URSINU3—AT WAR

In the latter pages of this issue will be found a rather imposing list of men of Ursinus who are in the service with the armed forces of the United States. We likewise have an alumna in the WAAC. In the 1917-18 conflict, men of Ursinus contributed their part—and lives—to the struggle. Probably there are ten in the service now for every one in World War I. We have no fear for the ability and moral integrity of our men. We wish them every success.

LIEUTENANT ARAM Y. PARUNAK,
U. S. N., '33

The writer experienced a peculiarly delightful feeling, Friday, August 7, in reading of the exploits of a classmate. The metropolitan newspapers and press services carried lengthy articles about Lieut. A. Y. Parunak, who with Col. Bernt Balchen of the U. S. Army (and Arctic exploration fame) saved the lives of 15 stranded Army airmen from the bleak and treacherous ice cap of interior Greenland.

It seems that an Army Flying Fortress was forced down 100 miles in the interior of Greenland. Parunak heard a weak radio message in late June. The only rescue possible was by air. After a week of survey flights, he discovered a "dimple" formed in the ice, and filled with water running from the icy slopes around it. Scarcely deep enough to land in, he stripped his plane of all possible equipment and flew his PBY to the beleaguered men and set it down on the little lake. Next day the lake which made this rescue possible disappeared.

We remember Aram as a rugged linesman on the football team, adept at snatching the ball from an opposing back. He was a first rate student and a member of the debating teams.

The class of 1933 will be holding its 10th reunion next May. It would probably be too optimistic to expect to have Lieut. Parunak present, because his work now is more important than making speeches, admiring the offspring of fellow classmates, and talking about the "good old days."

This is a small world, isn’t it?

PROSPECTIVE STUDENTS AND THE SELECTIVE SERVICE

All Alumni should read with care Prof. Sheeder’s article on the Summer School, and particularly that section which pertains to the new Selective Service regulations. Loyal alumni have always been Ursinus’ chief feeders of new students. A prospective student will certainly, and properly, want information of his college work and its relation to his selective service status. Under the new regulations, certain courses of study are highly favored and students will be permitted to begin and complete them. Alumni should be well versed on this subject.

PERTAINING TO THIS ISSUE . . . .

This particular issue of the Journal is edited by a committee from your Alumni Association. It is no easy matter to gather material for one issue. This publication could be filled up with all sorts of copy, but that stuff would hold little interest for the reader. What makes the Journal readable is the personal element . . . and that alone can be supplied by the alumni group.

Your committee hopes that this plea for material about yourself and friends will not fall on deaf ears. Parents of men in service can render us a distinct favor by keeping the College advised of their latest accomplishments.
THE PRESIDENT’S PAGE

In the passing of Dr. Calvin D. Yost, Ursinus College lost one of her most faithful sons and servants.

For thirty-five years Dr. Yost served Ursinus College with unselfish devotion. Throughout that period Dr. Yost was a teacher greatly loved. Many hundreds of his students remember with gratitude and affection his gracious presence in the classroom, his patience, his kindliness, his quiet humor, his serene wisdom. Dr. Yost taught more than German: he taught also the worth of patient and conscientious labor, and kindliness, and true courtesy, and Christian humility, and simple goodness. Hundreds of his students and their children and their children’s children will be the better for his teaching.

To his colleagues in the Faculty Dr. Yost was unfailingly helpful. His steadfast loyalty, his unselfishness, his patient, hopeful work steadied and strengthened those who have had the privilege of working by his side. To scores of younger men in the Faculty he was, through a quarter-century, guide, philosopher, and friend.

Dr. Yost for many years served the College as librarian of the Ursinus College Library. The building itself, the collection of books, and the system of administration are largely the product of his far-sighted planning and direction. The Ursinus College Library will remain, in a very real sense, a memorial of his fruitful labor.

For twenty-six years Dr. Yost served Ursinus College as a member of the Board of Directors and for twenty years as secretary of the Board of Directors and secretary of the Executive Committee. To this important work he gave unstintingly of his time and energy. His counsel has, for nearly half a lifetime, been influential in the deliberations of the Board of Directors. His sound judgment and his steady wisdom have helped to shape the history of the College during all these years.

Both as teacher and as official Dr. Yost shared with us all what Wordsworth calls “that best portion of a good man’s life—his little, nameless, unremembered acts of kindness and of love.”

We who have known him best could say to him, as the Pilgrims said to Mr. Greatheart at his departure in Pilgrim’s Progress: ”You have been so faithful and so loving to us, you have fought so stoutly for us, you have been so hearty in counselling of us, that we shall never forget your favor towards us.”

