In Memoriam

JAMES M. SMITH, JR. '38
2nd Lt., U. S. A. A. F.
Killed in action May 14, 1943, over the European area while serving as navigator on a bomber which was executing a mission over Europe. Survived by his parents, Mr. and Mrs. J. Marvin Smith, 411 E. Gadsden St., Pensacola, Fla., a brother Richard, also in the A. A. F., and a sister, Alice L. Smith Heath '33, Lamesa, Texas.

DENTON A. HERBER '42
Ensign, U. S. N. R.

Missing in action in the Solomons area. According to a communication received by his parents, the ship for landing tanks, to which Ensign Herber was attached, was attacked by Japanese aircraft on the afternoon of July 18. Enemy torpedo bombers scored hits, and the ship rapidly disappeared, leaving only a few survivors. No further details are available at this time from the Navy Department. The parents, the Rev. and Mrs. Henry J. Herber, reside at 752 Mifflin St., Lebanon, Pa. Dr. Herber was graduated in the class of 1911.

The Journal extends deep and sincere sympathy to their families and friends.

Your President's Letter

In his letter as President of the Alumni Association, Russell C. ("Jing") Johnson has given voice to an appeal which ought not to fall on deaf ears. The welfare and future development of the College should be our primary consideration, and, as alumni, we ought always to keep this in mind to guard against the danger of permitting small criticisms and dissatisfaction to assume an importance out of all proportion to their actual place in the scheme of things.

On the other hand, because in most cases their concern grows out of a genuine interest in what is good for the College, it seems that the views of alumni on broad educational policy, financial structure, the sports program and the like, should be invited and welcomed by the administration, either directly or as expressed through their representatives on the Board of Directors.

No one group—directors, administration, faculty or alumni—should feel that alone it is capable of deciding the best course of action for the College, but by working together, and encouraging a free exchange of ideas, all groups can help to build a better Ursinus for the future.

Remember the Loyalty Fund

Your attention is directed especially to the report of the Loyalty Fund for the fiscal year ended July 1, 1943. It will be gratifying to you as contributors to this Fund, as it was to the administrative officers, to see the amounts and the numbers of participants so materially increased.

President McClure, in his letter, has pointed out that the assignment of Navy students has been of considerable help to the College because it has relieved the strain on the income from endowments. This, however, should not be construed to mean that our help is less needed than in previous years, for many items in operating costs of colleges and universities have sky-rocketed along with the general rise in the cost of living.

The ultimate aim of those who are responsible for the Loyalty Fund is to have each alumnus make a gift, however small, each year, rather than to postpone that contribution until such time as it may be of a more imposing amount. A gift now, in accordance with your ability to give, will best aid the College when help is most needed.

It is hardly necessary to remind you that contributions to this Fund may be deducted from your income tax if made before December 31, 1943. Let us all make a special effort to send our gifts before the year's end.
One year ago, when I wrote my page for The Alumni Journal, no one could know precisely what contribution during the years of war Ursinus College would be permitted to make to the community and to the nation. The plans of the Army and the Navy for college training had not yet taken shape. With decreasing income from endowment funds, with increasing costs, with fewer men students, many colleges—large and small—faced serious problems. It was impossible to make satisfactory plans until the Government announced its plans affecting the colleges and universities.

We now know what the work of Ursinus College will be during the years of war. It is an important work, a work that the College is especially qualified to do, and the members of the College are undertaking it with thankfulness and with the inflexible determination to do it well.

The Navy College Training Program has the enthusiastic approval of the colleges and universities chosen to participate in the program. Most of the students in the Navy V-12 Unit at Ursinus College have completed from one to seven semesters of college work at Ursinus or elsewhere. These will continue their college work for from one to four sixteen-week terms. Those entering college for the first time will remain for a maximum of five terms. One-half of the two hundred Navy students assigned to Ursinus are pre-medical students. All the instruction is given by the Faculty of Ursinus College. The presence of the Navy V-12 Unit in no way interferes with the normal work of the College. In classroom and laboratory civilians and Navy students work side by side. The Navy Unit is an integral part of the College.

