Several months ago we received a letter from Professor Clarence E. Heffelfinger, '20, who wrote:

“The Alumni must get behind the drive to raise the Alumni Memorial Scholarship Fund. Ursinus College is more than worthy of our support. We owe this to our college and to the young people of our country. Long ago I sent my check and another will be on its way soon.”

The Scholarship Fund drive is now approaching the close of its first year. A report, dated October 5, 1949, from the President and Secretary of the Alumni Association, reveals that during the first ten months of the campaign, alumni contributed $34,000 in gifts and pledges. This is indeed gratifying, and shows that hundreds of Ursinus graduates share Professor Heffelfinger’s devotion to the College.

Despite the sizeable amount contributed to date, however, we are still far from our goal. Actual gifts are less than one-third of the $100,000 we have pledged ourselves to raise over a three-year period. Moreover, the October 5th report clearly indicates that only a small minority of our 3000 alumni are supporting the drive. In only nine classes, representing less than 100 graduates, have more than 50% of the members contributed. Eleven other classes have attained 25% participation. Obviously, we cannot reach our goal without the support of the remaining segment, constituting almost 75%, of the alumni body.

We urge everyone, therefore, to send a gift and to send it now. The halfway mark is in sight. Let’s reach it before 1950.

Good Old Joe!

How many times have you sat down in a reminiscent mood and mused to your wife, “I wonder what ever became of good old Joe Doakes? The times we used to have at Ursinus! Must look him up sometime.” Or how often have you scanned the pages of the Journal and come upon mention of an old college room-mate or fraternity brother and discovered that he has three or four wee ones and, bless you, is living in the town just down the road.

“Must give him a buzz one day,” you remark. But do you do it? Well, why not?

The Journal aims to keep you posted on the vital statistics and achievements of your old school chums, but how much more satisfactory it would be actually to get in touch and renew half-forgotten, though once such warm friendships. It’s been four whole years, yes, it has, since the war’s end, and you can begin to depend on the addresses we give you as being more permanent and accurate now. Since Mr. Frosberg appeared on the scene and took over the records we expect them to become much more complete and reliable.

Space and, we must admit, effort, prevent us from giving you everyone’s phone number, but you’d be surprised how easy it is actually to “Look him up sometime” with the Journal in one hand and the phone book in the other. Try it today and see for yourself.

Remember When——

The following boxscore appeared on an inside page of the Philadelphia Sunday Bulletin for October 2, 1949:

Drexel ................. 0 0 7 14—21
Ursinus ................. 0 0 0 0—0

Fifteen years ago, almost to the day, the Evening Bulletin of October 6, 1934, carried the following beneath a streamer headline on its front page:

Penn ................. 0 6 0 0—6
Ursinus ................. 7 0 0 0—7

Oh, for the good old days!

OLD TIMERS’ DAY

November 5, 1949

Come Early—Stay Late!
The following quotation is from a recent address by Dr. Harold E. Dodds, President of Princeton University:

"I respect America's unique pattern of higher education in which public and private colleges and universities complement each other in friendly cooperation, and I want to see it continue and prosper. But unless all present signs fail, the future of the tax-sustained institution is secure, while that of the private institution is growing increasingly insecure. When private enterprise fades out of higher education in America, freedom, as we value it, will fade with it. We cannot permit ourselves ever to drift into a system of thought-control by which government, no matter how high-minded its officials, does all our educational thinking for us. We must maintain our private colleges and universities as islands of independence, not accountable to political authority, but accountable rather to their own concepts of public welfare and their own non-political constituencies. We need colleges and universities which are free to fight popular trends, as well as follow them, whether those trends be political, educational, social or religious. The American colleges and universities . . . are fortunate in possessing the active loyalty of their alumni and friends. It will be a sad day for our democracy if and when our loyalties all come to be absorbed in and directed to one institution, the state. To prosper, democracy must sustain and nourish various loyalties to centers of energy and opinion not connected with the state. Loyalty to one's college is one sort of such loyalties that helps to keep popular government alive."