In the long history of Ursinus College few men have served the College so long and no one has served with greater devotion and love.

Dr. Yost’s students of today and yesterday and his colleagues in the Faculty and the Board of Directors, as we mourn his passing, know full well that his work among us will remain in the years to come and will bear fruit an hundredfold.
72nd ANNUAL COMMENCEMENT

The 72nd Commencement, for the older alumni and friends, was reminiscent of the Commencement twenty-five years ago when the country's need compelled many of the graduating class to postpone their plans for a business or professional career. Many of this year's class already have joined the forces. Because the accelerated program moved the graduation exercises a month ahead of the usual date, the forces. Because the accelerated program moved the graduation exercises a month ahead of the usual date, the forces.

Class Day

The Class Day, held Friday afternoon in Freeland Hall, was in the form of a luncheon, with Richard Gay, chairman of the program. Toasts were given by Dr. McClure, Mr. Helfferich, Deans Kline and Stahr. William Selfridge, president of the senior class, presented the mantle to Evan Morrow, president of the junior class. Garnet Adams, president of the Y. M. C. A., concluded the program on the campus with the presentation of the class tree, which was accepted by Dean Kline.

Ursinus Woman's Club

The annual business meeting of the Ursinus Woman's Club was held Friday at 2:30 p.m. in Bomberger Hall. The organization voted to pay $250 toward their obligation on "612" Main Street, to offer a $300 open scholarship for girls for the year 1942-43, and to present a $20 prize to the senior girl outstanding in athletics. The proceeds from the several projects sponsored by the Club were favorably reported as follows:

- Card party $150.78
- Sale of individualized stationery 27.00
- Magazine subscriptions 7.50
- Lectures on Pennsylvania Dutch Art 20.00

At the dinner following the business meeting, the Club was honored to have as the guest speaker, Dr. Catharine Macfarlane of the Women's Medical College. In 1940, Dr. Macfarlane received the Gimbel award for her outstanding contribution to humanity in Philadelphia. As has been the custom, the senior girls were the guests of the organization.

An urgent appeal was made to the women graduates to affiliate themselves with the organization which has done so much through the years for the benefit of the women students. The treasurer, Mrs. Harold Brownback of Trappe, Pa., will be glad to receive the annual dues of $1.

Alumni Athletic Club

The members of the Alumni Athletic Club at a luncheon meeting in the Recreation Hall of the Library, Saturday noon, decided to postpone any new projects for the duration of the war. Plans will be made, however, to hold a men's dinner in the winter. The following officers were elected for the coming year: president, Russell C. Johnson '16; vice-president, Martin Brandt '37; secretary, John C. Markly '24; treasurer, Stanley Omwake '31.

The executive committee of the Athletic Club, Dr. J. Harold Brownback '21, Clarence W. Scheuren '17, Robert D. Evans '18, Harry W. Snyder '08, and Dr. John Lentz '02, were named representatives of the Athletic Council.

Alumni Association

This year the annual meeting of the Alumni Association attracted an unusually large group, due to the urgent appeal to the alumni to participate in the meeting. The following officers were elected to serve for the year 1942-43: president, Guy Koons '17; vice-president, Alfred C. Alspach '33; secretary-treasurer, Charles H. Miller '24, College librarian.

An important item of the business meeting was the reading of the proposed changes in the Alumni Association Constitution. Dr. Ernest C. Wagner, chairman of the committee, explained the suggestions and invited discussion, so that the new Constitution could be drawn up for approval.

The following members were elected to the Executive Board: Faculty representatives, Professor Franklin I. Sheeder '22, registrar, and Dr. J. Harold Brownback '21; members at large, Dr. Ernest C. Wagner '10, Leighton K. Smith '16, Florence O. Benjamin '30, A. B. Scirica '32, Lyndell R. Reber '36. Two faculty members, Franklin I. Sheeder, registrar, and Wm. S. Pettit, assistant professor of chemistry, were named as members of the library committee. Dr. Charles H. Behney '22 was elected to succeed himself for a five year term as alumni director, and Mrs. Effie B. Evans '18 to serve the unexpired term of the late Dr. Frances T. Krumen.

President's Reception

Between four and five o'clock Saturday afternoon in the library, an informal reception by President and Mrs. Norman E. McClure was attended by faculty, alumni, and friends of the College. In the receiving line with Dr. and Mrs. McClure were Professor and Mrs. Sheeder.

