. The new school occupied the buildings now known as Freeland Hall and Stine Hall. During the following two decades many hundreds of young men were educated here.

In 1867 a group of men, members of the German Reformed Church, actuated by a desire to serve the interests of higher education and of evangelical Christian religion, laid plans to establish a college where, to quote their words, young men could be "liberally educated under the benign influence of Christianity." They chose as the name of the College that of the distinguished sixteenth-century scholar and reformer, Zacharius Ursinus of the University of Heidelberg. In 1869 the charter was granted by the Legislature of Pennsylvania. The buildings of Freeland Seminary were bought, and instruction was begun on September 6, 1870. Women were admitted to the College for the first time in 1881.

Coincident with the founding of the College was the establishment of a preparatory department as a successor to Freeland Seminary. The preparatory school was called Ursinus Academy and was operated as such until 1910, when it was discontinued.

Although Ursinus College admits students of all faiths, the College has been since its founding a church-related college, related to the German Reformed Church, later known as the Reformed Church in the United States, from 1934 to 1957 known as the Evangelical and Reformed Church, and since 1957 known as the United Church of Christ.

COLLEGE PRINCIPLES

Ursinus College is a Christian, coeducational, liberal arts college which seeks to help the student to understand and to emulate excellence in scholarship and in conduct. Although in recent decades the College has extended its work to include the preparation of men and women for a variety of professions, the College continues to emphasize the fact that however varied and specialized the changing needs of the day, the fundamental needs of man remain constant. Each student, whatever his field of specialization, is required to study those subjects which are the core of our cultural heritage.
Ursinus recognizes its duty to preserve the cultural and spiritual tradition which this generation has inherited and to transmit this sense of duty to succeeding generations.

The College seeks to help the students to develop those qualities which will fit them for the extraordinary responsibilities of educated men and women. The purposes of the College are achieved through its curriculum, through the many extra-curricular activities, and through the pattern of campus life.

The whole educational program serves to cultivate a particular set of qualities in the students:

1. An active intellectual curiosity and a desire to learn
2. A knowledge of the techniques of sound scholarship
3. An ability to think logically and critically
4. A mature understanding of one's self, of others, and of society
5. An insight into our natural environment, and a knowledge of the laws governing it
6. An appreciation of our cultural inheritance
7. A sense of responsibility
8. Attitudes consonant with the Christian ideal of morality and service

**CULTURAL ENVIRONMENT**

Students at Ursinus have all the advantages of living in the country, and at the same time they are close enough to New York and Philadelphia to have access to such additional opportunities for culture as the symphony orchestra, grand opera, legitimate theatres, museums, lectures, and exhibits.

Ursinus is located in the heart of a region which is rich in historical tradition. In Colonial days this region was the center of the cultural and political development of America.

**ACCREDITATION**

Ursinus is a member of the Association of American Colleges, and is on the approved list of the Middle States Association of Colleges and Secondary Schools, the American Association of University Women, and the American Chemical Society.
College Activities

ATHLETICS

Ursinus recognizes the physical and moral benefit derived from athletic activity and accordingly offers a well-balanced sports program open to all. Intercollegiate competition is encouraged in football, basketball (varsity and junior varsity), soccer, wrestling, baseball, track and tennis. In addition to this intercollegiate program intramural games are played. Intramural athletics for men include league competition in touch football, basketball, and softball, and an elimination tournament in tennis.

For women students, the College supports intercollegiate competition in hockey (varsity and junior varsity), basketball (varsity and junior varsity), softball, tennis, swimming, lacrosse and badminton. The intramural program provides voluntary recreation in hockey, basketball, tennis and softball.

The gymnasiums, playing fields, and equipment available for the pursuit of these various activities are described under Buildings and Equipment. (See pp. 27 to 29.)
ORGANIZATIONS

A large number of organizations provide numerous and varied facilities of extra-curricular activity. All such organizations are approved by the Faculty and are supervised by the Committee on Student Activities or the Dean of Men and Dean of Women. In addition various members of the Faculty serve these groups as advisers. Student life on campus is regulated and controlled by the Men's Student Council and the Women's Student Government Association under the direction of the Dean of Men and the Dean of Women. Members of the student governing organizations are elected by the student body.

One of the most active organizations is the Young Men's and Young Women's Christian Association of which every student is nominally a member. Numerous religious and social activities are planned and sponsored by this group in collaboration with other campus groups. Allied religious and service groups are the Chi Alpha Society for those students planning to enter the ministry or other religious work, the Canterbury Club, and the Newman Club.

Society, the Beardwood Chemical Society, the English Club, the French of study or in future occupations: the Brownback-Anders Pre-Medical Society, the Beardwood Chemical Society, the English Club, the French Club, the Pre-Legal Society, the Student National and Pennsylvania State
Education Associations, and the Business Administration Club. Interest in athletics and campus spirit is fostered by the Women's Athletic Association, the Varsity Club, and the Spirit Committee. A chapter of the Honorary Social Studies Society, Pi Gamma Mu, has been established.

A large and varied program of dramatics is sponsored and carried out by the Curtain Club, which presents two major productions a year in addition to various group productions. There is at Ursinus a chapter of Alpha Psi Omega, a national honorary dramatic fraternity.

The Debating Club each year holds intercollegiate and intramural debates on topics of national interest. Members may qualify for election to Tau Kappa Alpha, the national honorary debating fraternity.

Music plays a large part in the life at Ursinus. The College Choir, the Glee Club, and the Band all serve to encourage an interest in good music. One of the outstanding musical events of the year is the traditional rendering of Handel's Messiah each year during the Christmas season.

There are eleven local social organizations on the Ursinus campus. The fraternities are Sigma Rho Lambda, Zeta Chi, Alpha Phi Epsilon, Delta Mu Sigma, Beta Sigma Lambda, and Delta Pi Sigma. The sororities are Omega Chi, Alpha Sigma Nu, Kappa Delta Kappa, Phi Alpha Psi, and Tau Sigma Gamma.
PUBLICATIONS

The Ursinus Bulletin, of which the Catalogue is a number, is the official publication of the College. It is issued five times a year.

The Alumni Journal, the official publication of the Alumni Association, appears three times a year.

The Ursinus Weekly is the Ursinus newspaper. It is managed by a Board of Control consisting of student and faculty representatives and is edited and written entirely by the students. The Editor-in-Chief, the associate editors, and the business manager are elected by the board on the basis of merit and the staff is selected by the editors on the same basis. The paper appears each week and is of interest to students and alumni as a record of life at Ursinus.

The Lantern serves as an outlet for those interested in creative writing and art. It is written and edited by an all-student staff under the direction of a member of the Faculty Committee on Student Publications. It is published three times a year.

The Ruby, the Ursinus yearbook, is published by the Senior Class each year. It is a volume presenting an intimate pictorial account of the year’s activities, not only of the Class, but of the entire College.
Buildings and Equipment

Bomberger Memorial Hall, named for J. H. A. Bomberger, President of Ursinus College, 1870-1890, is a large and imposing structure in the Romanesque style of architecture, built of Pennsylvania blue marble. This building is for the use of the departments of language and literature, the social sciences, history, philosophy, religion, public speaking, and music. In it are the chapel, twelve classrooms, six conference rooms, a seminar room, two music studios, two studies for day students, a recreation room, the student lounge, and the offices of the Dean, the Dean of Men, the Director of Admissions, the Treasurer, the Director of Student Teaching and Placement, and the Director of Student Employment. The erection of Bomberger Hall was made possible by the benefactions of the late Robert Patterson.

Pfaehler Hall of Science, erected in 1932, and named in honor of Dr. George E. Pfaehler, is a stone and concrete building. The first floor and basement are devoted to work in psychology, education, mathematics, and physics, the second floor to biology, and the third floor to chemistry. The building contains the offices of the President and Vice-President, the Levi Jay Hammond Laboratory of Comparative Anatomy, the W. Wayne Babcock Laboratory of General Biology, the Anna Heinly Schellhamer Laboratory, the Schellhamer Laboratory, nine other teaching laboratories, two laboratories for research, nine professors' laboratories and offices, seven classrooms, a lecture hall with gallery and projection booth, and a library. The building is equipped with a deck for astronomical observation, on which is mounted the Elihu Thomson Memorial Telescope.

The Alumni Memorial Library contains reading rooms, offices of the library staff, seminar rooms, workroom, faculty and directors' room, stacks, vaults containing rare books and manuscripts, music room, and the Shaw-Bernard (Museum) Collection of curios and objects d'art.

The Library collection of 54,000 volumes, exclusive of government documents and pamphlets, has been selected to serve the needs of the liberal arts college. The Library receives over 300 periodicals and newspapers. The location of Ursinus College in the Philadelphia area makes available for special studies the considerable bibliographical holding of neighboring libraries through personal consultation or inter-library loan.

The Thompson-Gay Gymnasium, built in 1927, occupies a convenient position adjoining Patterson Field and John B. Price Field. It is built of native brownstone, structural steel, and concrete. It contains a playing floor, a gallery for spectators, locker rooms, shower rooms, coaches' offices,
and storage rooms. At one end of the main floor is a completely equipped theatrical stage. Portable seating constitutes a part of the equipment of the building. This building is a memorial to Robert W. Thompson, '12, and George H. Gay, '13, noted Ursinus athletes, both of whom died in their senior year at the College.

The College Gymnasium, erected in 1947, is located near the Thompson-Gay Gymnasium and Price Field. It contains a large basketball court, two single handball courts, seating for 800 spectators, two dressing and shower rooms for players, a dressing room for officials, and storage rooms.

Superhouse, a residence on Main Street opposite the campus, was bequeathed to the College by the late Henry W. Super, D.D., LL.D., Vice-President and Professor of Mathematics, 1870-1891, and President, 1892-1893.

Sprankle Hall, on the east campus fronting Fifth Avenue, is the infirmary.

Patterson Field, named for Robert Patterson, first benefactor of the College, contains the varsity football field, space for competition in field events, and a quarter mile track with a 220-yard straightaway. The steel grandstand provides seating for 1440 spectators.

Price Field, named for Dr. John Price, '05, one of the great athletes in Ursinus history, contains the soccer field, the baseball diamond, several softball fields, and football practice ground.

The Tennis Courts are at the rear of Curtis Dormitory.

The Effie Brant Evans Hockey Field is located on the east campus near Stauffer Hall.

The Eger Gateway, erected by the generosity of George P. Eger, of Reading, Pennsylvania, stands at the entrance of the walk leading from Main Street to Freeland Hall.

Post Office and Supply Store. A Post Office is maintained on the campus for the convenience of students. Adjacent to the Post Office is the Supply Store, in which are sold text books, college jewelry, stationery, confections, and students' supplies.

Dormitories for Men

Freeland Hall, erected in 1848, is the original building of Freeland Seminary. Derr Hall and Stine Hall are additions to Freeland Hall. The
buildings are of stone, four stories in height with a fifth story of dormer rooms. On the two lower floors are the four dining rooms, the kitchen, storage and refrigeration rooms, and the office of the steward. The upper floors are for the residence of men students. The rooms are designed for one or two occupants, a number being arranged en suite.

*The Brodbeck and Curtis Dormitories for Men* are buildings in English Colonial style. Each building has four floors. They bear the names of esteemed benefactors of the College, Andrew R. Brodbbeck and Cyrus H. K. Curtis.

*Maples*, 512 Main Street; *Fetterolf House*, 554 Main Street; 724 Main Street; and 801 Main Street are all residence halls for men.

*Fircroft*, 930 Main Street, a residence for men students, was presented to the College by Miss Sara E. Ermold as a memorial to her mother, Ella N. Ermold.

*Trinity Cottage* familiarly known as *South Hall*, a residence for men, is located on Sixth Avenue.

**DORMITORIES FOR WOMEN**

*Paisley Hall, Stauffer Hall and Beardwood Hall*, are three new dormitories for women. The buildings house 244 women and are located on the east campus behind the Alumni Memorial Library.

