"The mission of Ursinus College is to develop independent and responsible individuals who are prepared for a creative and productive role in a changing world through a program of liberal education."
THE COLLEGE IN BRIEF

Ursinus College is an independent, four-year liberal arts college with a tradition of academic excellence reaching back 110 years. It has about 1100 students, 60 per cent of whom are men. Nearly 900 students are residents in College dormitories. The others live at home and commute from surrounding areas.

Under a curricular program beginning in September 1979, all students will encounter a lively process of general education while working in one of 14 major fields. They also will have an opportunity to take minor concentrations in areas outside their major to allow for career options or for greater intellectual breadth or depth.

More than half of the members of the Faculty hold doctoral degrees. Faculty members, who engage in research, are committed first to teaching. Learning takes place in a friendly but challenging environment.

While the campus of some 140 acres lies beyond the metropolitan area, it is less than an hour from central Philadelphia by high-speed expressway.

In the past decade the physical facilities have undergone a dramatic improvement with the addition of a men's dormitory, library, life science building, administration building and physical education facilities.

A high percentage of Ursinus students enter graduate schools. Alumni are leaders in civic and cultural life, and they are found in key positions in industry and the professions. Wherever they are, they bring a special attitude toward life, at once critical and creative, that marks them as Ursinus men and women.

Ursinus College is related to the United Church of Christ and has been church-related since its founding in 1869. The College was established by pastors and laymen of the German Reformed Church, later known as the Reformed Church in the United States, from 1934 to 1957 known as the Evangelical and Reformed Church, and since 1957 known as the United Church of Christ.

HOW URSINUS BEGAN

The beginning of educational work on what is now the campus of Ursinus College dates back to the construction of a primitive schoolhouse built of logs two centuries ago. The ancient building was razed in 1832 when Todd's School was built in the town of Perkiomen Bridge, now Collegeville. In 1848 Freeland Seminary was opened on a tract adjacent to Todd's School. During the following two decades many hundreds of young men were educated here.

In 1867 a group of men, members of the German Reformed Church, actuated
by a desire to serve the interests of higher education and of evangelical Christian religion, laid plans to establish a college where, to quote their words, young men could be “liberally educated under the benign influence of Christianity.” They chose as the name of the College that of the distinguished sixteenth-century scholar and reformer, Zacharias Ursinus of the University of Heidelberg. In 1869 the charter was granted by the Legislature of Pennsylvania. The buildings of Freeland Seminary were bought, and instruction was begun on September 6, 1870. Women were admitted to the College for the first time in 1881.

Coincident with the founding of the College was the establishment of a preparatory department as a successor to Freeland Seminary. The preparatory school was called Ursinus Academy and was operated as such until 1910, when it was discontinued.

COLLEGE PRINCIPLES AND MISSION

Ursinus College is a Christian, coeducational, liberal arts college which seeks to help the student to understand and to emulate excellence in scholarship and in conduct. Although in recent decades the College has extended its work to include the preparation of men and women for a variety of professions, the College continues to emphasize the fact that however varied and specialized the changing needs of the day, the fundamental needs of man remain constant. Each student, whatever his major, is required to study a core of subjects considered essential for a liberally educated person.

The mission of Ursinus College is to develop independent and responsible individuals who are prepared for a creative and productive role in a changing world through a program of liberal education that cultivates the following:

1. Familiarity with the subject matter and methods of the major divisions of learning, combined with intensive knowledge of at least one major discipline.
2. A facility for making independent and responsible value judgments.
3. A spirit of inquiry and intellectual flexibility.
5. A heightened understanding of human nature, enlarged by compassion and moral obligation.
6. Ideals of morality and service consonant with the Christian character.
7. A comprehension of our natural and social environment and our cultural heritage.
8. A sense of sharing in a community enterprise.

Ursinus College, in conformance with its own founding charter and with applicable legislation, does not practice discrimination on the basis of sex, race, religion, color, creed, national origin or handicap in such matters as admission, educational programs or activities, housing, financial aid, employment or employee benefits. Please refer to page 142 for further details.

Students at Ursinus share the freedom of inquiry and the respect for the individual which are at the heart of a good liberal education. They also share the responsibility for maintaining the order and civility needed for learning and
Students majoring in Biology and Psychology take their departmental courses in the Life Science Building.

for personal growth. The College expects that when a student decides to enroll, he will abide by all the rules of the College. Should a student find that he cannot willingly obey the rules, the College expects that he will wish to withdraw. The Dean’s Office will assist any such student in good standing to transfer to a college of his choosing.

The College reserves the right, through its established procedures, to modify the requirements for admission and graduation; to change the arrangement or content of courses, the texts and other materials used, the tuition and other fees; to alter any regulation affecting the student body; to refuse admission or readmission to any student at any time, or to require the withdrawal of any student at any time, should it be deemed in the interest of the College or of the student.

Ursinus College is a member of the National Association of College Admissions Counselors and subscribes to the Statement of Principles of Good Practice.

CULTURAL ENVIRONMENT
Students at Ursinus have the advantages of living in a small town. At the same time they are close enough to New York and Philadelphia to see plays and operas, to hear some of the greatest symphonic music in the world, to visit museums and historical sites, and to observe the urban scene at its liveliest.

Ursinus is located a few miles from Valley Forge, in the heart of a region which is rich in historical tradition. In Colonial days this region was the center of the cultural and political development of America.

ACCREDITATION
Ursinus is a member of the Association of American Colleges and is on the approved list of the Middle States Association of Colleges and Schools, the American Association of University Women, the American Chemical Society, and has been given program approval by the Department of Education of the Commonwealth of Pennsylvania for the certification of teachers.

DEVELOPMENT
In July 1976, Ursinus began a four-year development program, ADVANCE URSINUS 76/80, with a minimum goal of $4,400,000. The purpose of the fund-raising effort is to increase the endowment and fund other improvement projects. It is led by a committee of the Board of Directors. The new program follows two earlier development campaigns, the All-Ursinus Anniversary Drive (1967-1970) and the Century II program (1970-1975).
As a predominantly residential college, Ursinus gives great emphasis to the quality of student life. Our objective is to help each student grow in independence and responsibility. Students are encouraged to take an active role in the life of the campus community. They have many opportunities to contribute to group decisions, to practice leadership, to sort out their own priorities and make personal choices. After an extensive study by a task force that included students, faculty members, administrators and Board members, many steps were taken in the 1978-79 academic year to enhance still further the educational effectiveness of dormitory life, social activities, counselling and advising.

The entire student life program is administered by the Office of the Dean of Students, which includes the Dean of Students, three Associate Deans and about twenty student resident assistants.

**COLLEGE UNION**
The College Union, located in the former library building, is the major social center on the campus. It gives coherence and momentum to student social activities. Through its all-student program board, it schedules cultural, social and recreational events. The College Union serves as a unifying force in the lives of students and encourages an enduring regard for and loyalty to Ursinus.

**RELIGIOUS LIFE**
Voluntary worship services and other religious programs are held on the campus under the supervision of the Campus Minister of the College. Student religious life centers in the Meditation Chapel, a convenient meeting place for worship and social gatherings in the newly restored Bomberger Hall.

Students are encouraged to participate in the life of a congregation of their own choice.

**MEDICAL SERVICE**
Resident students are entitled to ordinary medical care for minor accidents and ailments contracted while enrolled at the College. All care for the sick is under the direction of the College physicians and their decisions concerning the disposition of cases are final. The College reserves the right to enforce quarantine, and to require the removal from the campus of students who require extraordinary care. Transportation to home or hospital is the student's responsibility.
Freshman Vanessa Solen studies in the personalized atmosphere of her dormitory room.

College physicians will consult with students in the College Dispensary during regular office hours and will visit patients regularly who are confined to the infirmary where bed care is provided for up to six days per semester. Bed care in excess of six days in a semester will be charged for at the rate of $15.00 per day.

Students requiring allergy injections must present a signed permission slip from their personal physician and from their parents. A charge of $0.50 will be made for each allergy injection administered by infirmary personnel. Only medication prescribed by licensed physicians will be administered.

Students are responsible for the cost of laboratory tests, x-rays and prescription medications not carried by the College infirmary.

Regular infirmary hours are from 8:00 A.M. to 4:00 P.M. on weekdays. Nurses are available for emergency care 24 hours a day. Except for extreme emergencies the student seeking medical attention is responsible for reporting to the infirmary for treatment. When emergency treatment is required, the College will make every effort to provide it. The cost of treatment by physicians and nurses not on the College staff is to be borne by the student.

ROOMS AND MEALS
In order to fulfill its mission, Ursinus requires that all students who do not live in their own homes reside in college dormitories and take their meals in the College dining hall.

Each resident student supplies his own towels, pillow, two pairs of sheets for a single bed, mattress protector, a pair of pillow cases, a pair of blankets, and a
bedspread. Linen rental service is available.

Students, except those whose presence is needed for service or attendance at commencement, are required to vacate their rooms immediately following the second-term examinations.

ATHLETICS

Ursinus recognizes the physical, social, and moral benefit derived from athletic activity and accordingly offers a well-balanced sports program open to all. Men's intercollegiate competition takes place in football (varsity and junior varsity), basketball (varsity and junior varsity), soccer (varsity and junior varsity), wrestling (varsity), swimming, cross country, golf, baseball (varsity and junior varsity), track and tennis. In addition to this intercollegiate program, intramural games are played. Intramural athletics for men include touch football, basketball, volleyball, wrestling, softball, water polo, track, lacrosse and tennis. Club programs are sponsored in indoor track, sailing, skiing, outing activities, karate and judo.

For women students, the College supports intercollegiate competition in hockey (varsity, junior varsity, third, and fourth teams), basketball (varsity, junior varsity, third, and fourth teams), softball (varsity and junior varsity), tennis (varsity and junior varsity), swimming (varsity and junior varsity), lacrosse (varsity and junior varsity), badminton (varsity and junior varsity), gymnastics and volleyball. The intramural program provided additional recreational opportunities in tennis and water polo with inter-dorm competition in volleyball and table tennis. Club programs are sponsored in dancing, sailing, skiing, and outing activities.

ORGANIZATIONS

Students find many opportunities for education and enjoyment through a large number of organizations. All are approved by the Faculty and are supervised by the Committee on Student Activities and the Dean of Students' Office. In addition, members of the Faculty serve these groups as advisers. Student life on campus is governed by the Ursinus Student Government Association under the direction of an Associate Dean of Students. Members of the student governing organization are elected by the student body.

Numerous religious and social activities are planned and sponsored by religious groups under the direction of student leaders as well as by the administration of the Campus Minister.

Other organizations stimulate the interest of students in particular areas of study or in future occupations. Among them are the Brownback-Anders Pre-Medical Society, the Beardwood Chemical Society, the Biology Club, the Spanish Club, the Haines-Barnard Pre-Legal Society, G. Leslie Omwake Education Club, Socratic Club, Psychology Club and the Economics Club. Interest in athletics and campus spirit is fostered by the Women's Athletic Association, the Varsity Club, and the Spirit Committee. Psi Chi, the national honor society in psychology, and an affiliate of the American Psychological
Association and the Association of College Honor Societies, honors psychology majors whose record is outstanding. Outstanding junior men may be elected to Cub and Key and junior women to the Whitians. Campus Gold is made up of a group of students who work on service projects on the campus and in the community.

A large and varied program of dramatics is sponsored and carried out by Protheatre, which presents two major productions a year in addition to various group productions. There is an Ursinus chapter of Alpha Psi Omega, a national honorary dramatics fraternity.

Music plays a large part in the life at Ursinus. Choral music is represented by the Meistersingers, which offers concerts on and off campus, including a one-week tour each year; the Ursinus College Choir, which offers a wide variety of literature from popular to major works, and whose annual presentation of Handel’s Messiah is an outstanding musical event each year; and I Madrigalisti, a select, special-interest group. Instrumental music is offered by the College Band, both marching and concert, and by the Chamber Orchestra. Most groups include non-student members of the Ursinus community. Finally, there is a chapter of Pi Nu Epsilon, the national honorary music fraternity.

There are 13 local social organizations on the Ursinus campus. The fraternities are Sigma Rho Lambda, Zeta Chi, Alpha Phi Epsilon, Delta Mu Sigma, Pi Omega Delta, Beta Sigma Lambda, Delta Pi Sigma, and Alpha Phi Omega, the national service fraternity. The sororities are Omega Chi, Alpha Sigma Nu, Kappa Delta Kappa, Phi Alpha Psi, and Tau Sigma Gamma.

Professor of History Derk Visser advises the Photography Club, some of whose members gather with him outside Myrin Library.
STUDENT COMMUNICATIONS

The Grizzly is the Ursinus newspaper. It is managed by an advisory board consisting of student and faculty representatives and is edited and written entirely by the students. The Editor-in-Chief, the associate editors, and the Business Manager are elected by the board on the basis of merit and the staff is selected by the editors on the same basis. The paper is of interest to students and alumni as a record of life at Ursinus.

The Lantern serves as an outlet for those interested in creative writing and art. It is written and edited by an all-student staff under the direction of a member of the Faculty Committee on Student Publications. It is published twice a year.

The Ruby, the Ursinus yearbook, is published by the Senior Class each year. It is a volume presenting an intimate pictorial account of the year's activities, not only of the Class, but of the entire College.

The Ursinus College Bulletin, official publication of the College, appears four times a year and includes the annual report of officers.

The Catalog appears once each year.

WRUC, the campus radio station, presents a varied agenda of music, from classical to rock, and campus and world news.

The 140-acre campus provides a refuge for study or a scene for a walk.
THE CAMPUS SETTING

A major building program, undertaken to celebrate the Centennial of the College, in recent years has transformed the Ursinus campus into a modern and highly attractive setting for liberal education.

Wismer Hall, completed in 1965, is one of the chief points of activity on campus. It contains the student dining hall, a lounge, lecture hall and little theatre, language laboratory, and a number of classrooms and seminar rooms. The building led in 1966 to a citation for excellence from the Pennsylvania Society of the American Institute of Architects. It is named for the late Ralph F. Wismer, '05, former Treasurer of the College and member of the Board of Directors.

Bomberger Memorial Hall, built in 1891, provides classrooms for many courses in the humanities, languages and social sciences. It also houses the College chapel, study and recreation areas. This Romanesque hall, made of Pennsylvania blue marble, is named for the first President of Ursinus, Dr. J. H. A. Bomberger. The building was made possible by the benefactions of Robert Patterson. The building was completely renovated in 1972.

Pfahler Hall of Science, built in 1932, is named in honor of Dr. George E. Pfahler, famed radiologist. It houses classrooms and laboratories for work in chemistry, physics, mathematics and geology. The building is equipped with the Elihu Thomson Memorial Telescope for astronomical observation in the Walter W. Marsteller Memorial Observatory. The development plan of the College brought extensive renovation of the building in 1971, and the expansion of Chemistry, Mathematics and Physics Departments into areas formerly occupied by Psychology and Biology, now located in the Life Science Building.

The Life Science Building opened for use in September 1970. Along with the Myrin Library and the physical education building, completed in 1972, it was financed by a special All-Ursinus Anniversary Drive that coincided with the College's 100th year. As the new home of the Psychology Department and of the Biology Department, it complements Pfahler Hall of Science. Both departments have been enabled to improve laboratory work in regular courses and to offer better opportunities for independent student research. It is the new home of the following endowed laboratories: Levi Jay Hammond Laboratory of Comparative Anatomy, the W. Wayne Babcock Laboratory of General Biology, the Anna Heinly Schellhamer Laboratory.

The Myrin Library, located at the center of the campus, is designed to support the liberal arts program of the College, as well as research and independent study. The open-stack structure houses more than 134,000 volumes, 101,000 microforms, 1,130 audio cassettes, 7,000 slides, and 700 current periodical subscriptions. It is also a selective depository for U. S. Government Documents and Pennsylvania Documents.

Study facilities for 500 persons are provided in carrels, seminar rooms, and lounges. During the academic year the Library is open 100 hours per week.
Audio-visual services, the Curriculum Materials Center, the Pennsylvania Folklife Society archives, and the Ursinusiana collection also are housed in the Library.

An experienced staff of librarians provides reference service 55 hours per week to assist students in the use and interpretation of Library collections. An on-going program of library instruction, in cooperation with the academic departments, is designed to familiarize students with research materials and appropriate search strategies.

Direct access to more than 3.2 million volumes is available through the Tri-State College Library Cooperative. A terminal connected to the OCLC bibliographic network extends access to over 1,500 research collections across the U.S. The Interlibrary Delivery Service of Pennsylvania supports interlibrary loan functions.

An important feature of the Myrin Library is the Dartmouth Time-Sharing computer center, opened in 1974. The center makes available to students the enormous capability of the Dartmouth College computer system. It consists of a number of terminals that permit real-time interaction with the computer.

Corson Hall, the Administration Building, named in honor of Philip L. Corson, a member of the Board of Directors, and his wife, Helen Payson Corson, was dedicated in the spring of 1970. Located near the main entrance to the campus, it houses the Admissions Office, where candidates for entrance to the College make application. The main administrative offices are found here, in addition to a classroom and offices for some sixteen faculty members.

The D. L. Helfferich Hall of Health and Physical Education and The William Elliott Pool were dedicated October 21, 1972, Founders’ Day, in honor respectively of the ninth president of Ursinus College, who now serves as Chancellor, and Dr. William Elliott, Board member, neighbor and benefactor of the College.

The new physical education complex serves both men and women with three full-size basketball courts, one of them a multi-purpose section; locker rooms and team rooms; wrestling room; weight room; dance studio; classrooms; a regulation collegiate-sized swimming pool; and squash and handball courts.

Thompson-Gay Gymnasium, built in 1927, doubles as a free-play and intramural sports setting and a theatre. The building is a memorial to Robert W. Thompson, ’12, and George H. Gay, ’13, noted Ursinus athletes, both of whom died in their senior year at the College.

During construction of Helfferich Hall and The Elliott Pool, many outdoor playing fields and facilities were relocated and refurbished. Chief among these was Price Field, named for Dr. John Price, ’05, one of the great athletes in Ursinus history; Price Field complex includes the soccer field, baseball diamond, softball diamonds and football practice ground.

A second hockey field was installed to supplement the Effie Brant Evans Hockey Field at the east end of campus near Stauffer Hall. An outdoor shuffle board court converts in winter to an outdoor ice skating rink. Eight tennis courts are located behind Helfferich Hall.
Many freshmen satisfy the lab science requirement by taking the General Biology course for non-science majors.

Varsity football games and track and field meets take place at Patterson Field, named for the College's first benefactor, Robert Patterson. An eight-lane all-weather track is installed around the field.

In the spring of 1973, the College Union opened a new chapter in the social life of the campus. Designed as "the living room of the campus," the College Union is in the old Alumni Memorial Library building, built in 1922. It includes large social lounges, a recreational area in the basement, meeting rooms, a snack shop and offices for student groups.

Other structures include Super House, a residence on Main Street opposite the campus, bequeathed to the College by the late Henry W. Super, D.D., L.L.D., Vice-President and Professor of Mathematics, 1870-1891, and President, 1892-1893; Sprankle Hall, on the east campus fronting Fifth Avenue, the infirmary; The Eger Gateway, erected through the generosity of George P. Eger, of Reading, Pennsylvania, at the entrance of the walk leading from Main Street to Myrin Library, The College Store; The Power Plant, a strikingly modern building put into operation in 1963; and 785 Main Street, former home of the late Dr. Edward Platte, College physician, now occupied by the President and his family.
RESIDENCE HALLS FOR MEN
The Brodbeck and Curtis Dormitories for Men are buildings in English Colonial style. Each building has four floors. They bear the names of esteemed benefactors of the College, Andrew R. Brodbeck and Cyrus H. K. Curtis.

Wilkinson Hall, which connects Brodbeck and Curtis Dormitories, provides a lounge for men as well as additional rooms for men. It was erected through the generosity of Mr. and Mrs. Joseph C. Wilkinson.

Maples Hall, 512 Main Street; Schaff Hall, 646 Main Street; Omwake Hall, 701 Main Street; Isenberg Hall, 801 Main Street; 942 Main Street; and 944 Main Street are all residence halls for men.

The Men's Residence Hall Complex at the north end of campus, completed in 1968, houses 252 men. The main building is Reimert Hall, named in honor of the late Dr. William D. Reimert, ’24, President of the Board of Directors of the College from 1961 until his death in 1969.

RESIDENCE HALLS FOR WOMEN
Paisley Hall, Stauffer Hall and Beardwood Hall are three residence halls for women. The buildings house 241 women and are located on the east campus.

Hobson House is located at Sixth Avenue and Main Street. It is used as a residence for twenty-four women.

Shreiner Hall, fronting on Main Street and facing the College campus, is a residence hall for twenty-eight women.

Duryea Hall, 612 Main Street, is a residence hall for seventeen women.

Clamer Hall, Main Street, the gift of Dr. Guilliam H. Clamer, is a residence hall for twenty-five women.

777 Main Street houses nine women.

Keigwin Hall is a residence for ten women.

Olevian Hall, 640 Main Street, is a residence hall for twelve women.

South Hall, Sixth Avenue, is a residence hall for fifteen women.

Todd Hall, 724 Main Street, is a residence hall for twenty women.

SHIPMENT OF BELONGINGS
The Maintenance Department will accept Railway Express shipments at the Maintenance Department between the hours of 8 A.M. and 4:30 P.M., Monday through Friday, providing:

1. the Maintenance Department has been notified in writing when to expect the shipment and from whom;
2. the shipment arrives prepaid.

The Maintenance Department can accept no responsibility for the condition of the shipment.
The first step in seeking admission to Ursinus College is to file an application. A form for this purpose may be obtained from the Office of Admissions. After the completed form has been returned to the College, accompanied by the $20 application fee, the applicant should then request his principal or headmaster to send an official transcript of the applicant's secondary school records for the ninth grade through at least the first marking period of the senior year, including class rank, personality rating, and recommendation.

All applicants must arrange for a personal interview on campus, unless, of course, the distance makes such a visit impracticable. This requirement must be completed before the application is presented to the Committee on Admissions.

Applications for financial aid should be filed at the time the candidate applies for admission. Forms are available through the Office of Admissions.

It is the responsibility of the candidate to make arrangements to take the Scholastic Aptitude Tests of the College Entrance Examination Board and to have the test results sent to the Dean of Admissions.

TESTS
Candidates for admission to the Freshman Class are required to take the Scholastic Aptitude Tests. Foreign students must, in addition, take the TOEFL test. It is recommended that applicants take the November or December

Two seniors, Britta Matson and Dave Evans, served on a special student life task force with faculty members, administrators and Board members.
Scholastic Aptitude Tests in the senior year. Although not required, Achievement tests are strongly recommended, especially in English Composition and mathematics. Full information concerning the dates of administering these tests can be obtained by writing directly to the College Entrance Examination Board, P.O. Box 592, Princeton, New Jersey 08540. The C.E.E.B. number for Ursinus College is 2931.

PREPARATION

A candidate for admission to the Freshman Class must be a graduate of an approved secondary school.

If the applicant is a graduate of a four-year high school he should offer for admission at least sixteen units which are to be distributed as follows:

**BASIC ACADEMIC CREDITS (10 units)**
- English, *Four years, Four Units*
- Elementary Mathematics (Algebra and/or Geometry) *Two Units*
- Science, *One Unit*
- Social Studies, *One Unit*
- Foreign Language, *Two Units in One Language*

**ADDITIONAL ACADEMIC CREDITS (at least 2½ Units)**
- Advanced Mathematics
- Solid Geometry
- Plane Trigonometry
- Science
- Social Studies
- Foreign Language

**ELECTIVES (Maximum 3½ Units)**
- Not more than one unit will be granted for any single elective.
- Bookkeeping
- Drawing (Mechanical, Prepared Course)
- Geology
- Stenography
- Junior Business Training
- Music and Art (History or Appreciation)
- Commercial Law
- Commercial Geography

If the candidate is a graduate of a three-year high school, he should offer at least twelve units, which should include the basic credits above. Not more than one unit may be presented from the group designated as electives.

Applicants whose preparation does not coincide precisely with the foregoing outline may in exceptional cases be admitted to the College if, in the judgment of the Committee on Admissions, they are qualified to do college work satisfactorily.
EARLY ADMISSION
A limited number of outstanding juniors who have completed all or nearly all requirements for graduation from high school may be considered for early admission. Such students will be considered only upon the strong written recommendation of the guidance counselor and with the assurance that the student will receive his high school diploma either before or upon successful completion of the freshman year in college. It is the responsibility of the applicant to have the recommendation sent to the Office of Admissions.

The admissions process is identical with the following EARLY DECISION procedure.

EARLY DECISION
Outstanding juniors may apply for admission in the late spring or during the summer preceding the senior year. The applicant should have his counselor send a transcript for the ninth through eleventh grade together with class rank, personality rating, and recommendation. He should also have junior year Scholastic Aptitude Test scores sent and arrange for an interview, preferably prior to October 1. We strongly recommend that all candidates take Achievement tests. Early decisions will be made and applicants notified in the late summer and early fall.

SPECIAL PROGRAM FOR HIGH SCHOOL STUDENTS AND SENIOR CITIZENS
Area high school juniors with good records and strong recommendations and senior citizens (those 62 years of age and over) may take regular courses for half-tuition during summer, fall, or spring terms, both day and evening. Such students must commute. Information is available in the Office of Admissions.

ENGINEERING PROGRAM
Arrangements have been made with the Engineering Schools of the University of Pennsylvania, the University of Southern California, and the Georgia Institute of Technology, to which a student may transfer after completing three years of prescribed work toward the B.A. degree at Ursinus College.

Ursinus College will grant the B.A. degree after the student has satisfied the requirements for that degree. The engineering school will grant the engineering degree on satisfactory completion of the fifth year. For the outline of the program see Suggested Programs.

The candidate for the Engineering program must present 4 years of entrance credit in Mathematics.

His background in foreign language must be such that he will be capable of entering the second year of language in college. If he is not so prepared he must make up the deficiency in foreign language in summer school.

PLACEMENT IN FOREIGN LANGUAGES
If an entering student wishes to study in college the same language he studied
in high school, the following conditions apply:

If a student has taken two or three years of a foreign language in high school he must enroll in the intermediate level of that language in College. If he is unable to master the work at the intermediate level, he may drop back to the elementary level, but only with the permission of his instructor. Those with four or five years of a language will be assigned to an advanced course unless the requirement is waived by Advance Placement examination.

ADVANCED PLACEMENT
Students who wish to be considered for advanced courses upon admission may submit the results of the Advanced Placement Examinations as given by the College Board. If the scores are satisfactory, the student may be advanced beyond the basic course and credit may be given toward the degree. Certain courses offer no advanced placement; therefore it is suggested that a candidate consult the Dean of Admissions if any question arises. After acceptance for degree standing, a student who wishes to receive transfer credits must receive written permission from the Dean of the College or the Dean of Admissions to take a course at another college.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)
Another means by which incoming students may earn advance credit is through the College Level Examination Program (CLEP). These are examinations offered by the College Entrance Examination Board as a means by which colleges may offer advance credit to students who have completed the equivalent of specified college courses through special experience or study. Ursinus College offers credit only in the Subject Examinations and not in the General Examinations. The examinations are given at centers throughout the country. Applicants interested in the CLEP Program should write for a CLEP Bulletin of Information for Candidates to the Program Director, College-Level Examination Program, Box 1821, Princeton, New Jersey 08540.

SPECIAL STUDENTS
A limited number of applicants who are not candidates for degrees may be admitted as special students, providing that they have satisfactory preparation for the college courses which they wish to pursue. Special students who reside at the College must register for at least twelve hours of work in each semester. They are subject to the same regulations as other students.

TRANSFER STUDENTS
To enter the Sophomore or Junior Class at Ursinus College, an applicant must support his application by requesting each institution he has attended subsequent to graduation from secondary school to send to the Dean of Admissions a transcript of his record at the institution of higher learning and a letter from the Dean of Men or Women indicating that the applicant is entitled to honorable dismissal insofar as character and personality are concerned. It will be helpful if the candidate will send a catalog of the college he has been
attending, marked to indicate the course he has taken. There will be no credit for grades below C.

A maximum of sixty hours of work taken elsewhere will be credited to students transferring to Ursinus College.

PART-TIME STUDENTS
Non-resident students who are candidates for a degree and who wish to pursue fewer than twelve hours of work may be classified as part-time students upon the written approval of the Dean of the College.

NOTIFICATION OF ADMISSION
When a candidate for admission is notified of his acceptance by the College, he must make an advance payment of one hundred dollars in accordance with the provisions of the letter of acceptance. This payment is credited on his bill for the first term. If he fails to complete his matriculation, the payment is forfeited.

THE SUMMER SCHOOL
The curriculum of the Summer School is announced in the Spring, and information concerning course offerings is released. In the day sessions, courses are offered over a period of 12 weeks. A student carries only one course at a time but may enroll for a full program. The plan permits the completion of a three-semester-hour course in three weeks, two three-semester-hour courses in six weeks, four three-semester-hour courses in twelve weeks and two four-semester-hour courses in eight weeks. It is possible to carry two years of work in a language in twelve weeks for twelve semester credits.

In the evening sessions, three-semester-hour courses meet two evenings a week for 7½ weeks. Two courses may be carried simultaneously. However, a student may not be enrolled in the evening session if he is also enrolled in either of the first two day sessions.

Stone, predominating in many buildings such as Myrin Library, gives the campus its special beauty.
Ursinus College Summer School (day or evening) is open to candidates who may be classified in the categories below upon approval of the Director.

1. College Graduate (two-year and four-year).
2. Degree Candidates (Bachelor and Associate), including recent high school graduates accepted as freshmen by Ursinus or other accredited schools.
   Applicants from other institutions must have written permission from their respective institutions indicating that they will be given transfer credit for successful work in the courses selected.
3. Evening School students at Ursinus or elsewhere, with a high school diploma and with a minimum of 15 semester hours of work successfully completed (equivalent of 70 average).

Applications of those whose qualifications do not fit the above categories must be acted upon by the Committee on Admissions.

Admission to the Summer School does not carry with it an assurance of transfer to degree standing at Ursinus College. For information and application forms, address the Director, Summer School, Ursinus College, Collegeville, Pa., 19426.

THE EVENING SCHOOL
The Evening School is organized to make college work available to men and women employed in business, industry or teaching, and to others who may be interested. The degree programs generally emphasize courses in accounting, business administration and economics, but a strong liberal arts component is required. A considerable range of courses in English composition, English literature, history, mathematics, foreign languages and other disciplines is available.