Alumni Banquet

At 5:30 the alumni assembled, grouped according to classes, for the annual dinner in the upper dining room of Freeland Hall. The members of the '42 class were guests of the association. Mr. Ronald C. Kichline '16 presided. The guest speaker of the evening, Dr. Asher R. Kepler '98, a missionary recently returned from China, told of conditions in the war-torn country as he personally had seen them.

Mr. Kichline, the retiring president called on Guy Koons '17, the newly elected alumni president, H. G. Peterson '17, Dean Kline, and President McClure.
Baccalaureate Service

Reverend W. Sherman Kerschner, D.D., '09, pastor of the Heidelberg Evangelical and Reformed Church of Philadelphia, in his address to the graduating class stressed the watchword of today—look forward and not backward. The man who yields to self-pity has lost the incentive to advance. Victory is achieved only by forgetting the discouragements and failures of the past and striving on to future accomplishments.

Dean Whorten A. Kline, President Norman E. McClure, and Reverend John Lentz, D.D., College pastor, assisted in the services. Under the direction of Dr. William F. Philip, the College choir sang special music. Frances E. Kooker '42, accompanied by Wm. F. Heefner '42, sang "Ave Maria". The instrumental accompaniment was provided by the string trio, Beatrice Weaver, '45, viola; Carl Anderman '45, violoncello; and William Braxator '45, violin. Marion Stocker '43 played a flute obligato.

Sacred Concert

In the evening, the College Meistersingers, under the direction of Dr. Wm. F. Philip, presented the last musical program of the academic year. The selections included works by Handel, Mozart, Mendelssohn, and Franck. In addition to the renditions by the choir, were vocal solos by Frances Kooker '42 and Fred Wilhelm '43, and a flute solo by Marion Stocker '43. The concluding and outstanding number was the rendition of Handel's "Hallelujah Chorus". Emma Kay Hartman '45 accompanied at the piano.

The Commencement

Following the custom of the last few years, the Commencement was held on the campus in front of Free-land Hall. The speaker, Dr. William Mather Lewis, president of Lafayette College, prophesied that in these critical times only the college that trains its graduates for intellectual leadership and stresses the spiritual need necessary to the proper development of a democratic form of government, will survive.

He drew a comparison between many men and Lao-Ta, the character in Pearl Buck's "Dragon Seed", who did not know what to do when the demands of life were greater than normal.

Dr. Lewis questioned the value of an accelerated program. Instead, he suggested changes in the curriculum to meet the needs of the times. If the people cannot adjust themselves to present abnormal conditions, the methods and policies of the schools and colleges have failed.

The degree of Doctor of Laws was conferred upon Dr. Lewis; the honorary degree of Doctor of Divinity was bestowed on the Reverend Nathaniel Babcock Groton, of Whitemarsh, Pa.; the Reverend Henry James Herber '11, of Lebanon, Pa.; and the Reverend Paul Wicke Yoh '13, of Milton, Pa.

After Dean Kline delivered the farewell address to the graduating class, President McClure presented the prizes, and Dr. Lentz pronounced the benediction.

Board of Directors
The Board of Directors elected to its membership the nominees of the General Alumni Association, Dr. Charles A. Behney ’12, for his second five year term, and as the third woman member, Mrs. Effie Brant Evans ’18 for a three year term to fill the unexpired term of Dr. Francis T. Kruzen ’09 deceased. With the election of these two alumni members, the Board of twenty-three now has seventeen alumni members, most of whom were elected upon the nomination of the General Alumni Association. Thus do the relatively few of our members who vote in the election for Board nominees wield considerable power in the shaping of the policies and management of the college.

The Board took formal recognition of the death of one of our alumni board members, Dr. Calvin D. Yost, ’91, who served as the secretary of the Board for twenty years. Ralph F. Wismer, Esq. ’05, another nominee of this association, who was elected treasurer last year, was elected as secretary and will fill both positions.

Another of our association nominees and now Vice President, Donald L. Helferich, ’21, gave distinguished service to the Board and the College in the refinancing program just finished and was highly commended by the Board. Instead of engaging an outside firm as was done in 1928-32 at a cost of $50,000.00, Mr. Helferich did this work in addition to his other duties and by thus eliminating discounts and commissions, the total cost was kept under $1,000.00.

This refinancing of the college debt, while not materially reducing it, will save the college $10,000.00 a year in interest which, over the life of the loans, will amount to a saving of almost $200,000. This saving in itself will make a steady debt reduction possible. These favorable terms were secured because a survey of the books and operations of the college made by the note holders and a prominent local bank showed that (1) over the past six years there has been a steady reduction of the college debt because of gifts, totaling $70,000.00. Of this the Women’s Club gave approximately $10,000.00 for the purchase and furnishing of the New Girls Hall at $45,000.00 of which the major portion came from Robert J. Byron, Esq., the father of Robert Byron Fegley ’30 and Marion J. Byron ’42.