*Hobson House* is located at Sixth Avenue and Main Street. It is used as a residence hall for women.

*Shreiner Hall*, fronting on Main Street and facing the College campus, is a residence hall for women. This is a three-story brick building arranged for the accommodation of thirty-three students and a faculty family.

*Duryea Hall*, 612 Main Street, next to Shreiner Hall, is a residence hall for fifteen women and a faculty family.

*Clamer Hall*, Main Street, the gift of Dr. Guilliam H. Clamer, is a residence hall for women.

*646 Main Street, 942 Main Street, and 944 Main Street* are residence halls for women.
Admission

The first step in seeking admission to Ursinus College is to file an application. A form for this purpose may be obtained from the Office of Admissions. After the completed form has been returned to the College, accompanied by the ten-dollar pre-matriculation fee, the Director of Admissions will request the applicant's school principal or headmaster to send an official transcript of the school record. At the same time, inquiry is made concerning the character of the candidate and his ability to do college work.

Applications for financial aid should be filed at the time the candidate applies for admission.

It is the responsibility of the candidate to make arrangements to take the Scholastic Aptitude Test according to the instructions below.

Tests

All candidates for admission to the Freshman Class are required to take at least the Scholastic Aptitude Test of the College Entrance Examination Board. Full information concerning the dates of administering these tests can be obtained by writing directly to the College Entrance Examination Board, P.O. Box 592, Princeton, New Jersey. If, in the opinion of the Committee on Admissions, it seems helpful to have additional information, the applicant may be asked to take additional achievement tests.

Preparation

A candidate for admission to the Freshman Class must be a graduate of an approved secondary school.

If the applicant is a graduate of a four-year high school he should offer for admission at least fifteen units which are to be distributed as follows:

BASIC ACADEMIC CREDITS (9 Units)
English, Four years, Earning Three Units
Elementary Algebra, One Unit
Plane Geometry, One Unit
Science, One Unit
Social Studies, One Unit
Foreign Language, Two Units in One Language
ADDITIONAL ACADEMIC CREDITS (*At least 2½ Units*)
Advanced Algebra
Solid Geometry
Plane Trigonometry
Science
Social Studies
Foreign Language

ELECTIVES (*Maximum 3½ Units*)
Not more than one unit will be granted for any single elective.
Bookkeeping
Drawing (Mechanical, Prepared Course)
Geology
Stenography
Junior Business Training
Music and Art (History or Appreciation)
Commercial Law
Commercial Geography

If the candidate is a graduate of a three-year high school, he should offer at least twelve units, which should include the basic credits above. Not more than one unit may be presented from the group designated as electives.

Applicants whose preparation does not coincide precisely with the foregoing outline may in exceptional cases be admitted to the College if, in the judgment of the Committee on Admissions, they are qualified to do college work satisfactorily.

ENGINEERING PROGRAM
Arrangements have been made with the Massachusetts Institute of Technology and with the Engineering Schools of the University of Pennsylvania by which a student may transfer to either institution after completing three years of prescribed work toward the B.A. degree at Ursinus College.

The Engineering Schools of the University of Pennsylvania and the Massachusetts Institute of Technology may admit a student upon satisfactory completion of three years of prescribed work toward the B.A. degree at Ursinus College.
Ursinus College will grant the B.A. degree after the student has satisfied the requirements for that degree. The University of Pennsylvania and the Massachusetts Institute of Technology will grant the engineering degree on satisfactory completion of the fourth and fifth years. For the outline of the program see page 109.

The candidate for the Engineering program must present 3½ years of entrance credit in Mathematics.

His background in foreign language must be such that he will be capable of entering the second year of language in college. If he is not so prepared he must make up the deficiency in foreign language in summer school.

SPECIAL STUDENTS
A limited number of applicants who are not candidates for degrees may be admitted as special students, provided that they have satisfactory preparation for the college courses which they wish to pursue. Special students who reside at the College must register for at least twelve hours of work in each semester. They are subject to the same regulations as other students.

TRANSFER STUDENTS
To enter the Sophomore or Junior Class at Ursinus College, an applicant must support his application by requesting each institution he has attended subsequent to graduation from secondary school to send to the Director of Admissions a transcript of his record at the institution of higher learning and a letter from the Dean of Men or Women indicating that the applicant is entitled to honorable dismissal insofar as character and personality are concerned. It will be helpful if the candidate will send a catalogue of the college he has been attending, marked to indicate the course he has taken. No advanced standing will be granted to a transfer student unless his previous college record is free of failures and conditions. There will be no credit for grades below C.

Not more than sixty hours of work taken elsewhere will be credited to students transferring to Ursinus College.

PART-TIME STUDENTS
Non-resident students who are candidates for a degree and who wish to pursue fewer than twelve hours of work may be classified as part-time students upon the written approval of the Dean of the College.
NOTIFICATION OF ADMISSION

When a candidate for admission is notified of his acceptance by the College, he must make an advance payment of one hundred dollars in accordance with the provisions of the letter of acceptance. This payment is credited on his bill for the first term. If he fails to complete his matriculation, the payment is forfeited.

THE SUMMER SCHOOL

The curriculum of the Summer School is announced in the Spring and information concerning course offerings is available after April 15. Admission to Summer School is limited to students who are candidates for, or who have received degrees from, Ursinus College or other accredited institutions of higher learning. An applicant from another institution must submit written permission from the Dean of that institution authorizing him to enroll for a specific course or courses. Inquiries should be addressed to the Director of Admissions.

THE EVENING SCHOOL

The Evening School is organized to make college work available to men and women employed in business, in industry, in teaching, and to others who may be interested. The program emphasizes courses in business administration and in fields closely allied to business administration, such as economics, political science, history, English composition, public speaking and certain foreign languages.

For information, catalogue, and application forms, address The Director, Evening School, Ursinus College, Collegeville, Pa.

TUITION EXCHANGE PROGRAM

Ursinus College is a member of the Tuition Exchange. Requests of children of faculty members of other member institutions for tuition remission will be considered upon application. Because of the necessity for maintaining a balance of imports and exports, it may not always be possible to honor such requests. Applications for tuition remission should be made through the liaison officer of the institution with which the applicant’s parent is associated. Those who receive aid through the Tuition Exchange Program are not eligible for additional grants.
ADMISSION

PROGRAMS IN SPECIAL FIELDS

Ursinus is a college of liberal arts and sciences. This means that Ursinus emphasizes a broad, general education regardless of the career for which a student plans to prepare. At the same time, it is possible at Ursinus to prepare for specific careers in the fields listed below. A placement service maintained by the College helps the student to find a position in the field of his choice.

Business. Graduates in Business Administration find employment as accountants, secretaries, junior executives, sales managers. They are employed by many types of industrial concerns, banking institutions, public utilities, transportation companies, department stores, chain stores, etc. By electing Spanish, it is possible for students majoring in business to prepare for the growing opportunities in South American trade.

Chemical Research: Industrial Chemistry. The College provides opportunities for students desiring to major in Chemistry with a view to devoting their lives to some type of chemical research. Graduates find employment in the chemical industry doing pioneer work in the field of chemical research and development.

Dentistry. The Council on Dental Education of the American Dental Association fixes as the minimum basis for admission to an approved dental school the successful completion of two full years of academic work in an accredited college of liberal arts and science. This college work must include courses in English, biology, physics, inorganic and organic chemistry.

Educational Administration. Basic courses in Education are provided which are prerequisite to the professional courses in Educational Administration offered in graduate schools of education of leading universities.

Engineering. Students who wish to study Chemical, Civil, Electrical, Mechanical or Metallurgical Engineering may avail themselves of a program which is being offered at Ursinus College in cooperation with the University of Pennsylvania or the Massachusetts Institute of Technology. A student at Ursinus College may transfer to one of the Engineering Schools of the University of Pennsylvania or the Massachusetts Institute of Technology after completing three years of prescribed work toward the B.A. degree at Ursinus.

Ursinus College will grant the B.A. degree after the student has satisfied the requirements for that degree. The University of Pennsylvania or the
Massachusetts Institute of Technology will grant the Engineering degree upon completion of the fifth year.

*Foreign Service.* The American foreign service presents attractive opportunities to a limited number of young people who are willing to prepare themselves adequately for service abroad. The history and social science courses, together with offerings available in the modern languages, provide preparation for the examinations required of applicants for positions in foreign service. Upon graduation students are urged to pursue additional work at a recognized graduate school.

*Graduate Study.* One purpose of the curriculum of the modern liberal arts college is to prepare students for advanced study in various fields of knowledge. Preliminary study is done by the student at the undergraduate level in his chosen major field. Those intending to enter graduate schools should have a thorough grounding in their chosen field. As a reading knowledge of French and German is essential for most higher degrees, this knowledge should be acquired in the undergraduate school.

*Health and Physical Education.* It is possible to specialize in health and physical education and at the same time obtain a general cultural education. Health and physical education graduates meet the requirements for certification to teach in this field in Pennsylvania and other states.

*Journalism.* A student interested in journalism should enroll in the departments of history, political science, or English and elect widely in other fields. Following graduation from college a year at a professional school of journalism is recommended.

*Laboratory Technology.* It is possible to arrange for either a two-year or a four-year course of preparatory work, although the latter is strongly recommended as the preferred training.

*Law.* As a general rule leading law schools require a baccalaureate degree as one of the conditions for acceptance of candidates. A broad, cultural education is considered the best preparation for legal study.

*Medicine.* Concentration in biology or chemistry is recommended in order to prepare students who are interested in the various aspects of medicine. Preparation for schools of osteopathy and of veterinary medicine, as well as for the regular medical schools, is provided.

*Music.* Although a considerable number of courses in music are available at Ursinus, no major in music is offered. Those who wish to follow
music as a career should plan to attend graduate school after completing their work at Ursinus.

Nursing. Students who plan to enter the profession of nursing should register for courses in biology, chemistry, and liberal arts in order to qualify for consideration by schools of nursing.

Physical Research. A program of concentration in physics and mathematics is offered to students interested in physics as a career.

Psychology. Undergraduate work in psychology is designed for those who seek admission to graduate schools or who wish to enter personnel work in industry. Undergraduate study in psychology is of assistance in the fields of teaching, guidance, law, clinical psychology, personnel and social work, nursing, and preparation for medicine.

Teaching. Work in education, including practice teaching, as required by many of the state departments of education, is offered to those who plan a career in education. Teacher preparation is limited to the secondary school field. Students follow curricula under the guidance of advisers.

Theology and Religious Education. Most leading theological schools have as a requirement for consideration for admission a degree in liberal arts. Students who are preparing for the ministry should plan a broad course of study which will include history, languages, literature, and philosophy.

THE COLLEGE YEAR

The College year at present consists of two terms of sixteen weeks each and a Summer Term of eight weeks. Students are admitted to the College at the beginning of any term. Students who wish to do so may accelerate their college courses by attending the Summer Term in addition to the Fall and Spring Terms. The Summer Term is available to all students who wish to take advantage of it.

When the student is a recipient of a scholarship award, credit will be applied in the amount of one-half the value of the annual award to each semester bill.

Charges quoted are on an annual basis. One-half of the annual charge is payable before September 15 and the balance before January 15. A $10 fee is charged for late payment.

For those who prefer to pay tuition in monthly installments, the College offers special arrangements made with the Girard Trust Corn Exchange Bank of Philadelphia, and/or the Insured Tuition Payment Plan of Boston.

FEES

PRE-MATRICUATION Fee. A fee of $10 is paid by the candidate at the time he files his application. This fee is not refundable and is not applied toward the student’s bill.

Checks should be made payable to URSINUS COLLEGE.
Special and Part-Time Students are charged at the rate of $37.50 per semester hour.

Advance Payment. (a) Upon his acceptance by the College an applicant must make an advance payment of $100. This payment is credited on his bill for the first term. If he fails to complete his matriculation, this payment is forfeited. (b) All regularly enrolled students must make an advance payment of $100 at such time as may be designated by the College. This payment is forfeited if the student fails to complete his registration.