Full-time Ursinus students enrolled in the College may register for Evening School courses, with permission of their advisors and the Dean of the College, when class space is available. Evening School registration procedures must be followed.

For information and catalog for the Evening School, address The Director, Evening School, Ursinus College, Collegeville, Pa., 19426.

CAREER OPPORTUNITIES
Ursinus College helps its students to relate their broad liberal education to the many opportunities for careers available to them. Through the advice of faculty members, the services of the Placement Bureau, and individualized career counseling by alumni of Ursinus, a student is guided toward his life's work. Among the many careers pursued by Ursinus graduates are the following.

ACCOUNTING. Through a combination of courses in the day and evening, Ursinus College offers a complete series of courses in accounting and prepares students to sit for the examination for Certified Public Accountants. An in-
Patty Williams, senior English major, spent a professional semester as a student teacher at the local middle school.

creasing number of business-oriented students are preparing themselves for accounting careers.

BUSINESS. Graduates in Economics and Business Administration and other departments are employed by many types of industrial concerns, banking institutions, public utilities, transportation companies, department stores, chain stores, etc. By electing languages, students majoring in Economics and Business Administration may prepare for the growing opportunities in world trade.

CHEMICAL RESEARCH: INDUSTRIAL CHEMISTRY. The College provides opportunities for students desiring to major in Chemistry with a view to devoting their lives to some type of chemical research. Graduates find employment in the chemical industry doing pioneer work in the field of chemical research and development.

COMPUTER SCIENCE. An increasing number of Ursinus graduates are entering this rapidly growing field of employment. Majoring in Mathematics, with emphasis on our Computer Science courses, is the usual path into computer work after graduation. But majors in the natural sciences and social sciences and sometimes the humanities also are entering the field.

DENTISTRY. Many graduates of the College have entered the field of dentistry. Ursinus provides the basic science program prescribed by the Council on Education of the American Dental Association.
EDUCATIONAL ADMINISTRATION. Basic courses in Education are provided which are prerequisite to the professional courses in Educational Administration offered in graduate schools of education of leading universities.

ENGINEERING. Students who wish to study Chemical, Civil, Electrical, Mechanical or Metallurgical Engineering may avail themselves of a program which is being offered at Ursinus College in cooperation with engineering schools. A student at Ursinus College may transfer to an engineering school after completing three years of prescribed work toward the B.A. degree at Ursinus.

Ursinus College will grant the B.A. degree after the student has satisfied the requirements for that degree. The engineering school will grant the engineering degree upon completion of the fifth year.

Under another program a student, after graduating from Ursinus with a major in chemistry or physics, may earn an M.S. from an engineering school in one to one and one-half years.

FOREIGN SERVICE. The American foreign service presents attractive opportunities to a limited number of young people who are willing to prepare themselves adequately for service abroad. The history and social science courses, together with offerings available in the modern languages, provide preparation for the examinations required of applicants for positions in foreign service. Upon graduation students are urged to pursue additional work at a recognized graduate school.

GRADUATE STUDY. One purpose of the curriculum of the modern liberal arts college is to prepare students for advanced study in various fields of knowledge. Preliminary study is done by the student at the undergraduate level in his chosen major field. Those intending to enter graduate schools should have a thorough grounding in their chosen field. As a reading knowledge of French and German is essential for most higher degrees, this knowledge should be acquired in the undergraduate school.

HEALTH AND PHYSICAL EDUCATION. It is possible to specialize in health and physical education and at the same time obtain a general cultural education. Health and physical education graduates meet the requirements for certification to teach in this field in Pennsylvania and other states.

JOURNALISM. A student interested in journalism should enroll in the departments of history, political science, or English and elect widely in other fields. A year at a professional school of journalism is recommended.

LAW. Leading law schools require a baccalaureate degree as one of the conditions for acceptance of candidates. A broad, cultural education is considered the best preparation for legal study. A major in such departments as history, psychology, or political science is recommended.

MEDICINE. Concentration in biology or chemistry is recommended in order to prepare students who are interested in the various aspects of medicine. Preparation for schools of osteopathy and of veterinary medicine, as well as for
Audio-visual equipment in the library adds to a student's learning resources.

the regular medical schools, is provided. Students should also investigate the opportunities in the allied medical fields, such as occupational and physical therapy, in which many opportunities are being offered.

MUSIC. Although a considerable number of courses in music are available at Ursinus, no major in music is offered. Those who wish to follow music as a career should plan to attend graduate school after completing their work at Ursinus.

NURSING. Students who plan to enter the profession of nursing should register for courses in biology, chemistry, and liberal arts in order to qualify for consideration by schools of nursing. Ursinus does not give a degree in nursing but recommends transfer, after two years, to a university school of nursing.

PHYSICAL RESEARCH. A program of concentration in physics and mathematics is offered to students interested in physics as a career.
PSYCHOLOGY. Undergraduate work in psychology is designed for those who seek admission to graduate schools or who wish to enter personnel work in industry. Undergraduate study in psychology is of assistance in the fields of teaching, guidance, law, clinical psychology, personnel and social work, nursing, and preparation for medicine.

SOCIAL WORK. A professional career in social work requires two years of graduate education in one of the approved schools of social work associated with a number of universities. There are, however, many opportunities for the untrained person holding a baccalaureate degree to find employment in both public welfare and voluntary social agencies; the former is entered through civil service examination. Positions are open in work with individuals and with groups. Many of these situations offer funded plans for graduate study upon satisfactory completion of a year of employment.

TEACHING. Secondary school teaching preparation which meets the requirements of the State Department of Education in Pennsylvania and of many other states is offered to those who look forward to a career in education. Ursinus offers programs for secondary school certification in English, French, Spanish, German, Latin, Mathematics, Mathematics-Physics, Biology, Chemistry, Physics, General Science and Social Studies. Students seeking certification in Social Studies will specialize in Economics and Business Administration, History, Political Science, or Psychology. Advisers should be consulted in each of these areas early in the student's college career. The program for certification for Health and Physical Education covers both the elementary and secondary fields. Students should follow the curricula which have been approved by the Pennsylvania Department of Education, a copy of which is in the hands of the advisers.

CHURCH VOCATIONS. Most leading theological schools have as a requirement for consideration for admission a degree in liberal arts. Students who are preparing for church vocations should plan a broad course of study which will include history, languages, literature, religion, and philosophy.

PLACEMENT BUREAU
Ursinus College conducts a placement bureau to assist students and graduates in finding positions for which they qualify. Its function is to serve as a point of contact for students and alumni with educational institutions, business, and industry. Resumes and references of seniors and alumni are compiled and are available for all prospective employers.

THE COLLEGE YEAR
The College year consists of two semesters of fifteen weeks each and a summer session of twelve weeks. Students are admitted to the College at the beginning of either semester or at the beginning of the summer session. Those who wish to accelerate their college program may attend the summer session in addition to the Fall and Spring semesters. The summer session is available to all students who wish to take advantage of it.

PAYMENTS ARE TO BE MADE AS FOLLOWS:

New Students
- Advance Payment—as requested: $100
- Breakage Deposit—as indicated on bill: $50

Old Students
- Advance Payment—as requested: $100

All Students
- August: One-half annual charges, less credit for Advance Payment. One-half Activities and College Union Fees.
- January: One-half annual charges. One-half Activities and College Union Fees.

Charges quoted are made on an annual basis. Billings are presented semi-annually and are due for payment no later than the date indicated on the billing. A $10 fee is charged for late payment.

When the student is a recipient of an Ursinus College scholarship award, credit will be applied in the amount of one-half the value of the annual award to each semester bill. THE COLLEGE HAS NO PLAN FOR INSTALLMENT PAYMENTS.

For those who prefer to pay tuition in monthly installments, the College offers special arrangements made with the Girard Bank of Philadelphia, the Insured Tuition Payment Plan of Boston and/or The Tuition Plan. These arrangements should be made early enough to assure payment of bills no later than the date indicated on the billing.

Checks should be made payable to URSINUS COLLEGE.
EXPLANATION OF CHARGES

APPLICATION FEE. A fee of $20 is paid by the candidate at the time he files his application. This fee is not refundable and is not applied toward the student's bill.

Special and Part-Time Students are charged at the rate of $120.00 per semester hour. If registered for twelve or more hours, full tuition will be charged.

ADVANCE PAYMENT. (a) Upon his acceptance by the College an applicant must make an advance payment of $100. This payment is credited on his bill for the first term. If he fails to complete his matriculation, this payment is forfeited. (b) All regularly enrolled students must make an advance payment of $100 at such time as may be designated by the College. This payment is forfeited if the student fails to complete his registration.

FEE FOR TUITION covers classroom instruction, use of libraries, gymnasium, and the infirmary; ordinary medical attention; care by the resident nurse. Room and Board charges cover lodging for school year, exclusive of Thanksgiving, Christmas and Spring recesses.

The College reserves the right to make reasonable adjustments in the comprehensive fee at the beginning of any term to cover possible unforeseen costs.

ACTIVITIES FEE is charged to all full-time students, and to all Special and Part-Time Students enrolled for six or more semester hours of credit. This fee covers subscription to the Ursinus Grizzly, the Ursinus College Forum, admission without further charge to all athletic contests at the College, to College dances, and use of College athletic facilities as scheduled.

COLLEGE UNION FEE. All students enrolled in the College pay a fee of $12.50 per semester which supports the operation of the College Union program and the maintenance of the College Union Building, and includes membership in the College Union for the period covered by the fee.

STUDENT ACCIDENT INSURANCE PLAN. A mandatory insurance plan for accidental injury is billed to each full-time student on the bill for the fall term, unless the student is first enrolled for the spring term, when a pro-rata billing will appear on the student’s bill.

ROOM DRAWING. A previously enrolled student must pay $10 in order to qualify for drawing a room. Credit for this amount will be applied to the charge for Room and Board for the following term, and is forfeited if the student fails to complete his registration.

SCIENCE FEE. $100.00 per semester: All students majoring in Biology, Chemistry, Physics, Pre-Engineering and Freshmen who are enrolled in Undesignated Natural Science. $25.00 per semester: All Sophomores, Juniors and Seniors majoring in Psychology.

FINE ARTS FEE. A fee of $15 per semester is charged for students enrolled in Fine Arts 303 and 304.
BREAKAGE DEPOSIT. A deposit of $50 is required of each new student to defray expense incurred by damage to College property. This is included in the bill for the first term. Billings are rendered as assessments are made against the deposit balance. Any unexpended balance is returned upon graduation or withdrawal from the College.

STUDENT TEACHING. An additional fee of $125 is required of each student engaged in student teaching. This is payable upon presentation of the bill.

GRADUATION FEE. A graduation fee of $25 is charged each student on the last bill of his senior year. An additional deposit of $25 will be required for the use of cap, gown, and hood. This deposit will be refunded upon return of the equipment.

TRANSCRIPT FEE. A charge of $2.00 is made for each transcript of a student's record after the first. Requests for transcripts should be made to the Office of the Dean.

ID CARD FEE. A charge of $1.00 is made for the issuance of an ID card. If the card is lost a charge of $5.00 will be made for its replacement.

CHANGE OF STATUS FEE. When a student changes his resident/day status, a new ID card must be issued. There is a $5.00 change of status fee.

Fraternity members pose for the yearbook photographer.
John Hallman, a junior majoring in Chemistry, interacts at an online terminal tied in with Dartmouth College's computer.

REGULATIONS

Bills for student fees are issued approximately thirty days before the beginning of each term. A student's bill must be settled no later than the date indicated on the statement.

No student who is indebted to the College or to any of its departments or agencies will be permitted to register at the beginning of any term, and all items due the College from a candidate for graduation must be paid before the candidate may be presented for a degree.

A student who is absent from College because of sickness and retains his place in class pays student fees in full during his absence, except that when the absence is continuous over a period exceeding four weeks, resident students are allowed a prorata rebate for each full week of absence.

Refunds allowed because of a student's dismissal or withdrawal from the College are determined according to a policy available in the Office of the Treasurer.

A student who voluntarily withdraws from College must notify the Dean of the College in writing and settle all bills within thirty days or be liable to dishonorable dismissal.

The possession or use of illegal drugs or firearms on the campus is forbidden.

Students who have attained an 80 cumulative average in the preceding year may operate a motor vehicle or maintain one on campus or in the College vicinity while in attendance at College. A vehicle may not be operated or maintained by students who hold financial grants or positions under the Bureau of Student Employment. This does not apply to students who are commuting.
FINANCIAL INFORMATION

Students who marry must notify the College of their change in status. The College reserves the right to exclude at any time students whose conduct or academic standing renders them undesirable members of the College community, and in such cases the fees due or paid in advance to the College will be refunded according to a policy available in the Office of the Treasurer. Other regulations and procedures of vital concern to students are contained in the pamphlets, Ursinus College Student Handbook and Financial Aid Handbook.

SCHOLARSHIPS AND FINANCIAL AID

STUDENT FINANCIAL ASSISTANCE

The primary mission of the Financial Aid Office at Ursinus is to provide counseling and assistance to those students who would be unable to attend college without such aid. An application for financial aid does not hinder a student’s chance for admission to the College. Awards are made without reference to ethnic origin, religion, sex, handicap or marital status. The financial aid program assists full-time degree candidates in meeting college costs through institutional grants, scholarships, loans, and employment as well as aid through Federally supported campus-based programs. Ursinus also participates in the state grant and loan programs, Federally insured loan programs, Federal grant programs and recognizes outside merit awards. Financial aid may be offered singly or in a combination of grant, loan, and employment. The financial aid package is based on demonstrated need as determined through the uniform methodology as applied by the College Scholarship Service. Proven academic excellence and/or leadership abilities may also be considered.

APPLICATION PROCEDURE

All students wishing consideration for financial aid must submit a Financial Aid Form (FAF) to the College Scholarship Service no later than February 28. All late applications will be considered if funds are available. The FAF can be obtained from secondary school guidance offices, Ursinus College, or the College Scholarship Service, Box 176, Princeton, NJ 08540. The FAF should be completed in accordance with the instructions (Ursinus College Code: #2931). If it is filed before February 28, freshman and transfer students will receive award notices by early April. Upperclass applicants should obtain FAF forms before the end of the first semester and submit them to CSS before February 28. Upperclass award notices will be sent by early July. The College requires Federal income tax verification upon the acceptance of any aid offered by Ursinus College.

An independent (self-supporting) student must file an FAF with the CSS under the same guidelines as above. To be considered independent, a student must not be claimed as an exemption by either parent for income tax purposes for the
calendar year in which aid is received as well as in the prior year. For example, a student applying for Fall, 1979, may not be listed as an exemption on the parents tax return for the years 1978, 1979, or 1980. In addition, a student may not receive assistance of more than $750, including room and board from parents or stepparents or guardian for the same period of time; nor can the student reside for more than six consecutive weeks with those persons during those periods: Substantiating documentation will be required.

All students should realize that financial aid is not automatic and requires formal application for each year that aid is expected. Foreign students must submit a special financial aid application available from the Office of Admissions.

**URSINUS COLLEGE AID PROGRAMS**

The College administers scholarship, loan and student employment funds totaling over one million dollars each year. Of the entire student body, more than 70% receive some form of financial aid whether it be through student employment, loans, or a college supported grant. Every student submitting a FAF will be considered automatically for all grant, loan and employment programs administered by the College.

**COLLEGE GRANTS**: Grants or scholarships which are awarded by the College do not have to be repaid. Recipients must have a demonstrated financial need as determined by the financial need analysis and are expected to remain in good academic and social standing. A yearly average of 70 must be maintained. If grant eligibility is forfeited for academic reasons at the end of a year, it will be forfeited for the following academic year.

**CENTENNIAL SCHOLARSHIPS**: Freshmen whose academic records and college board scores clearly indicate that they are outstanding students may be considered for a Centennial Scholarship. These scholarships are subject to yearly review and will be continued provided the student maintains a yearly average of 80 at the end of the freshman year and 85 each year thereafter.

**PRESIDENTIAL SCHOLARSHIPS**: Students who have demonstrated qualities of outstanding leadership and service to school or community during their secondary school years may be considered for a Presidential Scholarship. The award may be granted to freshmen or to upperclassmen in amounts which vary according to need, and may be renewed for continued service to the college.

**SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS (SEOG)**: These grants are Federally funded and must be designated by the College to students with exceptional financial need. The average grant is $1000 for each academic year of undergraduate enrollment.
NATIONAL DIRECT STUDENT LOAN: These are Federally funded student loans which are awarded as part of the financial aid package each year. The loans are up to $1250 per year, not to exceed $5000 for the four years of undergraduate study. The loans are repayable at three percent interest within ten years after a student graduates or leaves the college for other reasons. Payment begins twelve months after a student graduates or leaves college with the interest commencing after 9 months. If a student continues with graduate study, repayment is deferred as long as he is enrolled at least half-time. Upon graduation, repayment begins on a normal schedule.

GULF OIL LOAN PROGRAM: The Gulf Oil Student Loan Fund is available to upperclass students. Total loans may not exceed $1000. Recipients must be degree candidates and maintain a satisfactory academic average. The loans are at low interest with deferred repayment benefits, similar to the NDSL program. Need for the loan must be substantiated by a Financial Aid Form.

STUDENT EMPLOYMENT: The College provides students with an opportunity to earn part of their college expenses through campus employment in more than 400 positions on and off campus. The positions are standardized so as not to overburden a student or interfere with studies. Working just seven hours a week, a student can expect to earn approximately five hundred dollars during the academic year. Examples of the positions available are: waiting tables and floor managers in the dining hall; lab assistant in biology and chemistry; library assistants; house managers in the College Union; bookstore and snack shop clerks; departmental typists; administrative clerks; student aid interns; maintenance workers; and resident assistants in the dormitories. Students are employed on a contractual basis and should contact the various campus employers upon arriving on campus in the Fall. Earnings may be applied

Coach Adele Boyd prepares the field hockey team for a classic clash with West Chester State College at Franklin Field in Philadelphia.
Dr. Annette Lucas leads a French class in a Corson Hall classroom.

directly to student accounts at the end of each semester or paid in cash on the bi-weekly payroll. Depending on demonstrated financial need, students are paid either with federal work-study funds or college funds.

Ursinus also participates in the PHEAA Summer Work-Study Program which is designed to provide Pennsylvania residents with work experience coordinated with their academic field of study. The program must be limited to financial aid recipients due to the nature of its funding by the Federal government. Applications are available in early Spring from the Financial Aid Office.

When off-campus openings are made available by private employers, these positions are listed in the campus Daily Bulletin and are posted on the Student Information Board in the Financial Aid Office. Requests for student employment applications for campus employment should be addressed to the Financial Aid Office.

FEDERAL AND STATE PROGRAMS
BASIC EDUCATIONAL OPPORTUNITY GRANT (BEOG): This is a Federal grant made available to students with exceptional financial need. Applications

34
are available in high school guidance offices and should be completed by Spring of the senior year. The new combined PHEAA/BEOG application allows Pennsylvania residents to apply for both the Basic Grant and the Pennsylvania State Grant with the same form. Students who are not residents of Pennsylvania may also use the PHEAA/BEOG form to apply for BEOG only. Four to six weeks after filing, students receive a Student Eligibility Report with an index number. All three copies of the SER should be sent to the Financial Aid Office for validation and determination of the grant award. The BEOG application must be renewed each Spring for the following year.

STATE GRANT AND LOAN PROGRAM: Students should consult their secondary school counselors to determine the extent of grant and loan support available in each state. For example, residents of Pennsylvania may qualify for up to $1500 per year in grant funds from the Pennsylvania Higher Education Assistance Agency (PHEAA). New Jersey, Massachusetts, Connecticut, Rhode Island, Ohio and other states have similar programs. Applications are available in the high school guidance offices. Filing deadlines are important! Be sure to file early in the Spring each year. Most states also support their own student guaranteed loan program, allowing students to borrow up to $2500 annually at low interest and providing for deferred repayments. Applications are available at participating banks and other lending institutions and must be renewed annually.

SOURCES OF ASSISTANCE NOT BASED ON NEED

NATIONAL MERIT SCHOLARSHIPS: Ursinus sponsors four National Merit Scholarships each year. These scholarships are awarded through the National Merit Scholarship Corporation and are open to any National Merit Finalist who has selected Ursinus College as his first choice. The awards do not limit in any way the number of finalists who may be sponsored by other contributing organizations. Application should be made to the National Merit Scholarship Corporation through the secondary school.

TUITION EXCHANGE: Ursinus College is a member of the Tuition Exchange. Requests of children of faculty members of other member institutions for tuition remission will be considered upon application. Those who receive aid through the Tuition Exchange Program are not eligible for additional Ursinus College grants.

OTHER SOURCES OF AID: In addition to the programs described above, students should investigate other grant and scholarship programs sponsored by a variety of private organizations including business corporations, foundations, civic clubs, etc. High school guidance counselors usually maintain lists of the local organizations sponsoring awards for college bound students.

The Ursinus College Financial Aid Brochure provides detailed information on all programs and is available in the Financial Aid Office.
EDUCATIONAL PROGRAM

The departmental system is employed in the organization and administration of instruction. By this system, the courses of instruction are offered in fourteen departments: Biology, Chemistry, Classical Studies, English, Economics and Business Administration, German, Health and Physical Education, History, Mathematics, Philosophy and Religion, Physics, Political Science, Psychology, Romance Languages. The adviser is the medium of communication between the Faculty and students of his department. The approval of the adviser is necessary before a student may register for or enter upon any course of study, or discontinue any work.

CHOICE OF STUDIES

A student, at matriculation, chooses the subject of major concentration he wants to pursue, and with the advice and consent of the adviser selects his studies for the year and reports his selection to the Dean on a blank provided for the purpose. A student who is uncertain of his future plans, and therefore undecided about his major field, may choose to be registered in an "Undesignated major" for the first year; but he must designate the broad choice of Humanities, Social Sciences, or Natural and Physical Sciences.

It has become necessary to limit the number of students in scientific programs. In order to follow a curriculum in Science, a candidate must indicate his intention to do so upon application for admission to the College. If the student applies for and is admitted to a program in the Humanities, Social Sciences, or Languages, he may subsequently transfer to a program in the Sciences only upon approval of the Committee on Standing. Request for such a change in major should be addressed to the Dean of the College.

SERVICE ACTIVITIES

The College, through many of its departmental major programs as well as through student organizations, strongly encourages students to participate in community activities and projects. Many students volunteer their services as tutors or as part-time aides at nearby hospitals, schools, and welfare organizations. These services provide valuable field experience to supplement classroom work.

REGISTRATION

First year students register, in consultation with their advisers, at the beginning of the Fall Term for the work of the Fall and Spring Terms. Other students
register during the Spring Term for the work of the next academic year. Changes in course of study may be made during the first week of a term with the written approval of the adviser. After the first week, courses may be added or dropped only by joint permission of the Dean, the adviser, and the instructors involved. A student who withdraws from a course without such permission will receive the grade of F. A fee is charged for the adding or dropping of courses at times other than those appointed in the College Calendar.

In registering, students must present to their department adviser a complete list of studies, both prescribed and elective, for the whole year. Courses prescribed as degree or departmental requirements or to satisfy conditions must take precedence over and be scheduled before elective courses. When students change to another major department, they must fulfill the requirements of that department in order to be graduated.

Students wishing credit for courses taken elsewhere while they are an Ursinus student must make prior application for permission through the Office of the Dean to the Committee on Standing of the College. Such application must be accompanied by the official catalogue entry from the other institution.

WITHDRAWAL
Students who seek to withdraw from the College must notify the Dean of the College in writing of this intention and its effective date, and must satisfy all obligations (including bills, the return of keys, equipment, and other College property). Failure to meet any such obligations will render the student liable to dishonorable dismissal.

REQUIREMENTS FOR GRADUATION
The requirement for the degree of Bachelor of Arts or Bachelor of Science is the completion of one hundred and twenty-two semester hours which must include all the courses required by the Faculty of all students for graduation and the

The William Elliott Pool is a wing of the new Helfferich Hall of Health and Physical Education.
courses required by the department to which the student belongs. At least sixty semester hours of this work must be completed at Ursinus College, and this must include the work of the senior year.

To qualify for the degree of Bachelor of Arts or Bachelor of Science and to receive a diploma from the College, not the Evening School, a student must be registered for a minimum of 60 semester hours of credit at Ursinus and must have spent a minimum of the two terms of the senior year as a full-time student in the day sessions, taking at least 12 credits during each of the last two semesters before graduation.

A regular student may not take in any one term fewer than twelve semester hours of work. The normal maximum for a term is five courses or fifteen semester hours. Two semester hours above the normal maximum may be scheduled with the approval of the adviser. Three semester hours above the normal maximum may be scheduled with the approval of the adviser and the Dean of the College, provided the student's average from the preceding term is eighty-five or higher (Exception: Engineering and Physical Education majors are permitted to schedule in each term three hours more than the normal maximum). All fourth-year students shall enroll as full-time students.

All requirements for graduation must be satisfied before the end of the last day of examination week preceding commencement. Each student must bear responsibility for fulfilling the requirements for graduation.

USE OF LANGUAGE LABORATORIES
The language laboratory is used regularly in either or both of the first two years in languages according to a schedule posted early in each academic year. The laboratory hours are required in addition to the regularly-scheduled class meetings. There is no semester-hour credit for language laboratory.

CLASS ATTENDANCE
Ursinus College is committed to the principle that class attendance is a vital part of its academic program, making possible that dialogue between student and teacher which is the foundation of the educational process. Students should therefore recognize that absence from class denies them access to the full measure of college education. While urging regular class attendance, the College at the same time wishes to allow students an opportunity to develop a personal responsibility toward academic work. In keeping with these convictions, the following policies govern class attendance:

Each student is expected to exercise reasonable judgment regarding class attendance. Every student is accountable for all work missed because of class absence. Instructors, however, are under no obligation to make special arrangements for students who are absent. A student for whom an academic warning is issued in a course must limit his future absences in that course to the number of times that the course meets per week. If the student then exceeds the allowed number of absences, he will be dropped from the course and be assigned a grade of F unless the Dean, after consultation with the instructor,
EDUCATIONAL PROGRAM

Two adventuresome students take a breather from their Chemistry lab session.

permits the student to be reinstated. A reinstatement fee of $10.00 will be charged.

A first-year student who is not on the Dean's List and who is absent from a course for a total of more than two weeks' meetings may be excluded from the course with a grade of F.

GRADES OF SCHOLARSHIP

When a course has been completed, the standing of the student is expressed, according to his proficiency, by one of five grades: A, B, C, D, or F. Letter A denotes grades between 100% and 90%, B between 90% and 80%, C between 80% and 70%, D between 70% and 60%, and F denotes 45%. Any grade of less than 60% denotes a failure in the course. Students who have received passing grades are not permitted to take re-examinations for the purpose of raising their grades.

The mark I, which may be given only with the written permission of the Dean, is reserved for cases of incomplete work or of failure under extenuating circumstances. When the removal of the mark I requires an examination, a fee of ten dollars ($10.00) will be charged. If the mark of I is not removed within one month after the beginning of the following regular term, the grade F will be assigned for the course.

A student is required to have an average of 70% at the end of each term in College. A student who fails to do so may be restricted in his extra-curricular activities, and will be reported to the Faculty.

A student whose average at the end of the first term or second term is below 65%, whose cumulative average is below 65% at the end of the first year, or whose cumulative average is below 70% at the end of the third term or thereafter will be dropped from the College unless, as a result of mitigating circumstances, the Faculty votes that such student be permitted to continue. The action of the Faculty in all such cases is final.
Ron Platt, senior Biology major, conducts an experiment in microbiology laboratory.

A student who is dropped from the College for academic reasons may be considered for readmission. Unless there are unusual circumstances, one academic year must pass before such a student is readmitted. During this time the student should take courses at another institution or engage in some activity that will demonstrate to the Faculty that the student is prepared to return to the College for serious academic work.

Employment under the Bureau of Student Employment is not allowed to a student whose average for the preceding year is below 70%. A student under discipline may be barred by the Judiciary Board from all extracurricular activities.

Through correspondence and conferences, the cooperation of parents is sought in the endeavor to obtain the best possible results in the work of students.

Any student may be dismissed from the College for cause by the Faculty, regardless of the student's academic average.

DEGREES
Ursinus College confers three degrees in course: Bachelor of Arts, Bachelor of Science, and Bachelor of Business Administration (Evening School only). For specific requirements of the curricula leading to each of these degrees, see Departmental Requirements and the catalog of the Evening School. Degrees are conferred only at convocations and candidates must present themselves in person.

A student in good standing who has earned a minimum of ninety semester hours of credit and who withdraws from the College to enter an accredited graduate or professional school may, with the approval of the Faculty, receive a
baccalaureate degree from Ursinus after earning any doctoral degree from an accredited institution.

The College may confer the honorary degrees of Doctor of Divinity, Doctor of Humane Letters, Doctor of Pedagogy, Doctor of Science, Doctor of Letters, and Doctor of Laws on persons whose distinguished ability and service have been deemed worthy of such recognition by the Faculty and the Board of Directors.

HONORS

COMMENCEMENT

Two Commencement honors are assigned: one, the Valedictory, to the person attaining the highest standing in the graduating class; the other, the Salutatory, to the person attaining the next highest standing.

GRADUATION WITH DISTINCTION

Members of the graduating class who have shown great proficiency in their first seven semesters may be graduated with distinction if, in the opinion of the Faculty, their attainments warrant such honors. These distinctions, Summa Cum Laude, a cumulative average of 94.50 or above; Magna Cum Laude, 92.50 to 94.49; and Cum Laude, 89.50 to 92.49, are given only for unusual excellence in all the subjects pursued by the candidate. Graduation Honors will be based on the student’s cumulative average at the end of the first seven (7) terms of college studies.

DEAN’S HONOR LIST

All regular or full-time students achieving an average of 87.50 for a semester are announced at the end of that semester as members of the Dean’s Honor List. It is an Ursinus tradition to publish at the Founders’ Day Convocation the names of those students who have been carried on the Dean’s Honor List for the preceding two semesters.

THE CHAPTER

The Chapter, a society of faculty members with Phi Beta Kappa membership, is especially concerned with cultivating the arts and sciences at Ursinus College.

Each year The Chapter designates certain seniors as “Chapter Scholars” on the basis of the quality and range of their intellectual interests and attainments.