(2) There has been a steady reduction in the operating deficit from $27,000.00 a year six years ago when the faculty and the employees suffered a 10% salary reduction to a $1000.00 balance last year with all salaries restored.

(3) There has been a steady increase in attendance from 450 in 1935 to 530 in 1942. Along with this increase in attendance there has been a steady increase in cash income from the dormitories, dining hall and tuition with a marked decrease in unpaid student obligations. The auditor’s reports show that over these six years of improved operations the college has profited in savings and earnings to the extent of approximately $45,000.00 a year.
(4) The physical plant has become more valuable because needed repairs, alterations and extensions have been made promptly and with good business judgment.

To further increase the efficiency of plant maintenance, the Board appointed Russell C. Johnson '16 as Manager of Properties, to have complete charge of the physical plant in addition to his present duties as Graduate Manager of Athletics.

Dean W. A. Kline reported that the academic work, as judged by every reasonable standard, is of high quality, one evidence of which is the large number of scholarships and fellowships at various graduate schools received by recent graduates of the college and the creditable work done by Ursinus graduates in these institutions. He reported that the enrollment is good, in spite of students leaving for the armed forces. About 150 students are registered for the summer session, and with the consent given by the Board to permit fifty-five percent of the new enrollees to be women, the registration for September is normal.

In recognition of Dean Kline's thirty years of faithful and distinctive service and to ease his increasing burden, the Board elected Mr. G. Sieber Pancoast '37, as Dean of Men to assist him especially in those duties involving the general conduct and welfare of the men students. Dean Kline will retain his position as Dean of the College.

Miss Ermold Retires

After thirty-five years of efficient and devoted service to Ursinus College, Sara E. Ermold has announced her retirement effective September 1, 1942. Miss Ermold came to the College in 1907 as bookkeeper and secretary to Dr. George L. Omwake, who was then Dean of the College. She was later appointed Assistant Treasurer which position she has held ever since. In 1908 Miss Ermold took up residence in the old Olevian Hall with her mother, Mrs. Ella N. Ermold, who was named preceptress of Olevian and Superintendent of Dormitories. The Ermolds resided in Olevian Hall until 1925 when Mrs. Ermold retired. In 1926 Miss Ermold purchased Fircroft where she lived with her mother until the latter's death in 1936. In 1937 Fircroft was leased by the College. Since that time Miss Ermold has been residing in the Hotel Hamilton in Norristown.

Coincident with her retirement, Miss Ermold presented Fircroft to the College in memory of her mother. This fine old residence, which is one of the show places of Collegeville, will be a constant reminder of the long years of service which Miss Ermold and her mother have given to the College.

There are few persons in the history of the College who have had more extensive contacts with Ursinus students than has Miss Ermold. Her many friends among the alumni will long remember the helpful service she has rendered.

Summer Session Draws Larger Registration

For the first time since 1925 Ursinus is conducting a summer session. The term which is twelve weeks in length opened June 22 with 136 students. Thirty-five courses are being offered by sixteen members of the faculty. Twenty-two students are beginning their college careers this summer. Most of these are young men who are anxious to accelerate their programs to complete as much college work as possible before being inducted into service. The summer enrollment consists of ninety-six men and forty women.

On July 13, eleven young men started work at the new plant of the Jacobs Aircraft Engine Company in Pottstown. These students are employed on the 3 to 11 p.m. shift and are taking a reduced college program. This is the first time that Ursinus has attempted a work-study plan and is one of the contributions that the College is making to the national defense effort. Another group of students will start on this program in September, and it is expected that a selected group will be entering on this plan at the beginning of each semester so long as the present emergency continues. It is anticipated that the students enrolled in the work-study plan will normally be able to complete the requirements for graduation in approximately five years.

Because of the summer school program, the College found it necessary to curtail its summer conference business. This year only three conferences are being held. The Conference of the Episcopal Diocese of Pennsylvania was held at the College from June 28 to July 3. One hundred thirty-five delegates were in attendance. The Luther League Conference was held at the College on July 15-18. More than one hundred young people attended. The Collegeville Summer Assembly was in session from August 3 to August 9. This assembly, sponsored by the College, is now in its thirty-fifth year.

