Dear Eleanor:

The young people of Tusinus are losing a wonderful opportunity, that of working under and learning from you.

You have been the inspiration for many teachers and coaches in the Delaware Valley. I can remember back to the fall of 1931 (my Sophomore year) when you first came to Tusinus. My three years as a student and the seven years as a fledgeling teacher with you were happy ones. You are everything a woman "P.F. in" should be; a wise, understanding and knowing teacher, one whose choice of words has made the English language a beautiful and living thing; a guiding hand to young teachers; a wonderful friend under many and varied circumstances. I wish for you a full and rewarding future. May

you have as much happiness
as you have brought to the
many young people who have
been privileged to know you.

Our memories of you
(Syd's and mine) are such
pleasant ones. He joins me in
saying "Thank You."

Lovingly
"Lmo"