Comprehensive Fee covers classroom instruction, tuition, use of laboratories, libraries, gymnasiums, and the infirmary; ordinary medical attention; care by the resident nurse; furnished room and board, exclusive of Christmas and Winter and Spring recesses. The variation in fee depends upon the location of the room.

The College reserves the right to make reasonable alterations in the comprehensive fee at the beginning of any term to cover possible unforeseen costs.

Activities Fee covers subscription to the Ursinus Weekly, intercollegiate debating, the Christian Associations, the Ursinus College Forum, admission without charge to all athletic contests at the College, admission to Curtain Club plays and to College dances.

Pre-Session Camp for Women in Physical Education. An instructional fee of $65 is charged for attendance at the Pre-Session Physical Education Camp. The charge for room and board is $55 for the period.

Room Drawing. A previously enrolled woman student must pay $10 in order to qualify for drawing a room. Credit will be applied on the bill for the first term.

Private Musical Instruction. A fee of $50 is charged for any student who wishes private individual instruction in organ, piano, violin, voice or any band or orchestral instrument. This is the charge for one half-hour lesson each week during the regular term.

Breakage Deposit. A deposit of $10 is required of each new student to defray any expense incurred by injury to property and is included on the bill for the first term. The unexpended balance is returned upon graduation or withdrawal from College.

Checks should be made payable to URSINUS COLLEGE.
STUDENT TEACHING. An additional fee of $50 is required of each student engaged in practice teaching. This is payable upon presentation of the bill.

GRADUATION FEE. A graduation fee of $10 is charged each student on the last bill of his senior year.

TRANSCRIPT FEE. A charge of $1 is made for each transcript of a student's record after the first. Requests for transcripts should be made to the Office of the Dean.

REGULATIONS

Bills for the Comprehensive Fee are issued approximately thirty days before the beginning of each term. A student's bill must be settled no later than the date indicated on the statement.

No student who is indebted to the College or to any of its departments or agencies will be permitted to register at the beginning of any term, and all items due the College from a candidate for graduation must be paid before the candidate may be presented for a degree.

A student who is absent from College because of sickness, and retains his place in class, pays the Comprehensive Fee in full during his absence. except when the absence is continuous over a period exceeding four weeks, in which case resident students are allowed a rebate of $5 for each full week on account of table board. No refund is allowed because of a student's dismissal or withdrawal from the College during a term, except when the student enters the armed services.

A student who voluntarily withdraws from College must notify the Dean and settle all bills within thirty days or be liable to dishonorable dismissal.

The possession or use of alcoholic beverages or firearms on the campus or in Collegeville is forbidden.

Freshman and Sophomore students are prohibited from having an automobile in Collegeville and vicinity during the academic year. Juniors and Seniors holding scholarships and positions under the Bureau of Student Employment are similarly restricted.

If a woman student marries, she at once forfeits her membership in the College. She may, however, apply for readmission.

The College reserves the right to exclude at any time students whose conduct or academic standing renders them undesirable members of the college community, and in such cases the fees due or paid in advance to the College will not be refunded in whole or in part.

Checks should be made payable to URSINUS COLLEGE.
**General Information**

**ROOMS AND MEALS**

*Ursinus College* is a community and pleasant community life is emphasized. Students who are not living in their own homes are required to room at the College and to take their meals in the College dining rooms.

Each resident student supplies his own towels, two pairs of sheets for a single bed, mattress protector, a pair of pillow cases (38” x 45”), a pair of blankets, and a bedspread. Linen rental service is available.

First-year students, except those whose presence is needed for service, are required to vacate their rooms immediately following the second-term examinations.

**PUBLIC WORSHIP**

All resident students and all day students whose homes are within a mile of the campus are required to attend religious services in the College chapel on certain designated days of each week. Students may not be absent from chapel services more than three times in a semester without valid excuse. Students are encouraged to attend services on Sunday in the church of their own choice.

**ABSENCES**

Students are expected to attend all meetings of the classes in which they are enrolled and to take all tests and examinations on the announced days.

A student’s absences in any course must not exceed twice the number of meetings per week in that course. This regulation is designed to allow for cases of illness, the death of a relative, or duty away from the College as a representative of the institution, and, in the case of a day student, transportation difficulties.

If a student has exceeded the number of allowed absences he may be dropped from the course by the Dean after consultation with the instructor and the student’s adviser. If a student is dropped for over-cutting, he will be assigned a grade of F in that course. If he is allowed to continue, he must make up the work missed and pay the required fees for permits and re-examinations.

Three latenesses are counted as the equivalent of one absence. Absences directly preceding and following a holiday are counted double.

A third-year or fourth-year student whose grades in the term immediately preceding include at least one A and no grade lower than B is placed on his own responsibility for attendance at classes.
GRADES OF SCHOLARSHIP

When a course has been completed, the standing of the student is expressed, according to his proficiency, by one of five grades, A, B, C, D, or F. Letter A denotes grades between 100% and 90%, B between 90% and 80%, C between 80% and 70%, D between 70% and 60%, and F denotes 45%. Any grade of less than 60% denotes a failure in the course. Students who have received passing grades are not permitted to take re-examinations for the purpose of raising their grades.

The Mark I, which may be given only with the written permission of the Dean, is reserved for cases of incomplete work or of failure under extenuating circumstances. When the removal of the mark I requires an examination, a fee of ten dollars ($10.00) will be charged. If the mark of I is not removed within one month after the beginning of the following regular term, the grade of F will be assigned for the course.

A student is required to have an average of 70% at the end of each term in College. A student who fails to do so will be restricted in his extra-curricular activities, declared ineligible, and reported to the Faculty.

A student whose average at the end of the first term or second term is below 65%, whose cumulative average is below 65% at the end of the first year, or whose cumulative average is below 70% at the end of the third term or thereafter will be dropped from the College unless, as a result of mitigating circumstances, the Faculty votes that he be permitted to continue. The action of the Faculty in all such cases is final.

Employment under the Bureau of Student Employment, or participation in intercollegiate athletics or other intercollegiate activities is not allowed to a student whose average for the preceding term is below 70%. A student under discipline may be barred by the Committee on Discipline from all extra-curricular activities.

A permanent record is kept of each student's work, a copy of which is sent to his parent or guardian at the close of each term. The standing of first-year students is reported also at mid-term. Through correspondence and conferences, the cooperation of parents is sought in the endeavor to obtain the best possible results in the work of students.

DEGREES

Ursinus College confers two degrees in course: Bachelor of Arts and Bachelor of Science. For specific requirements of the curricula leading to
each of these degrees, see pages 104 to 109. Degrees are conferred only at convocations and candidates must present themselves in person.

The College may confer the honorary degrees of Doctor of Divinity, Doctor of Pedagogy, Doctor of Science, Doctor of Letters, and Doctor of Laws on persons whose distinguished ability and service have been deemed worthy of such recognition by the Faculty and the Board of Directors.

HONORS

COMMENCEMENT

Two Commencement honors are assigned: one, the Valedictory, to the person attaining the highest standing in the graduating class; the other, the Salutatory, to the person attaining the next highest standing.

GRADUATION WITH DISTINCTION

Members of the graduating class who have shown great proficiency in their entire course may be graduated with distinction if, in the opinion of the Faculty, their attainments warrant such honors. These distinctions, Summa Cum Laude, Magna Cum Laude, and Cum Laude, are given only for unusual excellence in all the subjects pursued by the candidate.

DEPARTMENT HONORS

Students may be graduated with special honors in departments of study in which they have shown exceptional proficiency, and in which they have done extra work.

1. A candidate for Department Honors must have the endorsement of the professor in charge of the department in which he expects to try for such honors, and must enroll as a candidate at the Dean's office at least eight months prior to the anticipated date of graduation.

2. A student must maintain a grade not lower than C in any course pursued after the first year and must maintain an average of B while he is pursuing his work as a candidate for Department Honors.

3. A candidate must complete an amount of work equivalent to three semester hours in the department in which he intends to try for honors in addition to the full number of semester hours prescribed for graduation. At least twelve semester hours must be in the subject in which he is registered for Department Honors. He must submit to the Faculty a thesis on some subject within the field represented by his extra work. The thesis must be deposited in the Office of the Dean by May 1 preceding the convocation when the honors are to be awarded.
MEDICAL SERVICE

The Comprehensive Fee paid by resident students entitles them to ordinary medical attention. The College Physician may be consulted in his office on the campus during office hours. He will regularly visit patients in the infirmaries. During the regular College sessions the resident nurses are on duty twenty-four hours a day. They care for the sick under the direction of the College Physician.

The College will not pay bills that students contract with hospitals or with physicians or nurses not on the staff of the College. The College reserves the right to enforce quarantine and to engage the services of special attendants if necessary, but will not be responsible for the compensation of extra physicians, nurses, or attendants, which compensation must be provided by the student or his parent or guardian.

PRE-SESSION CAMP FOR WOMEN IN PHYSICAL EDUCATION

A camp is available on an optional basis for sophomore, junior, and senior women who are majoring in Physical Education. The camp is operated during a period of two weeks immediately preceding the opening of the fall term. Class instruction by regular members of the staff normally includes work in archery, canoeing, hockey, horseback riding, officiating, swimming, life-saving, and tennis. The time spent in camp activities will be deducted from the hours required in Physical Education activities, Courses 303 to 308, during the college year. See page 40.
Scholarships, Prizes, and Aid to Students

FULL TUITION SCHOLARSHIPS

There are eight Open Scholarships, each having a potential value of $4000, available to the entering Freshman Class in September. The Open Scholarships are competitive, provide full tuition to the recipients, and are tenable for four years, provided that the holder's conduct and scholastic work remain satisfactory. All scholarships are subject to yearly review.

Candidates for Open Scholarships must take the Scholastic Aptitude Test and three sub-tests of the Scholastic Achievement Tests (one of which must be in English) in the December, January, February or March series of the College Entrance Examination Board.

Application for Open Scholarships must be filed by March 1.

OTHER FINANCIAL GRANTS

Many endowed financial grants, each having a potential value of from $200 to $2400 for four years, are awarded on the basis of financial need. Each grant is tenable for four years provided that the holder's conduct and scholastic work remain satisfactory. All financial grants are subject to yearly review.

Scholarship application forms may be obtained from the Director of Admissions. Applicants for both types of aid are required to fill out the College Scholarship Service Statement, indicating financial status.

Applications for financial grants must be filed by March 1.

BUREAU OF STUDENT EMPLOYMENT

The Bureau, conducted under the management of officers of the College, provides opportunities for students to earn a part of their expenses by working as waiters, laboratory assistants, library assistants, typists, and clerks in the Supply Store. These positions are standardized so as not to overburden the student or to interfere with his studies. Positions accepted under the Bureau of Student Employment must, however, always take precedence over any other extra-curricular activities. A standard position, such as a waitership in the dining room, pays three hundred and ten dollars per year. Approximately one hundred and fifty positions, representing varying amounts of compensation and types of work, are now open to students.
Students who agree to perform a specific task, such as serving in the dining rooms, have their accounts credited in advance of their work. Those who work by the hour, however, have their accounts credited at the end of their term of work. Inasmuch as bills for the Spring Term are prepared and mailed before the end of the Fall Term, students who work by the hour must all have their bills adjusted at the opening of the Spring Term.

Letters of application, as well as those requesting information, should be addressed to the Director of Student Employment.

PLACEMENT BUREAU

Urisnus College conducts a placement bureau to assist students and graduates in finding positions for which they qualify. Its function is to serve as a point of contact for seniors and alumni with educational institutions, business, and industry. Detailed personal and scholastic records of seniors and alumni are compiled and are available along with a photograph, for all prospective employers.

Alumni Placement — The Placement Bureau acts as a clearing house for the placement of alumni seeking employment or new positions. Alumni are encouraged to place their names on the list of available candidates. A fee of $1.00 is charged for alumni registrations.