SOCIETY OF THE SIGMA XI

The Society of the Sigma Xi, national honorary fraternity for the recognition and encouragement of scientific research, was founded at Cornell University in 1886. The Society was incorporated in 1942. The Ursinus College Sigma Xi Club was installed on October 27, 1966. Election to the Club is based on achievement in original research, and limited to Juniors, Seniors, and Faculty. Election is held once a year, the nominations coming from faculty members.
PI GAMMA MU

Pi Gamma Mu, the national Social Science Honorary Society for the recognition of scholarship in the social sciences, was founded in 1924. It is affiliated with the American Association for the Advancement of Science. The Ursinus Chapter, Pennsylvania Sigma, was installed January 1, 1950. Election to the society is based on academic achievement in the social sciences. Election of eligible Juniors and Seniors is held once a year, the nominations coming from faculty members.

JUNIOR YEAR ABROAD

Ursinus College Students may spend the Junior Year at a foreign university, provided that they have maintained an average of 85 at Ursinus College and, in the opinion of the Dean and the Faculty, will be worthy representatives of the College and will profit from this experience. The course of study abroad must be approved at the time that permission is given. An examination covering the year's work may be required by the department chairman upon the student's return. Upon evidence of successful completion of the program, a maximum of fifteen (15) credits per term will be given for studies pursued in a program abroad.

Ursinus College is a member of the United Colleges for Foreign Study and Exchange. This organization is committed to a multilateral sponsoring of study opportunities at foreign institutions and aims to maintain academic standards which are comparable to those in effect on the local campus. At present the agency makes possible the participation of Ursinus students in programs in England, France, Germany and Mexico. In addition, a consultative service is provided, which furnishes information regarding foreign study opportunities in various other countries of the world. Detailed information concerning the opportunities afforded and the qualifications for participation may be obtained from the Dean.

The College sponsors its own program of travel and study in France and Spain for a limited number of students during the summer. Information may be obtained from the Chairman of the Romance Languages Department.

FOREIGN STUDENTS

Foreign Students, under guidance of the Foreign Student Adviser, are usually classified by the College as a Special Student, at least for the first year. They may then be admitted to degree candidacy for subsequent years. Although facility in understanding spoken English will be a requisite for admission, foreign students would do well to arrive in the United States before the opening of the college year in order to become familiar with American English. A "homestay" of one month as arranged through the Experiment in International Living, Putney, Vermont, U.S.A., is highly recommended to anyone whose native tongue is not English. Further information can be obtained directly from the organization. A foreign student whose native language is not English will be considered to have fulfilled the foreign language requirement for graduation.
Foreign students should make sure that their visa is valid for more than a single entry into the United States, since on vacation trips they may wish to cross the borders into Canada or Mexico. All foreign students who wish to apply to Ursinus College are required to take the Test of English as a Foreign Language (TOEFL). For information, write to TOEFL, Box 899, Princeton, New Jersey, USA, 08540.

No foreign student should arrive at the Ursinus campus until all credentials are complete and a formal letter of acceptance has been received.

Dormitories and dining halls are not in operation during college holidays.

Transportation should be arranged via Philadelphia to Collegeville. Foreign students may telephone the Foreign Student Adviser at 215-489-4111 if they need assistance.

Students do the unexplainable with casual ease.

A CURRICULUM OF LIBERAL EDUCATION RELEVANT TO THE WORLD TODAY

The curriculum of Ursinus plays the central role in meeting the mission of the College—to develop independent and responsible individuals who are prepared for a creative and productive role in a changing world. To support this mission, the College has created The Ursinus Plan, effective with the 1979-80 academic year. (Students enrolled before 1979-80 are not bound by the requirements of this Plan.)

The structure and content of The Ursinus Plan are shown on the accompanying table. The Plan builds a student's education in four related tiers. Within these tiers are the ten goals toward which the faculty feels that liberally educated persons should strive.

After explaining the four Tiers and the curricular Goals, the following section shows the course requirements and options for meeting each goal.

***THE FOUR TIERS OF LEARNING***

TIER I

Basic Intellectual Skills
This portion of the curriculum promotes the intellectual skills fundamental to a liberal education and supplies the foundation for advanced academic work. All students must meet the TIER I requirements.

TIER II

The Major Specialization
Drawing upon skills and insights gained in TIER I, the student undertakes an intensive study in a single discipline, supported by courses in related disciplines. Recognizing that student needs and goals are not uniform, the individual departments offer two or more specializations designed to meet various student needs. In general, these specializations are of two types:

* **The Core Specialization** consists of a group of courses central to the field. Students will ordinarily elect this specialization when they wish to elect a minor concentration in another academic department or a special interest minor concentration related to specific career goals.

* **The Advanced Specialization** consists of the core specialization in the major and additional advanced study in the major itself. It is offered in departments in which intensive preparation is deemed advisable for students wishing to pursue graduate study or to apply to professional schools. Students should see departmental advisers for details.

TIER III

The Minor Concentration
Students have the opportunity in TIER III to develop a secondary academic specialty, amplify basic skills or acquire additional knowledge related to their vocational goals or career plans. Although The Minor Concentration is not required, students who elect The Core Specialization in their major discipline...
are strongly urged to elect The Minor Concentration appropriate to their interests. Three types are available:

* **Minor Concentration In An Academic Discipline.** Students may elect to follow a prescribed course of study outside their major discipline, thus achieving depth in a second discipline.

* **Special Interest Minor Concentration.** The student may elect a Special Interest Minor Concentration approved by the faculty and listed by the Dean’s Office. Whether departmental or interdisciplinary, such minor concentrations are designed to help prepare students to extend their liberal arts training specifically to incorporate their vocational or educational goals.

* **Interdisciplinary Minor Concentration.** Students who have interests spanning several departments may design individual minor concentrations in consultation with the heads of the involved departments.

**TIER IV**

**Electives: Individual Choice**

In TIER IV students have the opportunity to explore unfamiliar subjects, to deepen understanding of material previously introduced, and in general to broaden their intellectual horizons. This is accomplished by giving students freedom to choose courses of greatest interest to them. A number of special courses are provided within TIER IV, including College Scholars, Senior Symposium, Interdivisional Studies, and Departmental Honors. These offerings are described elsewhere in the Catalog. Most departments offer a number of courses which do not have prerequisites. All students are urged to read the Catalog carefully and take advantage of the variety of possible electives. Students are also urged to consult with their advisers regarding their selection of electives in order to insure their thoughtful progress toward their educational goals.

***THE CURRICULAR GOALS***

In most instances, the curricular goals may be achieved in a number of ways, and provision is made in some cases for the student who is competent in an area to exempt that curricular goal. Together these goals provide for the development and growth of basic intellectual skills vital for effectiveness and competence in any adult endeavor.

Many students may wish to develop more specific vocationally-related skills, or to take courses related to specific career interests. The College’s course offerings provide many such opportunities. For the guidance of the student some of these opportunities are brought together systematically in the form of the special interest minor concentrations. Although not required to do so, students who do not plan to continue their formal education beyond the Ursinus degree are strongly urged to elect a special interest minor concentration in TIER III.
COURSE REQUIREMENTS AND OPTIONS

The requirements and options for working toward each goal are shown below. The available choices should make an Ursinus education flexible enough to meet the needs of all students.

First Goal: Development of effective writing skills—
(a) Two semesters of First Year Composition 101, 102, including a term paper each semester; or
(b) one semester of First Year Composition, plus recommendation to another English course such as journalism (not yet offered), Critical Theory and Practice 327, or a College Scholars project, or the equivalent; or
(c) placement out of First Year Composition 101, 102 at the discretion of the English Department, plus one writing course.

Second Goal: Development of effective speaking skills—
(a) One semester of work in Communication Arts; or
(b) placement out at the discretion of the Communication Arts Department upon satisfactory demonstration of speaking ability.

Third Goal: Development of the ability to think and communicate in mathematics and other quantitative analyses—
(a) Mathematics 102; or
(b) Statistics; or
(c) Computer Science; or
(d) any Mathematics course numbered higher than 102; or
(e) Logic.

Fourth Goal: Knowledge of a foreign language—
(a) Two semesters of language at the 203, 204 level; or
(b) two semesters of advanced language study; or
(c) at the discretion of the Dean of the College and the language departments, residents of foreign countries fluent in the language of that country are exempt from this requirement.

Fifth Goal: An introduction to the methods and insights of the humanities (including an introduction to the history of Western civilization), natural sciences and social sciences—
(a) Humanities, including an introduction to the history of Western civilization: (1) History 101, 102; or (2) Philosophy 101, 102; or (3) World Literature 201, 202.
(b) Natural sciences: (1) Major in the department of Biology, Chemistry, Mathematics or Physics; or (2) an introductory sequence of two semesters in Astronomy, Biology, Chemistry, Physics or Geology; or (3) Integrated Mathematics-Physics; or (4) six semester hours of advanced work in a natural science.
(c) Social sciences: (1) Major in the department of Economics and Business Administration, Political Science or Psychology; or (2) six semester hours of
Sixth Goal: Physical Education for lifetime health and recreation—
(a) Four half-semester units are required of all students. One unit concerns
courses of health and physical education and is a prerequisite to the
remaining units. The other units consist of a number of fitness and lifetime
recreation activities from which the student must choose three; or
(b) Major in Health and Physical Education.

Seventh Goal: Intensive study in a single discipline—
See departmental requirements for each major discipline.

Eighth Goal: Research and problem solving skills, including the ability to pose
significant questions, to collect the appropriate data, to subject it to critical
analysis, and to reach logical conclusions—
Each department provides training in these skills for all departmental majors.

Ninth Goal: Knowledge of the diverse cultures and value systems of our
society and the contemporary world, and the development of a capacity for
making independent and responsible value judgments—
(a) It is strongly recommended that when choosing electives, each student
include at least one course which deals with non-Western perspectives on
human experience. Ursinus offers regular courses in non-Western (i.e.
societies other than English-speaking North America, Great Britain, and
Continental Europe) history, cultural anthropology, government, literature,
philosophy and religion. Students may also schedule independent work in
non-Western languages and cultures.
(b) It is also strongly recommended that when choosing electives, each student
select at least one course which includes an analysis of values and their role
in making decisions. Appropriate electives currently offered are Interdivisional Studies, Senior Symposium, and courses in philosophy and
religion.

Tenth Goal: A knowledge of the fine arts—
It is strongly recommended that students select at least one course in music,
literature, or the fine arts as part of their electives. All Ursinus students have the
opportunity to attend concerts, lectures, exhibits, plays, and films both at the
College and in the Philadelphia area.

COLLEGE SCHOLARS' PROGRAM

Qualified Freshmen in their second term, Sophomore, Juniors and Seniors may
earn up to nine credits (not more than three per semester) by pursuing guided
independent research as Research Scholars or by working in subjects not in the
regular college curriculum as Independent Students.

1. To qualify for either section of the College Scholars' Program, the can-
didate must have achieved a semester average of 85 during the semester im-
mmediately preceding.
2. A student may in this way fulfill his requirements for three credit hours of Pivotal or up to nine credit hours of Radial courses. Each semester of passing work in the programs will carry three semester credits.

3. A student may work for no more than one semester in the Department of his Academic Major.

4. The Divisions of the Program are Natural Sciences, Languages, Social Sciences, and Humanities.

5. In the Research Scholars' Program, the candidate must prepare a brief prospectus outlining his research project which meets the approval of his Academic Adviser and of the College Scholars' Committee of the faculty. He must then prepare his research paper under the supervision of a Tutor and must participate in two seminar meetings per semester, designed to bring him into contact with the other Scholars working in the same Division of the Program. His work will be graded by the College Scholars' Committee, which will assess the merits of his research paper and his performance at an oral examination, which will be attended by his Tutor and when feasible by an outside authority in the student's field. His Academic Adviser will also be invited to attend.

6. In the Independent Study Program, the candidate must prepare a prospectus stating what subject he wishes to study and what materials he hopes to use. This prospectus must be approved by his Academic Adviser and by the College Scholars' Committee of the faculty, which may consult the head of any Department logically concerned. The student must submit to the College Scholars' Committee a course outline approved by his Tutor before the end of the second full week of the semester. The student, his Tutor, and the Committee will then meet to determine an appropriate format for his final report and examination. Independent Students will also be required to participate in the seminar meetings of the Program. The Independent Student will be graded by the Committee on the basis of the course plan agreed upon at the outset, with the Tutor devising and administering the final examination, oral or written, as in any regular course.

DEPARTMENTAL HONORS

Students may be graduated with special honors in their own or other departments of study in which they have shown exceptional proficiency, subject to the following regulations:

1. To be admitted to candidacy for Departmental Honors, a student must have the endorsement of the Chairman of the Department in which he wishes to pursue the program, file the written approval in the Dean's Office, and register during the Spring pre-registration period of his junior year.

2. A candidate must have a minimum cumulative average of B— in all courses taken throughout the first three years of college, and a minimum average of B+ in all courses taken in the department in which he seeks honors.

3. Upon consent of the adviser a candidate may be exempt from a three-hour
course in his own department.

4. The Project Adviser will assign a grade for the project and may recommend Departmental Honors. If the candidate receives a passing grade, he will earn three semester credits toward graduation, even though his work may not be recommended for Departmental Honors.

5. In order that the Faculty may consider the awarding of Honors, the candidate shall deposit his completed thesis, together with a written recommendation from his adviser, in the Office of the Dean by April 5 preceding the Convocation at which the Departmental Honors are to be awarded.

INTERDEPARTMENTAL COURSES OF STUDY

A student whose major interests span two or more recognized academic fields and who during his sophomore year maintains a cumulative B average may arrange a specialized major which combines these fields, such as Biophysics, Biopsychology, Chemical Biology, American History and Literature, Comparative Literature.

In order to set up such a specialized major, the student and the department heads of the involved departments must draw up a written statement of all courses and additional major requirements, which may include a comprehensive or an oral examination by members of both departments at the end of the program of studies. This proposed course of studies must then be submitted to the Dean of the College, with whose approval it may be signed and filed in his office.

Upon successful completion of the major requirements so specified, the student will graduate in the subject field specified on his program proposal.

SENIOR SYMPOSIUM

The Senior Symposium is a cooperative teaching enterprise with an emphasis on discussion and dialogue among students and faculty from different disciplines. The work consists entirely of independent reading, periodic conferences with a tutor and a final oral examination.

COMMUNITY AND CIVILIZATION

This course challenges students to discover how our values have shaped our society and to examine the forces of conservation and innovation. There are weekly lectures and tutorials, with independent research and discussion of case studies.

COMPLEMENTARY PROGRAM

COMPLEMENTARY CULTURAL ACTIVITIES

Every full-time student is required to participate in cultural activities at Ursinus College. The activities are planned in a four-year cycle of emphasis. They include the FORUM series, academic CONVOCATIONS, and related
activities such as FIELD TRIPS to museums, and other complementary activities.

COMPLEMENTARY STUDENT ACTIVITIES

Every student is encouraged to participate in those student activities which provide opportunities for integrating perspectives and content of several disciplines and courses within the major divisions of learning. While students are not restricted to participation in activities related to their divisional or departmental fields, the following listing will assist students in seeing those relationships:

**Language Division:**
- French Club
- German Club
- Spanish Club
- Debating Team

**Humanities Division:**
- YM-YWCA
- Meistersingers
- Messiah Chorus
- Ursinus College Band
- Protheatre
- Ursinus Weekly Staff
- Lantern Staff
- Ruby Staff

**Social Science Division**
- Economics Club
- International Relations Club
- Intercollegiate Conference on Government
- Psychology Club
- G. Leslie Omwake Education Club
- Ursinus Student Government Association
- College Union Program Board

**Science and Mathematics Division:**
- Beardwood Chemical Society
- Brownback-Anders Pre-Medical Society
- Mathematics Club

**COMPLEMENTARY PHYSICAL ACTIVITIES**

All students are required to take PHYSICAL EDUCATION unless they are a Physical Education Major or otherwise excused. In addition, every student is encouraged to participate in the activities of organizations such as the Outing Club, and to engage in intramural as well as varsity sports.
COURSES OF INSTRUCTION

The system used in numbering courses reflects in general the year of the college in which many students schedule a course. Thus a course taken in the first year normally will begin with the numeral 1, in the second year with a 2, and so on. Numbers do not indicate the year in which a course must or should be taken. Any specific prerequisites or other considerations for enrolling are stated in the course description.

In designating courses of study, odd numerals are employed to indicate the courses offered during the Fall Term and even numerals the work of the Spring Term. Exceptions to this regulation are noted. Summer Term offerings are not announced in this catalog, but so far as possible, courses will be offered to meet the needs of students who register for the Summer Term.

The credit value of each course, expressed in semester hours, is printed in italics. The hours per week are given in the definition of the course.

003—ANTHROPOLOGY
MR. GALLAGHER

003—201. INTRODUCTION TO SOCIOCULTURAL ANTHROPOLOGY AND LINGUISTICS STAFF
A survey of alternate ways of dealing with human needs, while viewing people as social beings. An emphasis is placed on family patterns, kinship relationships, political organization, economic systems, religion, and language as a cultural system. Three hours per week. Three semester hours.

003—202. INTRODUCTION TO PHYSICAL ANTHROPOLOGY AND PREHISTORIC ARCHAEOLOGY STAFF
A survey of anthropological analysis of human biological nature and human prehistory. Attention will be given to human evolution, issues of race, primate studies, and the reconstruction of life styles of extinct, non-literate populations. Three hours per week. Three semester hours.

ART
see under Fine Arts

005—BIOLOGY

ASSOCIATE PROFESSOR ALLEN ASSISTANT PROFESSOR SHINEHOUSE
ASSOCIATE PROFESSOR KRUSE ASSISTANT PROFESSOR FIELDS
ASSISTANT PROFESSOR SMALL ASSISTANT PROFESSOR PHILLIPS

The Department aims, through study of the fundamental aspects of Biology as a science, to foster in its students a scientific attitude, and to provide for its majors a firm foundation of knowledge for various biologically-related occupations, for graduate work in biology or for admission to professional schools in the several fields of medicine and related health services. The Department also participates in a program leading to teacher certification in secondary schools as described below.
COURSES OF INSTRUCTION

All students majoring in Biology must accumulate a minimum of 32 semester hours of biology which includes the core curriculum. Except as specified in the teacher certification program (see below), the core curriculum consists of Biology 111, 112; 321 and one course from each of the following divisions: Cellular Biology (Biology 418, 422, 425); Animal Biology (Biology 315, 316, 317, 318, 323, 426); Plant Biology (Biology 333, 334, 428). Chemistry 111, 112, and 207, 208, Physics 111, 112 and Mathematics 111, 112 are also required of all majors. Successful completion of Chemistry 314 (Biochemistry) may be substituted for four semester hours of biology electives.

SPECIAL CAREER INTERESTS

I. Students seeking admission to schools of medicine, dentistry, veterinary medicine, optometry and podiatry should note the following:
   1. At least one additional course in chemistry (e.g. Chemistry 203, 314, 316) is strongly recommended.
   2. Biology electives should be chosen in accordance with professional objectives.

II. Students seeking admission to graduate programs in biologically-related fields should note the following:
   1. At least one additional course in chemistry is recommended, to be selected in accordance with graduate objectives.
   2. Mathematics 215, 216 is recommended.
   3. Computer Science 111 is recommended.
   4. Biology electives should be chosen in accordance with the major area of interest.

III. Prospective secondary school teachers whose principal interest is biology and who wish to be certified in Biological Science should note the following:
   1. Two courses are required from the division of Animal Biology, Biology 315 and 316.
   2. The required course from the division of Plant Biology must be Biology 334 or 428.
   3. Biology 415 is required.
   4. Simultaneous certification in General Science (see General Science Certification at the back of the catalog) is highly recommended.
   5. It is highly recommended that prospective teachers serve at least one semester as departmental teaching assistants.
   6. The curriculum beyond the first year must be arranged in consultation with the Chairman of the Department of Education.

IV. Students who plan to terminate their formal education at the baccalaureate level should note the following:
   1. Mathematics 215, 216 is strongly recommended.
   2. Economics and Business Administration 101, 102 and 111, 112 are recommended.
   3. TIER III and TIER IV courses should be selected in accordance with occupational interests.
005—101. **GENERAL BIOLOGY (ZOOLOGY)**  
DR. KRUSE  
Introduction to principles of structure, function, and development of living things as revealed in a study of selected animal types. Two hours of lecture; two hours of laboratory per week. *Three semester hours.*

005—102. **GENERAL BIOLOGY (BOTANY)**  
DR. SMALL  
Introduction to principles of structure, function, and development of living things as revealed in a study of selected plant material. Two hours of lecture; two hours of laboratory per week. *Three semester hours.*  
Courses 005—101 and 102 of General Biology are not open to Biology majors but may be taken by other students to satisfy college graduation requirements.

005—111. **GENERAL BIOLOGY**  
DR. PHILLIPS  
A consideration of the general principles operative in the natural world through the study of representative types of organisms and the medium of experimentation. General topics include the metabolism, genetics, development and structure of living systems. Prerequisite or Corequisite, Chemistry 111, 112 or equivalent. Three hours of lecture; three hours of laboratory per week. *Four semester hours.*

005—112. **GENERAL BIOLOGY**  
DR. PHILLIPS  
A continuation of Biology 111. General topics include physiology, ecology and evolution of living organisms. Prerequisite, Biology 111; Prerequisite or Corequisite, Chemistry 112. Three hours of lecture; three hours of laboratory per week. *Four semester hours.*  
Courses 005—111, 112 are the basic introductory courses prescribed for all Biology majors and for any others who are planning to meet the various pre-professional requirements in the health sciences.

005—213. **HUMAN HEREDITY**  
DR. FIELDS  
A general survey of genetics with emphasis on classical inheritance, and the social implications and human aspects of heredity. Prerequisite, Biology 102. Three hours of lecture per week. *Three semester hours.*  
NOTE: Course 005—213 is not open to majors in Biology or Chemistry.

005—222. **EVOLUTION**  
DR. FIELDS  
Lectures, assigned readings and papers explaining the history of living things in space and time. Prerequisite, Biology 102 or 112. Two hours per week. *Two semester hours.*

005—315. **VERTEBRATE ANATOMY AND DEVELOPMENT**  
DR. ALLEN  
An integrated comparative study of development in all major vertebrate classes. Laboratory includes embryology of the amphibian, bird and mammal. Prerequisite, Biology 112. Two hours of lecture; six hours of laboratory per week. *Five semester hours.*

005—316. **VERTEBRATE ANATOMY AND DEVELOPMENT**  
DR. ALLEN  
A complementary course to Biology 315. Laboratory includes dissection of the shark, bony fish, bird and mammal. Prerequisite, Biology 112. Two hours of lecture; six hours of laboratory per week. *Five semester hours.*
005—317. **HUMAN ANATOMY AND PHYSIOLOGY**  
MRS. SHINEHOUSE  
A study of the characteristics of cells and tissues, and of the muscular, skeletal and nervous systems. Emphasis is placed on the integration of structure and function. Prerequisite, Biology 101 or 111; or permission of the instructor. Two hours of lecture; two hours of laboratory per week. *Three semester hours.*

005—318. **HUMAN ANATOMY AND PHYSIOLOGY**  
MRS. SHINEHOUSE  
A study of the structure and function of the sense organs, and of the circulatory, respiratory, urinary, digestive, endocrine and reproductive systems. Prerequisite, Biology 317; or permission of the instructor. Two hours of lecture; two hours of laboratory per week. *Three semester hours.*

005—321. **GENETICS**  
DR. FIELDS  
A survey of the basic principles of classical, biochemical and population genetics using a variety of organisms to illustrate the experimental rationale of the genetic problem. Prerequisite, Biology 112; or permission of the instructor. Two hours of lecture; two hours of laboratory per week. *Three semester hours.*

005—323. **INVERTEBRATE ZOOLOGY**  
DR. PHILLIPS  
An introduction to the study of invertebrate animals and their life processes. Prerequisite, Biology 112. Two hours of lecture; three hours of laboratory per week. *Three semester hours.*

005—333. **BIOLOGY OF THE NON-VASCULAR PLANTS**  
DR. SMALL  
A phylogenetic survey of the non-vascular plants, with emphasis on identification, morphological and evolutionary trends, and isolation and culture techniques. Prerequisite, Biology 112. Two hours of lecture; three hours of laboratory per week. *Three semester hours.*

**NOTE:** Limitations in space or laboratory facilities preclude the enrollment of more than 20 students in Biology 333.

005—334. **BIOLOGY OF THE VASCULAR PLANTS**  
DR. SMALL  
A survey of the morphology and evolution of the vascular plants, including the principles, theory and methodology underlying modern taxonomic systems. Available field time centers upon the morphology and taxonomy of the local vascular flora. Prerequisite, Biology 112. Two hours of lecture; three hours of laboratory per week. *Three semester hours.*

**NOTE:** Limitations in space or laboratory facilities preclude the enrollment of more than 20 students in Biology 334.

005—341. **RESEARCH**  
STAFF  
Scientific literature research with the preparation of a final report concerning some biological phenomenon of interest to the student. Prerequisites, Biology 112 and written consent of a staff member who will serve as research adviser, presented at the time of preregistration. *One semester hour.*

005—342. **RESEARCH**  
STAFF  
Content and prerequisites as in Biology 341, but offered in the spring term. *One semester hour.*
ECOLOGY  
DR. SMALL  
Studies of the interrelationships between organisms and their environment, with emphasis on field investigations. The following principles and concepts are stressed: energy relations, population dynamics, the community, succession and environmental effects. Prerequisite, Biology 102 or 112. Two hours of lecture; three hours of laboratory per week. *Three semester hours.*  
NOTE: Limitations in space or laboratory facilities preclude the enrollment of more than 40 students in Biology 415.

MICROBIOLOGY  
DR. KRUSE  
The structural, cultural, and physiological characteristics of microorganisms and their role in the economy of nature. The principles of immunology, serology and virology are also considered. Prerequisite, Biology 112; or permission of the instructor. Two hours of lecture; three hours of laboratory per week. *Three semester hours.*

HISTOLOGY  
MRS. SHINEHOUSE  
A study of the structure of vertebrate tissues and their integration into organs and organ systems. An introduction to histological technique. Prerequisite, Biology 112; or permission of the instructor. Two hours of lecture; five hours of laboratory per week. *Four semester hours.*

CELLULAR PHYSIOLOGY  
DR. KRUSE  
A study of the phenomena involved in cell growth, maintenance, self-regulation and in the general behavior of protoplasm. Prerequisites, Biology 112; Chemistry 208. Two hours of lecture; four hours of laboratory per week. *Four semester hours.*  
NOTE: Limitations in space or laboratory facilities preclude the enrollment of more than 16 students in Biology 425.

VERTEBRATE PHYSIOLOGY  
DR. KRUSE  
A study of the general principles of the functional mechanisms that underlie the life processes of vertebrates. Prerequisites, Biology 112; Chemistry 208. Two hours of lecture; four hours of laboratory per week. *Four semester hours.*  
NOTE: Limitations in space or laboratory facilities preclude the enrollment of more than 20 students in Biology 426.

PLANT PHYSIOLOGY  
DR. FIELDS  
A study of the life processes of green plants and the environmental factors that regulate them. Experiments will illustrate physiological concepts. Prerequisites, Biology 112; Chemistry 208. Two hours of lecture; three hours of laboratory per week. *Three semester hours.*  
NOTE: Limitations in space or laboratory facilities preclude the enrollment of more than 12 students in Biology 428.

SEMINAR  
STAFF  
Papers, reports, discussions and/or independent research concerned with selected phases of biological knowledge. Topics to be chosen by the instructor in charge. Prerequisites, Senior standing; Biology 315, 316; 321; Chemistry 208; or permission of the instructor. One hour per week. *One semester hour.*
005—434. **SEMINAR**  
Comparable to Biology 433, but using different material. Prerequisites as in Biology 433. One hour per week. *One semester hour.*

005—451. **RESEARCH**  
Library and laboratory research with the preparation of a final thesis. An original laboratory analysis of some biological phenomenon and presentation of results in a student-staff seminar. Prerequisites, Biology 112 and written consent of a staff member who will serve as research adviser, presented at the time of preregistration. *Three semester hours.*

005—452. **RESEARCH**  
Content and prerequisites as in Biology 451, but offered in the spring term. *Three semester hours.*

**NOTE:** A normal maximum of three semester hours of credit will be applied to any combination of research courses. Students who wish to add additional hours of research credit must obtain special permission from the research adviser and from the Chairman of the Department.

**010—CHEMISTRY**

**PROFESSOR STAIGER**  
**ASSOCIATE PROFESSOR SCHULTZ**  
**ASSOCIATE PROFESSOR BARTH**  
**ASSOCIATE PROFESSOR HESS**  
**MRS. SHAW**

The courses of study offered by the Chemistry Department are (1) to provide a course in general chemistry which will satisfy the requirements of the College for a laboratory science; (2) to provide training in chemistry for students planning to teach; (3) to provide more than the minimum training for students planning to become technicians in medical laboratories, and for pre-dental and pre-medical students; (4) to offer sufficient specialized training in chemistry beyond the basic courses that will enable a graduate to enter a career as a professional chemist; and (5) to prepare students for graduate training.

Students whose principal interest is Chemistry will select a degree of concentration consistent with their vocational objective.

One of the following programs should be chosen that corresponds with the student's educational objectives:

1. *American Chemical Society — Accredited Chemistry Major*

All students planning to become professional chemists should enroll in the following program, which is approved by the American Chemical Society for undergraduate professional training in Chemistry. The following courses are prescribed:
1st year — Chemistry 111, 112; Physics 111, 112; Mathematics 111, 112; English Composition; Language (German is recommended).

2nd year — Chemistry 203, 207, 208; Mathematics 231; Physics 204; and selected non-science courses fulfilling graduation requirements.

and 3rd year — Chemistry 309, 310; 306, 311. The following are recommended
and 4th year for selection as electives; Chemistry 304, 405, 312, 413, 330, 424; Physics 207, 208; German 312; Mathematics 232.

II. Concentration in Chemistry for Graduate School and Medical School
This program is designed for degree seeking students planning for graduate work or admission to professional schools in the healing arts (Medicine, Dentistry, etc.). In this and the following programs another language may be substituted for the German recommended in Program I

1st and 2nd year identical with Program I except Biology 111, 112 is substituted for Physics 204 in the second year.

3rd year — Chemistry 309, 310. The following are recommended for selection as electives, Chemistry 306, 314, 321, 405, 413.

III. Concentration in Chemistry for Allied Fields of Science
This program is suggested for students wishing a sound preparation in Chemistry to be combined with further study in areas such as Pharmacology, Clinical Chemistry, Physical Therapy, and Environmental Science, or students wishing to combine a Chemistry background with a concentration in Economics, Business Administration, Biology or Psychology.