The statement of President Dodds is a warning and a challenge that should not be disregarded. Although Ursinus College is stronger than ever before, we need more than ever before the generous loyalty of our alumni and the help of all our friends.

Alumni Association Activities

Dinner Dance Highlights
Alumni Day Activities

Luncheon, General Meeting, McClure’s Reception Fill Day

Climaxing a full day’s activities at one of the most successful Alumni Days in recent years, a capacity house of more than 280 packed the Thompson-Gay Gymnatorium at a night-club style dinner dance on June 4. After dining, the crowd enjoyed a sparkling and diversified floor show offered by the College Curtain Club under the direction of Donald L. Helfferich, ’21. The show included, among several novelties, a one-act play entitled “The Flattering Word.”

The enthusiastic reception given to the evening’s affair, for the innovation of which thanks are due to Paul I. Guest, ’38 and his Alumni Day Committee, proved that this type of entertainment is worth repeating in the future.

Luncheon Served on Campus

Opening the day’s activities was a luncheon served on campus. The Annual Meeting of the Alumni Association in Bomberger Hall followed the luncheon. Later in the afternoon, President McClure held his customary reception in the Library.

Bodley Presents Harry Frosberg

At the meeting of the Association, J. Justus Bodley, ’38, introduced Mr. Harry Frosberg, the newly appointed General Alumni Secretary, Ober Hess, ’33, one of the Alumni Directors, gave a general report for the Board, emphasizing that the College is a growing institution now doing a million dollar-a-year business. Mr. Hess also reported on the progress of the War Memorial Scholarship Fund drive, stating that to date the Alumni had raised $30,000 of their pledged goal of $100,000, and the Board $80,000 of its pledged goal of $150,000.

Amendments Approved

Other action taken at the meeting included the approval of proposed amendments to the Association’s constitution, and the presentation of a report by (Continued on Page 5)

Harry Frosberg Appointed General Alumni Secretary

Filling the newly created post of Public Relations Director and General Alumni Secretary, Harry M. Frosberg, assumed his duties on July 1.

A graduate of the Journalism Department of Temple University, he was employed by The Coatesville (Pa.) Record for five years before the war as reporter and circulation manager. Completing four years of service in the U. S. Army Air Forces in 1946, he became associated with Commonwealth Magazine, published in Harrisburg, as assistant editor. He was also from 1947 until his Ursinus appointment an instructor in photography at Spring Garden Institute, Philadelphia. As a free-lance Mr. Frosberg has contributed articles and photographs to a number of newspapers and magazines.

Because of the related nature of his work, the programs of the Public Relations Department, the Alumni office and the Placement Bureau will be integrated under his direction.

Ursinus Women’s Club Gives $1,000 to College

A check for $1,000 to go toward the building of the women’s hockey field was the gift of the Ursinus Women’s Club to the college, presented by Evelyn Glazier Henzel, ’32 at the General Alumni meeting on June 4, 1949. The club raised its entire pledge over a period of two years by giving benefit teas for the fund.

Elizabeth Ware Davison, ’38 will succeed Mrs. Henzel as president of the club for a term of two years. Serving on her executive committee are Mrs. Henzel, Margaret Deyer Eackus, ’33, Mrs. Horace Godshall, Sally Ennis Stratton, ’37, and Elizabeth Evans Kane, ’36.

Other officers elected for the next two years are: Mrs. Helen Anderson, vice-president; Elmina R. Brant, ’31, secretary; Lois Hook Brownback, ’20, treasurer. Frances Thielof Glassmoyer, ’40, will serve as publicity chairman; Hilda Stanley Rockett, ’32, ways and means chairman; and Elizabeth Usinger Paisley, ’40, membership chairman.
Sellers, Rieser to Head Berks Co. Local Alumni

Henry B. Sellers, '25, and Mrs. Sherwood Rieser (Ruth D. Riegel, '32), were elected president and secretary-treasurer, respectively, of the Ursinus College Alumni of Berks County, at its annual dinner-dance, held last May at the Reading Country Club.