Persons seeking placement in the educational field or in business or industry should address communications to the Director of Placement, Ursinus College, Collegeville, Pa.

LOAN FUNDS

Permanent funds have been established to provide loans to third-year and fourth-year students. Applications for loans should be addressed to the Director of Admissions.

The Educational Program

The departmental system is employed in the organization and administration of instruction. By this system, the courses of instruction are offered in thirteen departments: Biology, Chemistry, Classics, Economics and Business Administration, English, German, Health and Physical Education, History, Mathematics, Physics, Political Science, Psychology, Romance Languages. The adviser is the medium of communication between the Faculty and students of his department. The approval of the adviser is necessary before a student may register for or enter upon any course of study, or discontinue any work.

A student, at matriculation, chooses the subject of major concentration he desires to pursue, and with the advice and consent of the adviser selects his studies for the year and reports his selection to the Dean on a blank provided for the purpose. A student who is uncertain as to his future plans, and therefore undecided as to his major field, may choose to be registered in an "undesignated major" for the first year.

CHOICE OF STUDIES

The work of every student is composed of three parts: (1) courses which are, in the judgment of the Faculty, essential to a liberal education and are required of all students before graduation; (2) courses required by the department in which the student is registered, and which comprise his major field of concentration; (3) elective courses chosen by the student as a means of further individualizing his course of study, and adapting it to his own intellectual tastes and future purposes.

REGISTRATION

All students must register at the beginning of the Fall Term for the work of the Fall and Spring Terms. Changes in course of study may be made during the first week of a term with the written approval of the adviser. After the first week, courses may be added or dropped only by joint permission of the Dean, the adviser, and the instructors involved. A student who withdraws from a course without such permission will receive the grade of F. A fee of one dollar is charged for the registration of students on days other than those appointed in the College Calendar.

In registering, the student must present to his department adviser his complete list of studies, both prescribed and elective, for the whole year. Courses prescribed as degree or departmental requirements or to satisfy
conditions must take precedence over and be scheduled before elective courses. When a student changes to another department, he must fulfill the requirements of that department in order to be graduated.

REQUIREMENTS FOR GRADUATION

The requirement for the degree of Bachelor of Arts or Bachelor of Science is the completion of one hundred and twenty semester hours which must include all the courses required by the Faculty of all students for graduation and the courses required by the department to which the student belongs. At least sixty semester hours of this work must be completed at Ursinus College, and this must include the work of the senior years.

A regular student may not take in any one term fewer than twelve semester hours of work. The normal maximum for a term is five courses or fifteen semester hours. Two semester hours above the normal maximum may be scheduled with the approval of the adviser, provided the student’s average for the preceding term is eighty or higher. Three semester hours above the normal maximum may be scheduled for the preceding approval of the adviser, provided the student’s average for the preceding term is eighty-five or higher (Exception: Engineering and Physical Education majors are permitted to schedule in each term three hours more than the normal maximum).

All fourth-year students shall enroll as full-time students. They must carry a minimum load of fourteen (14) semester hours in each of the last two semesters.

PRESCRIBED COURSES (REQUIRED OF ALL CANDIDATES FOR GRADUATION)

English Composition 1, 2
English Composition 3, 4
English Literature 3, 4 or 17, 18 or 19, 20
History 1, 2
Foreign Languages 1, 2 and 3, 4 or equivalent
Biology 3, 4 or Chemistry 1, 2 or Physics 1, 2 (if prerequisites are satisfied)
Economics 3, 4, or Political Science 1, 2
Psychology 1
Philosophy (one semester)
Physical Education 101, 2 (No semester hour credit. Not required of students in the Physical Education Department).

All requirements for graduation must be satisfied before the end of the last day of examination week preceding commencement. Each student must bear responsibility for fulfilling his requirements for graduation.
Courses of Instruction

In designating courses of study, odd numerals are employed to indicate the courses offered during the Fall Term and even numerals the work of the Spring Term. Exceptions to this regulation are noted. Summer Term offerings are not announced in this catalogue, but so far as possible, courses will be offered to meet the needs of students who register for the Summer Term.

The credit value of each course, expressed in semester hours, is printed in italics. The hours per week are given in the definition of the course.

Biology
Professor Wagner  Professor Van Dam  Mr. Kirchen  Mrs. Shinehouse

The program of this department aims, through the study of a number of aspects of biology, to foster the scientific attitude in its students, to encourage and maintain a critical and enthusiastic interest in the subject of biology for its own sake, and to provide a background of fundamental courses sufficient for its majors to qualify for teacher certification in the secondary schools and for pre-professional preparation in the several fields of the health services. The department prepares students for advanced work in the biological sciences.

Students majoring in Biology must take a minimum of 28 semester hours in Biology, including Biology 103, 104; 7, 8; 19; 21 or 22. The additional electives may be selected from Biology 6, 17, 18, 20, 21, 22, 23, 24, 25, 26. This department also requires its majors to take the following related courses: Physics 1, 2; Chemistry 101, 102; Mathematics 1, 2 or 1a, 2a.

Teaching This program (major in Science, concentration in Biology) is designed for prospective secondary school teachers whose principal interest is Biology and who wish to be certified in Biological Science, Science, and General Science.

The following courses are prescribed by the Department of Biology: Biology 103, 104, 6, 17, 18, 19, 21, 22, Chemistry 1, 2 or Physics 1, 2, Mathematics 1, 2, History 116.

The curriculum of students beyond the first year must be arranged in consultation with the head of the Department of Education.

For sequence of courses, see Major in Science, Concentration in Biology, p. 107.

Description of Courses

3. General Biology (Zoology)  Mr. Kirchen
Introduction to principles of structure, function, and development of living things as revealed in a study of selected animal types. Two hours of lecture; one two-hour laboratory period per week. Three semester hours.

4. General Biology (Botany)  Mr. Kirchen
Introduction to principles of structure, function, and development of living things as revealed in a study of selected plant material. Two hours of lecture; one two-hour laboratory period per week. Three semester hours.

Courses 3 and 4 of General Biology are not open to Biology majors but may be taken by any non-science student to satisfy the college requirements for graduation.
103. General Biology (Zoology)  
A study of general principles of structure, function, and developments of animal cells and organs, and of representative animal types. Two hours of lecture; two two-hour laboratory periods per week. *Four semester hours.*

104. General Biology (Botany)  
A study of general principles of structure, function and development of plant cells and of representative plant types. Two hours of lecture; two two-hour laboratory periods per week. *Four semester hours.*

Courses 103 and 104 are the basic introductory courses prescribed for all biology majors and for any others who are planning to meet the various pre-professional requirements in biology.

6. Advanced Botany  
The course is designed to give the student a more detailed knowledge of the vascular plant groups, stressing the principles of taxonomy, ecology, and plant geography. Lectures and discussions followed by field and laboratory work. Prerequisite, course 104. Two hours of lecture; one three-hour laboratory period per week. *Three semester hours.*

*Biology 6 is required for those who intend to apply for certification in Pennsylvania as teachers of biology and for pre-veterinarian students.*

7. Vertebrate Anatomy  
The comparative anatomy and relationships of the chordates. A survey of the lower chordates and a detailed consideration of the external anatomy, the skeletal and muscular systems of the Dogfish, Necturus, and Cat. Prerequisite, Biology 103, 104. One hour of lecture; two three-hour laboratory periods per week. *Four semester hours.*

8. Vertebrate Anatomy  
A continuation of course 7 covering the digestive, circulatory, uro-genital and nervous systems of the Dogfish, Necturus, and Cat. Prerequisites, Biology 103, 104, 7. One hour of lecture; two three-hour laboratory periods per week. *Four semester hours.*

17. Human Anatomy and Physiology  
A study of the structure, function and development of the muscular, skeletal, and nervous systems. One hour of lecture; one two-hour laboratory period per week. *Two semester hours.*

18. Human Anatomy and Physiology  
A study of the structure, function, and development of internal and sense organs. Prerequisite, Biology 3 or 103. One hour of lecture; one two-hour laboratory period per week. *Two semester hours.*

19. Embryology  
Gametogenesis, early development, histogenesis and organogenesis of selected animal types, especially the chick, pig, and human. Prerequisites, Biology 103, 104. One hour of lecture; two three-hour laboratory periods per week. *Four semester hours.*

20. Histology  
Structural and developmental study of tissues and organs of the vertebrate body.
Introduction to histological technique. Prerequisite, Biology 103, 104. One hour of lecture; two three-hour laboratory periods per week. *Four semester hours.

21. Heredity
DR. WAGNER
Lectures and discussion dealing with the principles of plant and animal genetics, and the consideration of factors pertaining to human inheritance. Assigned readings and papers. Prerequisite, Biology 3, 4 or 103, 104. Three hours per week. *Three semester hours.

22. Evolution
DR. WAGNER
Lectures and discussions explaining the history of living things in space and time. Assigned readings and papers. Open to all students. *Two semester hours.

23. Seminar
STAFF
Papers and reports concerned with the selected phases of biological knowledge. Topics to be chosen by the instructor in charge. Prerequisites, Biology 7-8; or 19, 20. Open to third and fourth year majors in biology. One hour per week. *One semester hour.

24. Seminar
STAFF
A continuation of course 23. Prerequisites, Course 7-8; or 19, 20. Open to third and fourth year majors in biology. One hour per week. *One semester hour.

25. General Physiology
DR. VAN DAM
A study of physical-chemical aspects of cellular processes, and principles of related experimental techniques. Prerequisites, Biology 103, 104; Chemistry 101, 102 (107, 108 recommended); Physics 1, 2. Two hours of lecture; one four-hour laboratory period per week. *Four semester hours.

Course 25 will be given both semesters (Fall and Spring) if class size demands it. Enrollment is limited to 12 students in each term.

26. General Physiology
DR. VAN DAM
A continuation of Biology 25. Prerequisites, Biology 7, 8, 25. Two hours of lecture; one four-hour laboratory period per week. *Four semester hours.

CHEMISTRY

PROFESSOR STURGIS
ASSOCIATE PROFESSOR STAIGER
PROFESSOR PETTIT
ASSISTANT PROFESSOR FORTNUM

The courses of study offered by the Chemistry Department are (1) to provide a course in general chemistry which will satisfy the requirements of the College for a laboratory science; (2) to provide training in chemistry for students planning to teach; (3) to provide more than minimum training for students planning to become technicians in medical laboratories, and for pre-dental and pre-medical students; (4) to offer sufficient specialized training in chemistry beyond the basic courses that will enable the graduates to enter a career as a professional chemist; and (5) to prepare students for graduate training.

* Not offered in 1961-1962.
Students whose principal interest is Chemistry will select a degree of concentration consistent with their vocational objective.

One of the following programs must be selected:

1. **Chemistry Major**
   
   This program outlined in detail on page 107 is approved by the American Chemical Society for undergraduate professional training in Chemistry.

   The following courses are prescribed: Chemistry 101, 102, 103, 104, 105, 107A, 108A, 109, 110, 117, 118; Mathematics 1, 2, 5, 6; Physics 1, 2; Biology 3, 4.

2. **Healing Arts**
   
   This program is designed for degree-seeking students planning for admission to professional schools in the healing arts (medicine, dentistry, osteopathy, veterinary medicine, etc.) who are specializing in Chemistry in college.

   The following courses are prescribed: Chemistry 101, 102, 103, 104, 107, 108, 109, 110; Mathematics 1, 2, 5, 6; Physics 1, 2; Biology 103, 104.

3. **Teaching**
   
   This program (major in Science, concentration in Chemistry) is designed for prospective secondary school teachers whose principal interest is Chemistry and who wish to be certified in Physical Science, Science, and General Science.

   The following courses are prescribed by the Department of Chemistry: Biology 3, 4, 21, 22; Chemistry 101, 102, 103, 104, 107, 108; History 116; Mathematics 1, 2; Physics 1, 2, 11, 12.