1st and 2nd year identical with Program I except Biology 111, 112 is substituted for Chemistry 203 and Physics 204 and Mathematics 215 (Statistics) is substituted for Mathematics 231 (Intermediate Calculus).

3rd year — Chemistry 203, 316, and selected courses fulfilling graduation requirements.

4th year — Chemistry 321, 314; Electives consistent with objectives.

IV. Teaching
This program (major in Science, concentration in Chemistry) is designed for prospective secondary school teachers whose principal interest is Chemistry. The following courses are prescribed by the Department of Chemistry: Chemistry 111, 112, 203, 207, 208; Chemistry electives 6 credits; Biology 101, 102; Physics 111, 112, 211, 212, 204; Mathematics 111, 112. A student presenting six credits in general chemistry may satisfy the prerequisite for an advanced course by passing a written examination set by the faculty of the Department.

010—101. GENERAL CHEMISTRY MRS. SHAW
A development of the facts, theories, and methods of chemistry as applied to solids, liquids, gases and solutions. Related laboratory work is given. Chemistry 101 does not satisfy the prerequisite requirements for advanced chemistry courses. Limitations in space or laboratory facilities preclude the enrollment of more than 20 students. Two hours of lecture and three hours of laboratory per week. Three semester hours.
010—102. **GENERAL CHEMISTRY**  
MRS. SHAW  
A continuation of Chemistry 101. Prerequisite, Chemistry 101. A study of the properties and reactions of the elements. A study of descriptive inorganic and organic chemistry based on the principles of equilibrium and structure. Chemistry 102 does not satisfy the prerequisite for advanced chemistry courses. Limitations in space or laboratory facilities preclude the enrollment of more than 20 students. Two hours of lecture and three hours of laboratory per week. *Three semester hours.* Courses 010-101 and 010-102 of General Chemistry are not open to Chemistry majors but may be taken by other students who satisfy college graduation requirements.

010—111. **GENERAL COLLEGE CHEMISTRY**  
DR. STAIGER, MRS. SHAW  
A study of the basic theories and laws of chemistry, concerning the common elements of the periodic system, their structures, interactions and energy relationships. This course is accompanied by work in the mathematical solution of chemical problems and is the prerequisite to advanced chemistry courses. Three hours of lecture and three hours of laboratory per week. *Four semester hours.* Chemistry 111, 112 are coordinated with Mathematics 111, 112 and Physics 111, 112 in such a way as to demonstrate their relationships and interdependence.

010—112. **GENERAL COLLEGE CHEMISTRY**  
DR. STAIGER, MRS. SHAW  
A continuation of Course 010-111. Prerequisite course 010-111. A study of the oxidation states of the common elements, chemical equilibrium, solubility product and pH. The laboratory experimentation deals with the qualitative separation and characterization of the common cations and anions. Three hours of lecture and three hours of laboratory per week. *Four semester hours.*

010—203. **QUANTITATIVE ANALYSIS**  
MISS BARTH  
A study of commonly used methods of gravimetric and volumetric analysis. Emphasis is placed on the theory of equilibrium. Prerequisites, Chemistry 111, 112; Mathematics 111, 112 and Physics, 111, 112, previously or concurrently. Three hours lecture and three hours of laboratory per week. *Four semester hours.*

010—207. **ORGANIC CHEMISTRY**  
DR. HESS  
The study of the properties, synthesis, and the structure of the most important classes of the carbon compounds. Prerequisites, Chemistry 111, 112; Mathematics 111, 112 and Physics, 111, 112, previously or concurrently. Three hours of lecture and three hours of laboratory per week. *Four semester hours.*

010—208. **ORGANIC CHEMISTRY**  
DR. HESS, DR. STAIGER  
A continuation of Chemistry 207. Prerequisite, Chemistry 207. Three hours of lecture and three hours of laboratory per week. *Four semester hours.*

010—304. **INORGANIC CHEMISTRY**  
MISS BARTH  
Selected topics in the descriptive chemistry of the elements in terms of modern bonding theory. The laboratory work involves the application of special techniques to the synthesis of representative inorganic compounds. Three hours of lecture and three hours of laboratory per week. Prerequisite, Chemistry 309. *Four semester hours.*

010—306. **INSTRUMENTAL ANALYSIS**  
MISS BARTH  
A study of the theory and applications of modern instrumental analysis. Prerequisites, Chemistry 203 and 309. Three hours of lecture and three hours of laboratory. *Four semester hours.*
010—309. **PHYSICAL CHEMISTRY**  
DR. SCHULTZ  
The principles of thermodynamics and quantum chemistry are used in studying the states and structure of matter. Kinetics and mechanism, equilibrium, electrochemistry, surface chemistry, solutions, and phase rule are also studied. Related laboratory work is provided. Prerequisites, Chemistry 203 and Mathematics 231. Mathematics 232 is recommended. Three hours of lecture and three hours of laboratory work per week. *Four semester hours.*

010—310. **PHYSICAL CHEMISTRY**  
DR. SCHULTZ  
A continuation of Chemistry 309. Prerequisite, Chemistry 309. Three hours of lecture and three hours of laboratory work per week. *Four semester hours.*

010—311. **THE IDENTIFICATION OF ORGANIC COMPOUNDS**  
DR. STAIGER, DR. HESS  
The classification and identification of organic compounds based on physical and chemical properties; the chemical analysis of organic functional groups and the preparation of characteristic derivatives. Two hours of lecture and six hours of laboratory per week. Prerequisite, Chemistry 208. *Four semester hours.*

010—312. **ADVANCED ORGANIC CHEMISTRY**  
DR. HESS  
A study of the structures of organic molecules and their relation to the mechanism of organic reactions. Prerequisite, Chemistry 208 and permission of the instructor. Three hours of lecture per week. *Three semester hours.*

010—314. **BIOCHEMISTRY**  
DR. HESS  
The study of the properties, structure, synthesis, and metabolism of carbohydrates, proteins, lipids, and nucleic acids; biological oxidations; enzyme catalysis; the chemistry of selected physiological processes. Prerequisites, Chemistry 207, 208. Three hours of lecture; three hours of laboratory per week. *Four semester hours.*

**NOTE:** Limitations in space and laboratory facilities preclude the enrollment of more than 24 students.

010—316. **PHYSICAL CHEMISTRY FOR THE LIFE SCIENCES**  
DR. SCHULTZ  
A study of the fundamental laws of thermodynamics as applied to biological systems. The areas emphasized are macromolecular solutions, electro-chemistry, surface chemistry and enzyme kinetics. Prerequisite, Chemistry 208, Biology 112. Three hours of lecture and three hours of laboratory per week. *Four semester hours.*

010—321. **THE LITERATURE OF CHEMISTRY**  
MISS BARTH  
The use of books, journals, and reports in the field of Chemistry and the presentation of a seminar paper. This course is prerequisite to the Chemical Research courses. Two hours per week. *Two semester hours.*

010—330. **RESEARCH**  
STAFF  
Library and laboratory research with oral progress reports and a final thesis. Prerequisite 321 and written consent of a staff member who will serve as research advisor, presented at the time of preregistration. A student will normally register for two semesters sequentially of RESEARCH with a maximum of four semester hours credit being granted. Students who have been admitted to the course and who have fulfilled its requirements may be awarded Departmental Honors, but no additional semester hours of credit, if they have qualified in other ways for admission to the Honor program. *Two semester hours.*
COURSES OF INSTRUCTION

010—405. **ANALYTICAL CHEMISTRY**  
MISS BARTH  
An advanced course in quantitative analysis. Topics covered are non-aqueous and complexometric titrimetry, analytical separations, and quantitative organic analysis. Prerequisites, Chemistry 203 and 310. Two hours of lecture and three hours of laboratory per week. *Three semester hours.*

010—413. **POLYMER CHEMISTRY**  
DR. SCHULTZ  
A study of the synthesis, structure and properties of polymers. Topics include molecular weight determination and distribution, crystallinity, solution properties, and mechanical behavior. Prerequisite, Chemistry 208. Two hours of lecture and three hours of laboratory per week. *Three semester hours.*

010—431. **RESEARCH**  
STAFF  
Prerequisite, Chemistry 330. *Two semester hours.*

010—432. **RESEARCH**  
STAFF  
Prerequisite, Chemistry 431. *Two semester hours.*

CLASSICAL STUDIES

**ASSISTANT PROFESSOR WICKERSHAM**

Courses in the Department of Classical Studies are intended to develop reading ability in ancient Greek and Latin, and to introduce the student to the major forms of ancient literary expression; they enhance general linguistic facility and give the student direct access to the original documents of Western civilization.

Majors must take at least 12 semester hours of Greek, and 12 semester hours of Latin above Latin 102. Latin 301 is required. Majors must also include among their electives History 101, 102 and elect at least 9 semester hours from the following major-related courses: English 321 (Classics in Translation), 214 (Linguistics); Anthropology 101, 102 (Introduction to Social and Physical Anthropology); History 319 (Ancient Near East & Greece), 320 (Rome), 321 (Byzantium), 327, 238 (History of Art); Philosophy 101, 102 (History of Philosophy), 103 (General Problems of Philosophy), 105, 106 (Logic), 108 (Aesthetics); World Literature 101, 102 (Western Literature). Other courses not mentioned may be counted as major-related with the approval of the Department.

Those intending to teach Greek or Latin in the public schools are urged to acquire State certification through the Department of Education.

**016—GREEK**

016—101. **ELEMENTARY GREEK**  
DR. WICKERSHAM  
Thorough study of ancient Greek grammar and syntax. Practice in reading and composition. Emphasis on development of reading ability. Forms a unit with Greek 102. Three hours per week. *Three semester hours.*

016—102. **ELEMENTARY GREEK**  
DR. WICKERSHAM  
Continuation of Greek 101. Study of grammar completed and replaced by reading of a whole work, such as a play of Euripides, Xenophon's *Anabasis I*, or a book of the New Testament. Three hours per week. *Three semester hours.*
016—203. ATTIC PROSE DR. WICKERSHAM
Plato's Apology and other texts concerning Socrates. Prerequisites: Greek 102 or equivalent. Three hours per week. Three semester hours.

016—204. THE EPIC DR. WICKERSHAM
Large excerpts from the Iliad or Odyssey. Study of Homer's poetry and thought. Introduction to history of the Greek language, with special attention to phonology. Foundations of Western literature. Prerequisites: Greek 203 or equivalent. Three hours per week. Three semester hours.

The following advanced courses will be given according to students' needs and interests; consult with the instructor concerning available offerings.

016—208. NEW TESTAMENT DR. WICKERSHAM
At least one book of this important record. Three hours per week. Three semester hours.

016—301. DRAMA DR. WICKERSHAM
Reading and study of Sophocles' Oedipus the King, plus one other tragedy by Sophocles, Aeschylus, or Euripides, or a comedy by Aristophanes or Menander. Three hours per week. Three semester hours.

016—302. HISTORICAL WRITERS DR. WICKERSHAM
Large excerpts from Herodotus' Persian Wars, Thucydides' Peloponnesian War, or Xenophon's Greek History. Three hours per week. Three semester hours.

016—401. SEMINAR DR. WICKERSHAM
Seminars of varying content, concentrating on a topic, author, or genre. Three hours per week. Three semester hours.

016—402. SEMINAR DR. WICKERSHAM
Seminars of varying content, concentration on a topic, author, or genre. Three hours per week. Three semester hours.

017—LATIN

017—101. ELEMENTARY LATIN DR. WICKERSHAM
Instant production of reading ability, with ever-growing development of vocabulary and style. Forms unit with Latin 102. Three hours per week. Three semester hours.

017—102. ELEMENTARY LATIN DR. WICKERSHAM
Continuation of Latin 101. All aspects of classical Latin are covered; readings depict wide variety of Roman life. Three hours per week. Three semester hours.

017—203. INTERMEDIATE LATIN DR. WICKERSHAM
Review of elementary Latin. Carefully programmed readings cover topography of Rome, and early Roman legends and history down through the first Punic War. Three hours per week. Three semester hours.

017—204. INTERMEDIATE LATIN DR. WICKERSHAM
Continues Latin 203. Practice and review, and transition to readings from original sources taking Roman history through the growth of the empire. Three hours per week. Three semester hours.
The sequence Latin 101–204 is recommended for fulfilling the foreign language requirement.

The following advanced courses will be offered as suits the needs and interests of students; consult with the instructor concerning available offerings.

017-301. **THE LATIN LANGUAGE**  
DR. WICKERSHAM  
Detailed study of Latin vocabulary, morphology and syntax. Introduction to comparative linguistics. Survey of documents and literature from the origins to the present. Required for Classical Studies majors. Prerequisite, Latin 204, equivalent, or permission. Three hours per week. Three semester hours.

017-302. **INTRODUCTION TO LATIN POETRY**  
DR. WICKERSHAM  
Poems of Catullus, Ovid, Tibullus, Propertius. Stress on developing sensitivity and canons of appreciation. Three hours per week. Three semester hours.

017-303. **HISTORICAL WRITERS**  
DR. WICKERSHAM  
Caesar, Suetonius, or Tacitus. Three hours per week. Three semester hours.

017-304. **THE ROMAN REVOLUTION**  
DR. WICKERSHAM  
Speeches and letters of Cicero, and other contemporary documents. Three hours per week. Three semester hours.

017-305. **VERGIL'S AENEID**  
DR. WICKERSHAM  
Paganism transcended. Three hours per week. Three semester hours.

017-401. **SEMINAR**  
DR. WICKERSHAM  
Seminars of changing content, for study of special topics, authors, genres. Three hours per week. Three semester hours.

017-402. **SEMINAR**  
DR. WICKERSHAM  
Seminars of changing content, for study of special topics, authors, genres. Three hours per week. Three semester hours.

077—**COMMUNICATION ARTS**  
DR. HENRY

077-201. **PUBLIC SPEAKING**  
DR. HENRY  
The composition and presentation of speeches that inform, teach and persuade, with group analysis and criticism. Three hours per week. Three semester hours. Enrollment limited to twenty students per section.

077-202. **TELEVISION PRODUCTION**  
DR. HENRY  
An introduction to television techniques and organization, with student participation in the production of newscast, panel discussions, and interview programs. Three hours per week. Prerequisite, Communication Arts 201. Three semester hours. Enrollment limited to twenty students per section.
077—301. **DRAMATIC ARTS WORKSHOP**  
DR. HENRY  
An introduction to the elements of theatrical production, with an emphasis upon acting techniques. Students will participate in acting exercises, improvisation and scene study, and will gain practical experience in campus productions. Prerequisite, Communication Arts 201 and 202 or consent of instructor. Three hours per week. Two semester hours.  
Communication Arts 301 alternates with English 335.

077—302. **DRAMATIC ARTS WORKSHOP**  
DR. HENRY  
A continuation of Course 301 with a greater emphasis upon directing techniques and the problems of artistic management. Prerequisite, Communication Arts 301. Three hours per week. Two semester hours.  
Communication Arts 302 alternates with English 336.

077—401, 402. **PROJECTS IN THEATRE ARTS**  
DR. HENRY  
Advanced individual work on special projects related to the theatre, such as the preparation and execution of a major role, or the direction of a major production. A project proposal and written consent of the instructor who will serve as adviser are required prior to registration. Prerequisites: Communication Arts 201, 202; courses 301 and 302 are recommended. Two semester hours.

077—401A, 402A. **RESEARCH PAPER IN THEATRE ARTS**  
DR. HENRY  
Can only be elected in combination with 077—401 and 402. Permission of instructor required. One semester hour.

077—411, 412. **PROJECTS IN TELEVISION PRODUCTION**  
DR. HENRY  
Advanced independent works in television production, such as planning, writing, directing and taping of a weekly campus production. A project proposal and written consent of the instructor who will serve as adviser are required prior to registration. Prerequisites: Communication Arts 201, 202. Two semester hours.

**018—COMPUTER SCIENCE**

**ASSOCIATE PROFESSOR JESSUP**  
**ASSISTANT PROFESSOR HAGELGANS**

018—102. **INTRODUCTION TO COMPUTER SCIENCE**  
DR. JESSUP  
The aim of this course is to teach the student how to use the computer as a problem-solving tool. The emphasis will be on problems which occur in the social sciences and humanities. Instruction in BASIC will be given with heavy emphasis on data and string manipulation. (This course replaces 018—101.) Three hours per week. Three semester hours.  
Computer Science 102 is offered in both fall and spring semesters.

018—111. **COMPUTER PROGRAMMING I**  
DR. HAGELGANS  
The aim of this course is to teach computer programming as a problem-solving tool. The language of instruction will be BASIC. Numerical and non-numerical problems from the sciences and social sciences will be considered. Although the emphasis will be on numerical techniques, other topics such as strings, arrays, subroutines and data manipulation will be covered in detail. Students may not receive credit for both 018—102 and 018—111. Prerequisite, Mathematics 102 or equivalent. Three hours per week. Three semester hours.
COURSES OF INSTRUCTION

018—112. **COMPUTER PROGRAMMING II**

Computer programming on an intermediate level and a study of a second higher level language such as FORTRAN. The emphasis will be on the computer as a problem-solving tool. Topics such as linked linear lists, data bases, structured programming, recursions, compilers and system design may be introduced. Prerequisite 018—101 or 018—111 or equivalent experience. Three hours per week. **Three semester hours.**

018—211. **SEMINAR IN COMPUTING**

A detailed study of some advanced topics in computer science such as file and data base management, operating systems, compiler design, data structures and algorithms, computer organization. Prerequisite, 018—112 or permission of the instructor. Three hours per week. **Three semester hours.**

018—212. **SEMINAR IN COMPUTING II**

A spring semester seminar which will cover topics similar to those listed in 018—211. Prerequisites, 018—112 or permission of the instructor. Three hours per week. **Three semester hours.**

020—**ECONOMICS AND BUSINESS ADMINISTRATION**

**ASSOCIATE PROFESSOR PILGRIM**

**ASSOCIATE PROFESSOR SYMONS**

**ASSISTANT PROFESSOR MEYER**

**MRS. HUBER**

**DR. MARTIN**

**MR. KELLER**

**MR. MCCARTHY**

**MR. FULTON**

The work in the Economics and Business Administration Department is designed to give (1) a knowledge of the structure and functioning of our economy for effective citizenship; (2) a knowledge of the philosophy and methods of economics as a policy science; (3) a suitable background in economics for those who wish to enter accounting, business law, government, or graduate school.

All students majoring in the department must take a minimum of thirty semester hours of work in the department including Economics and Business Administration 101, 102, 325, 326, and 435. In addition, they must take Mathematics 101, 102, 215, and one pivotal series other than Economics and Business Administration 101, 102 from the Social Science Division. Mathematics 111 may be substituted for Mathematics 101, 102 upon the basis of adequate previous preparation.

Selection of electives will depend on the student's vocational objective. Recommended electives for different objectives are as follows:

I. **Economics Emphasis**

This program is recommended for students planning to pursue graduate study in economics or who are interested in economics as a social science. Electives should be chosen from Economics and Business Administration 311, 321, 328, 434, 435, and 436. An introductory course in computer science is also recommended. Students planning on graduate study should also take at least one year of calculus.

II. **Business Administration Emphasis**

This emphasis is recommended for students preparing for a career in business. It is also recommended for students planning to attend graduate school in management. Electives should be chosen from Economics and Business Administration 111,
112, 215, 306, 307, 313, 315, 316, 318, and 436. It is also recommended that students take an introductory course in computer science and the year-long course in intermediate accounting offered in the Ursinus Evening School. Students planning on graduate school in management should complete Economics and Business Administration 315 and at least one semester of calculus.

III. Accounting Emphasis
This program is designed for students interested in entering the field of Accounting and seeking the CPA designation. In addition to the thirty semester hours of economics (including Accounting Principles), students should elect a minimum of eighteen additional semester hours of Accounting courses offered in the Ursinus Evening School. Although these courses do not count toward the Economics and Business Administration major, they do receive credit toward graduation.

IV. Secondary School Teaching Certification
This program satisfies the Pennsylvania state requirements for secondary school certification in social science — economics emphasis. The required courses in Economics and Business Administration are 101, 102, 325, 326, and 435. Electives should be selected from Economics and Business Administration 215, 306, 307, 313, 316, 318, 328, and 434.

020—101. ECONOMIC PRINCIPLES—MACROECONOMICS
STAFF
Basic economic concepts, national income and its fluctuations, the money and banking system, and the role of government. Three hours per week. Three semester hours.

020—102. ECONOMIC PRINCIPLES-MICROECONOMICS
STAFF
Price theory, income distribution, international trade, and current economic problems. Three hours per week. Three semester hours.

020—111. ACCOUNTING PRINCIPLES
MRS. HUBER
Introduction to principles and procedures underlying the periodic determination of income and financial positions; emphasis is directed toward the interrelationship between statements and their use in decision making. Three hours per week. Three semester hours.

020—112. ACCOUNTING PRINCIPLES
MRS. HUBER
Partnership, corporate, manufacturing cost, and departmental accounting. Analysis of financial statements and the impact of accounting methods and policies on financial reports. Prerequisite, Economics and Business Administration 111. Three hours per week. Three semester hours.

020—201. INTERMEDIATE ACCOUNTING
STAFF
A study of advanced accounting principles and their applications to the construction and analysis of corporate financial statements, together with the basics of the financial mathematics involved. The course includes problems dealing with the presentation in financial statements of corporate financial position, changes in financial position and operating results. Special attention is given to the FASB's current developments. Prerequisite, EcBA 112. Three hours per week. Three semester hours.

020—202. INTERMEDIATE ACCOUNTING
STAFF
A continuation of EcBA 201. Prerequisite, EcBA 201. Three hours per week. Three semester hours.
NOTE: These courses will not be counted toward the 30 semester hours required for a major in Economics and Business Administration.

020-215. BUSINESS LAW
MR. McCARTHY
The fundamental procedures governing contracts. Lectures, and study of cases and problems. Three hours per week. 

020-306. CORPORATION FINANCE
MR. SYMONS
MR. FULTON
Basic principles underlying the financing of the corporate structure. Short and long-term financing instruments. Expansion, failure, and reorganization of the corporation. Prerequisite, Economics and Business Administration 101. Three hours per week. 

020-307. MARKETING
MR. FULTON
Basic principles and practices involved in the physical distribution of goods and services between producers and consumers. Methods used to create place, time, and possession utility. Three hours per week. 

020-311. URBAN ECONOMICS
STAFF
Application of the analytical techniques of economic theory to cities and to particular urban problems (housing, crime, pollution, migration, transportation, urban finance, and land use). Prerequisites: Economics and Business Administration 101, 102; Mathematics 215 or equivalent. Three hours per week. 

020-313. PUBLIC FINANCE AND TAXATION
MR. SYMONS

020-315. QUANTITATIVE METHODS FOR BUSINESS
DR. PILGRIM
An introductory course in operations research. Topics include linear programming, decision theory, PERT/CPM analysis, and simulation methods. Emphasis on problem-solving and case studies. Prerequisite Mathematics 215 or equivalent. Three hours per week. 

020-316. MONEY AND BANKING
MR. SYMONS
Monetary theory and practice with reference to commercial banking in the United States. Governmental monetary and fiscal policies. International balance of payments. Prerequisites, Economics and Business Administration 101, 102. Three hours per week. 

020-318. ECONOMICS OF MANAGEMENT AND LABOR
MR. MEYER
MR. FULTON
Theory and practice in the organization and management of the firm for effective use of capital and labor. Three hours per week. 

020-321. HISTORY OF ECONOMIC THOUGHT
MR. MEYER
An examination of the development of systematic economic thought from ancient to modern times. Ideas are considered in the light of their initial and continuing relevance. Three hours per week.
020-325. MICRO-ECONOMICS
Advanced study of price theory and income distribution. Prerequisite, Economics and Business Administration 101, 102. Three hours per week. Three semester hours.

020-326. MACRO-ECONOMICS
Development of alternative theoretical models of output, employment, and price level determination and the impact of governmental stabilization policies. Prerequisite, Economics and Business Administration 101, 102. Three hours per week. Three semester hours.

020-328. COMPARATIVE ECONOMIC SYSTEMS
Analysis of National economic systems in theory and practice. The development of economic policy and problems is discussed and compared. Two year cycle of topics; each topic may be elected for credit. Prerequisite, Economics and Business Administration 101, 102.

*020-328a. ECONOMIC SYSTEMS IN DEVELOPED COUNTRIES
Three hours per week. Three semester hours.

020-328b. ECONOMIC SYSTEMS IN UNDERDEVELOPED COUNTRIES
Three hours per week. Three semester hours.

020-434. ECONOMIC DEVELOPMENT
Examination of the theories of economic growth, and of the social, economic and political factors that seem to affect the rate of growth. Two year cycle of topics; each topic may be elected for credit. Prerequisite, Economics and Business Administration 101, 102.

*020-434a. PROCESS AND PROBLEMS OF DEVELOPMENT IN THE MODERN WORLD
Three hours per week. Three semester hours.

020-434b. PROCESS AND PROBLEMS OF ECONOMIC DEVELOPMENT IN EUROPE AND THE U.S.
Three hours per week. Three semester hours.

020-435. SEMINAR IN CURRENT ECONOMICS PROBLEMS
Review of contemporary economic problems in a setting of policy actions and theoretical analysis. Preparation and discussion of research papers. Open to senior economics majors or to others with permission of instructor. Three hours per week. Three semester hours.

020-436. ECONOMETRICS
Topics include simple and multiple regression analysis, forecasting, time series analysis, and the construction of economic models. Development and presentation of research papers. Prerequisites, Mathematics 101, 102, 215 or their equivalent. Three hours per week. Three semester hours.

* This course is not offered in 1979-1980.
The Department of Education aims (1) to increase the students' awareness of the function of the school in modern society; (2) to understand forces which cause change in society and to develop a philosophy of education which will be suitable to these changes; (3) to increase the students' understanding of the nature of growth and the development of individuals; (4) to acquaint the students with modern theories of learning; (5) to provide opportunities for future teachers to become acquainted with acceptable practices in the schools; (6) to develop the skills necessary for beginning teachers. The preparation of teachers is a function of the college as a whole.

The Department of Education provides the professional courses required for certification of secondary school teachers in Pennsylvania, New Jersey, Delaware and Maryland. In Pennsylvania approval for certification has been granted in nearly all the subject areas of the curriculum. Copies of these approved programs are in the hands of the department advisers and should be referred to when planning your yearly registration. Students preparing for requirements of other states should consult the Chairman of the Department for information concerning specific requirements of those states. Students preparing for teaching must complete Psychology 101 prior to taking courses in Education. As a prerequisite to student teaching, second-year students are required to observe classes in secondary schools for ten hours, and third-year students in areas other than Physical Education are required to observe classes in secondary schools for twenty hours. For Physical Education majors, at least eight hours of the third-year observation should be in elementary schools.

The remainder of the twenty hours for Physical Education majors will be in secondary schools. Information regarding this observation can be obtained in the office of the Department of Education.

Those students who elect student teaching in the fall semester of the senior year have a full semester of professional courses. The following courses will be given in that semester: Education 441, 443, 405, 444.

The following program of studies is required by all students seeking certification in secondary school teaching:

Second year, 2nd semester, Education 202; Third year, Education 223, 224; Fourth year, 1st semester, Education 441; Education 443; Education 405; Education 444. Education 443 will be satisfied for students who major in Health and Physical Education upon the successful completion of Physical Education 355 and 356.

025—202. INTRODUCTION TO SECONDARY SCHOOL TEACHING

An introductory course for those who plan to enter teaching. It deals with the organization, personnel, agencies and characteristics of the American school system, and sketches briefly the characteristics of teaching as a profession and the details of the teacher's responsibility in the classroom and in the school. Open only to sophomores and juniors, not to seniors. Three hours per week. Three semester hours.
025—223. **EDUCATIONAL PSYCHOLOGY — LEARNING**

DR. FAGO, DR. LODGE

Contemporary learning theory for teachers. The course takes an information-processing approach to cognition, and includes such topics as concept formation, problem solving, memory, and attention. Educational applications will be stressed. (The same course as 223 under Psychology.) Prerequisite 101 or 102. Three hours per week. *Three semester hours.*

025—224. **EDUCATIONAL PSYCHOLOGY — GROWTH AND DEVELOPMENT**

DR. FLETCHER, DR. FAGO

The nature and development of the psychological processes from the prenatal period through adolescence. (The same course as 224 under Psychology.) Prerequisite, Psychology 101 or 102. Three hours per week. *Three semester hours.*

025—405. **STUDENT TEACHING AND PRACTICUM**

DR. COGGER, DR. DUNGAN, MR. KRUG

A laboratory course consisting of observation and student teaching. Supervision is provided by the Department of Education in cooperation with cooperating teachers from the selected schools. Where possible, supervision will also be provided by members of the college faculty whose interests are those of the subjects which the students teach. Conferences and critiques are held between the college supervisors and student teachers. A practicum is held bi-weekly while the student teaching program is in progress, dealing with the analysis of classroom instructional practice and the responsibilities of a beginning teacher. This course is open only to fourth-year students who meet personality and academic requirements. A student who has not acquired an accumulative average of at least 70 by the end of the first term of his junior year will not normally be approved for student teaching. Fall semester. Prerequisites, Education 202, 223, 224, 441, 443. *Ten semester hours* for Health and Physical Education majors. *Nine semester hours* for all others.

025—409. **EDUCATIONAL AND PSYCHOLOGICAL TESTS AND MEASUREMENTS**

DR. FLETCHER

An introductory survey of the field of measurement in psychology and education; main features of the technique of testing and test construction; types of tests and scales; evaluation; interpretation; use. (The same course as 409 under Psychology.) Prerequisites, Psychology 101, 210. Two hours of lecture. Two hours of laboratory per week. *Three semester hours.*

025—434. **SEMINAR IN SECONDARY EDUCATION**

STAFF

A study of selected topics, drawn from curriculum, which are relevant to secondary education. Two hours per week. *Two semester hours.*

025—441. **ORIENTATION TO EDUCATIONAL PRACTICE AND METHODOLOGY**

DR. COGGER, DR. DUNGAN

Principles of secondary school teaching; general methods of instruction; problems of the beginning teacher; inter-group sensitivity; the teaching of reading in the content areas; instruction and practice in the utilization of audiovisual methods and materials. Two hours per week. *Two semester hours.*
025—443. **SPECIAL METHODS OF TEACHING IN THE SECONDARY SCHOOL**

Instruction in the techniques appropriate to the teaching of secondary school subjects; units on reading where appropriate. Sections will be formed in the following areas and noted with the designated suffixes on the college records.