Honour guests were Dr. and Mrs. N. E. McClure, Dr. Eugene H. Miller, '33, Mrs. Miller, and Mrs. Donald Helfferich (Anna A. Knaer, '20).

Other alumni present were; Mr. and Mrs. Donald Fetterman, '41 (Edith Houck, '39); Dana F. Griffin, '19; Judge Warren K. Hess, '31; Mildred B. Hahn, '31; Dr. and Mrs. Carl M. High, '24 (Christine Borkey, '25); Mrs. Galen Howerter (Louise Kunkel, '21); Dr. and Mrs. E. Karl Houck, '23 (Caroline B. McClain); J. Harley Hunter, '23; Ronald C. Kichline, '16; Mrs. M. L. Lausch (Luetta M. Nagle, '30); Mr. and Mrs. Charles Metcalf, '30 (Gertrude S. Rothenberger, '28); Dr. and Mrs. Howard U. Miller, '02 (Bertha E. Ship, '05); Mrs. Vivian Wismer Morgan, '25; Mrs. Robert G. Ohlinger (Esther G. Shirley, '21); Dorothy Seitz, '29; Mrs. Henry B. Sellers (Ruth M. Nickel, '25); Grace Trout, '24; Margaret A. Yost, '24; Dorothy Patt, '40; and Dr. Frederick Cornelius, '28.

**R. Claire Frank to Preside Over York County Alumni**

R. Claire Frank, '28, was elected president of the York County chapter of Ursinus College Alumni association at the annual dinner meeting on May 6, 1949 at Lincoln Woods Inn. Eugene Shelley, '37, was named vice president; Clara Moul Lentz, '19, secretary; and Charles Bowen, '41, treasurer.

Dr. Norman E. McClure, was the guest speaker. The Rev. C. Eugene Blum, '27, president of the college alumni association; Donald L. Helfferich, '21, college vice president; and Dr. Maurice W. Armstrong, professor of history, also spoke. The Rev. Albert C. Robinson, '38, was the tomaster. The Rev. Richard E. Shaffer, '34, gave the invocation.

Prospective students, Doris Thompson, Charles Grammes, and Nancy Everett, were introduced by Charles W. Rutschky, '19. Eighty members attended the dinner.

**Secretary's Corner**

By HARRY M. FROSBERG

My personal greetings to all Ursinus graduates!

Since assuming my duties as your newly appointed General Alumni Secretary, I have become daily more aware of the great interest and enthusiasm that grew out of the original proposals to create this office. I am likewise well aware of the contributions to the Association's growth which are anticipated by the centralization of alumni work in this office.

In order to keep all Ursinus graduates informed of the work of our office, I plan to give you in each issue of the Journal a brief report on developments here on the campus and the Association's program for the days ahead. In this initial "talk" with you, I would like to mention one of our immediate problems and outline some of our more important objectives.

Basic to all alumni work is an accurate file giving names, addresses and classes. That is at once one of the most important and difficult tasks. If our office is to serve efficiently as the clearing house for information about all our graduates and all the activities of the Association, we must have complete, up-to-date information on as many graduates as possible. Although an effort has been made to complete our files, we have been forced to label many of our graduates as "lost". We want to remedy that as soon as possible. We plan, therefore, to send you soon a questionnaire which will help us to verify the information we now have or to fill in the obvious gaps. We hope all of you will cooperate with us on this project. From time to time we expect to list in the Journal the

**Dr. Paisley Assumes Post for 40th Year**

At a Board of Directors meeting held on June 4, Dr. Harry E. Paisley was re-elected president of the board and Mr. Ralph F. Wismer, '05, was re-elected secretary-treasurer.

For forty busy and fruitful years Dr. Paisley has served Ursinus College as president of the board of directors. A member of the board of forty-two years, Dr. Paisley has always demonstrated wise leadership and a faithfulness to his duties which have resulted in the increasing prosperity of the college each year.