After four months of work with the Navy V-12 Unit one can say with confidence that the Navy students are very satisfactory members of the College. Some of those who were transferred from other colleges have had difficulty with academic work; some are inadequately prepared; but in general they are superior to the average student in the average college, and their seriousness and determination are especially notable. They carry a heavy schedule of academic work and physical training. They follow a strict confine beginning at 6:15 a. m. In dress and manner they present a marked contrast to the civilian students in many colleges. As students and as citizens of the College community they are most acceptable.

Of the 1746 institutions of higher learning in the United States some 500 have Army or Navy contracts. The present Government contracts compensate the colleges and universities for all ad hoc expense. Since Ursinus College receives from the Government approximately the full cost of maintaining the Navy V-12 Unit, it is unnecessary to use income from endowment funds for this purpose. I need hardly point out that Ursinus finds this arrangement very helpful.

It is probable that the Navy College Training Program will be continued until the end of the war and even for a year or two thereafter. The program gives new strength and direction to the better small colleges during a critical time in their history. The small colleges have done much to build this country; they can do even more in the years to come. I am confident that the greatest years of Ursinus College lie ahead. The alumni of Ursinus will do much to make this possible, for I know that the future of the College is a matter of deep concern to every one of our graduates.

September, 1945, will mark the seventy-fifth anniversary of the opening of Ursinus College. The Board of Directors is already making preliminary plans to celebrate the anniversary. The alumni, of course, will play an important part in making and carrying out plans for a celebration to mark this important mile-stone in the life of our College. Your advice and help will be sought very soon. Let us all—Directors, Faculty, alumni, students and friends—work together to make this anniversary a great day in the history of Ursinus.

N. E. McClure.
THE NAVY PROGRAM

The Ursinus College V-12 Navy unit has successfully completed one term of operations under the leadership of Commanding Officer Lt. George D. Miner, USNR.

Mr. Miner attended Carlton College in Minnesota where he received his Bachelor of Arts degree. He also holds a Master of Arts and a Doctorate in Education from the University of California. Mr. Miner was formerly business manager of the Richmond, California, public school system where he handled purchasing, maintenance, transportation and other administration problems. He also served as director of adult education for the Richmond, California, district. In this capacity he had charge of the faculty of forty which provided instruction in commercial subjects, industrial arts, child psychology and Americanization.

In addition to the Commanding Officer, the staff consists of an executive officer, a medical officer, two chief specialists in charge of physical education, a storekeeper, a yeoman, and a pharmacist's mate. The executive officer who helped to initiate the program at Ursinus was Lt. (j.g.) George W. Still, who was transferred to Bainbridge, Md., on October 5. He has been replaced by Edward F. Heffernan, Ensign, USNR, of Bakersfield, Calif. Mr. Heffernan was graduated from St. Mary's College, California, in 1941, and attended the University of California. He entered the Navy in March, 1942, and has been service at Norfolk, Va., Great Lakes, Ill., Bainbridge, Md., and the University of Pennsylvania.

Lt. Commander Robert J. Hunter, M.D., USNR, has been medical officer of the unit since September 27 at which time he succeeded Lt. B. W. Coan, M.D., USN, who was ordered to Pensacola, Fla. Dr. Hunter is a native of Philadelphia where he has been practicing medicine for many years. In the first World War Dr. Hunter was a Major in the Medical Corps, U. S. Army, and served as Flight Surgeon. He is Chief Laryngologist, Philadelphia General Hospital, and Associate Professor of Laryngology, University of Pennsylvania Graduate School of Medicine. Dr. Hunter was commissioned in the U. S. Naval Reserve in 1935 and served as Commanding Officer of the Philadelphia General Base Hospital Unit, USNR, until 1939 when he was retired on age. He was returned to active service in March, 1942.

Athletic activities are in charge of Bernard J. Cunningham and Timothy J. Murphy. Mr. Cunningham's home is in Wilkes-Barre, Pa. Before enlisting in the Naval Reserve he was engaged as an instructor of physical education at Mansfield State Teachers' College. Mr. Murphy hails from Brooklyn, N. Y. and prior to his enlistment in the Navy was athletic coach and instructor in Brooklyn Technical High School.