- (C)—Classical Studies
- (E)—English
- (G)—Germanic Languages
- (M)—Mathematics
- (R)—Romance Languages
- (S)—Science
- (X)—Social Science

Prerequisite, Education 441. One hour per week. One semester hour.

025—444. **FOUNDATIONS OF EDUCATION**

A study of the philosophical and historical foundations of education and the problems of contemporary education, emphasizing the potential implications not only for the secondary school teacher, but for society in general. A requirement for those preparing to teach, it attempts to synthesize all their preliminary study and practice in their teacher education. It can be a valuable liberalizing course for those who do not prepare for teaching. Three hours per week. Three semester hours.

025—446. **ISSUES AND TRENDS IN CONTEMPORARY EDUCATION**

A study of major educational problems and trends, including teaching of values, humanism in education, open education and alternative programs, equalizing educational opportunity, accountability, and relevance in education. Societal factors and values related to these problems will be stressed. Three hours per week. Three semester hours.

**ENGLISH**

**PROFESSOR STOREY**

**PROFESSOR BOZORTH**

**ASSOCIATE PROFESSOR DOLMAN**

**ASSOCIATE PROFESSOR JONES**

**ASSOCIATE PROFESSOR BYERLY**

**ASSOCIATE PROFESSOR DeCATUR**

**ASSISTANT PROFESSOR HENRY**

**ASSISTANT PROFESSOR PERRE TEN**

**ASSISTANT PROFESSOR RICHTER**

**ASSISTANT PROFESSOR WICKERSHAM**

**MRS. EDWARDS**

Majors must take at least thirty semester hours in English beyond Composition 101, 102. To complete departmental requirements, in their senior year majors must pass a comprehensive examination in English and American Literature. Most students majoring in English will be strongly urged to take the following courses: History 101, 102; History 309, 310 or 311, 312; Literature 203, 204; and Literature 219, 220. Students preparing for graduate study in English should elect French and German as their modern languages. Study in classical languages is also recommended for such students as is Literature 213. Required of students who want to be certified to teach English are Literature 214 and Speech 201.

Students will be guided in selecting courses that will help prepare them for the comprehensive examination as well as for their careers.

031—Composition

031—101. **FIRST-YEAR COMPOSITION**

Practice in the writing of exposition; readings in narrative and expository prose. Three hours per week. Three semester hours.
031—102. **FIRST-YEAR COMPOSITION**

Continuation of Composition 101; readings in poetry and drama. Prerequisite, Composition 101. Three hours per week. *Three semester hours.*

031—205. **ADVANCED COMPOSITION**

Discussion of and practice in current types of *fictional* writing, with emphasis on the short story. Prerequisite, Composition 101, 102. Two hours per week. *Two semester hours.*

031—206. **ADVANCED COMPOSITION**

Discussion of and practice in *non-fictional* writing with an introduction to basic forms of journalism. Prerequisite, Composition, 101, 102. Two hours per week. *Two semester hours.*

031—308. **ADVANCED COMPOSITION**

A conference course in creative writing offering the student opportunity to practice his favorite type of composition. Enrollment is limited to twelve qualified students by arrangement with the instructor. Prerequisite, Composition 101, 102. Individually scheduled. *Two semester hours.*

Composition 308 is offered in both the fall and the spring semesters.

032—Literature

032—203. **SURVEY OF ENGLISH LITERATURE**

The history of English Literature from its beginnings to the end of the neoclassical era. Special attention is given to the social background. Three hours per week. *Three semester hours.*

032—204. **SURVEY OF ENGLISH LITERATURE**

A continuation of course 203 to the present. Three hours per week. *Three semester hours.*

032—209. **SHAKESPEARE**

The reading of Shakespeare’s principal plays and the study of their background. Three hours per week. *Three semester hours.*

032—210. **SHAKESPEARE**

Continuation of Literature 209. Literature 209 is not a prerequisite for Literature 210. Three hours per week. *Three semester hours.*

Literature 209 and 210 are elective for second-year, third-year and fourth-year students.

032—213. **HISTORY OF THE ENGLISH LANGUAGE**

A survey of the development of the English language from Old English to modern American and British English. Close analysis of samples of English in at least three stages of its history. Three hours per week. *Three semester hours.*

032—214. **LINGUISTICS AND MODERN GRAMMAR**

This course prepares future teachers to utilize a variety of current approaches to English grammar. Although transformational-generative theory is emphasized, traditional and structural grammars are also discussed. Three hours per week. *Three semester hours.*
032—219. **AMERICAN LITERATURE**
DR. BYERLY, DR. BOZORTH
A survey of American literature from its beginning to the Civil War. Three hours per week. Three semester hours.

032—220. **AMERICAN LITERATURE**
DR. BYERLY, DR. BOZORTH
American literature from the Civil War to the present. Prerequisite, Literature 219. Three hours per week. Three semester hours.
Literature 219 and 220 are elective for second-year, third-year and fourth-year students.

*032—305. **ENGLISH LITERATURE FROM 1660 TO 1740**
DR. PERRETTEN
The literature of the Restoration and the early decades of the eighteenth century. Three hours per week. Three semester hours.
Literature 305 is elective for third-year and fourth-year students.

*032—306. **ENGLISH LITERATURE FROM 1740 TO 1795**
DR. PERRETTEN
The literature of the neo-classical age and of pre-romanticism. Three hours per week. Three semester hours.
Literature 306 is elective for third-year and fourth-year students.

032—307. **ENGLISH POETRY, 1790-1824**
DR. PERRETTEN
A study of the English Romantic poets from 1790 to the death of Byron. Three hours per week. Three semester hours.
Literature 307 is elective for third-year and fourth-year students.

032—308. **ENGLISH POETRY, 1824-1890**
MR. JONES
A study of the poetry of Tennyson and his contemporaries. Three hours per week. Three semester hours.
Literature 308 is elective for third-year and fourth-year students.

032—315. **TWENTIETH CENTURY POETRY**
DR. BOZORTH
A study of modern poetry written in Britain and America. Three hours per week. Three semester hours.

*032—320. **CLASSICS IN TRANSLATION: COMEDY**
DR. WICKERSHAM
A thorough study of one area of ancient Greek or Roman thought, experience and literature. Three hours per week. Three semester hours.

*032—322. **CLASSICS IN TRANSLATION: EPIC**
DR. WICKERSHAM
Three hours per week. Three semester hours.

*032—324. **CLASSICS IN TRANSLATION: TRAGEDY**
DR. WICKERSHAM
Three hours per week. Three semester hours.

032—326. **CLASSICS IN TRANSLATION: MYTHOLOGY**
DR. WICKERSHAM
Three hours per week. Three semester hours.

*032—327. **CRITICAL THEORY AND PRACTICE**
DR. BYERLY
A survey of critical approaches to literature from Sir Philip Sidney's *The Defense of Poesy* to the present, emphasizing the practical application of critical principles in the student's own writing. Alternates with Literature 329. Three hours per week. Three semester hours.

* This course is not offered in 1979 - 1980.
032—329. CHAUCER
DR. BYERLY
A study of Chaucer's poetry in its historical context, including *Troilus and Criseyde*, *The Canterbury Tales*, and some of the short poems. Alternates with Literature 327. Three hours per week. *Three semester hours.*

032—330. ENGLISH NON-DRAMATIC LITERATURE, 1485-1660.
DR. DeCATUR
A study of the non-dramatic poetry and prose of the English Renaissance, with concentration upon the works of Malory, More, Sidney, Spenser, Browne, and the metaphysical poets. Prerequisite, Literature 203 or History 303, 304. Three hours per week. *Three semester hours.*

*Literature 330 alternates with Literature 331.*

032—331. ENGLISH DRAMA, BEGINNINGS TO 1642
DR. DeCATUR
A study of the development of English drama (excluding Shakespeare) through the Medieval and Renaissance periods up to the closing of the theaters. Prerequisites, Literature 203 and Literature 209 or 210. Three hours per week. *Three semester hours.*

*Literature 331 alternates with Literature 330.*

032—332. MILTON
DR. STOREY
The reading of Milton's poetry and most important prose works and the study of their background. Prerequisite, Literature 203 or History 303, 304. Three hours per week. *Three semester hours.*

032—334. THE NOVEL IN ENGLAND SINCE THE BEGINNING OF THE TWENTIETH CENTURY
DR. BOZORTH
A study of British fiction of the twentieth century. Three hours per week. *Three semester hours.*

*Literature 334 alternates with Literature 434.*

032—335. MODERN DRAMA
DR. HENRY
A reading and discussion course in significant European and American dramatists, from Ibsen to O'Neill, with emphasis on influences of earlier playwrights on modern writers. Prerequisite, English Composition 101. Three hours per week. *Three semester hours.*

032—336. CONTEMPORARY DRAMA
DR. HENRY
A reading and discussion course in significant contemporary European and American dramatists, since World War II. Prerequisite, English Composition 101. Three hours per week. *Three semester hours.*

*Literature 335 and 336 alternate with Communication Arts 301, 302.*

032—337. THE NOVEL IN ENGLAND AND AMERICA — THE BEGINNINGS TO 1820
MR. JONES
A study of the origins and development of the novel in England and America before Dickens and Cooper. Prerequisite, English Composition 101. Three hours per week. *Three semester hours.*

*Literature 337 alternates with Literature 339.*

*This course is not offered in 1979-1980.*
COURSES OF INSTRUCTION

*032—339. THE NOVEL IN ENGLAND AND AMERICA DURING THE VICTORIAN ERA

A study of the development of the novel in England and America from 1820 to 1900. Prerequisite, English Composition 101. Three hours per week. Three semester hours.

Literature 339 alternates with Literature 337.

032—434. THE NOVEL IN AMERICA SINCE THE BEGINNING OF THE TWENTIETH CENTURY

A study of American fiction of the twentieth century. Three hours per week. Three semester hours.

Literature 434 alternates with Literature 334.

032—440. SENIOR SEMINAR

A study of key works and major trends in English and American literature. Open only to senior English majors. Three hours per week. Three semester hours.

032—441. SEMINAR IN ADVANCED STUDIES IN LITERATURE

A study of genre. Prerequisite, junior or senior standing. Three hours per week. Three semester hours.

032—442. SEMINAR IN ADVANCED STUDIES IN LITERATURE

A study of a major author. Prerequisite, junior or senior standing. Three hours per week. Three semester hours.

080—FINE ARTS

MR. XARAS

080—201. APPRECIATION OF THE FINE ARTS

An integrated study of the visual, audio and performing arts. Three hours per week. Three semester hours. Enrollment limited to 60.

080—202. APPRECIATION OF THE FINE ARTS

A continuation of Fine Arts 201. Prerequisite, Fine Arts 201. Three hours per week. Three semester hours. Enrollment limited to 60.

080—303. PAINTING AND THE PLASTIC ARTS

Theory of painting and the plastic arts. Three hours per week. Three semester hours. Enrollment limited to 18 per section.

080—304. PAINTING AND THE PLASTIC ARTS

A continuation of Fine Arts 303. Prerequisite, Fine Arts 303. Three hours per week. Three semester hours. Enrollment limited to 18 per section.

See also History 327, 328.

034—GEOGRAPHY

034—102. GEOGRAPHY

Extensive study of the major regions of the world. The purpose is to analyze each from the standpoint of climate, natural resources, and economic problems, and to give the student a fairly detailed knowledge of the physical geography of the regions. Three hours per week. Three semester hours.

* This course is not offered in 1979-1980.

75
033—GEOLOGY
VISITING PROFESSOR BOGERT

The science of geology presents to the student the fundamental concepts of the earth and its relationship to the economic and cultural worlds of man.

033—101. PHYSICAL GEOLOGY
MR. BOGERT
The analysis of earth materials, structures, and processes that form the earth’s surface. Two hours of lecture and two hours of laboratory work per week. Three semester hours.

033—102. HISTORICAL GEOLOGY
MR. BOGERT
A systematic study of the earth’s historic events as recorded by geologic processes and organic evolution. Two hours of lecture and two hours of laboratory work per week. Three semester hours.

035—GERMAN

ASSISTANT PROFESSOR CLOUSER
ASSISTANT PROFESSOR LLOYD
VISITING PROFESSOR SPRINGER
DR. WARD

The goals of the Department of German are the development of linguistic skills in German and instruction in aesthetic and critical appreciation of German literature. Majors are required to take at least thirty semester hours in German beyond German 203-204, and twelve hours of study in another language. German 305, 306, 309, and 310 are required courses. At least eighteen semester hours must be taken on the 300-level (not including 312). In the senior year, majors must pass a comprehensive departmental examination. It is recommended that students preparing for graduate study in German elect French and/or Latin as supplemental languages, and the following complementary courses from other departments: History 101, 102, 203, 204, 219, 220, 327, 328; English 209, 210, 324, 326; Philosophy 101, 102.

035—101. ELEMENTARY GERMAN
STAFF
Introduction to grammar and practice in using the language. Three hours in class per week. One hour per week in the language laboratory. Three semester hours.

035—102. ELEMENTARY GERMAN
STAFF
Continuation of 101. Should not be taken separately. Three hours in class per week. One hour per week in the language laboratory. Three semester hours.

035—203. INTERMEDIATE GERMAN
STAFF
Grammar review, composition and conversation, and an introduction to the Germanic literary and cultural heritage. Prerequisite German 102 or equivalent. Three hours per week in class. One hour per week in the language laboratory. Three semester hours.

035—204. INTERMEDIATE GERMAN
STAFF
Continuation of 203. Prerequisite, German 203. Three hours in class per week. One hour per week in the language laboratory. Three semester hours.
035—305. SURVEY OF GERMAN LITERATURE: BEGINNINGS TO 1750  STAFF
Representative literature from the Old High German Period to the Age of Enlightenment. Prerequisite, 204 or equivalent. Three hours per week. Three semester hours.

035—306. SURVEY OF GERMAN LITERATURE: 1750 TO PRESENT  STAFF
Representative literature from the Age of Enlightenment to the Modern Period. Prerequisite, 204 or equivalent. Three hours per week. Three semester hours.

035—307. STUDIES IN GERMAN LITERATURE  DR. SPRINGER
A study of Wolfram von Eschenbach’s epic Parzival and Wagner’s opera. Prerequisite, 306 or equivalent. Three hours per week. Three semester hours.

035—308. STUDIES IN THE GERMANIC LANGUAGES  DR. SPRINGER
A study of a special topic, theme or writer. Prerequisite, 306 or equivalent. Three hours per week. Three semester hours.

035—309. CONVERSATION AND COMPOSITION  STAFF
Practice in oral elements of the language, written composition, and advanced grammar. Prerequisite, 204 or equivalent. Three hours per week. Three semester hours.

035—310. CONVERSATION AND COMPOSITION  STAFF
Continuation of 309. Prerequisite, German 309. Three hours per week. Three semester hours.

035—312. SCIENTIFIC GERMAN  STAFF
Reading of scientific texts and contemporary scientific literature (completion of grammar review for intermediate students). German 203—312 fulfills the language requirement for graduation for majors in physical and natural sciences. Prerequisite, 203 or equivalent. Three hours per week. Three semester hours.

*035—413. SEMINAR IN THE LITERATURE OF THE EIGHTEENTH CENTURY: GOETHE  DR. CLOUSER
A study of the poetic, dramatic and prose masterpieces of Goethe. Prerequisites, 305 and 306. Three hours per week. Three semester hours.

*035—414. SEMINAR IN THE LITERATURE OF THE EIGHTEENTH CENTURY: SCHILLER  DR. LLOYD
A study of the poetic, dramatic, and prose masterpieces of Schiller. Prerequisites, 305 and 306. Three hours per week. Three semester hours.

035—415. SEMINAR IN THE LITERATURE OF THE NINETEENTH CENTURY: FICTION  DR. CLOUSER
Authors studied include the Romantics, Kleist, Stifter, Heine, Keller, Meyer, and others. Prerequisites, 305 and 306. Three hours per week. Three semester hours.

035—416. SEMINAR IN THE LITERATURE OF THE NINETEENTH CENTURY: DRAMA  DR. LLOYD
Authors studied include Kleist, Grabbe, Ludwig, Büchner, Hebbel, and Grillparzer. Prerequisites, 305 and 306. Three hours per week. Three semester hours.

*035—419. SEMINAR IN GERMAN LITERATURE  STAFF
A comprehensive study of a genre, the works of a major writer, or of a literary movement or motif. Prerequisites, 305 and 306. Three hours per week. Three semester hours.

* This course is not offered in 1979 - 1980.

77
*035—420. SEMINAR IN THE LITERATURE OF THE TWENTIETH CENTURY

DR. LLOYD

This course will focus on the major dramatists of Naturalism, Impressionism, Neo-Romanticism, and Expressionism. Prerequisites, 305 and 306. Three hours per week.

Three semester hours

MISS CHLAD
MRS. POLEY

The Health and Physical Education Department serves dual functions: (1) to provide for all students a diversified Service Program of activities, and (2) to offer to those students interested in majoring in the field, a comprehensive Professional Program in Health and Physical Education leading to teaching certification in these areas.

Included in the Service Program are the required two-hour freshman classes in basic activities, the optional organized intramural programs for men and women, and the provision of recreational facilities for use of all students in their leisure time.

The Professional Program is a four-year course, offering, within the framework of a broad Liberal Arts education, the opportunity to receive specific training in the field of Health and Physical Education. Implicit in its objectives are the development of the total individual in knowledge, skills, habits and attitudes, the development of social and professional competencies, the growth of insight, independent thought, initiative and leadership, and the evolution of a dynamic ethical philosophy.

Students majoring in Health and Physical Education must take the following courses: Physical Education 131, 132 (m) or 132 (w), 243, 244, 351, 352, 354, 355, 356, 357, 358, 361, 462, 464; 101, 102, 203, 204, 305, 306, 408; Biology 101, 102, 317, 318; Psychology 101, 102. Students preparing for teaching also must take prescribed education courses.

Required Activities Courses

040—110. INTRODUCTION TO PHYSICAL EDUCATION

STAFF

This course is designed to acquaint the students with the concepts of total fitness, provide the opportunity for self testing, self evaluation, and the development of corrective programs. This course is required of all students except those majoring in physical education and should be completed in the first year. This course will be offered in both fall and spring semesters. Lecture-Laboratory. One-half semester hour.

In addition to 040—110, all students except those majoring in physical education will be required to elect a total of 1½ semester hours of activities from the following: Physical Education 100, 107, 109, 202, 207, 301, 302, 303, 304, 307, 309, 402.

* This course is not offered in 1979-1980.
The intent of these courses will be to develop basic skills, improve fitness, provide enjoyment and develop recreational and social competence through participation in life-time sports.

Professional Courses

Health and Physical Education

Professional courses offered by the Department of Health and Physical Education are designed for students majoring in Health and Physical Education. Students in other majors may elect such courses, but, except for H & PE 131, 132, 241, 242, 243, 351, 352, 361, 364, or 368, academic credit will be withheld until the student has completed the general college requirements, departmental requirements, and has earned a total of one hundred twenty semester hours credit. An exception will be made in the case of a student who wishes to have Health and Physical Education upon his teaching certificate in addition to another subject matter certification. In such a case, academic credit will be given within the one hundred twenty hour limit. Students should consult the Education Department to learn the exact certification requirements of a particular state.

040-131. PRINCIPLES AND HISTORY OF PHYSICAL EDUCATION  MR. DAVIDSON
An orientation course designed to give the student an understanding of the meaning, basic philosophies, principles, and problems of physical education; an analysis of its historical background from the era of primitive man to modern times. Three hours per week. Three semester hours.

040-132. PERSONAL AND COMMUNITY HEALTH  MISS BOYD, MR. KARAS
A study of factors affecting the physical, mental, and social well-being of the individual and of the community. Major emphasis is placed upon problems of personal health including disease prevention and the understanding of the functioning of the human body. Three hours per week. Three semester hours.

040-242. LEADERSHIP IN CAMP AND CLUB ACTIVITIES  MR. WHATLEY
Discussion of the principles, characteristics, and processes of leadership in light of their significance to directors of camp and club activities. Three hours per week. Three semester hours.

040-241. OUTDOOR EDUCATION  MR. CASH
The course is designed to provide the student with an insight into the history, philosophy and trends in outdoor education. Emphasis is placed on administrative processes and program development as they relate to the public and private sectors of the community. Three hours per week. Three semester hours.

040-243. FOUNDATIONS OF RECREATION  MR. CASH
A comprehensive analysis of the leisure-time problem. An examination of the nature, scope, needs and function of recreation programs, and of the social and economic forces affecting them. Three hours per week. Three semester hours.

040-244. PROBLEMS AND MATERIALS OF HEALTH AND SAFETY EDUCATION IN SCHOOL PROGRAMS  MISS BOYD
The scope, responsibility, and function of the health education program in the school with particular stress upon the phases of healthful school living, health service, and safety education. Resource materials are studied and compiled. Two hours per week. Two semester hours.
040—351. *KINESIOLOGY*  
Mr. Gurzyński  
An anatomical analysis of the mechanics of body movement and position. A study of the fundamental anatomical concepts in relation to the development of physical education skills. Prerequisite, Biology 317, 318. Two hours per week. Two semester hours.

040—352. *PHYSIOLOGY OF ACTIVITY*  
Mr. Gurzyński  
The physiological phenomena underlying physical activity. The anticipatory, immediate, and after effects of exercise on the different organs and the organism as a whole. Class discussion and laboratory demonstration. Prerequisite, Biology 317, 318. Two hours per week. Two semester hours.

040—355. *METHODS OF HEALTH INSTRUCTION.*  
Mr. Karas  
Analysis of the principles, materials, and methods involved in the teaching of health at different age levels. Lesson plans and units construction. Open only to physical education majors or students who have completed six hours in Education. Three hours per week. Two semester hours.

040—356. *PRINCIPLES AND METHODS OF TEACHING PHYSICAL EDUCATION*  
Mrs. Butler  
Principles, methods, and problems of teaching physical educational activities at the elementary and secondary school levels, lesson planning, unit and curriculum construction. Open only to physical education majors or students who have completed six hours in Education. Two hours per week. Two semester hours.

040—361. *TESTS AND MEASUREMENTS IN PHYSICAL EDUCATION*  
Mrs. Butler  
This course aims to familiarize the student with the nature, function and history of measurement in the field of physical education and to give him working knowledge and practical experience in the use of testing procedures. Three hours per week. Three semester hours.

040—362. *OFFICIATING*  
Staff  
The course in officiating is designed with particular reference to the needs of prospective coaches and officials. Emphasis will be placed on football (men), field hockey (women), basketball and volleyball (men and women). Three semester hours.

040—364. *OFFICIATING*  
Staff  
Continuation of 363. Emphasis will be placed on track & field (men), cross country (men), baseball (men), lacrosse (women), softball (women), swimming (men and women). Three semester hours.

040—365. *PHILOSOPHY AND PRINCIPLES OF COACHING*  
Staff  
This course is designed with reference to the needs of prospective coaches and will center on the principles and philosophies of coaches as well as the developing role of psychology in athletics. Three hours per week. Three semester hours.

040—368. *FIRST AID CARE AND PERSONAL SAFETY*  
Miss Chlad  
The course deals with the causes, preventive procedures and emergency treatment for all types of common injuries. Course work meets the requirements for the Red Cross Standard First Aid and C.P.R. certificates. Two hours per week. Two semester hours.
040-462. ADMINISTRATION OF HEALTH, PHYSICAL EDUCATION, AND RECREATION  
MR. DAVIDSON  
A study of the administrative problems in health education and physical education. Two hours per week. Two semester hours.

040-464. CORRECTIVE AND ADAPTIVE PHYSICAL EDUCATION  
MR. GURZYNSKI  
An analysis of conditions affecting the development of atypical children; methods for selecting and classifying such individuals, with particular attention to the adaptation of activities to meet their needs. Prerequisite, Biology 317, 318 or permission of instructor. Three hours per week. Three semester hours.

040-466. HEALTH AND PHYSICAL EDUCATION SEMINAR  
STAFF  
Consideration of current trends and emphasis in the fields of health, physical education and recreation. Lecture, discussion, papers, reports, and guest speakers. Limited to second semester seniors in physical education curriculum. Two hours per week. Two semester hours.

040-468. CARE AND PREVENTION OF ATHLETIC INJURIES  
MISS CHLAD  
Conditioning exercises, diet, and various therapeutic aids are studies. Laboratory practice includes bandaging, taping, massage, and the clinical use of Physical Therapy equipment. Lecture Lab. Four hours per week. Three semester hours.

Activities Courses

040—100. SOCIAL, FOLK AND SQUARE DANCING  
STAFF  
One-half semester hour.

040—103. SOCCER  
STAFF  
One-half semester hour.

040—104. VOLLEYBALL  
STAFF  
One-half semester hour.

040—105. WRESTLING  
STAFF  
One-half semester hour.

040—107. BADMINTON-SQUASH-RACQUETBALL  
STAFF  
One-half semester hour.

040—108. MISCELLANEOUS ACTIVITIES — SACKETBALL, WATER POLO, BOX LA CROSSE  
STAFF  
One-half semester hour.

040—109. JUDO—SELF DEFENSE AND TUMBLING  
STAFF  
One-half semester hour.

040—200. FIELD HOCKEY  
STAFF  
One-half semester hour.

040—201. MISCELLANEOUS ACTIVITIES — SPEEDBALL, TEAM HANDBALL, FOOTBALL VARIATIONS  
STAFF  
One-half semester hour.

040—202. MODERN DANCE  
STAFF  
One-half semester hour.
040-205. FOOTBALL
One-half semester hour.

040-206. BASEBALL
One-half semester hour.

040-207. BASIC SWIMMING
One-half semester hour.

040-208. SOFTBALL
One-half semester hour.

040-209. BASKETBALL
One-half semester hour.

040-210. TRACK AND FIELD
One-half semester hour.

040-300. GYMNASTICS
One semester hour.

040-301. GOLF
One-half semester hour.

040-302. LIFE SAVING
One-half semester hour.

040-303. ARCHERY AND BOWLING
One-half semester hour.

040-304. WATER SAFETY INSTRUCTOR (WSI)
One semester hour.

040-307. WEIGHT TRAINING AND CONDITIONING
One-half semester hour.

040-308. ELEMENTARY ACTIVITIES
One-half semester hour.

040-309. TENNIS
One-half semester hour.

040-401. SYNCHRONIZED SWIMMING
One-half semester hour.

040-402. SKIING AND WINTER SPORTS
One-half semester hour.
The objectives of the History Department are to provide an opportunity for students to understand the backgrounds of Western culture and their relationships to other cultures through a knowledge of pertinent historical material, and to become acquainted with the methods of historical research and analysis.

In addition to History 101, 102 students majoring in history must take Course 213, 214; six additional semester hours of European history; eleven semester hours in elective history courses, including one seminar; Economics 101, 102; Political Science 101, 102; Sociology 201; English Literature 203, 204 or 219, 220; and Psychology 101. To complete departmental requirements, majors must pass in their senior year a comprehensive examination in History.

For students who plan to prepare for secondary school teaching in the social studies field it is suggested that consideration be given to course 433—434 and to those other courses which include study of contributions of minority groups, specifically History 213—214; 307—308; and the seminars devoted to African or American topics.

045—101. EUROPEAN CIVILIZATION

An introductory history of ideas and institutions in European Civilization for the purpose of providing a general historical background for other courses and for an understanding of contemporary world affairs. Two lectures and one section meeting per week. Three semester hours.

045—102. EUROPEAN CIVILIZATION

Continuation of Course 101. Two lectures and one section meeting per week. Three semester hours.

045—213. THE UNITED STATES OF AMERICA

Political and cultural history from colonial status to World Power with special emphasis on Pennsylvania. This course is prescribed for all students majoring in history and for any others who are preparing to teach social studies. Three hours per week. Three semester hours.

045—214. THE UNITED STATES OF AMERICA

A continuation of Course 213. Prescribed for all students majoring in history and for any others preparing to teach social studies. Three hours per week. Three semester hours.

045—301. STUDIES IN MEDIEVAL HISTORY

An examination of the development of the institutions controlling medieval society, i.e. the Church and the nobility. Selected writings from ecclesiastical authors and secular poets and from German and French epics will be read in translation. Three hours per week. Three semester hours. (Alternates with 303 and 319.)
045—302. STUDIES IN MEDIEVAL HISTORY  
DR. VISSER  
An examination of the forces which changed medieval society; e.g. the rise of cities, the emergence of universities, and the monetization of the economy. Selected contemporary writings will be read in translation. Three hours per week. *Three semester hours.* (Alternates with 304 and 320.)

*045—303. STUDIES IN THE RENAISSANCE ERA  
DR. VISSER  
An examination of the cultural, economic, and social aspects of the Renaissance and their interdependence. Contemporary writings will be used in translation. Three hours per week. *Three semester hours.* (Alternates with 319 and 301.)

*045—304. SIXTEENTH CENTURY STUDIES  
DR. VISSER  
An examination of the revolution in Christianity and its impact on the social, economic, and political institutions of the age. Contemporary writings will be used in translation. Three hours per week. *Three semester hours.* (Alternates with 320 and 302.)

045—305. STATE AND SOCIETY IN EARLY MODERN EUROPE  
DR. DOUGHTY  
A study of the development of absolute monarchy and the modern state in their social, economic, and intellectual context. Three hours per week. *Three semester hours.*

045—306. THE AGE OF REVOLUTION  
DR. DOUGHTY  
A study of the "Dual Revolution"—Industrial and political—of the period 1780-1880 and its impact upon European society. Three hours per week. *Three semester hours.*

045—307. THE TWENTIETH CENTURY  
DR. VISSER  
A study of the impact of industrialization, neo-imperialism, and nationalism upon the European peoples and their overseas empires in the years leading up to and directly following the first World War. Not open to first-year students. Three hours per week. *Three semester hours.*

045—308. THE TWENTIETH CENTURY  
DR. VISSER  
A continuation of History 207 covering the events leading up to and following the second World War and the problems of contemporary world history. Not open to first-year students. Three hours per week. *Three semester hours.*

045—309. THE MAKING OF BRITAIN  
DR. DOUGHTY  
A survey of British history from the Anglo-Saxon period to 1688, with emphasis on political and constitutional developments. Three hours per week. *Three semester hours.* (Alternates with 311.)