Since his acceptance of the responsible post Dr. Paisley has seen the college transformed from a modest company of fifteen professors and one hundred students occupying six buildings and possessed of meagre resources to the present firmly established institution with its faculty of sixty and student body of one thousand, carrying on its work in twenty-eight buildings with excellent laboratories and equipment.

**Improved Radio Station Built for College**

With a weather eye out for giving Ursinus its place in the sun and the other eye out for learning more in the field of electronics, student electricity experts Joe Beadwood and Charles Stokes have produced a bigger, better radio station for the College.

Actually the reason for this bigger, better set-up is a new transmitter recently built by the two students. The new transmitter will in turn produce better reception in individual radios, perhaps even as far as Norristown.

Known as WURS, the station will be on the air every Monday through Thursday evenings from 7:30 to 9:00 p.m. at 640 on your radio dial.

The experimental radio station came into being last fall. At that time programs were presented only two and three afternoons a week, and often could not be heard as far south as Glenwood Hall. This year, however, with an augmented staff for the preparation of more varied programs, the station gives promise of a brighter future.

**Seven New Members Join Faculty and Staff**

Seven new faculty and administrative staff members have assumed their duties with the College staff for the 1949-50 academic year.

Joining the English Department as an Associate Professor is Geoffrey Dolman, of Collingswood, N. J. Prior to his election to the Ursinus faculty, Mr. Dolman served for a year as assistant to the Dean of Admissions at the University of Pennsylvania from which he holds B.A. and M.A. degrees. From 1946-48, he was chairman of English and Humanities at the St. Helena Extension, College of William and Mary.

James R. Hersleb, of Philadelphia, has joined the faculty as an Instructor in Economics. Mr. Hersleb is a graduate of the College of the Pacific and also holds LL.B. and M.A. degrees from Temple University.

Dorothy H. Post and Elizabeth A. Eschelman, both 1949 graduates of Ursinus, will serve as Assistants in Biology; and Walter W. Marsteller, also of the '49 class, will be Instructor in Physics.

Evans Parker Worley, of Muskogee, Oklahoma, has assumed his duties as reference and circulation librarian. Mr. Worley comes to Ursinus from the Library of Congress where he was an intern in the Office of the Chief Assistant Librarian.

Mildred Walters of Trappe, has been appointed Assistant Nurse and will work with Miss Helen Moll in the infirmary.

**The Alumni Memorial Scholarship Fund needs your support. Send your contribution now!**

(Ursinus College Bulletin 947 Enroll for 80th Year! The 80th school year at Ursinus opened officially on September 25 with a total enrollment of 947 students, a decrease of about 65 from last year. Newly enrolled students total 234, of which 101 are women and 134 are men. Highlighting a busy three-day orientation period for the new students were a buffet supper, banquet, tea and dance.)
Walter Marsteller Builds Observatory To House Franklin Institute Telescope

As a result of one of the most interesting one-man projects in Ursinus history, an astronomical observatory has been erected on the roof of Phahler Hall to offer the college students and Collegeville residents a stimulating opportunity for celestial knowledge.

Born largely out of the varied skills and boundless energy of Walter Marsteller, '49, the observatory should prove to be a valuable and popular addition to the college physics courses.

When a “spare” telescope was offered the college by Franklin Institute of Philadelphia, its potential contribution to the college courses was recognized and plans were started for its installation. Long interested in astronomy and equipped with an amazing amount of technical knowledge and manual dexterity, Marsteller became interested in the idea and was given the opportunity to plan and execute the observatory’s erection.

Scope Nears Completion

Now nearly completed it is expected to become a regular part of the physics department’s instruction under the direction of Marsteller who has this year been added to the faculty as an Instructor in Physics.

Of the slotted dome type, the observatory building is 20 feet in diameter and 18 feet high. It has an all welded steel frame and is covered by aluminum sheet. The revolving dome is so designed that it has a maximum directly applied force of only 50 pounds.

The telescope itself was built by Prof. Elihu Thomson, one of the founders of the General Electric Company. Of the refracting type, the telescope has a ten and one-half inch aperture and a focal length of 150 inches.