Storekeeper Charles T. Brown, Jr., and Pharmacist's Mate Richard M. Ridings are natives of Philadelphia. Mr. Brown attended the University of Pennsylvania and Mr. Ridings was a student at Temple University. On November 1, Mr. Ridings was transferred to student status in the V-12 program and assigned to the unit at Pennsylvania State College.

Yeoman Henry W. Sutphin hails from Upperville, Va. He has been in the regular Navy since 1940, and has seen service at Norfolk, Va., and Cape May, N. J., as well as on the U.S.S. Tuscaloosa and the U.S.S. Catlin.

Edward A. Kay, Freeport, N. Y., was assigned to the unit as pharmacist's mate on October 18. Mr. Kay enlisted in the Navy in August, 1942, and has seen service in numerous naval hospitals.

Personnel of the Unit

Of the 200 students who were assigned to the Ursinus unit on July 1, approximately 140 were carried over into the Winter Term. 22 completed the training guaranteed to them by the Navy at the end of the Summer Term, and there were about 40 students who failed to meet the academic requirements of the College. Eight of the 22 men who completed their college work will, after receiving some additional specialized training at another station, be assigned to active duty as deck or supply officers. Fourteen of the group will enter medical school and will go on to dental schools in accordance with their original plans. Former Ursinus students who completed their college training for the time being are the following: For assignment as deck or supply officers, Elliott G. Parks, Jr., Pleasantville, N. J.; John O. Rorer, Jr., and Thomas R. Rorer, 3d, North Wales, Pa. For assignment to Jefferson Medical College, Salvador Avella, Manville, N. J.; Leo Corazzo, Freehold, Pa.; William V. Garner, Philadelphia, John E. Goeckler, Willow Grove, Pa. For assignment to Temple University School of Medicine, Walter H. Beadling, Prospect Park, Pa. Since the medical schools will not begin a new class until January 1, 1944, students intended for such assignment will in the meantime be sent to hospitals for specialized training.

OCTOBER GRADUATES

Twelve civilian students completed the requirements for graduation at the end of the Summer Term. No graduation ceremonies were held at that time, but each student received a statement certifying that he is eligible for a baccalaureate degree and that he will be granted a degree and receive a diploma at the next Convocation which, it is now expected, will be held at the conclusion of the Winter Term in February, 1944. Following are the students affected:

Bachelor of Arts
L. Elisabeth Freeman, Upper Darby
Dorothy O. Graninger, Oaklyn, N. J.
Alice L. Zimmerman, Philadelphia
Galen R. Currens, Shippensburg
H. Dean Steward, Hillside, N. J.
Robert W. Tredinnick, Willow Grove
James F. Zeigler, Narberth

Bachelor of Science
Betty E. Boger, Alburtis
Marlen E. Grow, Shamokin
Kathryn M. Harbach, Lebanon
Kenneth M. Hayes, R.D., Norristown
Thomas Schonfeld, New York City
Miss Harbach is studying medicine at Woman's Medical College, Philadelphia, having begun her work there on September 1. Steward and Tredinnick are enlisted in the Naval Air Force and are now in training. Schonfeld is a graduate assistant in Chemistry at Columbia University, New York City.

One of the members of the Navy Unit, William D. Lee, Grand Rapids, Michigan, who had completed seven semesters at Albion College, Albion, Michigan, before his transfer to Ursinus, satisfied all requirements for graduation and has been awarded the degree of Bachelor of Arts by Albion College.

The Founders' Day exercises which were originally planned for the fall have been postponed until further notice. It is the opinion of the Board of Directors that all meetings which can be conveniently dispensed with should be postponed for the present because of transportation and other conditions incident to the war-time emergency.

74th Academic Year Begun

The 74th academic year was officially opened with the chapel service on Thursday morning, October 28. President McClure made a brief address to the student body, which this year totals 540 as compared with 553 last year. The student body this year is comprised of 200 Navy men, 75 civilian men, and 260 women.

Ninety-five new students reported to the College on Monday, October 25, to participate in the Freshman Pre-Matriculation program. The usual battery of classification and achievement tests was administered to this group, which consisted of 85 women and 10 men. Of new students, 6 were admitted with advanced standing from other colleges.