045—310. BRITAIN AND THE BRITISH EMPIRE  
DR. DOUGHTY  
The history of Britain and the British Empire and Commonwealth from 1689 to the present, with emphasis on political and constitutional developments. Three hours per week. *Three semester hours.* (Alternates with 312.)

*045—311. PRE-INDUSTRIAL BRITAIN  
DR. DOUGHTY  
A study of selected topics in the social and economic history of the British Isles from the earliest Celtic settlements to the seventeenth century. Three hours per week. *Three semester hours.* (Alternates with 309.)

* This course is not offered in 1979-1980.
*045—312. BRITAIN: THE FIRST INDUSTRIAL NATION  DR. DOUGHTY
British social and economic history from the beginnings of the Industrial Revolution to the present, with emphasis on the social effects of Britain's rise and eventual decline as an industrial power. Three hours per week. Three semester hours. (Alternates with 310.)

*045—315. HISTORY OF UNITED STATES FOREIGN RELATIONS  DR. REED
A study of United States foreign relations from revolutionary era to the present. Three hours per week. Three semester hours. (Alternates with 337.)

045—317. LATIN AMERICA  DR. MILLER
Political and cultural backgrounds of South and Central American nations and their relation to the interests and policy of the United States. Three hours per week. Three semester hours. (Alternates with 323.)

045—318. LATIN AMERICA  DR. MILLER
A continuation of History 317. Three hours per week. Three semester hours. (Alternates with 324.)

*045—319. STUDIES IN ANCIENT HISTORY  DR. VISSER
An examination of the emergence of religious and intellectual concepts in the Ancient Near East, with an emphasis on their definition by the Hebrews. Contemporary writings will be used in translation. Three hours per week. Three semester hours. (Alternates with 301 and 303.)

*045—320. STUDIES IN ANCIENT HISTORY  DR. VISSER
An examination of the emergence of intellectual, legal, and social concepts, with emphasis on their formulation as the roots of Western Civilization. Contemporary writings will be read in translation. Three hours per week. Three semester hours. (Alternates with 302 and 304.)

*045—321. MIDDLE EAST  MR. DAVIS
A study of the Byzantine, Persian, and Moslem empires in the middle ages. Three hours per week. Three semester hours.

*045—322. MIDDLE EAST  MR. DAVIS
The Moslem World and the Middle East under the Ottoman Empire and in modern times. Three hours per week. Three semester hours.

*045—323. EAST, SOUTHEAST AND SOUTH ASIA  DR. MILLER
History of the Asiatic Mainland and the Pacific Islands. Three hours per week. Three semester hours. (Alternates with 317.)

*045—324. EAST, SOUTHEAST AND SOUTH ASIA  DR. MILLER
A continuation of History 323. Three hours per week. Three semester hours. (Alternates with 318.)

045—325. POLITICAL AND SOCIAL HISTORY OF RUSSIA  MR. DAVIS
An examination of the political, social, economic, and cultural conditions of the medieval and modern periods of Russian development through the imperial era to the end of the nineteenth century. Three hours per week. Three semester hours.

* This course is not offered in 1979-1980.
045—326. **POLITICAL AND SOCIAL HISTORY OF RUSSIA**  
MR. DAVIS  
An examination of the history of the Soviet Union, the sources of its institutions, and its role in the contemporary world. Three hours per week. *Three semester hours.*

045—327. **HISTORY OF ART**  
MR. XRAS  
An introduction to the history of architecture, sculpture and painting, both Occidental and Oriental, presented by means of illustrated lectures and museum trips. Prerequisite, History 101, 102 or Philosophy 101, 102 Three hours per week. *Three semester hours.*

045—328. **HISTORY OF ART**  
MR. XRAS  
A continuation of History 327. Prerequisite, History 327. Three hours per week. *Three semester hours.*

045—335. **ECONOMIC AND SOCIAL HISTORY OF THE UNITED STATES AND PENNSYLVANIA — COLONIAL AMERICA**  
DR. PARSONS  
Economic foundations and social change in the United States with intensive study of Pennsylvania. A two-year cycle of topics is offered: courses 335 and 336 alternate with courses 435 and 436. This course is not open to first-year students. Three hours per week. *Three semester hours.*

045—336. **ECONOMIC AND SOCIAL HISTORY OF THE UNITED STATES AND PENNSYLVANIA — CIVIL WAR**  
DR. PARSONS  
This course is not open to first-year students. Three hours per week. *Three semester hours.*

045—337. **THE EMERGENCE OF MODERN AMERICA**  
DR. REED  
An examination of social and economic change in the United States from the 1880’s to the 1920’s. Three hours per week. *Three semester hours.* (Alternates with 315.)

045—338. **RECENT UNITED STATES HISTORY**  
DR. REED  
An examination of social and economic change in the United States from the 1920’s to the contemporary era. Three hours per week. *Three semester hours.* (Alternates with 434.)

045—429. **SEMINAR IN THE HISTORY OF EUROPE, OR ASIA, OR AFRICA**  
STAFF  
Preparation and discussion of research papers. Open to third-year and fourth-year students with the permission of the instructor. Three hours per week. *Three semester hours.*  
The requirement of History 429 may be met by students who complete a special summer course of European travel and research conducted by a member of the Department of History of Ursinus College.

045—430. **SEMINAR IN THE HISTORY OF ASIA, OR AFRICA, OR EUROPE**  
STAFF  
Preparation and discussion of research papers. Open to third-year and fourth-year students with the permission of the instructor. Three hours per week. *Three semester hours.*
045—431. SEMINAR IN THE HISTORY OF AMERICA  
STAFF
Preparation and discussion of research papers. Open to third-year and fourth-year students with the permission of the instructor. Three hours per week. Three semester hours.

045—432. SEMINAR IN THE HISTORY OF AMERICA  
STAFF
Preparation and discussion of research papers. Open to third-year students with the permission of the instructor. Three hours per week. Three semester hours.

*045—433. MINORITIES IN AMERICA  
DR. PARSONS
A study of European and Asian minority groups in American history and society with particular attention to their problems of identity and adjustment, and their special contributions to American life. Three hours per week. Three semester hours.

*045—434. MINORITIES IN AMERICA  
DR. REED
A study of the Afro-American minority with particular attention to their problems of identity and adjustment, and their special contributions to American life. Three hours per week. Three semester hours. (Alternates with 338.)

*045—435. ECONOMIC AND SOCIAL HISTORY OF THE UNITED STATES AND PENNSYLVANIA — WESTWARD MOVEMENT  
DR. PARSONS
Economic foundations and social change in the United States with intensive study of Pennsylvania. A two-year cycle of topics is offered: courses 435 and 436 alternate with courses 335 and 336. This course is not open to first-year students. Three hours per week. Three semester hours.

050—MATHEMATICS
ASSOCIATE PROFESSOR JESSUP  
ASSISTANT PROFESSOR SHUCK
PROFESSOR SCHULTZ  
ASSISTANT PROFESSOR HAGELGANS
ASSOCIATE PROFESSOR BREMILLER  
MISS DILLMAN

The general aims of the Department of Mathematics are (1) to give the students a grasp of the ideas and methods of mathematics; (2) to develop an understanding and appreciation of mathematics as an abstract deductive system; (3) to give the students an appreciation of the historical importance of mathematics in the progress of civilization, both past and present; and (4) to provide the students with sufficient skills to enable them to apply their knowledge to related fields of study.

For mathematics majors, the Department aims to provide stimulation and preparation for (1) continued study at the graduate level; or (2) effective teaching in the secondary schools; or (3) employment in industrial research, statistics, computing, or actuarial positions. For other majors, it seeks to provide the mathematical competence required by the increasing quantitative emphasis in many of these disciplines.

A student majoring in Mathematics is required to take Physics 111 (Int.), 112 (Int.) and Mathematics 111 (Int.), 112 (Int.), 231, 233, 234 and fifteen additional hours of Mathematics selected from the courses whose numbers are above 231.

Certain particular courses are recommended but not specifically required. For those preparing to be teachers: Mathematics 335, 336, 337, 338, 341, 342. For those pre-

* This course is not offered in 1979-1980.

87

For those preparing for engineering jobs in industry and for work in the computing field: Mathematics 232, 335, 336, 339, 340, 341, 342.

050—101.  **FUNDAMENTALS OF MODERN MATHEMATICS**  
*STAFF*  
A treatment of the ideas that are especially pervasive in modern mathematics: sets, functions, operations, and relations; with emphasis on topics from algebra that are needed to pursue successfully courses in calculus with analytic geometry and statistics. Courses 050—101 and 102 are not open to mathematics majors. Three hours per week. *Three semester hours.*

050—102.  **FUNDAMENTALS OF MODERN MATHEMATICS**  
*STAFF*  
A further development of modern mathematics with a greater emphasis on analysis and the study of integral and differential calculus. Courses 050—101 and 102 are not open to mathematics majors. Prerequisite, Mathematics 101. Three hours per week. *Three semester hours.*

050—111. (Int.)  **ANALYTIC GEOMETRY AND CALCULUS**  
*STAFF*  
An integrated study of analytic geometry and calculus with respect to functions of one variable with applications to the study of physics. This course is integrated with and therefore must be taken concurrently with Physics 111 (Int.) or with permission of the instructor. Three hours per week. *Three semester hours.*

050—112. (Int.)  **ANALYTIC GEOMETRY AND CALCULUS**  
*STAFF*  
A continuation of Mathematics 111 (Int.). This course must be taken concurrently with Physics 112 (Int.) or with permission of the instructor. Three hours per week. *Three semester hours.*

050—111.  **ANALYTIC GEOMETRY AND CALCULUS**  
*STAFF*  
An integrated study of analytic geometry and calculus with respect to functions of one variable. Three hours per week. *Three semester hours.*

050—112.  **ANALYTIC GEOMETRY AND CALCULUS**  
*STAFF*  
A continuation of Mathematics 111, with applications to the fields of chemistry and physics. Prerequisite, Mathematics 111. Three hours per week. *Three semester hours.*

050—215.  **STATISTICS I**  
*STAFF*  
Statistical methods of studying data, measures of central tendency and dispersion, probability, distributions including: binomial, normal, student -t, and chi-square; hypothesis testing. Three hours per week. *Three semester hours.*

050—216.  **STATISTICS II**  
*STAFF*  
A continued study of basic statistical techniques including basic concepts of experimental design, techniques of analysis of variance, methods of regression analysis, linear models and non-parametric statistics. Prerequisite, Mathematics 215. Three hours per week. *Three semester hours.*

050—231.  **INTERMEDIATE CALCULUS**  
*DR. SHUCK*  
A continuation of Mathematics 112, with emphasis on functions of more than one variable, including three-dimensional geometry, partial differentiation, and multiple integration; introduction to vector calculus; study of infinite series; applications. Prerequisite, Mathematics 112 (Int.) or 112. Three hours per week. *Three semester hours.*
050—232. **DIFFERENTIAL EQUATIONS**

Solutions of ordinary differential equations of first and second order, with applications to problems in the physical sciences. Additional topics chosen from power series solutions, systems of linear equations, numerical methods, Laplace transforms. Prerequisite, Mathematics 231. Three hours per week. *Three semester hours.*

050—233. **LINEAR ALGEBRA**

An introduction to the important mathematical concepts of systems of linear equations, matrix theory, linear transformations on vector spaces, bilinear and quadratic forms. Three hours per week. *Three semester hours.*

050—234. **LINEAR ALGEBRA**

A continuation of Mathematics 233, with emphasis on applications to Euclidean vector spaces of two and three dimensions. Prerequisite, Mathematics 233. Three hours per week. *Three semester hours.*

050—335. **MODERN ALGEBRA I**

An introduction to algebraic structures, with emphasis in the first semester on groups. Subgroups, quotient groups, homomorphisms, isomorphism theorems, Cayley's theorem, permutation groups. Prerequisite, Mathematics 234. Three hours per week. *Three semester hours.*

050—336. **MODERN ALGEBRA II**

050—337. **INTRODUCTION TO TOPOLOGY**

Elementary point set topology; metric spaces; topological spaces, separation axioms, compactness, connectedness. Three hours per week. *Three semester hours.* Prerequisite, consent of the Instructor.

050—338. **FUNDAMENTALS OF GEOMETRY**

Axiomatic development, introduction to non-Euclidean geometry, projective geometry and modern geometry. Three hours per week. *Three semester hours.* Prerequisite, consent of the Instructor.

050—339. **INTRODUCTION TO ANALYSIS I**

A theoretical treatment of the concepts of limits, continuity, indeterminate forms, sequences, series, definite integrals, multiple integrals. Includes an introduction to the topology of Euclidean space, uniform continuity and uniform convergence, power series and Taylor's theorem. Prerequisite, Mathematics 231. Three hours per week. *Three semester hours.*

050—340. **INTRODUCTION TO ANALYSIS II**

A continuation of Mathematics 339, with extensions to partial derivatives, differentials, chain rules, inverse and implicit function theorems, change of variables in multiple integrals, arc length, surface area, extremal properties of functions of several variables. Prerequisite, Mathematics 339. Three hours per week. *Three semester hours.*
050—341. **PROBABILITY**  
An introduction to probability theory; a study of discrete and continuous probability functions. Prerequisite, Mathematics 231. Three hours per week. *Three semester hours.*

050—342. **MATHEMATICAL STATISTICS**  
This course emphasizes the essential mathematical background of modern statistics. It includes the mathematical development of sampling distributions; the theory and application of tests of hypotheses, regression and correlation, and analysis of variance. Prerequisite, Mathematics 341. Three hours per week. *Three semester hours.*

050—431. **MATHEMATICAL MODELS**  
Mathematical methods are used to develop models for use in fields outside of Mathematics with emphasis on the social and biological sciences. Topics such as Digraphs, Graphs, Markov Chains and Game Theory will be studied. Prerequisite, Mathematics 234. Three hours per week. *Three semester hours.*

050—432. **NUMERICAL ANALYSIS**  
Selected topics from Numerical Analysis are presented. These may include solving systems of linear equations, linear and nonlinear differential equations, numerical integration and differentiation, eigenvalue problems, error analysis, interpolation and approximation. The computer will be used. Prerequisites, Mathematics 232 and an ability to program. Three hours per week. *Three semester hours.*

*050—444. **THEORY OF NUMBERS**  
Divisibility; unique factorization; congruences; theorems of Fermat, Euler, and Wilson; primitive roots; quadratic reciprocity; Diophantine equations; Fermat's conjecture; sums of squares; distribution of primes. Three hours per week. *Three semester hours.*

*050—445. **FUNCTIONS OF A COMPLEX VARIABLE**  
An introduction to the theory of analytic functions, integrals of complex functions, conformal mapping, harmonic functions. Taylor's and Laurent's series, residue theory, geometry of elementary functions. Prerequisite, Mathematics 231. Three hours per week. *Three semester hours.*

*050—451. **SEMINAR IN ADVANCED MATHEMATICS**  
A course designed to acquaint the student with modern trends in advanced topics in mathematics and its applications. The course will be adapted to the students' preferences and needs. Three hours per week. *Three semester hours.* Prerequisite, consent of the Instructor.

*050—452. **SEMINAR IN ADVANCED MATHEMATICS**  
A course designed to acquaint the student with modern trends in advanced topics in mathematics and its applications. The course will be adapted to the students' preferences and needs. Three hours per week *Three semester hours.* Prerequisite, consent of the Instructor.

*This course is not offered in 1979-1980.*
The art of music holds a prominent place in the cultural heritage of Western civilization. It is of great value to the general student of the liberal arts and sciences to gain an acquaintance with and an understanding of this art, and it is the object of the academic offerings listed below to illuminate and reveal the role of music in the broad cultural and intellectual context of our civilization. The intimate relationships of music to general culture are most directly discovered through the study of musical history, while the study of musical theory, in addition to training the student in the techniques of composition, is conducive to an intellectual rigor analogous to that imparted in the study of mathematics and logic. It is the purpose of the introductory courses to initiate this process of discovery in both dimensions and by stimulating a thoughtful perception of musical events, open to the students a significant resource for cultural self-enrichment.

A. INTRODUCTORY COURSES

055—203. INTRODUCTION TO MUSIC
A course in perceptive listening intended to heighten the student’s awareness, understanding, and hence, enjoyment of music through an examination of its basic elements—tone color, texture, rhythm, etc.—and how these function in the artistic context of musical composition. Two hours per week. Two semester hours.

055—204. INTRODUCTION TO THE HISTORY AND STRUCTURES OF MUSIC
A continuation of Music 203 involving a closer examination of structural principles in music and of specific compositions illustrating these principles as well as a consideration of stylistic developments in the context of musical and cultural history. Prerequisite: Music 203 or equivalent. Two hours per week. Two semester hours.

B. INTERMEDIATE AND ADVANCED COURSES

*055—215. MUSIC HISTORY I: MIDDLE AGES TO BAROQUE
A survey of early Western musical history with emphasis on the relation of musical developments to the broader cultural and artistic context. Individual topics may be selected for closer examination. Prerequisite: Music 203 and/or 204 or equivalent, or by permission. Three hours per week. Three semester hours.

*055—216. MUSIC HISTORY II: PRE-CLASSICS TO THE TWENTIETH CENTURY
A continuation of Music 215. In this more familiar part of music history, investigation of selected topics will play a larger part in the course structure than in Music 215. Prerequisite: Music 203 and/or 204 or equivalent, or by permission. Three hours per week. Three semester hours.

055—301. HARMONY I
A practical course in the theory and techniques of tonal harmony with consideration of the related disciplines of counterpoint, analysis, arranging, and composition. The objective is the acquisition, at an elementary level, of fluency with musical notation through written exercises. Prerequisite: one year of keyboard study or by permission. Three hours per week. Three semester hours.

* This course is not offered in 1979-1980.
URSINUS COLLEGE BULLETIN

055—302. HARMONY II
A continuation of Music 301. Prerequisite: Music 301 or equivalent. Three hours per week. Three semester hours.

055—307. TOPICS IN THE HISTORY AND LITERATURE OF MUSIC: NINETEENTH-CENTURY ROMANTICISM
A study of the phenomenon of Romanticism in European music of the nineteenth century. In addition to the musical repertory, the course will include investigation of the cultural and intellectual foundations of Romanticism and will consider related developments in the literary and visual arts, politics, religion, etc. There will be some presentations by experts in these disciplines. Prerequisite: Music 203 and/or 204 or equivalent, or by permission. Three hours per week. Three semester hours.

055—308. TOPICS IN THE HISTORY AND LITERATURE OF MUSIC: THE VICTORIAN ERA
A study of British and American musical culture in the nineteenth century including church music, art songs and ballads, opera, oratorio, and instrumental works. Consideration will be given to related developments in other branches of cultural life such as the literary and visual arts, politics, religion, etc. The course will include presentations by experts in these disciplines. Prerequisite: Music 203 and/or 204 or equivalent, or by permission. Three hours per week. Three semester hours.

055—403, 404. TUTORIAL
Individual projects in theoretical or historical studies including composition, arranging, orchestration, and research carried out at an intermediate to advanced level. Prerequisite for theoretical studies: Music 302 or equivalent. Prerequisite for historical studies: an intermediate course in music history (Music 215, 216, 307, or 308) or equivalent. Students should consult with the instructor before registering for a tutorial, and they should be prepared to discuss in some detail the project they propose to undertake. In exceptional circumstances, prerequisites may be waived at the discretion of the Instructor. One hour per week. Two semester hours.

C. PERFORMANCE ORGANIZATIONS
Participation in performing groups can be a source of great personal and intellectual value if done in a sustained and thoughtful manner over a period of years. To insure this degree of thoughtfulness and academic integrity, each student applying for performance organization credit will be required, at the end of each semester for which credit is requested, to submit a written self-evaluation of accomplishment during the semester and to give evidence of independent investigation into the specific repertory performed. Arrangements for retroactive credit may be made on an individual basis with the instructor.

055—121, 122; 221, 222; 321, 322; 421, 422  URSINUS COLLEGE BAND
First, second, third, and fourth years respectively. Fall Semester, marching band; Spring Semester, concert band. Two hours per week. Credit of one semester hour to be given upon completion of four full semesters. Credit of one additional semester hour to be given upon completion of two full additional semesters.

055—125, 126; 225, 226; 325, 326; 425, 426. URSINUS COLLEGE CHOIR
First, second, third, and fourth years respectively. A large choral ensemble which performs Handel’s Messiah in the Fall Semester and another major choral work or group of works in the Spring Semester. Two to three hours per week. Credit of one semester hour to be given upon completion of three full years.

92
COURSES OF INSTRUCTION

055—127, 128; 227, 228; 327, 328; 427, 428. MEISTERSINGERS
First, second, third, and fourth years respectively. A smaller choral ensemble (approximately forty voices) with a repertory appropriate to that number of voices. Most of the ensemble’s performances, including a tour, take place in the Spring Semester. One to three hours per week. Credit of one semester hour to be given upon completion of two full years. Credit of one additional semester hour to be given upon completion of one additional year.

OTHER ENSEMBLES
In addition to the organizations listed above, other musical ensembles flourish on a less formal basis. Currently active are I Madrigalisti and I Concertisti (specializing respectively in the vocal and instrumental chamber music of the Renaissance and Baroque) as well as an orchestral string ensemble, all under the direction of Dr. F. Donald Zucker, Professor of Political Science. There is also the Ursinus College Jazz Band under the direction of Mr. Weiser. The formation of additional ensembles will meet with the encouragement and support of the Music Department.

058—PENNSYLVANIA DUTCH STUDIES

PROFESSOR PARSONS

The purpose of Pennsylvania Dutch Studies is to examine the origins and values of the Pennsylvania Dutch (or Pennsylvania Germans) as an American Ethnic group, their history, customs, arts and folklore. The aim is to increase awareness of cultural facets of the Pennsylvania Dutch and to preserve dialect and folk cultural remains. Facilities of Myrin Library, Pennsylvania Folklife Society and Kutztown Folk Festival offer special opportunities for study and research.

Courses in this program follow state and federal Ethnic Studies guidelines. Selections from these courses are offered during the Summer Session. Particulars may be found in the Summer School catalog.

058—201. PENNSYLVANIA DUTCH CULTURE

A study of the history, language and culture of the Pennsylvania Dutch, their influence on American life and contributions to the American scene in 17th & 18th centuries. Field trips among them, to events and museums; speakers and artists. A research paper or creative composition is required. Three hours per week and field trips. Three semester hours.

058—202. PENNSYLVANIA DUTCH CULTURE

Study of the history, language and culture of the Pennsylvania Dutch in 19th & 20th centuries, the diaspora, and status of women among the Pennsylvania Dutch. A research paper or creative composition is required. Three hours per week and field trips. Three semester hours.

93
*058—305. **PENNSYLVANIA DUTCH MUSIC**  
Dr. Parsons  
Folk songs of German origin and from Pennsylvania. Formal music by composers of Pennsylvania Dutch origin. Three hours per week. **Three semester hours.**

*058—306. **PENNSYLVANIA DUTCH ART**  
Dr. Parsons  
Pattern, symbolism and content in Folk Art. Formal painters of Pennsylvania Dutch origin. Three hours per week. **Three semester hours.**

*058—307. **PENNSYLVANIA DUTCH FOLKLIFE**  
Dr. Parsons  
Classroom study and field techniques related to the folklore, folklife and folk culture of the Dutch country. Three hours per week and field trips. **Three semester hours.**

*058—308. **PENNSYLVANIA DUTCH CRAFTS**  
Dr. Parsons  
History and theory of eighteenth century occupational and domestic crafts of the Pennsylvania Dutch. Three hours per week. **Three semester hours.**

*058—211. **PENNSYLVANISCH DEITSCH: THE DIALECT**  
Dr. Snyder  
A study of the dialect language of the Pennsylvania Dutch. Basics of the oral language and its written variations. Three hours per day. **Three semester hours. Summer only.**

*058—212. **PENNSYLVANISCH DEITSCH: THE DIALECT**  
Dr. Snyder  
Continuation of Course 211. Three hours per day. **Three semester hours. Summer only.**

058—313. **PENNSYLVANIA DUTCH PROSE AND POETRY**  
Dr. Snyder  
Works of 19th and 20th century dialect authors, poets and playwrights. **Ins Deitsch. Prerequisite: Course 211, 212, or German 203, 204, or evidence of competence in the dialect. Three hours per day. Three semester hours. Summer only.**

Study of Pennsylvanisch Deitsch will not fulfill the College general requirement of language for graduation.

**058—421, 422, 423, 424, 425, 426, 427, 428. SEMINARS**  
Dr. Parsons and Visiting Lecturers  
Topics on the life, culture, customs and values of the Pennsylvania Dutch. Individual topics supervised and directed by professors and specialists. Research and folk cultural interviews, panels or workshops. Topics for each summer to be announced by January 31 preceding. **One semester hour each.**

058—431, 432, 433, 434, 435, 436, 437, 438. **SEMINARS AT KUTZTOWN FOLK FESTIVAL**  
Staff  
Topics as described in Course 421, but in areas related to Folk Festival program. Introductions and practicum in specialized areas of the Folk Festival. **Festival Week only. One semester hour each.**

**060—PHILOSOPHY AND RELIGION**  
Professor Williamson  
MRS. YOUNG  
Associate Professor Hardman  
The Department of Philosophy and Religion seeks to encourage the student's practical appreciation and facile use of the tools of philosophy, to cultivate his informed awareness and critical appraisal of philosophical perspectives, and to give him opportunity.

* These courses not offered in 1979-1980.  
** This course is not offered in summer 1979.  
Courses 305 and 306 will be offered in 1980-1981.  
Courses 307 and 308 will be offered in 1981-1982.
COURSES OF INSTRUCTION

for a scholarly and appreciative study of historic as well as contemporary religious insights. In this manner the department strives to translate into the terms of today’s academic interests the traditional roles both disciplines have played in liberal education.

The offerings of the Department are open to all students, but will be of special interest to pre-theological students, prospective teachers in the fields of philosophy, religion and ethics, and all of those interested in the general humanities.

Majors must take thirty-six semester hours of work within the Department including Philosophy 101, 102; Religion 201, 202; and Philosophy 403, 404 which are required. Each major also must elect fifteen hours of course work in one of four Areas of Concentration, each of which is viewed as giving explicit expression to certain traditional types of philosophical inquiry and religious reflection. The four areas are:

A—Classics, for the student interested in Ancient History, Greek, Latin, etc.
B—Poetics, for the student interested in Literature, Fine Arts, Music, etc.
C—Analytics, for the student interested in Logic, the Philosophy of Science, the Philosophy of Mathematics, etc.
D—Social Sciences, for the student interested in the Social Sciences.

With the approval of the adviser a major may make certain substitutions in the area he chooses.

060—101. HISTORY OF ANCIENT AND MEDIEVAL PHILOSOPHY
DR. WILLIAMSON AND STAFF
A survey of the evolution of reflective thought in the Western World from Thales to Descartes. Course 101 is open to all students. Three hours per week. Three semester hours.

060—102. HISTORY OF MODERN PHILOSOPHY
DR. WILLIAMSON AND STAFF
A survey of developing reflective thought in the Western World, beginning with Descartes and including several representative modern philosophers. Course 102 is open to all students. Three hours per week. Three semester hours.

060—103. GENERAL PROBLEMS OF PHILOSOPHY
DR. WILLIAMSON
A study designed to orient the student with reference to perennial problems of philosophical inquiry. Intensive use is made of primary sources. (Alternates with Course 109.) Three hours per week. Three semester hours.

060—104. CONTEMPORARY PHILOSOPHY
DR. WILLIAMSON
A study of late nineteenth century and twentieth century philosophers and trends in philosophic thought beginning with Nietzsche and Moore. Intensive use is made of primary sources. (Alternates with Course 108.) Three hours per week. Three semester hours.

060—105. INTRODUCTORY LOGIC
MRS. YOUNG
A study of the guiding principles involved in correct thinking: the use of terms; classification; the nature of deductive inference with special reference to fallacious forms of reasoning as they receive expression in daily life; the canons of inductive inference; the basic concepts in scientific method. Three hours per week. Three semester hours.
060-106. ADVANCED LOGIC
MRS. YOUNG
The study of symbolic logic and its relation to contemporary philosophy and scientific
thought with a consideration of two-valued sentential and quantificational logic and
an introduction to many-valued logics, modal logic and natural deduction. Pre-
requisite, Philosophy 105. Three hours per week. Three semester hours.

060-108. AESTHETICS
DR. WILLIAMSON
An examination of the canons of beauty and art to supply a background for evaluation
of specific works of literature, painting, sculpture, music and architecture. (Alternates
with Course 104.) Three hours per week. Three semester hours.

060-109. ETHICS
DR. WILLIAMSON
A study of the principles of moral judgment, with exposition and criticism of the
more important theories concerning the basic distinction between right and wrong
conduct; the various problems of theoretical and practical ethics. (Alternates with
Course 103.) Three hours per week. Three semester hours.

060-110. PHILOSOPHY OF RELIGION
DR. WILLIAMSON
A philosophical analysis of religious beliefs with particular attention devoted to the
validity of religious language and knowledge and the questions of the natures of
God and man, of miracles, evil, morality and immortality. Three hours per week.
Three semester hours.

060-201. HISTORY AND ANTHROPOLOGY OF RELIGION:
THE WESTERN SETTING
DR. HARDMAN
A systematic examination of the phenomenology of religion, its personal, social,
psychological and cultural manifestations in history with special attention to Judaism,
Islam and Christianity. Three hours per week. Three semester hours.

060-202. HISTORY AND ANTHROPOLOGY OF RELIGION:
THE EASTERN SETTING
DR. HARDMAN
A systematic examination of the phenomenology of religion, its personal, social,
psychological and cultural manifestations in history with special attention to the
Oriental religions. Three hours per week. Three semester hours.

060-203. INTRODUCTION TO THE LITERATURE OF THE BIBLE:
OLD TESTAMENT
DR. HARDMAN
Foundations of the Judaeo-Christian tradition in the literature and thought of the
Old Testament. Emphasis is placed both on the biblical materials themselves and
on the varying methodologies of Old Testament interpretation. Three hours per
week. Three semester hours.

060-204. INTRODUCTION TO THE LITERATURE OF THE BIBLE:
NEW TESTAMENT
DR. HARDMAN
A study of the Judaistic background of the New Testament, the life and times of
Jesus, the emerging Church, and relevant literature. Three hours per week. Three
semester hours.

* This course is not offered in 1979-1980.
060—207. HISTORY OF THE CHRISTIAN CHURCH  
DR. HARDMAN  
A study of the development of the Christian church from the apostolic period to modern times, with a view to understanding the nature and extent of its contribution to society. (Alternates with course 209.) Three hours per week. Three semester hours.