Mounting Pier Erected

Designing and planning the telescope’s assembly and erection, Marsteller drew upon his multiple talents to add the mounting pier, driving mechanisms and other optical, electrical and mechanical equipment necessary to fit the telescope to the use for which it was intended. He “shopped around” for some parts, built others, did his own welding, cutting, and part of his own sheet metal work.

Assistance on some of the finishing touches was given by George Dillinger, '49, Bill Helfferich, a junior, and Freddy Godshall, son of the Buildings and Grounds Superintendent. The college maintenance crew helped to lift the dome into place.

As a result of his work the housing is completed with comfortable space in which to use the 'scope, including the easily moved dome that will permit night-long observation of the skies.

Commenting on his project, Marsteller says: “The new observatory can prove an inestimable boon by providing enticement to look into the universe on a grand scale.”

Sewage Disposal Plant Nearing Completion

Co-operating with the state in its “clean stream” program, Ursinus College has undertaken the construction of a complete sewage interceptor and sewage treatment plant at a cost of $45,706. Begun in June the work is ahead of schedule and the plant is expected to go into operation on November 1.

Designed to accommodate a population of 12,000, the system includes a complete treatment plant consisting of a screen and grit chamber, an Imhoff tank, trickling filter and final settling and chlorination tanks. Adequate drying beds for sludge are also included. Over a thousand feet of trunk sewer line had to be laid as well as 1050 feet of 2" water line and 800 feet of 6" water mains.

The system was designed by Whitman, Reguardt and Associates, of Baltimore, one of the foremost sewerage design engineering firms in the country. Associated with the Baltimore firm in the work was Ivan M. Glace, of Harrisburg.

Horace E. Godshall, Superintendent of Buildings and Grounds at Ursinus, supervised the construction work.

Four Programs Featured In Ursinus Forum

A review of international developments in the Far East, the growing importance of the Arctic, and readings of original poetry will feature four programs which have been scheduled for the coming year by the Ursinus College Forum.

A keen interpreter of Far Eastern problems, Harold B. Isaacs, associate editor of Newsweek, discussed “Whither Communism in Asia” at the opening session, held on October 12. Isaacs, who returned from South Asia in the spring of this year, has covered the Orient for the New York Times and Newsweek since 1930 and has written four books dealing with the growing crisis in the Far Eastern affairs.

Talented Nola Luxford, foreign correspondent, news commentator, author, lecturer, stage, radio and screen performer, will appear on the Ursinus Forum stage, November 9, when she will present her views on the “Prospects for Peace”. An Australian, Miss Luxford is known internationally as an “Ambassador of Goodwill”.

On February 15, 1950, Edward Davison, poet, will present readings from his latest works. Mr. Davison will also give a special program on February 16 for the college classes.

The famous Sir Hubert Wilkins will appear before the Forum on April 18, 1950 to talk on the “Arctic and its Influence on World Affairs”. One of today’s outstanding explorers and adventurers, Sir Hubert has a distinguished record of achievements. He was the first to cross the Arctic Ocean by plane and also the first to fly over the Antarctic continent. He is the only person ever to conduct explorations by submarine under the Arctic ice.

All Forum programs are scheduled for Bomberger Hall at 8 p. m. No charge is made for admission.
Admiral Will Retires
After 32 Years in Navy

Completing more than 32 years of service in the United States Navy, Charles R. Will, '18, was retired June 30 of this year as a Rear Admiral. His last administrative post in the service was General Inspector for the Bureau of Ordinance and Commanding Officer of the Naval Ammunition Depot, Charleston, S. C.

Entering the service as an ordinary seaman in June, 1917, Admiral Will compiled a distinguished record through two wars. Through the early months of World War II, Admiral Will served as executive officer of the U.S.S. Oma on neutrality patrols in the South Atlantic. His ship made the first interception of a blockade runner, the German vessel, S. S. Odenwald, disguised as American.