The following new students who entered in July or October are from families of alumni, the relationship being noted in each case:

Wesley W. Bare, Philadelphia, son of Major Paul W Bare '24.
Elaine Bickhart, Philadelphia, sister of Betty Bickhart Bonos '40.
Esther Y. Borneman, Norristown, niece of Mary Borneman Berky '18.
Jane R. Estabrook, Norristown, sister of M. Alice Estabrook '43.
Margaret O. Ewen, Glassboro, sister of Jean Ewen '43.
Richard D. Fink, Reading, son of Dr. William L. Fink '15, and Mrs. Esther Peters Fink '14.
Grant E. Harrity, Altoona, son of the Rev. Ralph J. Harrity '15.
Florence C. Keeler, Norristown, sister of Kathryn I. Keeler '40.
Benetta B. Martinell, Trenton, N.J., cousin of Benetta Snively '38.
Helen Replogle, Altoona, sister of Bette Replogle Crone '42.
Margaret M. Smith, Phoenixville, daughter of Myrtle Keim Smith '22.
Lois Stugart, West Orange, N. J., daughter of Ralph Stugart '16.

Elaine Tippin, Hershey, daughter of Daniel Tippin '20.

Sixty new Navy enlistees in the V-12 program were added to the Ursinus unit on November 1. These represent replacements of Navy students who completed their training at the end of the Summer Term, or who were discontinued from the program because of academic failure or for other reasons. Two of the new Navy group are former Ursinus civilian students: Henry K. Haines, Maytown, Pa., and Jules Pearlstone, Collegeville.

Since Sprankle Hall, previously used as a women's infirmary and women's residence hall, is now serving as a sick bay for Navy students, it became necessary to provide additional residence facilities for women. Arrangements were made during the summer to house ten young women at 476 Main Street, the former Wanner property. In addition, Mr. and Mrs. E. S. Fretz have deeded their property at the corner of Sixth Avenue and Main Street for use as a women's infirmary and women's residence. The infirmary and nurse's quarters occupy a portion of the first floor and 17 young women have been assigned to the upper two floors. This valuable addition to the physical equipment of the College will be known as Hobson House in memory of the parents of Mrs. Fretz, Mr. and Mrs. Freeeland G. Hobson. The late Mr. Hobson was graduated in the class of 1876 and was a former treasurer of the College.

Coach Stevens to Enter Army

Peter P. Stevens, a member of the coaching staff at Ursinus since 1935, was inducted into the U. S. Army on Oct. 16; reported to New Cumberland, Pa., for classification on November 6.

"Pete," who graduated from Temple University in 1934, has been head coach of football at Ursinus since 1941.
Messages to the Alumni

Among the many onerous duties of an alumni president is the writing of a message for the Journal, and, first of all, may I extend greetings and salutations to all of the members of the Ursinus family, whether you be at one of the battle stations in a far-away land, on the sea, or serving on the home front. I wish to reiterate the statement made at the annual meeting last May to the effect that while I am very appreciative of the honor conferred upon me by election to this office, I have a strong personal feeling against a member of the administrative staff holding such a position. However, abnormal conditions very often alter opinions so you may rest assured that every effort will be made to produce a progressive regime.

Your Association is in splendid shape. Last year the membership attained a new high, which in turn was reflected in the financial position, all of which is a fitting tribute to the devoted and untiring efforts of our Secretary, Charles H. Miller. This is as it should be, for as the body of the alumni grows, its work can become effective only through the cooperative effort of each and every one of us. It always seemed rather odd to me to see a handful of loyal alumni every year return to the annual meeting and legislate for such a large group who lack the interest and incentive to join with the faithful few in the support of our organization. This should not be construed as casting aspersions on the faithful few, for we are very thankful for their interest in this organization which has been affiliated with our College for many years.

Your Executive Board will have met by the time you read this message. The results of that meeting will be forwarded to you in your Christmas letter. We are confident that we shall have your wholehearted support, for we believe that you will find not only pleasure in the contacts with your fellow alumnae, but a real satisfaction in the service which you can render to your Alma Mater.

Rebecca W. Price,
President, Ursinus Woman’s Club.