*060—209. LITERATURE AND RELIGIOUS IDEAS  
DR. HARDMAN  
An analysis of the significant themes common to works of imaginative literature exploring the interrelation of religion and artistic creativity. Attention will be given to Camus, Eliot, Faulkner, Kazantzakis, Waugh, etc. (Alternates with course 207.) Three hours per week. Three semester hours.

*060—301. EPISTEMOLOGY  
STAFF  
A critical study of the theories of truth, belief, perception, understanding, and the important concepts involved in the characterization, analysis, and appraisals of classic and contemporary discussions of human knowledge. Three hours per week. Three semester hours.

*060—302. PHILOSOPHY OF SCIENCE  
STAFF  
An examination of the nature of scientific method and scientific theory, with reference to presuppositions, inference, explanation, prediction, application and verification. Three hours per week. Three semester hours.

060—311. SEMINAR IN RELIGION  
DR. WILLIAMSON  
The directed study of a given topic in religion as it relates to the vital issues of our time. Prerequisite, Departmental permission. Three hours per week. Three semester hours.

*060—311A (Topic for 1978-79)  
060—311B Philosophy and Religion

060—312. SEMINAR IN RELIGION  
DR. HARDMAN  
The directed study of a given topic in religion as it relates to the vital issues of our time. Prerequisite, Departmental permission. Three hours per week. Three semester hours.

*060—312A (Topic for 1978-79)  
060—312B Calvin and Luther

060—403. SENIOR SEMINAR: CURRENT ISSUES AND MOVEMENTS IN PHILOSOPHY  
DR. WILLIAMSON AND STAFF  
A study of contemporary thinkers and schools of thought in Philosophy, making use of lectures, discussions, research papers, etc. Open only to Philosophy and Religion majors except with Departmental permission. Three hours per week. Three semester hours.

060—404. SENIOR SEMINAR: CURRENT ISSUES AND MOVEMENTS IN RELIGION  
DR. WILLIAMSON AND STAFF  
A study of contemporary theological and institutional trends in Religion, making use of lectures, discussions, research papers, etc. Open only to Philosophy and Religion majors except with Departmental permission. Three hours per week. Three semester hours.

* This course is not offered in 1979-1980.
The courses in Physics are designed to give the student an understanding of the logic and structure of Physics. Stress is laid upon methods of analysis and presentation of ideas. It is hoped in this way to make the student conversant with the methods of Physics, to develop in him the ability to study independently and to transmit his ideas to others.

Students majoring in Physics must take the following courses: Chemistry 111, 112; Mathematics 111, 112, 231, 232; Physics 111, 112, 203, 204, 207, 208, 207a, 208a, 315, 316, and at least six additional hours of credit in Physics.

Students anticipating graduate study in Physics should also take Mathematics 233, 234, 339, 340 and Physics 310, 401, 404.

Students majoring in Physics who are preparing to teach in secondary schools must take Chemistry 111, 112; Mathematics 111, 112, 231, 232; Physics 111, 112, 203, 204, 207, 208, 211, 212.

065—101. INTRODUCTION TO PHYSICS
A survey of classical physics with emphasis on the structure and intellectual development of physics as well as its application to everyday life. Concepts of motion, force, and energy. Prerequisite: knowledge of trigonometry. Two hours lecture and two hours laboratory per week. Three semester hours.

065—102. INTRODUCTION TO PHYSICS
Continuation of Physics 101, following the development of physics to the twentieth century. Concepts of waves, light, electromagnetism, atomic and nuclear physics. Prerequisite: 065-101. Two hours lecture and two hours laboratory per week. Three semester hours.

A student may receive credit for only one of the two general physics sequences: Physics 101, 102 or Physics 111, 112.

*065—103. INTRODUCTION TO ASTRONOMY
A survey emphasizing the methods and discoveries of contemporary astronomy. Origin and evolution of the solar system, stars, stellar evolution, neutron stars, pulsars, black holes. Prerequisite: knowledge of trigonometry. Two hours lecture and two hours laboratory per week. Three semester hours.

*065—104. INTRODUCTION TO ASTRONOMY
Continuation of Physics 103. The Milky Way, galaxies, quasars, cosmology. Prerequisite: 065—103. Two hours lecture and two hours laboratory per week. Three semester hours.

065—111. GENERAL PHYSICS
A study of elementary mechanics and thermodynamics utilizing the principles of calculus in the presentation and in exercises. Prerequisite: Mathematics 111, 112. Three hours of lecture and three hours of laboratory per week. Four semester hours.

* This course is not offered in 1979-1980.
065—112. GENERAL PHYSICS  
A continuation of 065—111. A study of waves, sound, electricity, magnetism, and light. Prerequisite: 065—111. Three hours of lecture and three hours of laboratory per week. Four semester hours.

065—111. (Int.) GENERAL PHYSICS  
This course covers the same topics as 065—111 with the presentation coordinated with Mathematics 111 (Int.) which must be taken simultaneously. Three hours of lecture and three hours of laboratory per week. Four semester hours.

065—112. (Int.) GENERAL PHYSICS  
A continuation of 065—111 (Int.). This course covers the same topics as 065—112 with the presentation coordinated with Math 112 (Int.) which must be taken simultaneously. Prerequisite: 065—111 (Int.). Three hours of lecture and three hours of laboratory per week. Four semester hours.

065—203. MECHANICS I  
Vectors, statics, vector calculus, kinematics of a particle, dynamics of a particle, energy, harmonic motion, moving reference systems, central forces, special relativity. Prerequisites: Physics 111, 112; Mathematics 111, 112. Three hours lecture and three hours laboratory per week. Four semester hours.

065—204. ELECTRICITY AND MAGNETISM I  
Electrical forces, electric fields and potentials, capacitance, conductors, D-C circuits, magnetic fields, inductance, A-C circuits, electric and magnetic fields in matter. Prerequisites: Physics 111, 112; Mathematics 111 (Int.), 112 (Int.). Three hours lecture and three hours laboratory per week. Four semester hours.

065—205. WAVES  
Introduction to the general phenomena of wave motion. Oscillations, traveling waves, modulation, polarization, interference, diffraction, geometric optics. Prerequisite: 065—111, 112. Three hours lecture and three hours laboratory per week. Four semester hours.

065—207. MODERN PHYSICS  
Classical waves and particles, wave-particle duality, elementary theory of the hydrogen atom, atomic spectra, and electron distribution. Prerequisites, Physics 111, 112, Mathematics 111, 112. Three hours per week. Three semester hours.

065—207a. LABORATORY IN MODERN PHYSICS  
Laboratory work (optional) for Course 207. Three hours per week. One semester hour.

065—208. MODERN PHYSICS  
A continuation of Course 207. Special relativity, elementary particle physics, nuclear physics. Prerequisite, Physics 207. Three hours per week. Three semester hours.

065—208a. LABORATORY IN MODERN PHYSICS  
Laboratory work (optional) for Course 208. Three hours per week. One semester hour.

065—309. ELECTRICITY AND MAGNETISM II  
Electric and magnetic fields and potentials, Laplace's equation, dielectrics and magnetic materials, Maxwell's equations, electromagnetic waves. Prerequisites: Physics 204; Mathematics 231, 232. (Alternates with 401.) Three hours per week. Three semester hours.
065—310. **MECHANICS II**  
DR. SNYDER  
Dynamics of a system of particles, mechanics of rigid bodies, general motion of a rigid body, Lagrange's equations, Hamilton's equations, theory of vibrations. Prerequisites: Physics 203, Mathematics 231, 232. Three hours per week. *Three semester hours.*

065—314. **ALTERNATING CURRENTS**  
DR. SNYDER  
Capacitative and self-inductive circuits; mutual induction; the alternating-current circuit; alternating-current power and power factor; divided circuits; application of complex numbers; electromagnetic waves. Prerequisites, Physics 204 and Mathematics 231. Three hours per week. *Three semester hours.*

065—315. **ELEMENTS OF MATHEMATICAL PHYSICS**  
DR. SNYDER  
Introduction to selected concepts and techniques of theoretical physics. Complex numbers, matrices, eigenvalues, vector algebra, vector calculus, Fourier series, calculus of variations, gamma, beta and error functions. Prerequisites: Mathematics 231, 232; Physics 111, 112. Three hours per week. *Three semester hours.*

065—316. **ELEMENTS OF MATHEMATICAL PHYSICS**  
DR. SNYDER  

065—317. **SEMINAR**  
STAFF  
Study and discussion of advanced topics or recent developments in physics. Among topics offered are Relativity and Astrophysics. Students must consult the Chairman of the Department before registering for this course. Three hours per week. *Three semester hours.*

065—318. **SEMINAR**  
STAFF  
Same description as Physics 317. Three hours per week. *Three semester hours.*

*065—401. **INTRODUCTORY QUANTUM MECHANICS**  
DR. TAKATS  
Eigenvalues and eigenfunctions; probability density, expectation values, and operators; the Schrodinger equation in one and three dimensions; the hydrogen atom; perturbation theory: identical particles, spin. The course is open to fourth-year chemistry, mathematics, and physics majors and to qualified third-year students having the consent of the instructor. *(Alternates with 309)* Three hours per week. *Three semester hours.*

*065—404. **THERMODYNAMICS**  
DR. SNYDER  

*This course is not offered in 1979-1980.*
065-411. RESEARCH
Investigations, of experimental or theoretical nature, pursued independently by the student. The preparation of a summarizing report is required. To register for this course a student must have the consent of a member of the physics staff to serve as his adviser. One semester hour.

065-412. RESEARCH
Continuation of Course 065-421. Two semester hours.

065-421. RESEARCH
Same as Course 065-411, but more extensive in scope. Two semester hours.

065-422. RESEARCH
Continuation of Course 065-421. Two semester hours.

070—POLITICAL SCIENCE

PROFESSOR E. H. MILLER
PROFESSOR PANCOAST
PROFESSOR ZUCKER

PROFESSOR CRAFT
ASSISTANT PROFESSOR KANE
MISS KRAUS

The objectives of the Department of Political Science with relation to the general student are:

(1) To help the student attain an appreciation of both the theory and the functioning of politics.
(2) To aid the student in developing the faculty of critical thinking.
(3) To familiarize the student with those values that sustain freedom.

The professional objectives are:

(1) To prepare students for graduate work in political science and the law.
(2) To prepare students for the examinations of the domestic civil service and the foreign service.

In addition to Political Science 101, 102, students majoring in Political Science must take courses 205, 206, and 215, 216; seven semester hours in elective Political Science courses; History 101, 102; History 213, 214; Economics 101, 102; Psychology 101 and Sociology 101, 102.

Students whose mathematical aptitude in College Board scores is below 550 are required to take a mathematics refresher course in their freshman year; Mathematics 101, 102 may be taken to satisfy this requirement.

070—101. AMERICAN GOVERNMENT
An analysis of the structure and functions of American national and state governments. Three hours per week. Three semester hours.

070—102. AMERICAN GOVERNMENT
Continuation of Course 101. Three hours per week. Three semester hours.

070—203. MUNICIPAL GOVERNMENT AND ADMINISTRATION
The legal power and position of the city and other local governmental institutions in our political system. Thorough consideration of forms and activities of local government. Three hours per week. Three semester hours.
070—204. **POLITICAL PARTIES**  
DR. PANCOAST
Both structural description and functional analysis of American political parties. The organization, work, leaders, and place of political parties in our democracy are considered at length. Three hours per week. *Three semester hours.*

070—205. **COMPARATIVE GOVERNMENT**  
DR. MILLER
A detailed comparison of the Cabinet and Presidential systems, as exemplified by England, France and the United States. Three hours per week. *Three semester hours.*

070—206. **COMPARATIVE GOVERNMENT**  
DR. MILLER
The study is extended to other representative governments, including Germany, the Soviet Union and the Scandinavian countries. Three hours per week. *Three semester hours.*

070—207. **POLITICAL THEORY**  
DR. ZUCKER
Significant political ideals, forces and concepts from Plato to the present. Three hours per week. *Three semester hours.*

070—209. **PUBLIC ADMINISTRATION**  
DR. KANE
A survey of the field of public administration, emphasizing administrative organization, fiscal management and personnel management. The administrative process is considered as a unit encompassing federal, state and local administration. Three hours per week. *Three semester hours.*

070—210. **AMERICAN POLITICAL THEORY**  
DR. ZUCKER
Main currents in American political thought from the seventeenth century to the present. *Three semester hours.*

070—211. **CONSTITUTIONAL LAW**  
DR. PANCOAST
The role of the federal courts in the interpretation and enforcement of the Constitution through case study. The jurisdiction of the Supreme Court and its exercise of the power of judicial review of legislative and executive action. Powers of the Congress and the President; the division of power between nation and state; and the limitations on the exercise of state power resulting from the existence or exercise of congressional power. Three hours per week. *Three semester hours.*

070—212. **CONSTITUTIONAL LAW**  
DR. PANCOAST
The study of the limitations on the power of government to restrict individual freedom. The effect of the Bill of Rights and the nationalization of the Fourteenth Amendment on freedom of speech and press, freedom of and from religion, procedure in criminal cases, and due process of law and equal protection of the law vs. the police power. Three hours per week. *Three semester hours.*

070—215. **METHODS OF POLITICAL ANALYSIS**  
DR. CRAFT
An examination of the analytic processes in the development of concepts, hypotheses, and theories. Formulation of research problems related to basic methodologies. Three hours per week. *Three semester hours.*

070—216. **METHODS OF POLITICAL ANALYSIS**  
DR. CRAFT
A continuation of Course 215. Prerequisite, Political Science 215. Three hours per week. *Three semester hours.*
070—222. LAW AND SOCIETY
A study of the origins, objectives, and manifestations of law in the United States political system. The case method of analysis is used to identify the salient features of the major classes of law and to evaluate the judicial procedures and institutions by which law is applied in the United States. Three hours per week. Three semester hours.

070—311. INTERNATIONAL RELATIONS
Basic theory, principles and functioning of the states in the world community. Three hours per week. Three semester hours.

070—312. INTERNATIONAL RELATIONS
Continuation of course 311. Three hours per week. Prerequisite, 311. Three semester hours.

070—313. SEMINAR IN INTERNATIONAL LAW
A course in the Law of Nations. Case studies are stressed. Two hours per week. Two semester hours.

070—314. SEMINAR IN INTERNATIONAL ORGANIZATIONS
The structure and functions of international organizations. Two hours per week. Two semester hours.

070—317. SEMINAR IN AMERICAN GOVERNMENT
Selected topics in American Government. Preparation and discussion of research papers. Open to third and fourth year students with permission of the instructor. Two hours per week. Two semester hours.

070—318. SEMINAR IN AMERICAN GOVERNMENT
Selected topics in American Government. Preparation and discussion of research papers. Open to third and fourth year students with permission of the instructor. Two hours per week. Two semester hours.

070—319. SEMINAR IN POLITICS OF THE DEVELOPING WORLD
Selected topics concerning the politics of Asia, the Middle East, Africa and Latin America. Preparation and discussion of research papers. Open to third- and fourth-year students with permission of the instructor. Two hours per week. Two semester hours.

070—320. SEMINAR IN POLITICS OF THE DEVELOPING WORLD
Selected topics concerning the politics of Asia, the Middle East, Africa and Latin America. Preparation and discussion of research papers. Open to third- and fourth-year students with permission of the instructor. Two hours per week. Two semester hours.

* This course is not offered in 1979-1980.
075—PSYCHOLOGY

ASSOCIATE PROFESSOR FAGO
PROFESSOR FLETCHER
ASSISTANT PROFESSOR MULVANNY
DR. ZUCKERBROD
DR. CAHILL

Students majoring in Psychology must take the following courses: Biology 101, 102, 213; Mathematics 215; Anthropology 201, 202 or Sociology 201, 202; Computer Science 101; Psychology 101, 102, 111, 112, 210, 334, 335, 336, 351 or 352, 409, 440, 442 or 444, and an additional elective course in Psychology.

For those preparing to teach Psychology by earning a Social Science Certification with an emphasis in Psychology, the above courses in Biology, Mathematics, Anthropology or Sociology and the following Psychology courses are required: Psychology 101, 102, 311, 334, 352, 417, 444, and one of the following: Psychology 312, 335, 336, and 440. Psychology 311 is strongly recommended. For General Education and Professional Education requirements consult the Psychology Department and the Education Department.

Students who plan to continue the study of Psychology at the graduate level are strongly urged to include in their schedules Mathematics 101, 102, 216; Biology 317, 318, 415; Philosophy 302; Physics 101, 102, and Psychology 311.

For those seeking admission to medical school, the following additional subjects are usually required: a year of General Chemistry, a year of Organic Chemistry, a year of General Physics, and at least two courses in Biology beyond the year of General Biology required of all Psychology majors.

075—101. INTRODUCTORY PSYCHOLOGY

A survey of the basic biological and environmental influences on the psychological processes. Emphasis will be on areas such as physiological correlates of behavior, the senses, and learning. Three hours per week. Three semester hours. Psychology majors will take this course in conjunction with Psychology 111.

075—102. INTRODUCTORY PSYCHOLOGY

This course surveys the more complex psychological and environmental determinants of individual behavior. Specific topics include the normal personality, abnormality, social behavior, work, and problems of scientific measurement. Three hours per week. Three semester hours. Psychology majors will take this course in conjunction with Psychology 112.

075—111. INTRODUCTORY PSYCHOLOGY LABORATORY

Designed primarily for Psychology majors, the laboratory provides basic experience with the research methods and procedures utilized in the content areas covered in Psychology 101. Prerequisite, major in Psychology or permission of the instructor. Two hours per week. One semester hour.

075—112. INTRODUCTORY PSYCHOLOGY LABORATORY

Designed primarily for Psychology majors, the laboratory provides the basic experience with the research methods and procedures of the content areas covered in Psychology 102. Prerequisite, major in Psychology or permission of the instructor. Two hours per week. One semester hour.
075—108. **MENTAL HEALTH AND ABNORMAL PSYCHOLOGY** **DR. FLETCHER**
The problem of mental health is treated under the following topics: The dynamics of human behavior, normal and abnormal reactions to frustration and conflict. Psychological, organic and social causes of poor mental health. The roles played by the home, the school and society in mental health. Additional topics include psycho-neuroses and functional psychoses, epilepsy, drug addiction and alcoholism. Methods of prevention and treatment of mental illness are discussed. This course is given from the point of view of preventive mental hygiene. Prerequisite, Psychology 101 or 102. Three hours per week. *Three semester hours.*

075—210. **EXPERIMENTAL PSYCHOLOGY** **DR. FAGO** **DR. MULVANNY**
This course is designed to acquaint the student with laboratory techniques used in psychology. Lectures, demonstrations, individual experiments, and the preparation of scientific reports. Prerequisites, Psychology 101 or 102, Biology 101 or 111, Mathematics 215. Three hours lecture, two hours laboratory per week. *Four semester hours.*

075—223. **EDUCATIONAL PSYCHOLOGY — LEARNING** **DR. FAGO**
Contemporary learning theory for teachers. The course takes an information-processing approach to cognition, and includes such topics as concept formation, problem solving, memory, and attention. Educational applications will be stressed. (The same course as 223 under Education.) Prerequisite, Psychology 101 or 102. Three hours per week. *Three semester hours.*

075—224. **EDUCATIONAL PSYCHOLOGY — GROWTH AND DEVELOPMENT** **STAFF**
The nature and development of the psychological processes from the prenatal period through adolescence. (The same course as 224 under Education.) Prerequisite, Psychology 101 or 102. Three hours per week. *Three semester hours.*

*075—246. **PSYCHOLOGY IN THE COMMUNITY** **STAFF**
Applications of psychological theory, research methods, and empirical findings to community programs dealing with contemporary social problems, such as crime and delinquency, racial prejudice, mental illness, drug addiction, poverty and other forms of deprivation. Prerequisites, Psychology 101 or 102. Three hours per week. *Three semester hours.*

075—311. **HISTORY AND THEORIES OF PSYCHOLOGY** **STAFF**
A study of the more important findings and theories contributing to the development of modern scientific psychology. Prerequisite, Psychology 101 or 102. Three hours per week. *Three semester hours.*

075—315. **PSYCHOLOGY IN INDUSTRY** **DR. FLETCHER**
Applications of psychology to industry: employee and job ratings, aptitudes and skills, work methods, training programs, fatigue, safety, attitudes, morale, interviewing and counseling. Human relations problems are emphasized using the case method and role playing. (Alternates with 417.) Prerequisites, Psychology 102 or 102; Mathematics 215. Three hours per week. *Three semester hours.*

*This course is not offered in 1979-1980.*
075—334. **DEVELOPMENTAL PSYCHOLOGY**  
**STAFF**

The concepts, theories and experimental approaches used to account for the ontogeny of behavior will be reviewed. The primary emphasis will be on human development. Prerequisites, Psychology 101 or 102, and 210. Three hours per week. *Three semester hours.*

075—335. **BEHAVIORAL NEUROSCIENCES**  
**DR. MULVANNY**

A study of the structure and function of the vertebrate nervous system, particularly of the neural substrates of behavior. Topics include evolutionary, anatomical, physiological and functional approaches to the nervous system and behavior. Special emphasis is placed on neural mechanisms in the psychology of sensation and motivation. May be taken in conjunction with Psychology 337. Prerequisites, Psychology 101 or 102, 210; Biology 101 or 111; or by permission of the instructor. Three hours per week. *Three semester hours.*

075—336. **SENSATION AND PERCEPTION**  
**DR. MULVANNY**

The nature of the fundamental sensory processes will be explored with emphasis on vision and audition. Theory and experiments bearing on significant perceptual phenomena will be surveyed from both physiological and behavioral viewpoints. Prerequisites, Psychology 101 or 102, Psychology 210 Three hours of lecture, two hours of laboratory per week. *Four semester hours.*

075—337. **NEUROSCIENCES LABORATORY**  
**DR. MULVANNY**

A study of nervous system structure and function using the basic anatomical, physiological, and behavioral methods of the neurosciences. Topics include gross and microscopic neuroanatomy, techniques of stereotaxic surgery, and behavioral analysis of experimental interventions in the central nervous system. Corequisites, Psychology 335 and permission of the instructor. Two hours per week. *One semester hour.*

075—341. **READINGS IN PSYCHOLOGY**  
**STAFF**

Individual study of one or more selected topics in the psychological literature, and preparation of an annotated bibliography or a detailed proposal for subsequent research. To register for this course, the student must have the consent of a member of the psychology staff to serve as his adviser. Prerequisite, Psychology 210. *One semester hour.*

075—342. **READINGS IN PSYCHOLOGY**  
**STAFF**

Content and prerequisites as in Psychology 341, but offered in the spring term. *One semester hour.*

075—351. **LEARNING AND MOTIVATION**  
**DR. FAGO**

A review of learning theory, past and contemporary. Emphasis will be on the basic processes of classical conditioning and instrumental learning, the phenomena associated with these processes, and the development of learning theory in response to experimentation. Lectures, individual experimentation and the preparation of scientific reports. Prerequisites, Psychology 101 or 102, and 210. Three hours lecture, two hours laboratory per week. *Four semester hours.*

075—352. **HUMAN LEARNING**  
**DR. FAGO**

Traditional research on verbal learning will be reviewed, as well as contemporary research on topics including attention, memory, cognition, and psycholinguistics. Prerequisites, Psychology 101 or 102, and 210. Three hours per week, two hours laboratory per week. *Four semester hours.*

106
075—409. **EDUCATIONAL AND PSYCHOLOGICAL TESTS AND MEASUREMENTS**  

DR. FLETCHER

An introductory survey of the field of measurement in psychology and education; main features of the techniques of testing and test construction; types of tests and scales; evaluation; interpretation; use. Prerequisites, Psychology 101 or 102, 210. Two hours of lecture, two hours of laboratory per week. Three semester hours. (The same course as 409 under Education.)

*075—417. **DEVELOPMENTAL DEVIATIONS**  

DR. FLETCHER

The effects on personality, social, and intellectual development of minimal brain dysfunction, learning disabilities, retardation, sensorimotor handicaps, and giftedness. Etiology, assessment, and remedial methods. Demonstrations and field trips. Prerequisites, Psychology 101 or 102, Psychology 334 or permission of the instructor. (Alternates with 315.) Three hours per week. Three semester hours.

075—437. **PERSONALITY**  

STAFF

A comprehensive survey of psychological theory and research dealing with the "normal" aspects of human nature. In addition to traditional "personality" perspectives, consideration is given to more recent alternatives, such as the behavioristic, factor-analytic, and "functional style" perspectives. Prerequisites, Psychology 102, 108, 210, and 334. Three hours per week. Three semester hours.

075—438. **PSYCHOPATHOLOGY AND PSYCHOTHERAPY**  

STAFF

Clinical and experimental approaches to the understanding and treatment of psychosis, neurosis, and related conditions. Selected findings are studied intensively to illustrate the wide variety of contemporary viewpoints and techniques. Prerequisites, Psychology 102, 108, 210, and 334. Three hours per week. Three semester hours.

075—440. **SOCIAL PSYCHOLOGY**  

DR. FLETCHER

A study of group action and of the group influences by which the individual is surrounded; tradition, custom, public opinion and other psychological and social forces which affect individual judgment and action. Prerequisite, Psychology 101 or 102, 223, 351 or 352. Three hours per week. Three semester hours.

075—441. **RESEARCH**  

STAFF

Investigations of an experimental, clinical or theoretical nature pursued independently by the student. The preparation of a scientific report is required. To register for the course a student must have the consent of a member of the psychology staff to serve as his adviser. Three semester hours.

075—442. **RESEARCH**  

STAFF

Content and prerequisites as in Psychology 441, but offered in the spring term. Students who have been admitted to the course and who have fulfilled its requirements may be awarded Departmental Honors, but no additional semester hours of credit, if they have qualified in other ways for admission to the honor program. Three semester hours.

* This course is not offered in 1979-1980.
075—444. **SEMINAR IN PSYCHOLOGY**

**STAFF**

A seminar intended to familiarize the student with current trends and special topics in theoretical and applied psychology. Emphasis will be given to the preparation and presentation of papers on selected topics which will vary from year to year. Open to third and fourth year students majoring in psychology. Two hours per week. **Two semester hours.**

**ROMANCE LANGUAGES**

**ASSISTANT PROFESSOR LUCAS**
**ASSISTANT PROFESSOR PAUL**
**MR. RAPPOCCIO**

The goals of the Department of Romance Languages are, for the beginning and intermediate student, the development of linguistic ability, an understanding of a foreign culture and an introduction to its literature. For the more advanced student, the goals are to perfect the use of the language through oral and written practice, to explore the society and civilization of a country and to develop faculties of critical and esthetic judgment through the study of its literature.

086—French

French majors are required to take at least thirty semester hours in French beyond French 203, 204, and twelve hours of study in another language. French 305, 306, 315, and 314 are required. The following courses are also required: English Literature 203, 204; History 301, 302 or 303, 304 or 305, 306 or 327, 328. Latin 101, 102, 203, 204 are recommended. In the senior year, majors must pass a comprehensive examination.

086—101. **ELEMENTARY FRENCH**

An introduction to French language and grammar with particular emphasis on writing, speaking and comprehension. Three hours per week plus one hour of language laboratory per week. **Three semester hours.**

086—102. **ELEMENTARY FRENCH**

Continuation of French 101. Three hours per week plus one hour of language laboratory per week. **Three semester hours.**

086—203. **INTERMEDIATE FRENCH**

A review of grammar, conversation and vocabulary development, writings and discussions based on cultural, social and literary selections. Prerequisite: French 102 or equivalent. Three hours per week plus one hour of language laboratory per week. **Three semester hours.**

086—204. **INTERMEDIATE FRENCH**

Continuation of French 203. Three hours per week plus one hour of language laboratory per week. **Three semester hours.**

086—305. **FRENCH LITERATURE IN WORLD CIVILIZATION**

**DR. NOVACK**

Major French writers and their contribution to world culture and civilization from the Middle Ages to the Revolution. Prerequisite: French 204 or equivalent. Three hours per week. **Three semester hours.**
086—306. **FRENCH LITERATURE IN WORLD CIVILIZATION**

DR. NOVACK

Continuation of French 306. From 1789 to the present. Prerequisite: French 204 or equivalent. Three hours per week. *Three semester hours.*

086—314. **FRANCE TODAY**

MRS. HALL

Contemporary France as seen in its current literature, art, philosophy, and politics. Prerequisite: French 315, 316 or permission of the instructor. Three hours per week. *Three semester hours.*

086—315. **CONVERSATION AND COMPOSITION**

MRS. HALL

Practice in oral elements of the language, written composition, and grammar. Topics relating to French culture and society will be emphasized. Prerequisite: French 204 or equivalent. Three hours per week. *Three semester hours.*

086—316. **CONVERSATION AND COMPOSITION**

MRS. HALL, DR. LUCAS

Continuation of French 315. Class discussions are based on cultural, social and literary texts, accompanied by oral and written presentations. Prerequisite: French 204 or equivalent. Three hours per week. *Three semester hours.*

086—411. **NINETEENTH CENTURY FRENCH NOVEL**

DR. LUCAS

The development of the French novel of the nineteenth century, with special emphasis on Benjamin Constant, Stendhal, Balzac, Flaubert, and Zola. Prerequisite: French 305, 306 or permission of the instructor. Three hours per week. *Three semester hours.*

086—412. **MODERN FRENCH POETRY**

DR. LUCAS

An analysis and interpretation of the poetry of Baudelaire, Mallarmé, Verlaine, Rimbaud, Apollinaire, the Surrealists and the modern poets. Prerequisite: French 305, 306 or permission of the instructor. Three hours per week. *Three semester hours.*

*086—413. **TWENTIETH CENTURY FRENCH NOVEL**

DR. LUCAS

Authors studied include Proust, Gide, Malraux, Sartre, Camus, and the writers of the new novel. Prerequisite: French 305, 306 or permission of the instructor. Three hours per week. *Three semester hours.*

086—419. **MEDIEVAL AND RENAISSANCE LITERATURE**

MRS. HALL

A study in the epic and courtly novels of the Middle Ages until the philosophical essay of the Renaissance. Readings include works of Chrétien de Troyes, Villon, the Pleiade, Rabelais and Montaigne. Prerequisite: French 305, 306 or permission of the instructor. Three hours per week. *Three semester hours.*

*086—420. **SEVENTEENTH AND EIGHTEENTH CENTURY PROSE**

DR. NOVACK

The individual and society: discoveries about human nature, liberty, reason and their limits. Readings in Pascal, La Rochefoucauld, Voltaire, Diderot, Rousseau. Prerequisite: French 305, 306 or permission of the instructor. Three hours per week. *Three semester hours.*

*086—425. **FRENCH THEATER FROM THE MIDDLE AGES TO THE EIGHTEENTH CENTURY**

DR. NOVACK

The development of the theater from its origins to the Revolution with special emphasis on the works of Corneille, Molière and Racine. Prerequisite: French 305, 306 or permission of the instructor. Three hours per week. *Three semester hours.*

* This course is not offered in 1979-1980.
**086—426. FRENCH THEATER OF THE NINETEENTH AND TWENTIETH CENTURY**

DR. LUCAS

Readings from the Romantic drama to the theater of the absurd. Some of the authors studied are Hugo, Musset, Jarry, Cocteau, Giraudoux, Camus, Beckett, Genet, and Duras. Prerequisite: French 305, 306 or permission of the instructor. Three hours per week. **Three semester hours.**

**086—428. ADVANCED GRAMMAR**

STAFF

Phonetics, morphology and syntax with special emphasis on the problems related to the teaching of the language. Prerequisite: French 315, 316 or permission of the instructor. Three hours per week. **Three semester hours.**

**086—451, 452. ADVANCED SEMINAR IN FRENCH LITERATURE**

STAFF

A study of topics in French literature. Future topics: Twentieth century women writers; The French new novel; Surrealism in France; The Self in French literature; Letters and memoirs. Specific topics will be determined according to interest and announced in advance. Prerequisite: one course in advanced French literature. Three hours per week. **Three semester hours.**

**086—331. FRENCH LITERATURE IN TRANSLATION**

STAFF

A study of topics in French literature. Future topics: Paris, the study of a city; The comic tradition in French literature; French autobiographical writings; The French short story. Specific topics will be announced in advance. Not open to freshmen. Open to majors, but does not fulfill departmental requirements. Three hours per week. **Three semester hours.**

---

**088—Spanish**

Spanish majors are required to take at least thirty semester hours in Spanish beyond Spanish 203, 204, and twelve hours of study in another language. Spanish 305, 306, 315, 316, and 428 are required courses. The following courses are also required: English Literature 203, 204; History 303, 304 or 305, 306 or 317, 318 or 327, 328. Latin 101, 102, 203, 204 are recommended. To complete departmental requirements in their senior year, majors must pass a comprehensive examination.