   The curriculum of students beyond the first year must be arranged in consultation with the head of the Department of Education.

   **A student presenting six credits in General Chemistry may satisfy the prerequisite for an advanced course by taking Course 102, for which one credit will be given.**

1. **General Chemistry**
   
   A development of the history, facts, and theories of the chemistry of the more common elements, including an introduction to organic and nutritional chemistry. For the non-science students this general course is offered as a terminal course and provides an understanding of the basic theories and principles of both inorganic and organic chemistry with related laboratory experience. Course 1, 2 may not be substituted for 101, 102 by students planning to major in chemistry. Two hours of lecture and three hours of laboratory work per week. *Three semester hours.*

2. **General Chemistry**
   
   A continuation of Course 1. Prerequisite, Course 1. Two hours of lecture and three hours of laboratory work per week. *Three semester hours.*

101. **General Chemistry**
   
   A detailed study of the theories and laws of inorganic chemistry, covering the common elements of the periodic system with their practical and industrial application. This course is accompanied by work in the mathematical solution of chemical problems and is prerequisite to advanced chemistry courses. Three hours of lecture and recitation and three hours of laboratory work per week. *Four semester hours.*
102. General Chemistry  
A continuation of Course 101. Prerequisite, Course 101. Three hours of lecture and recitation and three hours of laboratory work per week. *Four semester hours.*  

103. Qualitative Analysis  
The physico-chemical basis of analytical chemistry; analysis of the common cations and some of the anions. Prerequisite, Course 101, 102. Three hours lecture and three hours of laboratory work per week. *Four semester hours.*  

104. Quantitative Analysis  
A study of the most acceptable methods of gravimetric and volumetric analysis. Prerequisite, Course 103. Three hours of lecture and three hours of laboratory work. *Four semester hours.*  

105. Quantitative Analysis  
A continuation of Course 104. Prerequisite, Course 103, 104. *Four semester hours.*  

107. Organic Chemistry  
The study of the properties, synthesis, and structure of the most important classes of the carbon compounds. Prerequisite, Course 101, 102 or equivalent. Three hours of lecture and three hours of laboratory work per week. *Four semester hours.*  

107A. Organic Chemistry  
The study of the properties, synthesis, and structure of the most important classes of the carbon compounds. Prerequisite, Course 101, 102, or equivalent. Three hours of lecture and six hours of laboratory per week; lecture sessions are held jointly with Chemistry 107. This course is required for students whose major is chemistry. *Five semester hours.*  

108. Organic Chemistry  
A continuation of Course 107. Prerequisite Course 107. Three hours of lecture and three hours of laboratory work per week. *Four semester hours.*  

108A. Organic Chemistry  
A continuation of Course 107A. Prerequisite, Course 107A. Three hours of lecture and six hours of laboratory work per week. This course is required for students whose major is Chemistry. *Five semester hours.*  

109. Physical Chemistry  
The course includes a study of the states of matter, the properties of solution, atomic structure, radio-activity, and other topics. Prerequisites, Physics 1, 2; Mathematics 5, 6; Courses 104, 107 and 108. Three hours of lecture and three hours of laboratory work per week. *Four semester hours.*  

110. Physical Chemistry  
A continuation of Course 109. Prerequisite, Course 109. Three hours of lecture and three hours of laboratory work per week. *Four semester hours.*  

117. Advanced Inorganic Chemistry  
The study of the classification of inorganic compounds; the theory of the chemical bond, complex compounds and their properties, and isomerization and resonance of inorganic compounds. Two hours of lecture and three hours of laboratory per week. Prerequisite, Course 104, 105. *Three semester hours.*
118. *The Identification of Organic Compounds*  
**DR. STAIGER**  
The classification and identification of organic compounds based on physical and chemical properties; the chemical analysis of organic functional groups and the preparation of characteristic derivatives. Two hours of lecture and three hours of laboratory per week. Prerequisite, Course 107, 108. *Three semester hours.*

*120. Seminar*  
**DR. FORTNUM**  
Papers and reports in Physical Chemistry. One hour per week. *One semester hour.*

121. *The Literature of Chemistry*  
**DEAN PETTIT**  
The use of books, journals, and reports in the field of Chemistry. Open to third-year and fourth-year students. Prerequisites, Course 107, 108 and German 3, 4, one hour per week. *One semester hour.*

*122. Seminar in Organic Chemistry*  
**DEAN PETTIT**  
Reports on recent advances in Organic Chemistry. One hour per week. *One semester hour.*

---

**CLASSICAL LANGUAGES**  
**PROFESSOR DONALD BAKER**  
The chief objective of the Classics Department is to develop in the student accuracy in thought and verbal expression. Other objectives are to enlarge the student's perspective by introducing him to a civilization other than his own; to increase his knowledge and understanding of the literature and institutions of England and America by studying the Greek and Roman sources from which they came; to encourage in the student a mastery of two languages which are important tools in many fields.

Students majoring in Classical Languages are required to take at least 12 semester hours of Greek and 12 semester hours of Latin, beyond Latin 2. In the first half of his senior year, each student must take the Seminar in Classical Studies, Greek 7. In the examination at the close of this course, he will be expected to show a satisfactory general knowledge of Greek and Roman literature, language, art, history, geography, mythology, religion, and private life. For this examination the student is expected to prepare himself (with the advice and help of the instructor) throughout his previous three years both by courses and by outside reading.

**GREEK**

1. *Beginning Greek*  
**DR. BAKER**  
Six hours per week. *Six semester hours.*  
Course 1 may be elected by students in any major field.

2. *Intermediate Greek*  
**DR. BAKER**  
Three hours per week. *Three semester hours.*  
Prerequisite, Greek 1 or its equivalent.

*This course is not offered in 1961-1962.*
3.4,5,6. Advanced Greek
DR. BAKER
Readings from Homer, Thucydides, Aristophanes, and other authors depending on the preferences and capacities of those electing the course. Only one of these courses will be given in any one semester. Three semester hours.

7. Seminar in Classical Studies
DR. BAKER
A study of selected topics dealing with the Greco-Roman world. Knowledge of Greek and Latin is a prerequisite. Three hours per week. Three semester hours.

8. New Testament Greek
DR. DONALD BAKER
DR. DAVID BAKER
Three hours per week. Three semester hours.
Prerequisite, Greek 2.

LATIN

1. Elementary Latin
DR. BAKER
A study of the grammar, syntax, and vocabulary, with emphasis upon the Latin elements in English words. Reading of passages from various authors. Three hours per week. Three semester hours.

2. Elementary Latin continued
DR. BAKER
Three semester hours.

3,4. Ovid, Virgil
DR. BAKER
Each three semester hours.
Prerequisite, Latin 2 or its equivalent.

5,6,7,8,9,10,11,12. Advanced Latin
DR. BAKER
The instructor will arrange with students electing these courses to read authors of one period or literary type, or authors whose works may be correlated with other fields of study, e.g., philosophy, history, law. Not more than two of these courses will be given in any one semester. Each of them carries three semester hours credit.
Prerequisite, Latin 4 or its equivalent.

22. Preparation for Teaching Latin
DR. BAKER
For third-year or fourth-year students. Three hours per week. Three semester hours.

DRAFTING AND DESCRIPTIVE GEOMETRY

1. Drafting
MR. MARSTELLER
Freehand lettering, use of instruments, geometric construction, freehand sketching, orthographic projection including auxiliary views, sectioning, axonometric projection, oblique projection, intersections, developments, fasteners, dimensioning, working drawings, shop processes, reproduction methods, graphs. Six hours laboratory per week. Three semester hours.

2. Descriptive Geometry
MR. MARSTELLER
Principles of projection, problems involving the essential relations of points, lines and planes, surfaces of revolution, warped surfaces, intersections, developments. Six hours laboratory per week. Three semester hours.
ECONOMICS AND BUSINESS ADMINISTRATION

PROFESSOR BONE
PROFESSOR BOSWELL
ASSISTANT PROFESSOR SYMONS
ASSISTANT PROFESSOR RAFETTO
MR. MAC MURRAY

The work in the department of Economics and Business Administration is designed to give (1) a knowledge of economic philosophy; (2) a knowledge of the structure and functioning of our economy; (3) a suitable background for those who wish to enter business or graduate school.

Students majoring in this department must take a minimum of thirty (30) semester hours of work in the department, including Courses 3 and 4, and twelve (12) semester hours of work in Political Science, including Course 1-2.

A student may, if he wishes, concentrate in Accounting, Economics, Finance, or Industrial Relations, as is indicated by the grouping of courses as shown below:

**Accounting:** Economics 3, 4, 6, 11, 12, 15, 19, 20; Mathematics 11-12, 13-14; Electives in the department: six (6) semester hours.

**Economics:** Economics 3, 4, 8, 9, 10, 14, 17, 21; Electives in the department: six (6) semester hours.

**Finance:** Economics 3, 4, 6, 9, 10, 11, 12, 13, 15; Mathematics 11-12.

**Industrial Relations:** Economics 3, 4, 5, 18, 22, 23; Electives in the department; twelve (12) semester hours.

3. **Economic Principles**

A survey of the general principles which underlie the functioning of our economic system. Special attention is given to the roles played by each of the factors of production, and to the pricing process. *Three semester hours.* Economics 3 is prerequisite for all other courses.

4. **Economic Problems**

A study of current economic problems, their impact on our society, and a critical analysis of proposed solutions. Among the problems considered are inflation, taxation, price controls, and monopolistic tendencies in business and labor, and our economic relations to other countries. *Three semester hours.* Economics 4 is a prerequisite for all other courses except Economics 3.

5. **Labor Problems**

A study of human relations arising from industrial organizations and the employers’ part in bringing about industrial peace. Prerequisite, Courses 3, 4. *Three hours per week. Three semester hours.*

6. **Business Finance**

A study of the financial aspects of business management, including the financing of corporations. Prerequisite, Courses 3, 4. *Three hours per week. Three semester hours.*

7. **Marketing**

A survey of the marketing mechanism and a comparative study of the most usual methods and practices. Prerequisite, Courses 3, 4. *Three hours per week. Three semester hours.*
8. **Foreign Trade**  
Mr. Symons  
The principles of foreign trade; relation of foreign trade to national prosperity; foreign trade policies of the more important countries. Prerequisite, Courses 3, 4 and 7. Three hours per week. **Three semester hours.**

9. **Money and Banking**  
Dr. Boswell  
A study of monetary and banking theories followed by an analysis of the services and methods of operation of our commercial banks. Prerequisite, Courses 3, 4. Three hours per week. **Three semester hours.**

10. **Investments**  
Dr. Boswell  
A survey of the various types of investment opportunities available. A study of methods of analyzing securities and timing their purchase or sale. Prerequisite, Courses 3, 4, 9. Three hours per week. **Three semester hours.**

11. **Fundamentals of Accounting**  
Mr. Bone  
Fundamental principles involved in the proprietorship and partnership form of organization. Adjusting and closing the books, preparation of statements and working papers. Problems and systematic practice set accompany the work. Prerequisite, Courses 3, 4. Four hours per week. **Three semester hours.**

12. **Principles of Accounting**  
Mr. Bone  
Principles involved in the corporate form of organization, including large enterprises and manufacturing types of business. Problems, questions and a systematic practice set accompany the work. Four hours per week. Prerequisite, Courses 3, 4, 11. **Three semester hours.**

13. **Public Finance and Taxation**  
Mr. Symons  
A study of the general principles of public expenditures, public revenues, public indebtedness, and financial administration. Attention will be given to the principles and workings of the Federal Income Tax law. There will be class assignments in solving actual income tax problems. Prerequisite, Courses 3, 4. Three hours per week. **Three semester hours.**

14. **Railway Transportation**  
Mr. Symons  
A study of the financing of railroad construction in the United States; rate making, routing, personal and territorial discrimination, competition and consolidation; state and federal legislation and regulation; government operation; criticisms of some of the proposed solutions of our railway problems. Prerequisite, Courses 3, 4. Three hours per week. **Three semester hours.**

15. **Business Law**  
Mr. Bone  
An introductory course covering the fundamental procedures governing contracts, sales, agency, bailments, negotiable instruments, real and personal property. Lectures reading, and study of cases and problems. Three hours per week. Prerequisite, Courses 3, 4. **Three semester hours.**

17. **Business Organization**  
Mr. Rafetto  
A study of the forms of business organizations—the historical background and the reasons for their development. Governmental control of large organizations with special
attention given to the problems of monopolies. Prerequisite, Courses 3, 4. Three hours per week. *Three semester hours.*

18. *Industrial Management*  
MR. RAFETTO  
Historical background of industrial management, organization, physical plant, standardization, time study, wage payment, methods, control of production, planning and operation, executive control. Prerequisite, Courses 3, 4. Three hours per week. *Three semester hours.*

19. *Intermediate Accounting*  
MR. BONE  
A study of advanced principles and the application of principles to the analysis of problems. Analysis of profits, application of funds, capital expenditures and depreciation policies, inventory valuation, installment accounts, branches, consolidated statements. Two hours per week. *Two semester hours.* Prerequisite, Economics 11, 12.