Loyalty Fund Report

The 1942-43 Loyalty Fund showed commendable growth in all respects, but especially in contributions from Ursinus graduates, both as to number and amounts given. Three hundred and twenty alumni, 57 more than last year, gave $4,669.22, an increase of $1,491.64 over 1941-42, or an average gift of $14.59 per person as against $12.08. Percentagewise, alumni giving increased 22% by number and 47% by amount. The total received from all sources was $12,342.37 from 378 contributors as against $10,160.58 and 345 last year.

The Athletic Program

For Men
With the College operating under a wartime schedule, future plans for athletics are confronted with many problems. After a last-minute decision, a football schedule of five games has been played with a team which was composed of only two civilians, the remainder being members of the Navy V-12 unit. Since participation in intercollegiate athletics is a secondary consideration for a potential officer in the Navy, practice is limited to less than four hours per week, and this fact must be recognized despite the widely publicized accounts in the paper to the effect that the Navy Department sanctioned the participation of its trainees in college athletics. A trainee may represent his own or adopted college only if such activities do not interfere with his scholastic work.

It is well known that the Navy requires a rigid physical training routine and, with the approach of winter, it will mean that our small gymnasium will be taxed far beyond its capacity to fulfill the great demands made upon it. If plans can be worked out whereby the program of the Navy, civilian Physical Education, civilian intramurals and women's athletics can be dovetailed into a workable schedule, it will be altogether possible that limited programs in intercollegiate athletics can carry the scarlet varsity tunics for their fourth year. The others, Anna McDaniel and Betty Kirklin, are appearing for the second time as regulars. Betty Bradway, junior, and Tinker Harnar, sophomore, complete the list of veterans. Two members of the 1942 backfield, probably the best defense last year in college circles, will be missing from the 1943 combination, and one player from the line. However, the forwards, with more experience behind them, should effect a more potent attack and deal their opponents plenty of trouble in the striking circle. Those who follow women's sports can expect another well-balanced cohesive fighting Ursinus team to give a good account of itself.

To date no basketball schedule has been worked out. But, regardless of the demands made by the Navy upon the limited floor facilities, the girls plan to find a way to continue their regular basketball program. They have made an excellent record in the past and there seems no tenable reason that they now should be denied, at a time when so much importance is being placed upon the things for which they stand.

For Women
Despite wartime exigencies and the late opening date of the fall term, the Ursinus women's hockey squad is expecting to play its usual complement of games. Matches with Swarthmore, Bryn Mawr, Pennsylvania, Drexel, and other neighboring colleges are being scheduled for November. These coeds who have been taking summer courses and the physical education majors who returned early for student teaching and the fall activity program have been practicing for some little time. Eight of the 1942 championship aggregation have already reported, plus a number of last year's junior varsity players and strong freshman candidates who are contending for starting berths. Because of the high calibre of interest and material, at this juncture it seems probable that three teams will be selected to carry the Ursinus colors into competition instead of the customary two.

Jeanne Mathieu, high scoring center forward, carries the varsity stickers. With her in the line-up will be five other physical education senior majors, three of whom, Marion Bright, Judy Ludwick and Mid Halbruegge, with Jeanne, will be wearing the scarlet varsity tunics for their fourth year. The others, Anna McDaniel and Betty Kirklin, are appearing for the second time as regulars. Betty Bradway, junior, and Tinker Harnar, sophomore, complete the list of veterans. Two members of the 1942 backfield, probably the best defense last year in college circles, will be missing from the 1943 combination, and one player from the line. However, the forwards, with more experience behind them, should effect a more potent attack and deal their opponents plenty of trouble in the striking circle. Those who follow women's sports can expect another well-balanced cohesive fighting Ursinus team to give a good account of itself.

Letters from the Fronts

Pvt. William Parsons ex '44—“I am located at the University of Pittsburgh studying Russian. When I get to Moscow I will ask for a pass to Sevastopol to see for myself whether they are issuing propaganda or actually have a Black Sea fleet.”

Capt. Harry L. Atkinson '40—“Here at Duke we are in the midst of training high ranking officers for jobs as fiscal officers in occupied territory. I have been to all the offices in New England and up to Halifax, N. S., talked to prisoners and have been to sea on a destroyer. Duke is magnificent but give me Ursinus any day. I feel that this war has matured us individually and as a group a lot sooner than anything else could. Of course, all of us would prefer the immaturity to the war but in the end it may have some benefits.”