Transferred to the Pacific, Admiral Will was made Commanding Officer of the U.S.S. Flint and served with the Third and Fifth Fleets in support of landing operations at Lingayan Gulf, Iwo Jima, Okinawa and the pre-invasion operations in Japan.

His citations and decorations include the Bronze Star and Commendation Ribbon, the Brazilian War Service Medal, and Legion of Merit with combat insignia.

Admiral and Mrs. Will, the former Anna D. Wilknever, '18, plan to live at Gulfport, Florida.

Rowland Mulford Heads
Bridgeton, N. J. Schools

Rowland Mulford, '21, this year assumes the post of Superintendent of schools in Bridgeton, New Jersey. He formerly headed the Science Department in the Bridgeton High School.

Holding the rank of Commander in the USNR, he served as an administrative officer during the Second World War, and as a construction officer in the First World War.

Commander Mulford holds the degree of Master of Education in Educational Administration from Temple University and is now completing work there on his Doctorate in Education. He is a member of the Alpha-Eta Chapter, Phi Delta Kappa.

The Mulfords reside at 700 N. Pearl Street, Bridgeton, N. J.

Dr. Miner Assumes
New Post in West

Dr. George D. Miner, commanding officer of the Ursinus V-12 unit during the war years, has been elected Superintendent of Schools in his home city, Richmond, Calif.

Dr. Miner is an honorary alumnus of Ursinus, having received an LL.D degree from the college shortly before the V-12 unit was decommissioned.

**Registers on Sale**

Copies of the Alumni Register are still available and can be obtained by writing the General Alumni Secretary.

The Register contains the names and addresses of all graduates as well as their occupations and positions, graduate work, and other activities.

The price of the Register is $1.25.

**Millers Write Chapters**

*For History Book*

Two members of the Ursinus faculty, Dr. Eugene H. Miller, ’33, and his wife, Jessie Ashworth Miller, are contributors to a book of “Essays in History and International Relations”, recently published by Clark University in honor of George Hubbard Blakeslee.

Dr. Miller, of the Political Science Department, wrote on “Canada, the United States and Latin America”, analyzing the early divergence of Canadian and United States interests and the gradual change in Canada’s attitude through greater hemisphere contacts toward a preference for a northern hemisphere security system.

Mrs. Miller, lecturer in Sociology, contributed a chapter on “The United States and Chinese Territorial Integrity, 1908”. In this, she has reviewed past efforts by forces in both countries to draw China and the United States closer together and the subsequent difficulties faced by the Theodore Roosevelt administration in concluding the Root-Takahira agreement with Japan.

**News About Town**

*By Muriel B. Pancost, ’38*

The Collegeville-Trappe school enrollment has hit an all-time high this year in keeping with increased school enrollment throughout the country. Our total student body is now 488 students—326 of whom are in the junior-senior high school. The Collegeville grade school for the first time has separate teachers for the first and second grades. The first graders number 23 pupils, and since there are 19 in the second grade, it warranted the addition of another teacher to the staff—much to the delight of Collegeville parents.

It’s hard to keep track of the Sheeders these days. They are very busy people and do a great deal of traveling. We do know that they spent a month on a motor trip through Nova Scotia this summer; and at the time of my writing, Dr. Sheeder is attending sessions of the General Council of the Evangelical and Reformed Church in Cleveland, Ohio.

**Betsy Grove Opens Nursery**

We wish “happy nursery” to Betsy Grove, ’38, our alumni secretary, who is taking over a Nursery School, conducted for the past several years by Mrs. George Walt here in town. In her group are four and five year-olds, and they meet at Betsy’s home from 9:00 to 11:30 a.m., Monday through Friday. To date, there are approximately 15 youngsters enrolled, so she should have a very successful year.

Among many interesting experiences had this summer by Betty Ann McClure, daughter of our President, was a visit to Dunnean Castle, Scotland. She was a guest of the chief of Clan MacLeod. Betty Ann has now returned to Girton College, Cambridge, for her second year of study. She holds a Bryce Scholarship, awarded by Cambridge University, and a Fulbright Fellowship. Best of luck to her!