Advance enrollment figures for the fall term are quite promising. More than 160 new students are already enrolled, and unless large numbers of young men of the upper classes are inducted before September it is hoped that the total enrollment will equal that of last year. Arrangements are being made to accommodate a slightly increased number of young women to enable the College to operate at maximum capacity. Highland Hall,
which heretofore has been used as a residence for men students, will this year be utilized as a residence for young women.

The College is doing its utmost to provide for the needs of all worthy students. To this end the alumni are urged to communicate with the Office of the Registrar concerning any prospects they may have who may need financial assistance. The work-study plan is attracting considerable attention among young people who desire to go to college but do not have the financial resources to see them through. Students under this plan can be fully self-supporting. In addition to this plan the College has available many other opportunities for part-time employment as well as scholarship funds upon which to draw.

New Selective Service Deferment for Students

The selective service system has recently released Occupational Bulletin No. 10 which provides for the deferment of certain registrants who are preparing for certain critical occupations. In addition to many types of engineers, this scientific and specialized personnel includes Accountants, Chemists, Economists, Mathematicians, Meteorologists, Personnel Administrators, Physicists, Psychologists, and Statisticians. Under the regulations "a registrant who is in training and preparation for one of these scientific and specialized fields may be considered for occupational deferment at the close, or approximately at the close, of his second or sophomore year in a recognized college or university if he is pursuing a course of study upon the successful completion of which he will have acquired the necessary training, qualification, or skill, and if he gives promise of continuing and will be acceptable for continuing such course of study and will undertake actual further classroom work within a period of not to exceed four months from the close of his second year." It would seem that many students who heretofore have been denied deferment under the selective service system will now be eligible for deferment until graduation from college.

Those students who are not subject to deferment under the Selective Service Act because of preparation for so-called critical occupations may voluntarily enlist in the Army, Navy, or the Marine Corps and be placed under deferred status and permitted to continue until graduation so long as they maintain a satisfactory record. Many Ursinus students are availing themselves of this provision, and the College officers have been advising students to consider voluntary enlistment wherever this is possible.

Announcement has recently been made of Congressional action which provides funds whereby government loans will be made to students who are preparing for certain careers and are enrolled in the accelerated college program. According to the advance information now in possession of the college officials, these loans will be limited to upper-class students, will be available in amounts not exceeding $500 per annum, will bear an interest rate of 2 ½%, and will be subject to cancellation if and when the student is called into service.

All in all the situation for the college student in the summer of 1942 seems brighter than it has been for some time. The Federal Government appears to be making every effort that is consistent with democratic principles to encourage young people of ability and determination to obtain a higher education so they may be of greater service to society. Details concerning any of the items mentioned in this article will gladly be furnished by the Office of the Registrar.

Dr. Reginald Sibbald Passes Away

Reginald Spalding Sibbald, Professor of French, died April 18, 1942, just eight days after Dr. Yost's passing. Dr. Sibbald had been suffering with a heart condition since the spring of 1939 and had been unable to meet his courses during the past scholastic year.

Dr. Sibbald was born at Canyon City, Colorado in 1897 and was graduated from the Yampa (Colorado) High School. His student days at the University of Colorado were interrupted by his service in the Tank Corps of the Canadian Army which trained in England. After returning from London, where he had studied art after the Armistice, Professor Sibbald received his LL.B. from the University of Colorado in 1921. The following year he earned his A.B. His third degree from the Univ. of Colorado, the M.A., followed a year of travel and study in England, Italy, Spain, Switzerland, and France. Before coming to Ursinus in 1931, Prof. Sibbald had taught languages at a preparatory school, at his alma mater, at the University of West Virginia, at New York University, and at Drexel. The summer of 1931 he and Mrs. Sibbald were in France, he having received the Jusserand fellowship from the University of Pennsylvania to aid him in completing his work for his thesis: "Marionettes in the North of France." He became professor at Ursinus on receiving his Ph.D. from the University of Pennsylvania in 1934.

Professor Sibbald's influence on the Ursinus campus was not confined to the classroom but none who had the privilege of studying under him will ever forget it. He enjoyed his teaching and his classes as few teachers do.
His standards were high and his good fellowship connoted no laxness. Those who worked in dramatics, which he and Mrs. Sibbald brought to new heights at Ursinus, can testify to his patience, his energy, and again his exacting standards of performance. The entire campus knew and hailed him simply as "Reg"—outside the classroom—and Reg's interests were as wide-spread as his popularity. No basketball game—until this last season—was without his encouraging presence, no football game but found Reg in the stands. In the spring he found time to occupy a bleacher seat at the ball games. Many an individual student must recall his visits to the Sibbald home where he found an ever ready welcome. And many a student asked for the keys to the convertible—and was not disappointed! In one way or another Reg undoubtedly touched the life of every student at Ursinus during the last ten years.