Ensign Richard W. Arnold '42—“My last trip was especially rough. The first three days in a foreign port we beat off twenty-three attacks by Nazi dive bombers and Messerschmitts. Luckily we were not hit although bombs dropped close enough to send showers of water upon the ship I was on. Our gunners brought down two of the attacking planes. I have found out that athletic contests and sport teams in college are a great value in this game of keeps where courage and cooperation are vital. I hope Ursinus maintains and increases her athletic program.”

John H. Burkhalter (Somewhere in Sicily)—“Swimming in the Mediterranean is great sport. However, I would much rather be on the Jersey coast.”

A. S. George D. Kratz (With the Seabees)—“We're still busy here. Since I've finished boot training, I've been going to Storekeeper's School here. That lasted for the past month, and now I'm working at the work I learned, and waiting to be assigned to a battalion. If I don't get a commission, I will be well set in the store-keeping racket, with chance to advance in time. And if I do, I'll be glad for the experience I'm gaining now, because the very work I do now is that type which a Supply Officer superintends.”

Last week I had a letter from Charlie Cassel, in the Navy V-7 at Columbia.”

Ensign Kenneth C. Snyder '40—“George (Lefty) Whitman is in the Royal Canadian Air Force. His last letter said he was a ‘fighter pilot’ and stationed at an air base near London. Although I have not heard from him recently, I believe he is still there ready getting a taste of action. (Ed. Note—See news item under '40). . . Karl and Dotty Agan have joined us here in the Pacific Northwest. Karl is an Ensign in the Supply Corps. Naturally we're tickled pink to think that they are so close to us, and we've enjoyed many a nice time together.”

Lt. Charles K. Halm '38—“You don't know how much it means to get a personal letter now and then from school and the folks at home. Letters are still the biggest morale builders a man in the armed forces has. . . . We are playing quite a bit of baseball now. Of course there are a few times when we have to temporarily postpone games because of extenuating circumstances. Tojo doesn't like us to play in our spare time. . . . About an hour ago we returned from a little trip into the jungles for some straight logs. We are going to make a soccer field. It takes a lot of chopping of trees and foliage to clear a space to play, but it all helps to take the fellows' minds away from the war, and other things, even just for a little while. An anti-aircraft regiment would go ‘nuts’ if it didn't find something to do. Why shouldn't we play if we get the chance? . . . I am doing everything from teaching classes to some of the illiterate hill-billies to coaching and conducting services in the outposts. . . . Please write again soon, and I'll be waiting for the college periodicals.”

Lt. (j.g.) Alvin R. Featherer '29 (Somewhere in Australia)—“I have enjoyed combing the alumni news to see if any of the addresses would indicate the presence of another Ursinusite anywhere near my station. I have not found any listed. I am about as far from home as anyone could be. I have already seen the entire country from the air. So far my only difficulty has been with the Australian money but I have that in hand now and feel that I can safely venture ashore without being too obviously foreign.”

Lt. (j.g.) Donald H. Kocher '36—“I have arrived safely overseas. Within a week after arriving here I ran into Robert Deen, George Matthews and Charles Wallick of Ursinus. It was really a pleasure to see old friends, even though it had to be miles away from the U.S.A. to meet them.”

Major Paul Wesley Bare '24 (Chaplain)—“I've had the opportunity to visit the ruins of ancient Carthage, the largest Christian catacombs in North Africa, the splendid ruins of the Roman amphitheatre at El Djem, the Temple of Minerva at Tossa, the ruins of several Roman cities and quite a number of mosques. Kairouan is the holiest city for the Moslems in North Africa. I've had three visits there. Four visits to Kairouan are equivalent to a visit to Mecca. A visit to Mecca guarantees entrance into Paradise. If I can make only one more visit, I'm in!”

Ensign Charles W. Steinmetz '40—“Our afternoons are taken up with drills—infantry, navigation, communication, and physical. We usually end the physical drill with a dip in the ocean, which is quite a relief from drilling under this Florida sun! My bald head has peeled three times!! We'll soon finish here. Don't know where I'll go from here, but expect armed guard duty—gunnery officer on a merchantman. That will mean two more months' schooling before going to sea. I'm ready for anything.”