**088—101. ELEMENTARY SPANISH**

STAFF

An introduction to Spanish language and grammar with particular emphasis on writing, speaking and comprehension. Three hours per week plus one hour of language laboratory per week. **Three semester hours.**

**088—102. ELEMENTARY SPANISH**

STAFF

Continuation of Spanish 101. Three hours per week plus one hour of language laboratory. **Three semester hours.**

**088—203. INTERMEDIATE SPANISH**

STAFF

A review of grammar, conversation and vocabulary development, writings and discussions based on cultural, social and literary selections. Prerequisite: Spanish 102 or equivalent. Three hours per week plus one hour of language laboratory per week. **Three semester hours.**

---

*This course is not offered in 1979-1980.*

---

110
088—204. INTERMEDIATE SPANISH  
Continuation of Spanish 203. Three hours per week plus one hour of language laboratory per week. Three semester hours.

088—305. SPANISH CIVILIZATION AND CULTURE  
DR. ESPADAS  
A study of Spain from pre-roman to the present times. Spain's contribution to Western Civilization and its role in world affairs will be explored through its art, literature and thinkers. Prerequisite: Spanish 204 or equivalent. Three hours per week. Three semester hours.

088—306. LATIN AMERICAN CIVILIZATION AND CULTURE  
MR. PAUL  
A study of Latin America from pre-colombian to the present times. Latin America's contribution to world civilization and its role in world affairs will be explored through its art, literature and thinkers. Prerequisite: Spanish 204 or equivalent. Three hours per week. Three semester hours.

088—315. CONVERSATION AND COMPOSITION  
MR. PAUL, DR. ESPADAS  
Practice in oral elements of the language, written composition, and grammar. Topics relating to Hispanic culture and society will be emphasized. Prerequisite: Spanish 204 or equivalent. Three hours per week. Three semester hours.

088—316. CONVERSATION AND COMPOSITION  
MR. PAUL, DR. ESPADAS  
Continuation of Spanish 315. Three hours per week. Three semester hours.

088—332. LATIN AMERICAN STUDIES  
MR. PAUL  
Open to majors, but does not fulfill departmental requirements. See under World Literature.

088—341. SPANISH LITERATURE FROM THE MIDDLE AGES TO THE SEVENTEENTH CENTURY  
MR. RAPPOCCIO  
The study of the literature of Spain from the Middle Ages through the Golden Age. Special emphasis will be placed on the major works and genres. Prerequisite: Spanish 305 or 316 or permission of the instructor. Three hours per week. Three semester hours.

088—342. SPANISH LITERATURE FROM 1700 TO THE PRESENT  
MR. RAPPOCCIO  
The study of the literature of Spain from the eighteenth century to the present with special emphasis on the literary movements of the nineteenth and twentieth centuries, the generation of '98 and the post-civil war literature. Prerequisite: Spanish 305 or 316 or permission of the instructor. Three hours per week. Three semester hours.

*088—343. LATIN-AMERICAN LITERATURE UNTIL THE TWENTIETH CENTURY  
MR. RAPPOCCIO  
A study of Latin-American literature from pre-colombian times to Modernismo. Prerequisite: Spanish 306 or 316 or permission of the instructor. Three hours per week. Three semester hours.

* This course is not offered in 1979-1980.
*088—344. **TWENTIETH CENTURY LATIN-AMERICAN LITERATURE**  MR. RAPPOCCIO
A study of the poetry, drama and prose of the twentieth century with special emphasis on Dadaismo, Vanguardismo, Criollismo and the new novel. Prerequisite: Spanish 306 or 316 or permission of the instructor. Three hours per week. **Three semester hours.**

088—428. **ADVANCED GRAMMAR**  DR. ESPADAS
Phonetics, morphology and syntax with special emphasis on the problems related to the teaching of the language. Prerequisite: Spanish 316 or permission of the instructor. Three hours per week. **Three semester hours.**

088—451, 452, 453. **ADVANCED SEMINAR IN HISPANIC LITERATURE**  MR. PAUL, DR. ESPADAS
A study of topics in Hispanic literature such as Cervantes, The picaresque in Hispanic literature, Lyric poetry, The Spanish comedia, The new novel in Latin America. Specific topics will be determined according to interest and announced in advance. Prerequisite: Spanish 341, 342 or 343, 344 or permission of the instructor. Three hours per week. **Three semester hours.**

090—**SOCIOLOGY**  
**MR. GALLAGHER**

090—201. **INTRODUCTION TO SOCIOLOGY**  STAFF
A course designed to give the student a more scientific understanding of man’s social nature and of the social world in which he lives. In addition to fundamental concepts and theories particular attention is focused on problems arising from race relations and personality disorganization. Not open to freshmen. Three hours per week. **Three semester hours.**

090—202. **INTRODUCTION TO SOCIOLOGY**  STAFF
A continuation of Sociology 101. Problems to which particular attention is given include urbanization, public opinion and propaganda, marriage and the family and crime and delinquency. Prerequisite, Sociology 101. Three hours per week. **Three semester hours.**

**SPANISH**
See under Romance Languages

**SPECIAL OFFERINGS**
**College Scholar’s Program**
Guided independent study for qualified freshmen in their second term, sophomores and juniors. Each course is credited as three semester hours. (See “The Ursinus Plan” for details.)

201. **LANGUAGES**  MR. RAPPOCCIO AND DIVISIONAL TUTORS
202. **LANGUAGES**  MR. RAPPOCCIO AND DIVISIONAL TUTORS

*This course is not offered in 1979-1980.*

027—Intercollege Seminar
*027—202. SEMINAR ON CONTEMPORARY PROBLEMS
An elective course dealing with contemporary issues. The problems are analyzed from philosophical, sociological, psychological, and scientific viewpoints. Seven class meetings of 90 minutes each. One class is held at each of the participating colleges. Coordinator is in charge. Open to sophomores and juniors. Students make own travel arrangements to and from participating colleges. One semester hour.

Because of their interdisciplinary nature, the following special offerings, Senior Symposium and Community and Civilization, are supervised and administered by a faculty-student steering committee.

028—Senior Symposium
028—401. SENIOR SYMPOSIUM
The Senior Symposium is an elective course designed to encourage seniors from all departments to apply their accumulated knowledge to some of the major problems of the age. It is hoped that open discussion of current movements, ideas and values will help the students to move with a greater degree of confidence and usefulness in the world after graduation and will result in individual participation and involvement in the issues of their time. The Symposium, therefore, will deal with meanings and values as well as facts. Independent readings and periodic conferences with a tutor, with emphasis on the contemporary world. Open only to seniors. Three hours per week. Three semester hours.

*This course is not offered in 1979-1980.
029—Interdivisional Studies

029–402. INTERDIVISIONAL STUDIES—COMMUNITY AND CIVILIZATION DR. VISSE R AND STAFF
An interdisciplinary comparative studies program that examines the interdependence of values and institutions of the modern world. Students will be asked to discover the forces favoring continuity and change in values and institutions in an attempt to find the parameters of future developments. In addition to a weekly lecture, there will be tutorials, independent research and case studies in the form of disputations. Open to third and fourth year students. Three hours per week. Three semester hours.

030—World Literature

030–201. WESTERN LITERATURE STAFF
Critical reading of selected representative works from Western literature. Three hours per week. Three semester hours.

030–202. WESTERN LITERATURE STAFF
A continuation of World Literature 201. Prerequisite, Course 201. Three hours per week. Three semester hours.

030–203. CHINESE LITERATURE STAFF
Critical reading of selected representative works from Chinese literature in modern translations. Three hours per week. Three semester hours.

030–204. JAPANESE LITERATURE STAFF
A continuation of World Literature 203. Three hours per week. Three semester hours.

Although World Literature 201, 202 is offered every year, the sequence 203, 204 is offered only in alternate years. Student may elect both year courses for credit.

088–332. LATIN AMERICAN STUDIES MR. PAUL
The historical, political, and socio-economic background of this increasingly important region is brought out in studies based on the works of its major writers, especially those still active on the contemporary scene. Given in English, using texts in translation. Three hours per week. Three semester hours.
SUGGESTED FIRST-YEAR PROGRAMS

Academic advisers help students decide what courses to take each year to satisfy course requirements within each of the TIERS. Shown below are typical course selections of freshmen in the major programs.

**BIOLOGY (B.S.)**

B.A., Ursinus College; M.A., Ph.D., Clark University

GARFIELD SIEBER PANCOAST, Ph.D., Professor of Political Science
B.S., Ursinus College; M.A., Ph.D., University of Pennsylvania.

RICHARD MUMMA FLETCHER, Ph.D., Professor of Psychology
B.A., Franklin and Marshall College; Ph.D., Pennsylvania State University.

ROGER POWELL STAIGER, Ph.D., David Laucks Hain Professor of Chemistry
B.S., Ursinus College; M.S., Ph.D., University of Pennsylvania.

GEORGE GILBERT STOREY, Ph.D., N. E. McClure Professor of English
B.A., Geneva College; M.A., Duke University; M.A., Ph.D., Harvard University.

EVAN SAMUEL SNYDER, Ph.D., Professor of Physics
B.S., Ursinus College; M.S., Ph.D., University of Pennsylvania.

WILLIAM BEDFORD WILLIAMSON, Ed.D., D.D., Professor of Philosophy
B.S., S.T.B., Ed.D., Temple University; S.T.M., Lutheran Theological Seminary; M.A., Lehigh University; D.D., National University.

JAMES DOUGLAS DAVIS, M.A., Professor of History
B.A., Ursinus College; M.A., University of Pennsylvania.

WILLIAM THOMAS PARSONS, Ph.D., Professor of History
B.A., Ursinus College; M.A., Ph.D., University of Pennsylvania.

BERNARD OBLENIS BOGERT, M.A., Visiting Professor of Geology
B.S., Lafayette College; M.A., Columbia University.

CHARLES LOUIS LEVESQUE, Ph.D., Director of the Evening School, Visiting Professor of Applied Science
A.B., A.M., Dartmouth College; Ph.D., University of Illinois.

BLANCHE BEATRICE SCHULTZ, M.S., Assistant Dean, Professor of Mathematics
B.S., Ursinus College; M.S., University of Michigan.

RAYMOND VICTOR GURZYNSKI, M.Ed., Professor of Health and Physical Education
B.S., Ursinus College; M.Ed., Temple University.
RICHARD GROTH BOZORTH, Ph.D., Professor of English
B.A., University of Pennsylvania; M.A., Ph.D., Princeton University.

ROBERT VICTOR COGGER, Ph.D., Director of Placement; Professor of Education
B.A., State University of New York at Albany; M.A., Ph.D., Yale University.

OTTO SPRINGER, Ph.D., Visiting Professor of German
Ph.D., University of Tuebingen.

DERK VISSE, Ph.D., Professor of History
M.A., University of Pennsylvania; Ph.D., Bryn Mawr College.

JAMES PRESSLEY CRAFT, JR., Ph.D., Vice-President for Planning and Administration; Professor of Political Science
B.S., U.S. Naval Academy; M.S., Massachusetts Institute of Technology; Ph.D., University of Pennsylvania.

LOUIS ARTHUR KRUG, Visiting Professor of Education,
B.S., Ursinus College; M.A., Clark University; M.S., University of Pennsylvania.

FREDERICK DONALD ZUCKER, Ph.D., Professor of Political Science
B.A., Rutgers University; M.A., Ph.D., Pennsylvania State University; M.A., Bryn Mawr College.

GEOFFREY DOLMAN, M.A., Dean of Admissions; Associate Professor of English
B.A., M.A., University of Pennsylvania.

HOWARD LLOYD JONES, JR., M.A., Associate Dean of Admissions; Associate Professor of English
B.A., University of Delaware; M.A., University of Pennsylvania.

CONRAD EDWARD KRUSE, D.Sc., Associate Professor of Biology
B.Sc., D.Sc., Philadelphia College of Pharmacy and Science; M.Sc., University of Wisconsin.

RUTH ROTHENBERGER HARRIS, M.A., LL.D., Dean of Students; Director of Student Activities
B.S., Ursinus College, M.A., Columbia University; LL.D., Ursinus College.

RAY KARL SCHULTZ, Ph.D., Associate Professor of Chemistry
B.S., Muhlenberg College; M.S., Ph.D., Lehigh University.

HARRY CLAY SYMONS, M.A., Associate Professor of Economics
B.A., M.A., Pennsylvania State University.

ALBERT CURTIS ALLEN, JR., Ph.D., Associate Professor of Biology
B.A., College of Wooster; M.A., Ph.D., University of Michigan.
RONALD EUGENE HESS, Ph.D., Associate Professor of Chemistry  
B.S., Lock Haven State College; Ph.D., Cornell University.

JOHN DAVID PILGRIM, Ph.D., Associate Professor of Economics  
B.A., Grinnell College; Ph.D., Vanderbilt University.

GEORGE C. FAGO, Ph.D., Associate Professor of Psychology  
A.B., Franklin and Marshall College; M.S., Ph.D., University of Pittsburgh.

GAYLE ARMISTEAD BYERLY, Ph.D., Associate Professor of English  
A.B., Goucher College; M.A., Ph.D., University of Pennsylvania.

PETER GORDON JESSUP, Ph.D., Associate Professor of Mathematics  
A.B., Kenyon College; M.S., Ph.D., Lehigh University.

RICHARD JACOB WHATLEY, M.S., Associate Dean of Students; Associate Professor of Health and Physical Education; Assistant Director of Athletics 
B.S., University of Maine; M.S., Springfield College.

JANE ANN BARTH, M.A., Associate Professor of Chemistry  
B.A., Mount Holyoke College; M.A., Smith College.

RICHARD STUART BREMILLER, M.A., Associate Professor of Mathematics  
B.S., United States Merchant Marine Academy; M.S., Drexel Institute of Technology; M.A., University of Delaware.

LOUIS AUBREY DE CATUR, Ph.D., Associate Professor of English  
A.B., M.A., Ph.D., University of Maryland.

KEITH JORDAN HARDMAN, Ph.D., Associate Professor of Philosophy and Religion  
B.A., Haverford College; B.D., Princeton Theological Seminary; M.A. Columbia University; Ph.D., University of Pennsylvania.

ADELE PACK BOYD, M.Ed., Assistant Professor of Health and Physical Education  
B.S., Ursinus College; M.Ed., Temple University.

MARGARET BROWN STAIGER, B.A., Reference and Acquisitions Librarian  
B.A., Ursinus College.

HUGHAN CONRAD MEYER, JR., M.A., Assistant Professor of Economics  
B.A., Ursinus College; M.A., University of Pennsylvania.

ROBERT RAND DAVIDSON, M.S., Director of Athletics; Assistant Professor of Health and Physical Education  
B.S., Northeastern University; M.S., Springfield College.
JOYCE ELIZABETH HENRY, Ph.D., *Assistant Professor of English*
B.A., University of Michigan; M.A., Ph.D., University of Wisconsin.

EMIL SAMUEL PAUL, M.A., *Assistant Professor of Romance Languages*
B.S., North Texas State University; M.A., Rutgers State University.

MARVIN ELIJAH REED, Ph.D., *Assistant Professor of History*
B.A., Stetson University; M.A., Ph.D., Tulane University.

PETER FORREST SMALL, Ph.D., *Assistant Professor of Biology*
B.S., Austin Peay State University; M.S., East Tennessee State University; Ph.D., Miami University.

MARTHA CARROLL TAKATS, Ph.D., *Assistant Professor of Physics*
B.A., Wellesley College; M.S., University of Wisconsin; Ph.D., University of Pennsylvania

JOHN MOORE WICKERSHAM, Ph.D., *Assistant Professor of Classics*

PETER FLINT PERRETTEN, Ph.D., *Assistant Professor of English*
B.A., Moorhead State College; M.A., Idaho State University; Ph.D., University of Delaware.

ROBIN ADAM CLOUSER, Ph.D., *Assistant Professor of German*
B.A., Ursinus College; A.M., University of Pennsylvania; Ph.D., University of Kansas.

HARRY ELVIN BROADBENT, III, M.S.L.S., *Library Director*
B.A., Ursinus College; M.A., Villanova University; M.S.L.S., Drexel University.

LAWRENCE DENNIS KARAS, M.Ed., *Assistant Professor of Health and Physical Education*
B.S., Ithaca College; M.Ed., West Chester State College.

DANUTA SWIECICKA LLOYD, Ph.D., *Assistant Professor of German*
B.A., Temple University; M.A., Ph.D., University of Pennsylvania.
KATHERINE WOOD KNEAS, B.S. in L.S., Circulation Librarian
B.S., Ursinus College; B.S. in L.S., Drexel Institute of Technology.

JANE PERRETEN SHINEHOUSE, P.T., Assistant Professor of Biology
B.S., Ursinus College; P.T., University of Pennsylvania.

PATRICK JOSEPH MULVANNY, Ph.D., Assistant Professor of Psychology
B.S., Georgetown University; Ph.D., Brown University.

JOHN WINFIELD SHUCK, Ph.D., Assistant Professor of Mathematics
B.S., Massachusetts Institute of Technology; M.S., Tufts University; Ph.D., Northeastern University.

ANNETTE VOCK LUCAS, M.A., Assistant Professor of French

JAMES HOUGHTON KANE, J.D., Assistant Professor of Political Science
B.A., Houghton College; M.A., University of Pennsylvania; J.D., Temple University

MARY BLAIR FIELDS, Ph.D., Assistant Professor of Biology
B.A., Otterbein College; M.S., Ph.D., Miami University.

DAVID GEORGE PHILLIPS, Ph.D., Assistant Professor of Biology
B.S., The Pennsylvania State University; M.S., Ph.D., University of New Hampshire.

NANCY LINEKEN HAGELGANS, Ph.D., Assistant Professor of Mathematics
B.A., Goucher College; M.A. and Ph.D., Johns Hopkins University.

ROY H. DUNGAN, Ed.D., Assistant Professor of Education
B.S., Millersville State College; Ed.D., Temple University.

CONSTANCE WARREN POLEY, B.S., Instructor in Health and Physical Education
B.S., Ursinus College.

JUDITH EMMA FRYER, M.S. in L.S., Periodicals Librarian
B.A., Ursinus College; M.S. in L.S., Drexel Institute of Technology.

JOHN JUSTIN McCARTHY, LL.B., Instructor in Economics
B.A., University of North Carolina; LL.B., University of Pennsylvania.

PHILIP JOSEPH RAPPOCCIO, M.A., Instructor in Romance Languages
B.A., M.A., Rutgers, The State University.
JANET MUNRO BROWN, B.A., Catalog Librarian
B.A., University of Pennsylvania

JUAN ESPADAS, Ph.D., Instructor in Romance Languages
B.A., M.A., University of Illinois; Ph.D., University of Pennsylvania.

FAYE FRENCH SHAW, M.S., Instructor in Chemistry
B.A., University of California; M.S., West Chester State College.

THEODORE ANDREW XARAS, M.F.A., Instructor in Art
B.F.A., Philadelphia College of Art; M.F.A., Tyler School of Art.

JUDY TYNDALL BUTLER, M.Ed., Instructor in Health and Physical Education
B.S., M.Ed., West Chester State College.

STEWART ROSS DOUGHTY, Ph.D., Instructor in History
B.A., Ursinus College; M.A., Ph.D., Harvard University.

PATRICIA WARD, Ph.D., Lecturer in German
B.A., University of Massachusetts; M.A., Ph.D., University of Pennsylvania.

MICHAEL TRACY CASH, M.S.Ed., Instructor in Health and Physical Education
B.S., Ursinus College, M.S. Ed., Cortland State University.

PAMELA SUE CHLAD, B.S., Instructor in Health and Physical Education, Head Trainer in Athletics
B.S. in Nursing, Widener College; R.N.; A.T.C.

FREDERICK RENE PEIFFER, B.A., Instructor in Physics
B.A., Swarthmore College.

GERALDINE ANNE EDWARDS, M.A., Lecturer in English
B.A., Chatham College; M.A., New York University.

THOMAS EDWARD GALLAGHER, JR., M.A., Instructor in Anthropology and Sociology
B.A., University of Delaware; M.A., Temple University.

WILLIAM JOHN GATENS, B.A., Instructor in Music
B.A., Swarthmore College; B.A., Oxford University

CAROL PATRICIA HUBER, M.B.A., Lecturer in Economics
B.S., Shippensburg State College; M.B.A., Drexel University.
EILEEN ELIZABETH KRAUS, M.A.T., Lecturer in Political Science
B.A., Mercyhurst College, M.A.T., Harvard University.

FRANCES CLAIRE NOVACK, Ph.D., Lecturer in French
B.A., Columbia University; Ph.D., Cornell University.

DALE JOEL PLETICHA, Ph.D., Lecturer in Physics
B.S., St. Procopius College; M.S., Ph.D., Cornell University.

CATHERINE DIANNE CHERSER, M.S. in L.S., Audiovisuals Librarian
B.A., James Madison University; M.S., University of Pittsburgh.

EDWARD JOSEPH CLINTON, M.A., Lecturer in Education
B.A., St. Charles Borromeo Seminary; M.A., Villanova University.

SUSANNAH HART DILLMAN, M.S., Instructor in Mathematics
B.A. and M.A., Jackson College of Tufts University; M.S., Oregon State University.

A. ARTHUR FULTON, M.B.A., Lecturer in Economics and Business Administration
B.A., DePauw University; M.B.A., University of Chicago.

COLETTE TROVT HALL, M.A., Lecturer in French
Licence, Universite de Nanterre; M.A., Bryn Mawr College.

CHARLES BLAIR KELLER, B.S., Lecturer in Economics
B.S., University of Pennsylvania

EDWARD R. MARTIN, Ph.D., Lecturer in Economics
B.A., M.A., Ph.D., Rutgers University.

CAROL EVANS PHILLIPS, R.N., Lecturer in Biology
R.N., Thomas Jefferson University Hospital School of Nursing.

ALICE SCHADE POWERS, Ph.D., Lecturer in Psychology
B.A. and Ph.D., Bryn Mawr College.

JOHN LAWRENCE RONNING, B.S., Lecturer in Physics
B.S., Cornell University

CHARLES C. YOHN, M.Ed., Lecturer in Education
B.S. in Ed., Shippensburg State College; M.Ed., Kutztown State College

CARLA WELSH YOUNG, M.A., Lecturer in Philosophy
B.A., Connecticut College; M.A., Bryn Mawr College.

PHILIP ZUCKERBROD, Ph.D., Lecturer in Psychology
B.A., Brooklyn College; M.A., Hofstra University; Ph.D., Pennsylvania State University.

JANET CAHILL, Ph.D., Lecturer in Psychology
B.S., State University of New York; Ph.D., Temple University.
OFFICERS OF THE FACULTY

Chairman, THE PRESIDENT
Secretary, PROFESSOR STOREY

ACADEMIC COUNCIL

The President
The Dean
Professor Hess
Professor Doughty
Professor Staiger
Professor Fago
Professor Reed
Professor Lucas
Professor Storey
Dr. Craft
Dean Schultz

ADVISERS

Biology Department, Professor Allen
Chemistry Department, Professor Staiger
Classical Studies Department, Professor Wickersham
Economics and Business Administration Department, Professor Pilgrim
Engineering, Professor Snyder
English Department, Professor Storey
Germanic Languages Department, Professor Clouser
Health and Physical Education, Professor Davidson
History Department, Professor Davis
Mathematics Department, Professor Jessup
Pennsylvania Dutch Studies Program, Professor Parsons
Philosophy and Religion Department, Professor Williamson
Physics Department, Professor Snyder
Political Science Department, Professor Miller
Pre-Professional, Professor Allen
Psychology Department, Professor Fago
Romance Languages Department, Professor Lucas
Undesignated,
  Humanities, Professor Wickersham
  Social Sciences, Dr. Kane
  Natural Sciences, Professor Hess
Graduate Scholarships, Professor Storey
Foreign Students, Mr. Rappoccio
Freshman Class, Professor Fields
Sophomore Class, Professor Small
Junior Class, Mrs. Butler
Senior Class, Professor Barth
COMMITTEES OF THE FACULTY

Admissions: The President, Chairman; Deans Snyder, Schultz, Dolman, Jones, Schaefer; Professors Bozorth, Cogger, Small.

Athletics: Professor Davidson, Chairman; Professors Clouser, Doughty, Pancoast, R. Schultz; Mrs. Kneas.

Discipline: Professor Barth, Chairman; Professors BreMiller, Davidson, Fletcher. Alternates: Professors Henry, Pancoast, Takats.

Forum and Cultural: Dean Harris, Chairman; Professors Henry, Williamson, Zucker; Dean Jones; Mrs. Brown, Messrs. Xaras and Gatens.

Library: Professor Clouser, Chairman; Professors Doughty, Fields, Zucker; Mrs. Staiger; Messrs. Broadbent and Pfeiffer.

Professional School Credentials: Professor Allen, Chairman; Deans Snyder, Harris; Professors Bozorth, Hess, R. Staiger.

Scholarship: The President, Chairman; Dr. Craft; Deans Schultz, Dolman, Jones, Schaefer; Professor Lloyd; Mr. McQuillan.

Standing: The President, Chairman; Dr. Craft; Deans Snyder, Dolman, Jones, Harris, Rebuck; Professor BreMiller.

Student Activities: Dean Harris, Chairman; Professors BreMiller, Hess, Lucas, Perreten, Rappoccio; Dean Rebuck; Mr. Nuscher, Miss Chesser.

Student Publications: Professor Storey, Chairman; Dean Jones; Professors Byerly, DeCatur, Henry, Perreten; Mr. Broadbent.
PRIZES, HONORS, DEGREES

AWARDED IN 1978

The Alumni Senior Award — Francine Agnes Trzeciak, ’78, Lawrence Dalaker, ’78
The American Chemical Society Award — Melanie Gay Freed, ’78
The Cyrus E. Beekey Prize — Carole Turek, ’78
The Boeshore Prize — Irvin Benezet Gill, ’78
The George Ditter Prize — Thomas Griffith Phillips, Jr., ’78
The Duttera Prize — Norman Randolph Kolb, ’78
The Ehret Prize — Richard Norwood Moser, Jr., ’80
The Edwin M. Fogel Prize — David Stuart Hoag, ’79
The Philip H. Fogel Memorial Prize — Peter Jeffery Markel, ’78
The French Award — Kim Derderian, ’78
The Ronald C. Kichline Prize — Michael Theodore Piotrowicz, ’78
The William L. Lettinger Chemistry Award — Joyce Cecile Niedringhaus, ’78
The Elizabeth Rockefeller McCain Prize — Aleta Jean Cooper, ’80
The George E. Nitzsche Prize — Claudia Edith Stevenson, ’78
The Pennsylvania Institute of Certified Public Accountants — Thomas Joseph Baumgartner, ’78
The Robert Trucksess Prize — David Michael Pollick, ’78
The Ursinus Women’s Club Prize — Elizabeth Anderson Meng, ’78
The Wagman Prize — Kevin Scott Leibensperger, ’78
The Professor Elizabeth B. White Prize — Laura Mary Burk, ’78
The Whitian Prize — Judith Ann Raub, ’81

COMMENCEMENT HONORS

VALEDICTORIAN: Keith Karl Burkhart
SALUTATORIAN: Melanie Gay Freed
SUMMA CUM LAUDE:  Keith Karl Burkhart  Kevin Scott Leibensperger
Melanie Gay Freed
MAGNA CUM LAUDE: Mary Teresa Abell
  Susan J. Adamson
  Randall Thomas Bashore

Title IX of the Educational Amendments of 1972 is a federal law designed to eliminate sex discrimination in educational programs and activities. The law provides that “no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education programs or activity...”

Ursinus College complies with Section 504 of the Rehabilitation Act of 1973, as amended, which provides that “no otherwise qualified handicapped individual...shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.” Any person with a complaint regarding discrimination on the basis of sex or handicap is invited to communicate with Richard P. Richter, President of Ursinus College, who is title IX Coordinator, Room 238, Corson Hall, 489-4111, Ext. 212.

Ursinus College complies fully with the “Family Educational Rights and Privacy Act of 1974.” The guidelines adopted by the College and a copy of the Act are available for inspection in the Office of the Dean of the College during regular business hours.