We shall miss his incisive wit, his entertaining anecdotes, his keen interest in Ursinus and in us as individuals but most of all we shall miss his presence and example. To Mrs. Sibbald and Douglas, their daughter, go the sympathy and good wishes of all who knew him.

**Dr. Yost Mourned by Grads and Students**

The Reverend Calvin D. Yost, D.D., '91, librarian, professor of German, and secretary of the Board of Directors of the College, died in Riverview Hospital, Norristown, on April 10. Dr. Yost had entered the hospital for treatment of an abdominal ailment and failed to rally from an operation performed several days before his death.

Dr. Yost was born in Walker Township, Schuylkill County, November 5, 1866, and received his early education in the local schools and the Kutztown State Normal School before entering Ursinus, from which he was graduated as valedictorian of the Class of 1891. He then attended the Ursinus School of Theology and the Divinity School of Yale University, graduating from the latter institution in 1894, and was ordained as pastor of Emanuel's Reformed Church, Minersville, Pa., the same year. He commenced his long educational career in 1896 when he became principal of the Mahanoy City High School, resigning in 1901 to return to the ministry as pastor of the Pleasantville charge at Eureka, Pa., serving until 1906, when he accepted a call to St. John's Church, Phoenixville.

**Joined Faculty in 1910**

In 1910, Dr. Yost joined the College faculty as librarian and instructor in English, later transferring to the German Department, of which he became the head in 1920. Several years ago he was compelled to relinquish most of his teaching load because of ill health.

Dr. Yost found time to be of much service in many activities beyond his immediate teaching and administrative posts.

**Active in Church Work**

In 1933 Dr. Yost was a delegate representing the Reformed Church at the triennial session of the World Alliance of Reformed and Presbyterian Churches held in Belfast, Northern Ireland. He was burgess of Collegeville from 1938 to 1941, having previously served as president of the Borough Council from 1922 to 1934, was a past master of Warren Lodge No. 310, F. & A. M., and was generally active in community organizations. He had received the honorary degree of Doctor of Divinity from Heidelberg College in 1924.

Services were held from Trinity Church in charge of the Rev. John Lentz, D.D., pastor. Dr. Yost is survived by three children, all Ursinus alumni, the Rev. Ethelbert B. Yost '21, pastor of St. Peter's Reformed Church, Knauretown, Pa., Margaret A. Yost '24, a teacher in the Reading High School, and Dr. Calvin D. Yost, Jr., '30, of the College faculty.

Dr. Charles B. Heinly, '00, died at his home in York, Pa., on July 30. Death was due to a heart condition.

He was born in Albany, Pa., in 1874, and married Miss Grace Gristock, of Collegeville, in 1903, who survives him. Also, surviving are, Elizabeth, '31, wife of Dr. John H. Frick, ex '33, two grand-children, Charles and Jane.

After graduation from Ursinus, Dr. Heinly moved to York and became a teacher of science in the high school, which position he held until 1919 when he became principal. He served in that capacity until the end of 1941 when he voluntarily retired.

In 1934 he was elected a Director of Ursinus and served continuously until his death. Dr. Heinly received the honorary degree of Doctor of Pedagogy from Ursinus in 1928.

Dr. Heinly was an ordained minister of the Reformed Church and preached in numerous churches. He occupied a pulpit Sunday before his death. An active promoter of the York County Ursinus Alumni Association, he served as a president of that group.

Much of his time was contributed to the Boy Scouts. He served as chairman of the York-Adams area court of awards and was a member of the Scout Council from its inception in 1917.

Dr. Heinly was always an ardent booster of Ursinus, and has been personally responsible for a consistently large representation from York County.
Dear Fellow-Alumni:

DON'T BOTHER TO READ THIS UNLESS YOU ARE A GOOD DAUGHTER OR SON OF UR SINUS.

I would like, first, to enlist your intelligent interest in the Alumni Association of your Alma Mater; and secondly, to give those of you who did not attend the Annual Meeting on Alumni Day, a resume of what we did there this year.