20. *Introductory Cost Accounting*  
MR. BONE  
A study of the fundamental principles of cost accounting. Methods of finding the cost of specific orders or lots, fundamentals of process costs, accounting for by-products and joint products, estimate costs, and standard costs. Prerequisite, Courses 3, 4. Two hours per week. *Two semester hours.*

21. *History of Economic Thought*  
DR. BOSWELL  
Attention is devoted largely to a study of the Physiocratic, Classical, and Neo-Classical writers. Prerequisite, Courses 3, 4. Three hours per week. *Three semester hours.*

22. *Personnel Management*  
MR. RAFETTO  
An examination of methods of selecting and training workers; also the development of policies designed to build and maintain worker morale. Prerequisite, Courses 3, 4. Three hours per week. *Three semester hours.*

23. *Labor Law and Social Security*  
MR. RAFETTO  
An examination of labor legislation, the social security program, and workmen's compensation, as they affect labor organization policies, employer policies, terms of collective bargaining agreements, and their relation to employment, living standards, and the general public welfare. Prerequisite, Courses 3, 4. Three hours per week. *Three semester hours.*

24. *Auditing*  
STAFF  
This course includes a study of the auditing standards and procedures as applied to verifying or detecting errors in financial records. Emphasis is placed upon writing reports covering the results of the audit. Tuesday evenings. Fall term. Three hours per week. *Three semester hours.* Prerequisite, Economics 11, 12, 19, 20, or permission of the instructor.

25. *Tax Accounting*  
STAFF  
This course covers the general field of preparation of income tax returns, both personal and corporate, dealing with municipal, state, and federal taxation. Tuesday evenings. Spring term. The Department of Education provides the professional courses required for certification of Secondary School teachers in Pennsylvania, New Jersey, Delaware and Maryland. Students preparing for requirements of other states should consult the Head of the Department for information concerning specific requirements of those states. In planning its curriculum, the Department has in mind five specific areas in which the growth of students is to be stimulated:

1. To increase their awareness of the functions of the school in modern society;
2. To understand the changing philosophies of education which are advanced with the changes occurring in society;
3. To increase their understanding of the nature of growth and development of human beings;
4. To understand how learning takes place;
5. To understand the methods used by the school in gaining its objectives.

The Department of Education regards the preparation of teachers to be a function of the College as a whole.

Students preparing for teaching must complete Psychology 1 prior to taking courses in Education. Students are expected to follow the sequence of courses listed below:

27. History of Western Art  
DR. ARMSTRONG
An introduction to the history of architecture, sculpture and painting presented by means of illustrated lectures and museum trips. Three hours per week. Three semester hours.

28. Geography  
MR. DAVIS
Extensive study of the major regions of the world. The purpose is to analyze each from the standpoint of climate, natural resources, and economic problems, and to give the student a fairly detailed knowledge of the physical geography of the regions. Three hours per week. Three semester hours.

29, 30. Seminar in European History  
STAFF
Preparation and discussion of research papers in European history. Open to third and fourth year students with permission of the instructor. Two consecutive hours per week. Four semester hours.

31, 32. Seminar in American History  
STAFF
Preparation and discussion of research papers in American history. Open to third and fourth year students with permission of the instructor. Two consecutive hours per week. Four semester hours.

The requirement for History 29, Seminar in European History, may be met by students who complete a special summer course of European travel and research conducted by a member of the Department of History at Ursinus College.

* This course is not offered in 1961-1962.

MATHEMATICS
PROFESSOR MANNING
ASSISTANT PROFESSOR SCHULTZ
PROFESSOR DENNIS

The aims of the Mathematics Department are (1) the development of an appreciation of the role of mathematics in the progress of civilization, both past and present; (2) the development of the ability to do abstract, logical thinking by the analysis of the various deductive systems of mathematics; and (3) the development of special techniques which can be utilized in the related fields of physics, chemistry, biology, psychology and economics.

A student majoring in mathematics will take Mathematics 1a, 2a and 3, 4 in the first year; Mathematics 5, 6 and Physics 1, 2 (to satisfy the general requirement in science) in the second year. A student majoring in mathematics must elect a minimum of twelve additional hours from courses numbered 7 to 28 inclusive.

1. Algebra
DR. MANNING, DR. DENNIS, MISS SCHULTZ

A basic course introducing the student to some of the modern concepts in mathematics which are useful in present day applications of mathematics in many fields. Some of the topics introduced include Boolean algebra, symbolic logic, number systems, groups, finite and infinite fields, and algebraic functions. Three hours per week. Three semester hours.

2. Trigonometry
DR. MANNING, DR. DENNIS, MISS SCHULTZ

A continuation of Course 1. The general theory of functions is extended to include the trigonometric functions and their inverses, the logarithmic and exponential functions, analytic geometry and an introduction to probability theory and statistics. Three hours per week. Three semester hours.

1a. College Algebra
DR. MANNING

A review of fundamental manipulations; solving and graphing equations; mathematical induction; binomial theorem; proportion; progressions; laws of logarithms; probability; determinants; partial fractions; and series. Designed for students majoring in mathematics and physics and for those interested in engineering. Three hours per week. Three semester hours.

2a. Plane and Spherical Trigonometry
DR. MANNING

Trigonometric functions; inverse functions; solution of right and oblique triangles; use of slide rule; identities and equations; computations with logarithms; complex numbers; right spherical and oblique spherical triangles; applications to navigation and astronomy. Three hours per week. Three semester hours.
3. Plane Analytic Geometry

DR. DENNIS

This course is designed to acquaint the student with the analytic method of treating locus problems. The fundamental theorems on distance, angle, and area are shown to be invariant under translations and rotations. Linear, polynomial, rational, and algebraic functions are graphed and the conics are studied extensively, with respect to transformations and invariants. Three hours per week. *Three semester hours.*

4. Solid Analytic Geometry

DR. DENNIS

Higher plane curves; empirical equations; transcendental functions; tangents; pole and polar theory continue the analytic treatment in the plane. The course includes the plane and straight line in space, space curves and surfaces, with particular reference to the quadrics and ruled surfaces. Three hours per week. *Three semester hours.*

Prerequisite, Mathematics 3.

5. Elementary Calculus

DR. MANNING, MISS SCHULTZ

Functions; limits; differentiation and integration of algebraic and transcendental functions. Three hours per week. *Three semester hours.*

6. Elementary Calculus

DR. MANNING, MISS SCHULTZ

A continuation of Course 5. Applications of the calculus to problems in science and engineering. Three hours per week. *Three semester hours.* Prerequisite, Mathematics 5.

7. Differential Equations

DR. MANNING

Solution of first-order and first-degree equations; linear equations of higher order; complementary and particular solutions; integrating factors; operators; applications in the fields of chemistry and physics. *Offered in Spring Term.* Three hours per week. *Three semester hours.* Prerequisite, Mathematics 6.

9. Advanced Calculus

DR. DENNIS

Elementary functions for complex values of the variables; Taylor's series; partial differentiation and implicit functions; multiple integration; improper integrals and functions of a complex variable. Three hours per week. *Three semester hours.*

Prerequisite, Mathematics 6.

10. Advanced Calculus

DR. DENNIS

A continuation of Course 9. Gamma functions; Legendre polynomials; Bessel functions; elliptic integrals; Fourier series; calculus of variations. Three hours per week. *Three semester hours.*

Prerequisite, Mathematics 9.

11. Mathematics of Finance

MISS SCHULTZ

Operation of interest in relation to the amortization of debts; creation of sinking funds; treatment of depreciation. Two hours per week. *Two semester hours.*

12. Mathematics of Finance

MISS SCHULTZ

A continuation of Course 11. Valuation of bonds; accumulation of funds in building-and-loan associations; elements of life insurance. Two hours per week. *Two semester hours.*

Prerequisite, Mathematics 11.

13. Mathematical Statistics

DR. MANNING

Probability; statistical methods of studying data from the fields of economics, education and the natural sciences; graphs; averages; dispersion; sampling. Two hours per week. *Two semester hours.*
14. Mathematical Statistics

A continuation of Course 13. Regression and correlation; forecasting; quality control; production control; testing hypotheses; analysis of variance. Two hours per week. *Two semester hours.* Prerequisite, Mathematics 13.

15. Theory of Numbers

Theory of primes and divisibility conditions; simple continued fractions; congruences; Fermat's theorem; Wilson's theorem; quadratic residues; reciprocity law; linear indeterminate problems; Diophantine equations. Three hours per week. *Three semester hours.*

16. Theory of Finite Groups

Fundamental theorems of finite groups; permutation groups; groups of movement; Abelian groups; prime-power groups; isomorphisms and the composition-series; Galois fields and their applications to finite geometries; groups of linear substitutions; Galois theory of equations. Three hours per week. *Three semester hours.*

17. Modern Geometry

Similarity; theorems of Ceva and Menelaus; points, lines, and circles related to the triangle; Brocard's configuration; coaxial circles; inversion; poles and polars; cross-ratio; involution; Pascal's and Brianchon's theorems; ruler and compass constructions. Three hours per week. *Three semester hours.*

20. Probability

Simple and compound probability; repeated trials; runs; normal curve approximation; Bertrand's paradox; deMere's problem; St. Petersburg problem. Three hours per week. *Offered in Fall Term. Three semester hours.*

21. Vector Analysis

Elementary vector algebra and calculus with applications to geometry and physics; scalar and vector fields; gradient; divergence; curl; divergence theorem; Green's theorem; Stokes' theorem; coordinate systems and transformation theory; non-Euclidean manifolds. Three hours per week. *Three semester hours.* Prerequisite, Mathematics 6.

22. Theory of Functions of a Complex Variable

Algebra of complex numbers; analytic functions; Cauchy-Riemann equations; conformal mapping; integrals of complex functions; Cauchy's theorem; power series; Taylor's theorem; Laurent's theorem; residues and poles; transformations; analytic continuation; Riemann surfaces. *Offered in Fall Term. Three hours per week. Three semester hours.* Prerequisite, Mathematics 6.

23, 24, 25, 26. Problems

A weekly set of problems from various fields. This course may be begun in any term and continued for as many as four terms. One hour per week. *One semester hour for each term.* Prerequisite, Mathematics 4 and 6.

27, 28. Astronomy

See Physics, Courses 11, 12.

*This course is not offered in 1961-1962.*
35. Modern Algebra  
DR. DENNIS
Theory of congruences; quadratic residues, theory of finite groups; algebraic fields; Galois theory of equations; integral domains; polynomial rings. Three hours per week. *Three semester hours.*

36. Modern Algebra  
DR. DENNIS
A continuation of Course 35. Vectors and vector spaces; matrix theory; invariant factors and elementary divisors, linear associative algebras; quaternions; algebra of classes (Boolean Algebra). Three hours per week. *Three semester hours.*

MUSIC  
PROFESSOR PHILIP MISS SPANGLER

The program in music is designed to meet the needs of non-professional music students and to promote a wider knowledge and appreciation of the history, theory, and performance of great music. The program comprises classroom instruction and opportunities for individual and group participation.

