WASHINGTON LETTER.

Washington, D. C., Nov. 29. - We understand that the Senate at present is addressed in official dispatch from the Department of the Interior, which will be forwarded to the Department of State. The document contains a proposal by the Secretary of the Interior, as President Dole, of which he is a member, to the Department of the Interior, in which it is stated that the President of the United States, in his message to Congress, has recommended the adoption of a constitutional amendment to provide for the enforcement of the laws of Congress in the Territories of the United States, and that the President has recommended that the amendment be introduced in Congress by the following article of the Constitution of the United States:

Art. 2. The President of the United States, in his message to Congress at the commencement of each Legislative Session, shall recommend to the Congress of the United States, such measures as he may deem necessary for the maintenance of internal peace and order in the Territories of the United States, and for the enforcement of the laws of Congress in the Territories of the United States.

Why not be well?

If you are suffering with any of the下列 illnesses, the New York Dispensary’s Favorite Remedy will make you well. It has cured thousands of suffering people of such conditions. It acts directly on the cause of the disease, and, when taken according to directions, it will soon get rid of all symptoms, and restore you to health and strength.

The New York Dispensary, a well-known institution, has been in active operation for many years, and has cured thousands of people of the diseases for which it is especially adapted. It is made up of the best and purest ingredients, and is free from all deleterious substances.

Directions: Take one to three teaspoonfuls of the remedy, in warm water, three or four times a day, according to the severity of the case. It is particularly useful for cases of chronic and stubborn ailments. It can be obtained at all drugstores.

Of course, we can't diagnose or treat medical conditions, but we can provide information on general health and wellness practices.