The past school year has been one of the most healthy and active years in the Association's history. A new local alumni group was organized at Trenton, and the spade work done on organizing two other groups; the Executive Committee meetings were spirited, thought-provoking and productive; the attendance at the Annual Meeting was five or six times that of previous years; complete alphabetical, and regional, files of all alumni, are now housed in the office of the Secretary, and the membership, correspondence, financial and other records are being reorganized and brought up to date, so that the Secretary may answer any inquiry on very short notice; seventy more alumni have become Active Members than have ever been on the list before; the Executive Committee has again appropriated $100 to the Library, after a lapse of two years; and, with all obligations paid, there is a larger balance in the treasury than has been the case since 1937, the year before the Journal began publication.

In spite of this development, the Association is not doing a great many things that it might do, if it were supported by the entire alumni body. I have just been reading over the messages which ex-president Richline and I wrote to you in the Autumn 1941 issue of the Journal. There we plead with you to arouse yourselves to a sense of responsibility to the college which helped to put you where you are today. At what cost, or bene-

fit, to yourself? At a cost of one dollar in dues, which helps to pay for the Journal which you read, and enjoy; more of these dollars can bring additional services to alumni, which I do not have the space to discuss here, or they can bring aid—through appropriations of the Association—to worthy students, to the Athletic Association, to the Library, or to other projects; or, if there is enough, and continued, support, to the building up of endowments, or the financing of a full-time Alumni Secretary.

Today, about two-thirds—almost exactly—of the Alumni body, are not Active Members of the Association. I am convinced that this is neither because we are not interested in Ursinus, nor because we do not have a dollar; I believe it is because we are just dilatory, or neglectful. If I am right, that can be remedied right now by reaching in your pocket, and sending me a dollar, or a check. I have sat at dinner this past spring, from York to New York, with many a grand alumnus, full of zest for Ursinus, who has been neglectful, or dilatory. Won't each of you remedy that now, so that you will not be embarrassed when I dine with you next spring?

* * *

The mere reading of the minutes of the Autumn and Spring Meetings gave those who attended the Annual Meeting, an outline of what your Executive Committee did during the past year. Brief reports by the Secretary and Treasurer presented the total active membership of the Association, and what moneys we have received and expended during the year. Full and carefully prepared reports of the Standing Committees followed, by their several chairmen.

"Ty" Helfferich presented an informative written report of the activity of the Committee on Publicity and Publications, in which he made certain recommendations about the printing of the Journal, recounted the extent of coverage of college news in local papers, and appealed to every alumnus to assist the committee by providing them, at any time, with news items about themselves, or other alumni.

"Frank" Sheeder discussed in his written report of the Committee on Graduate Activities, the detailed work done by that Committee during the year, and recommended that the activities of the Committee be handled in the future by the Alumni Secretary.

Ernest Wagner reported in detail on the onerous job of the Committee on Revision of the Constitution. Copies of a Summary of Proposed Changes in the Constitution were distributed, and explained by Dr. Wagner. This summary, together with his report, will be printed in the Autumn issue of The Journal.

The first report of College Organizations was given by "Jing" Johnson, who discussed the action taken at the Luncheon Meeting of the Alumni Athletic Club, held just previous to the Annual Meeting. Miriam Barnet Smith reported on the activities of the Ursinus Women's Club during the year. "Paddles" Douthett gave a very interesting report of the action of the Board of Directors at their morning meeting on Alumni Day. Summaries of the above reports are given elsewhere in this issue.

The Election Board reported the results of the election by the Alumni, of the new officers for the coming year, and of alumni representatives on the Board of Directors; members of the Executive, and of the Library Committees, elected by ballot at the Annual Meeting, together with the above, will be reported in next issue.

Don't forget to send me that envelope, and enclosure, at once.

Faithfully yours,

Charles H. Miller,
Secretary-Treasurer.
NEW CHANGES IN ADMINISTRATIVE POSTS

Russell C. Johnson '16, was named Superintendent of grounds and buildings at the May meeting of the Board of Directors of Ursinus College. "Jing" assumed his duties on June 1. He will hold this position in addition to that of Director of Athletics which he has held for some years.

G. Sieber Pancoast '37 was elected by the Directors as Dean of Men. He will assist Dean Kline in those duties involving the general conduct and welfare of men students. Dean Kline will continue in his position as Dean of the College.

LOCAL ALUMNI GROUP MEETINGS

York

The York Alumni Association presented a unique program at the annual dinner meeting at West York Inn, on March 14, in the form of a "quiz" of 46 questions having to do with the history, traditions and humorous anecdotes of college life. The co-eds were pitted against the "eds", with the latter winning the final awards. Vice-President D. L. Helfferich, Registrar F. L. Sheeder, and General Alumni Secretary C. H. Miller, were introduced by leading questions during the quiz, and brought greetings from the College. More than sixty persons were in attendance.