A. THEORY OF MUSIC

1. Elementary Harmony  
DR. PHILIP
A thorough foundation in the melodic, rhythmic, and harmonic elements of music; keys, scales, intervals, cadences, major and minor chords; rhythmic reading and dictation, time durations, and the study of compound and simple measures. Prerequisite, one year of piano study or of musical theory. Two hours per week. *Two semester hours.*

2. Elementary Harmony  
DR. PHILIP
A continuation of Music 1. Prerequisite, Music 1. Two hours per week. *Two semester hours.*

B. APPRECIATION OF MUSIC

13. Appreciation of Music  
DR. PHILIP
This course covers the early development of music through religious music, folk song and folk dance, and follows their progress to the larger forms of musical composition. Two hours per week. *Two semester hours.*

14. Appreciation of Music  
DR. PHILIP
A continuation of Music 13. The further development of music is traced into the symphonic and operatic fields of composition. Prerequisite, Music 13. Two hours per week. *Two semester hours.*

C. HISTORY OF MUSIC

15. History of Music  
DR. PHILIP
Introduction to choral and instrumental music of the ancient and medieval period. Two hours per week. *Two semester hours.*

16. History of Music  
DR. PHILIP
A continuation of Music 15. This course deals with the music of the Eighteenth Century, the Romantic period, and the Twentieth Century. Prerequisite, Music 15. Two hours per week. *Two semester hours.*
COURSES OF INSTRUCTION

17. Opera and Orchestral Music
   A detailed analysis of symphonic music. Two hours per week. Two semester hours.

18. Opera and Orchestral Music
   A detailed analysis of proven operatic compositions. Two hours per week. Two semester hours.

19. Music Dramas of Richard Wagner
   An intimate discussion and the detailed analysis of Wagner's works. Two hours per week. Two semester hours.

Course 19 alternates with Courses 17, 18.

D. MUSICAL ORGANIZATION

21a, 22a. Band
   Participation in the marching and the concert band. Two hours per week. Not a credit course.

21b, 22b. Band
   Second year. Continuation of first-year work. Two hours per week. Not a credit course.

21c, 22c. Band
   Third year. Continuation of second-year work. Two hours per week. Not a credit course.

21d, 22d. Band
   Fourth year. Continuation of third-year work. Two hours per week. Not a credit course.

27a, 28a. Vocal Ensemble and Methods
   A study of the basic principles of ensemble technique, vocal characteristics, and various types of voices. Discussion and study of the musical literature of the different periods. Practical application of principles studied as well as participation with the Ursinus Meistersingers in public concerts. Two hours per week. Not a credit course but a prerequisite for Music 27b, 28b.

27b, 28b. Vocal Ensemble and Methods
   Second year. Continuation of first-year work. Two hours per week. Credit of one semester hour to be awarded at the conclusion of the year.

27c, 28c. Vocal Ensemble and Methods
   Third year. Concentration of second-year work. Two hours per week. Credit of one semester hour to be awarded at conclusion of the year.

27d, 28d. Vocal Ensemble and Methods
   Fourth year. Continuation of third-year work. Two hours per week. Not a credit course.

Not more than twelve semester hours in Music may be counted toward graduation.

PHILOSOPHY

PROFESSOR MATTEN

ASSOCIATE PROFESSOR CREAGER

ASSISTANT PROFESSOR DAVID BAKER

The primary aim of the Department is to cultivate a sensitivity to criticism, to the
weighing of evidence, the drawing of inferences, and the becoming aware of latent assumptions.

The secondary aim is to have the student read some of the writings of the philosophers so as to see for himself how philosophical problems spring from common sense opinions. It is hoped that such training may better enable the student to integrate the knowledge he has acquired in other departments.

One three-semester-hour course in Philosophy is required of every student for graduation.

Courses in Philosophy are open to third-year and fourth-year students, with the exception of Course 6. Course 6 is open also for second-year students.

Courses 5 and 6 are designed for students who do not plan to elect advanced courses in Philosophy.

1. **Introduction to Philosophy**  
   **DR. MATTERN**  
   A preliminary course designed to give to the student orientation with reference to the field and problems of philosophy. Three hours per week. *Three semester hours.*

2. **Modern Philosophical Problems**  
   **DR. MATTERN**  
   This course is continuous with Course 1, but is a more intensive study of certain problems outlined in Course 1. Prerequisite, Course 1. Three hours per week. *Three semester hours.*

3. **History of Ancient and Medieval Philosophy**  
   **DR. MATTERN**  
   This course is designed to assist the student in his interpretation of modern thought-currents by means of a history of the evolution of reflective thought from Thales to Descartes. Three hours per week. *Three semester hours.*

4. **History of Modern Philosophy**  
   **DR. MATTERN**  
   This course is a continuation of Course 3, beginning with Descartes and tracing the modern development to present philosophical tendencies. Prerequisite, Course 3. Three hours per week. *Three semester hours.*

5. **Ethics**  
   **DR. MATTERN**  
   A study of the principles of moral judgment, with exposition and criticism of the more important theories concerning the basis of distinction between right and wrong conduct; the various problems of theoretical and practical ethics. Papers by students. Three hours per week. *Three semester hours.*

6. **Logic**  
   **DR. MATTERN**  
   A study of the guiding principles involved in correct thinking; the use of terms; classification; the nature of deductive inference with special reference to fallacious forms of reasoning as they receive expression in daily life; the canons of inductive inference; the basic concepts in scientific method. Three hours per week. *Three semester hours.*  
   Course 6 is open to second-year students.

7. **Philosophy of Religion**  
   **DR. CREAGER, DR. DAVID BAKER**  
   A philosophical study of religious beliefs and practices in order to ascertain the nature and value of religion. Particular attention is given to questions involving the nature and reality of God, the problem of evil and suffering, free will, and immortality. Prerequisite, third-year standing. *Offered in both terms.* Three hours per week. *Three semester hours.*
PHYSICAL EDUCATION
See under Health and Physical Education.

PHYSICS

PROFESSOR HEILEMANN     ASSOCIATE PROFESSOR SNYDER
ASSISTANT PROFESSOR MARSTELLER

The courses in Physics are designed to furnish the student with a groundwork of as much of the material of physics as time will permit. In presenting this material stress is laid upon methods of analysis and presentation of ideas. It is hoped in this way to make the student conversant with the methods of Physics, to develop in him the ability to study independently and to transmit his ideas to others. In every course, and in the elementary course particularly, the primary aim is to make the subject meaningful to every intelligent student.

Students majoring in Physics must take the following courses: Physics 1, 2, 3, 4, 5, 6, 7, 8; Mathematics 1a, 2a, 3, 4, 5, 6, 7, 9, 10, 21; Chemistry 101, 102.

Students majoring in Physics who are preparing to teach in secondary schools may substitute courses in Education for the following courses: Physics 7, 8; Mathematics 21.

1. General Physics

DR. HEILEMANN, DR. SNYDER, MR. MARSTELLER

Elementary mechanics and heat. Physics is presented not only as a science having practical application to everyday life, but as an example in itself of general scientific method. Prerequisite, Mathematics 1, 2, or high-school trigonometry and a satisfactory rating in the Mathematical Aptitude section of the CEEB test or in some test of a similar nature. Although not a requirement, Mathematics 5 and 6 are strongly urged, to be pursued concurrently if not already completed. Three hours lecture and three hours laboratory per week. Four semester hours.

2. General Physics

DR. HEILEMANN, DR. SNYDER, MR. MARSTELLER

Elementary sound, light, electricity and magnetism. Prerequisite, Physics 1. Three hours lecture and three hours laboratory per week. Four semester hours.

Admission to advanced courses depends upon the quality of work done in the elementary course.

Students intending to elect any of the advanced courses are asked to confer with the instructor during the year prior to that in which the course is to be taken, in order that a satisfactory schedule may be arranged.

3. Mechanics: Statics and Dynamics

DR. HEILEMANN

Plane and space force systems; concurrent forces; moments; center of gravity; friction; motion; curvilinear motion; projectiles; D' Alembert's Principle; moment of inertia; equilibrium of a rigid body; kinematics; Newton's Laws; work and energy; harmonic motion rotation about a fixed axis; torsion pendulum; compound pendulum; coupled systems. Prerequisite, Mathematics 5 and 6. Three hours lecture and three hours laboratory per week. Four semester hours.
4. Electricity and Magnetism  
**Dr. Snyder**  
Gauss’s Theorem; potential; capacity; electric and magnet circuit; Kirchhoff’s Laws; inductance; alternating currents; electrical machinery; elements of electronics. Prerequisite, Mathematics 5 and 6. Three hours lecture and three hours laboratory per week. *Four semester hours.*

5. Optics  
**Mr. Marsteller**  
Image formation; systems of lenses and mirrors; dispersion; spectra; interference and diffraction; polarization; origin of radiation; effects of radiation; applications. Three hours of lecture and three hours laboratory per week. *Four semester hours.*

6. Sound  
**Dr. Heilemann**  
The nature of sound, the physical basis of music, speech, and hearing; acoustics of buildings; methods of sound transmission and reproduction, and study of distortion; diffraction and interference; applications. Three hours lecture and three hours laboratory per week. *Four semester hours.*

7. Atomic Physics  
**Dr. Snyder**  
The elementary charged particles; electromagnetic radiation; waves and particles; elementary theory of the hydrogen atom; atomic spectra and electron distribution; natural radioactivity; nuclear disintegration; nuclear energy. Prerequisite, Mathematics 5 and 6. Three hours per week. *Three semester hours.*

7a. Laboratory in Atomic Physics  
**Dr. Snyder**  
Laboratory work (optional) for Course 7. Three hours per week. *One semester hour.*

8. Atomic Physics  
**Dr. Snyder**  
Continuation of Course 7. Three hours per week. *Three semester hours.*

8a. Laboratory in Atomic Physics  
**Dr. Snyder**  
Laboratory work (optional) for Course 8. Three hours per week. *One semester hour.*

9. Special Topics  
**Dr. Heilemann, Dr. Snyder, Mr. Marsteller**  
Readings and laboratory work with conferences. The student, having chosen some field in which he is interested, is expected to become familiar with the special instruments and methods of measurement used in that field. Only students capable of independent work may elect this course. Prerequisite, Mathematics 5 and 6 and two years of college physics. *Credit according to work done.*

10. Special Topics  
**Dr. Heilemann, Dr. Snyder, Mr. Marsteller**  
Continuation of Course 9. *Credit according to work done.*

11. Astronomy  
**Mr. Marsteller**  
Facts and theories concerning the appearance, dimensions, notions, and interrelations of celestial bodies. Prerequisite, Mathematics 1 and 2 or its equivalent and some knowledge of physics. Three hours per week. *Three semester hours.*

12. Astronomy  
**Mr. Marsteller**  
Continuation of Course 11. Three hours per week. *Three semester hours.*

14. Alternating Currents  
**Dr. Snyder**  
Capacitative and self-inductive circuits; mutual induction; the alternating-current circuit; alternating-current power and power factor; divided circuits; application of
COURSES OF INSTRUCTION

complex numbers; electro-magnetic waves. Prerequisites, Physics 4 and Mathematics 5 and 6. Three hours per week. Three semester hours.

POLITICAL SCIENCE

PROFESSOR E. H. MILLER

ASSISTANT PROFESSOR ZUCKER

PROFESSOR PANCOAST

The objectives of the Department of Political Science with relation to the general student are:

(1) To help the student attain an appreciation of both the theory and the functioning of politics.

(2) To aid the student in developing the faculty of critical thinking and objective attitudes.

(3) "To teach those values that sustain faith in freedom."

The professional objectives are:

(1) To prepare students for graduate work in political science and the law.

(2) To prepare students for the examinations for both the domestic civil service and the foreign service.

In addition to History 1-2 and Political Science 1-2, which are required for graduation under the general college requirements, students majoring in Political Science must take an additional sixteen (16) hours of Political Science (Political Science 5, 6 and ten elective hours); History 13-14; Economics 3, 4; Sociology 1-2.

It is recommended that Political Science 1-2 be taken in the first year, Political Science 5, 6 and Economics 3, 4 in the second year, and History 13-14 in the third year.

1. American Government

DR. PANCOAST, DR. ZUCKER

An analysis of the structure and functions of American national and state governments. Three hours per week. Three semester hours.

2. American Government

DR. PANCOAST, DR. ZUCKER

Continuation of Course 1. Three hours per week. Three semester hours.

3. Municipal Government and Administration

DR. PANCOAST

The legal power and position of the city in our political system. Thorough consideration of forms and activities of city government. Three hours per week. Three semester hours.

4. Political Parties

DR. PANCOAST

Both structural description and functional analysis of American political parties. The organization, work, leaders, and place of political parties in our democracy are considered at length. Three hours per week. Three semester hours.

5. Comparative Government

DR. MILLER

A detailed comparison of the Cabinet and Presidential systems, as exemplified by England and the United States. Three hours per week. Three semester hours.
6. Comparative Government
DR. MILLER
The study is extended to other representative governments, including France, Germany, Italy, Russia and Japan. Three hours per week. *Three semester hours.*

7. Political Theory
DR. ZUCKER
Significant political ideals, forces, and concepts from Plato to the present. Three hours per week. *Three semester hours.*

8. Constitutional Law
DR. PANCOAST
Historical backgrounds and principles formulated by the United States Supreme Court receive special emphasis. In addition to a textbook, extensive use is made of case studies. Three hours per week. *Three semester hours.*

9. Public Administration
DR. PANCOAST
A survey of the field of public administration, emphasizing administrative organization, fiscal management, and personnel management. The administrative process is considered as a unit encompassing federal, state, and local administration. Three hours per week. *Three semester hours.*

10. American Political Theory
DR. ZUCKER
Main currents in American political thought from the seventeenth century to the present. Three hours per week. *Three semester hours.*

‡11. Seminar in Political Science
DR. MILLER
Selected topics in international organization and international relations. Two hours per week. *Two semester hours.*

‡12. Seminar in Political Science
DR. MILLER
Continuation of Seminar in Political Science 11. Two hours per week. *Two semester hours.*

*‡13. Seminar in Political Science
DR. MILLER
International Law. The case-study method. Two hours per week. *Two semester hours.*

*‡14. Seminar in Political Science
DR. MILLER
Continuation of Seminar in Political Science 13. Two hours per week. *Two semester hours.*

Courses 11, 12 alternates with Courses 13, 14.

PSYCHOLOGY
PROFESSOR TYSON
ASSOCIATE PROFESSOR FLETCHER
The Department of Psychology is guided in its offerings and activities by two sets of objectives: (1) For the student majoring in areas other than Psychology, the introductory course for all, and Abnormal Psychology and Mental Hygiene for many, endeavor to show the growth of modern psychology and an understanding of adjustments used in maintaining mental health; and (2) an attempt is made to present a

COURSES OF INSTRUCTION

composite view of the main phases of present-day psychology, which is based on a broad foundation in social science and the biological sciences.

Students majoring in Psychology must take the following courses: Biology 3, 21, 22; Mathematics 1-2, 13-14; Economics 3-4; Political Science 1-2 and Sociology 1-2; Psychology 1, 4, 8, 9, 10, 12, 14, 31, and 32. Students who plan to continue the study of Psychology at the graduate level are strongly urged to include in their schedules Mathematics 5-6; Biology 17-18; Philosophy 3-4 and Physics 1-2.

1. Elementary Psychology
   Dr. Tyson, Dr. Fletcher
   An introductory study of mental life and accompanying types of human behavior. Three hours per week. Three semester hours.

   Course 1 must be taken during the first semester of the second year by all students preparing to become teachers.

4. Social Psychology
   Dr. Fletcher
   A study of group action and of the group influences by which the individual is surrounded; tradition, custom, public opinion, and other psychological and social forces which affect individual judgment and action. Three hours per week. Three semester hours. Permission of the instructor is required for admission to the course.

8. Mental Health and Abnormal Psychology
   Dr. Tyson
   The problem of mental health is treated under the following topics: The dynamics of human behavior, normal and abnormal reactions to frustration and conflict. Psychological, organic, and social causes of poor mental health. The roles played by the home, the school, and society in mental health. Additional topics include psychoneuroses and functional psychoses, epilepsy, drug addiction, and alcoholism. Methods of prevention and treatment of mental illness are discussed. This course is given from the point of view of preventive mental hygiene. Three hours per week. Three semester hours.

9. Educational and Psychological Tests and Measurements
   Dr. Fletcher
   An introductory survey of the field of measurement in education, including measurement of intelligence and school results; main features of the technique of testing and test construction; types of tests and scales; evaluation; interpretation; use. Prerequisite, Courses 31, 32. Three hours per week. Three semester hours. (The same course as Education 9.)

10. Elementary Experimental Psychology
    Dr. Fletcher
    This course is designed to acquaint the student with laboratory techniques used in psychology. Limited to and required of all majors in psychology. Lectures, demonstrations, individual experiments and the preparation of scientific reports. Two hours lecture and four hours laboratory. Four semester hours.

12. Psychology in Industry
    Dr. Fletcher
    This course deals with the application of psychological techniques and principles to the problems of industry. Emphasis is given to individual differences, aptitudes and skills, job evaluation, merit rating, work methods, training programs, fatigue, accident control, safety education, incentives, employee attitudes, morale, the interview and related employment methods. Three hours per week. Three semester hours. Permission of the instructor is required for admission to the course.
14. Seminar in Psychology  
DR. FLETCHER
A course designed to acquaint the student with current trends in theoretical and applied psychology. Emphasis will be given to the preparation and presentation of papers on selected topics which will vary from year to year. Open only to fourth-year students majoring in psychology. One hour per week. *One semester hour.*

31. Educational Psychology—Growth and Development  
DR. TYSON
The nature of growth. The dynamics of personality development. The characteristics of physical, mental, emotional, and social growth from the prenatal period until old age. The development of attitudes, interests, and values. The ideal of an integrated personality. *(The same course as Education 31.)* Three hours per week. *Three semester hours.*

32. Educational Psychology—Learning and Teaching  
DR. TYSON
The role of the teacher as a professional person. The basic learning theory needed by teachers. The nature and conditions of learning. The development of learning units. Individual differences in mental ability and their educational implications. Mental hygiene in the classroom. *(The same course as Education 32.)* Three hours per week. *Three semester hours.*

**PUBLIC SPEAKING**  
ASSISTANT PROFESSOR KERSHNER

3. Public Speaking  
DR. KERSHNER
Composition and delivery of various types of speeches, with group criticism and discussion. The class will be organized and conducted according to the rules of parliamentary procedure. Prerequisite, English Composition 1, 2. Two hours per week. *Two semester hours.*

4. Public Speaking  
DR. KERSHNER
Continuation of Course 3. Prerequisite, Public Speaking 3. Two hours per week. *Two semester hours.*

5. Debating  
DR. KERSHNER
This course is organized for both beginners and advanced students who are interested in debating in intramural and intercollegiate tournaments. Open to third-year students who have completed Public Speaking 3 and 4, or who have been members of the Debating Club for at least one year. The course may be repeated for credit in the senior year. One hour per week. *One semester hour.*

6. Debating  
DR. KERSHNER
Continuation of Course 5. One hour per week. *One semester hour.*

*Note: All students in the College may participate in the activities of the extra-curricular debating society without being enrolled in Courses 3 and 6.*

ASSISTANT PROFESSOR SCHELLHASE
ASSISTANT PROFESSOR DAVID BAKER

The aim of the Department of Religion is to give opportunity for a scholarly and reverent study of religion, centering attention primarily upon the Hebrew-Christian tradition. The courses in the English Bible are considered basic to a liberal education. Philosophy of Religion, Church History, and Christian Classics are courses offered to afford opportunity for students to deepen their interest in the "heart truths" of religion. The department directs a religious program, led by students, which includes worship, service projects, counseling and discussion. The unique nature of our College lays responsibility upon every member of the faculty, administration, and student body to lend support to these objectives.

1. Introduction to the Literature of the Bible: Old Testament  
Mr. Schellhase
An appreciative and historical study of the Bible, with a view to discovering its origin, nature, and significance in the life of today. Three hours per week. Three semester hours.

2. Introduction to the Literature of the Bible: New Testament  
Mr. Schellhase
Three hours per week. Three semester hours.

*4. Christian Classics  
Dr. Creager
Readings in the classics of Christian literature including the writings of such men as Augustine, St. Francis of Assissi, Thomas a Kempis, Fox, Law, Baxter, Woolman, and Temple. Three hours per week. Three semester hours. (This course alternates in the Spring Term with Religion 6.)

6. History of the Christian Church  
Dr. Creager
A study of the development of the Christian church from the apostolic period to modern times, with a view to understanding the nature and extent of its contribution to society. Three hours per week. Three semester hours.

Course 4 alternates with Course 6.

The following related courses are recommended to students interested in the study of religion.

### II. CONCENTRATION IN CHEMISTRY

**First Year**
- Chemistry 101, 102: 4 credits
- English Comp. 1, 2: 3 credits
- Language 1, 2 or 3, 4: 3 credits
- History 1, 2: 3 credits
- Mathematics 1, 2: 3 credits
- Phys. Ed. 101, 102: 3 credits
- Total: 16 credits

**Second Year**
- Biology 3, 4: 3 credits
- Chemistry 107, 108: 4 credits
- Education 2: 3 credits
- English Comp. 3, 4: 1 credit
- English Lit. 3, 4: 2 credits
- Language 3, 4: 3 credits
- Philosophy 6: 3 credits
- Total: 16 credits

**Third Year**
- Chemistry 103, 104: 4 credits
- Economics 3, 4: 4 credits
- or Pol. Sci. 1, 2: 3 credits
- Education 31, 32: 3 credits
- Education 48: 3 credits
- Physics 1, 2: 4 credits
- Electives: 3 credits
- Total: 17 credits

**Fourth Year**
- Biology 22: 2 credits
- Education 5: 3 credits
- History 16: 3 credits
- Physics 11, 12: 3 credits
- Philosophy 7 (if Phil. 6 is not taken in second year): 3 credits
- Education 44: 3 credits
- Electives: 3 credits
- Total: 14 credits

**Advisers—Professor Sturgis and Professor Tyson**

### III. CONCENTRATION IN PHYSICS

**First Year**
- English Comp. 1, 2: 3 credits
- Language 1, 2 or 3, 4: 3 credits
- Phys. Ed. 101, 102: 3 credits
- Physics 1, 2: 4 credits
- Mathematics 1a, 2a: 3 credits
- Mathematics 3, 4: 3 credits
- Total: 16 credits

**Second Year**
- English Comp. 3, 4: 2 credits
- English Lit. 3, 4: 2 credits
- Language 3, 4: 3 credits
- History 1, 2: 3 credits
- Education 2: 3 credits

- Physics 3, 4: 4 credits
- Mathematics 5, 6: 3 credits
- Total: 16 credits

**Third Year**
- Economics 3, 4: 3 credits
- or Pol. Sci. 1, 2: 3 credits
- Education 31, 32: 3 credits
- Education 48: 3 credits
- Physics 7, 8: 3 credits
- Mathematics 9, 10: 3 credits
- Electives: 3 credits
- Total: 15 credits

**Fourth Year**
- Philosophy 6: 3 credits
- History 1, 2: 3 credits
- Education 9 (N. J.): 3 credits
- Education 5: 3 credits
- Chemistry 101, 102: 4 credits
- Education 44: 3 credits
- Total: 15 credits