Reading

Reading Alumni Group. Guests from the College included President and Mrs. N. E. McClure, Dr. and Mrs. E. H. Miller, and the General Alumni Secretary, who gave brief addresses. R. C. Kichline, retiring president of the General Association, was present, and spoke briefly; he was elected to the presidency of the local group. Dancing followed the dinner.

Philadelphia—Norristown

The south roof-garden of the Bellevue Stratford Hotel was the scene of a gala occasion, when the Philadelphia and Norristown Alumni Associations celebrated their annual meeting by a banquet honoring Dean Kline on his 78th birthday, April 24. About 150 guests were present from this area, the dinner being presided over by Dr. Sherman A. Eger '25, President of the Phila. Association, with President McClure acting as toastmaster. Toasts were given by Dr. Harry E. Paisley, President of the Board of Directors of the College; Dr. Randle Rosenberger, Jefferson Medical College, a very close friend of the Dean; Dr. Guilliam Clamer, Hon. '19; Mrs. W. U. Helfferich '93, a classmate of the Dean; and Paul P. Wisler '27, President of the Norristown Association. Dean Kline responded briefly in his usual delightful manner, by speaking on the subject of "The Christian College."

Trenton

An enthusiastic group of about forty-five alumni organized the Trenton Alumni Association at a dinner meeting on the evening of May 1, as a result of some spade work done by President Kichline, and Stanley Omwake, Asst. to the Vice-President of the College. This association includes graduates in central New Jersey, between Burlington and Toms River on the south, and Frenchtown, Somerville, Bound Brook and New Brunswick on the north, in addition to those in southeastern Bucks County, in Pennsylvania. Pres. and Mrs. N. E. McClure, and Dr. and Mrs. J. H. Brownback, represented the College, and the film of College motion pictures entertained the group. Lawrence V. Shear '34, was elected president of the new group.

The new officers of all of the local groups will appear in the next issue of this publication.

New York

Thirty-three members of the New York Alumni Association dined at the Hotel Pierrepont, Brooklyn, on June 3. President McClure, Prof. and Mrs. Sheeder, and the General Alumni Secretary, represented the College, and brought informative messages of interest to the Association. The group duplicated the precedent established at last year's meeting, by donating ten dollars from the treasury to the College Loyalty fund.
Lancaster

The Lancaster Association met May 8th for its annual dinner. David Stephenson '34 introduced Dr. McClure who spoke on the present conditions and their effects at Ursinus; D. L. Helfferich who gave a brief account of the financial problems and what is being done; and Stanley Omwake who spoke of the Alumni Journal and the help the Alumni could render by keeping the college informed of the alumni activities.

Rev. Herman Shelley '97 was elected president and David Stephenson '34 sec.-treas. for the coming year. The meeting was closed with the hope that world conditions would not prevent next year's meeting.

Highland Hall to Be Used as Women's Dormitory

Highland Hall, once the outpost of the athletes and hikers' paradise, will have new tenants when the regular term of college begins in September. In the future it will be used as a women's residence hall.

Efforts are being made to make the hall attractive to upper class women and to this end the tuition and board bill will be $50.00 less than the regular fee for women.

The dormitory is undergoing necessary painting, papering and repair and will accommodate seventeen girls.

REPORT ON YOUR FUNDS

Gifts received through the Loyalty Fund during the year ending June 30 last aggregated $10,160.58. A total of 345 alumni, directors, officers, faculty and friends took part in the movement. While total gifts increased approximately $4400 over last year, this was accounted for by a number of unusually large gifts, the number of givers having decreased by 30.

In spite of this decrease, the alumni of the College held their own and gained a little ground. 263 graduates of the College contributed to the second annual giving effort, one more than last year, while total gifts from this source came to $3,177.58, an increase of $67.82. Individual gifts ranged in amount from fifty cents to $1000.00, the average being $12.08. 82 non-graduates—directors, faculty and friends—contributed $6,983.00.

All but eight of the classes from 1876 to 1941 which have members living were represented in this year’s Loyalty Fund, including every class from 1912 on. The total of alumni contributing is, however, but 12.1% of the total living alumni, which shows that the Loyalty Fund has considerable potentialities. The five leading classes in number of givers are: 1940, 1931, 1930, 1939, 1941, which is to be expected, as these are the five largest classes to have been graduated. The ten leading classes in point of amounts given are: 1912, 1933, 1910, 1931, 1921, 1902, 1905, 1914, 1904, and 1924 and 1940 (tied).