**Ilsa Helfferich in Germany**

Our Vice-President’s daughter, Ilsa Helfferich, is also far from home. She has accepted a position with the World Council of Churches to illustrate and help prepare a series of brochures on the work of Church World Service with displaced persons. Ilsa will receive army status, and, while she will be stationed in Munich, Germany, her work will require her traveling throughout the U. S., British, and French zones of Germany.

Congratulations go to Mr. and Mrs. Alec Clawson, ’36, on the birth of their third son. We have lots of fun here in town noticing how many families have all boys or all girls. The families with both boys and girls are few and far between in Collegeville; and Alec and Cass have run true to form by adding another son to their family.

**New Fire Hall Planned**

We are about to see the erection of a brand new fire hall in Collegeville. All plans have been made and contracts for construction have been awarded. It will be a fine addition to our town, and something we have needed badly for some time.

Did you know that one of our alumni, Clarence Scheuren, ’17, won the Lions Club Golf tourney this summer here in town?

The Collegeville Community Club held a Women’s Fashion Show on September 24, 1949, and although this has been almost a yearly event, this year was

**Class of ’62 Convenes at Duryea Hall**

It’s a rare occasion when one small voice from upstairs calling, “Mommee” brings down the house with ten or a dozen parental replies. But that’s just what happened when the class of 1962 (more or less), staging the first known “pre-union” of its kind at Ursinus, stormed Duryea Hall for the weekend of September 17, 1949, as seven Ursinus offspring and their parents visited Mr. and Mrs. Seiber Pancost, ’37, (Muriel Brandt, ’38). Their daughters, Linda and Susan (a couple of future May Queens if ever you saw them) were the gracious hostesses to the small fry.

From Washington, D. C. came Mr. and Mrs. Thomas Beddow, ’36 (Virginia Fenton, ’37) with Barbara and Tommy; and Mr. and Mrs. Alexander Lipkin, ’37, with Bobby; from Kennett Square, Mr. and Mrs. Frank Tworzydlo, ’37 (Mary McDevitt, ’37); from Haddon Heights, N. J., Mr. and Mrs. Charles Thompson (Lillian French, ’37) with Neil and Rickey; and from Willow Grove, Mr. and Mrs. Thomas Glassmoyer, ’36 (Frances Thierolf, ’40) with Debbie and Nancy.

Bobby Lipkin, age 2, was unanimously elected the undisputed political boss of the group.

**Attention—Philadelphia Alumni!**

Harold L. Wiand, ’28, advises us that informal luncheon meetings of Ursinus Alumni are again being held on the first Thursday of each month, at the Pen and Pencil Club, 212 South 15th Street, Philadelphia, Pa. **URSINUS COLLEGE BULLETIN**
Bears Bow to Drexel; Tie Haverford

Spangler and Landes Join Coaching Staff

Pre-season optimists were given a jolt when the Ursinus football team suffered a 21-0 setback at the hands of Drexel in the season’s opener on October 1. Some of the sting was taken out of that defeat the following week when the Bears, meeting Haverford for the 27th time, battled the Quakers to a 14-14 tie on Patterson Field.

The Drexel loss extended the Bears’ losing streak to eight games, their last win coming at the expense of the Dragons in the 1948 opener. At the same time, it ended a 19-game losing run for the victors.

The Haverford tussle, however, revealed the 1949 eleven to be a marked improvement over last year’s model, as it limited the Quakers’ big halfback, Ted Test, to 2 points on conversions. Last year, Test alone racked up four touchdowns as the Bears took a 26-12 beating.

Coaching Staff Increased

The pre-season optimism was to some extent justified. Despite the fact that only 30 candidates reported for opening practice, the squad had expanded to 51 men by the time the season got under way. In addition, last year’s undermanned coaching staff had been reinforced with two capable assistants. Assisting Ray Gurzynski with the Bruin backfield and helping to install the popular “T” formation in the Ursinus offense is Harry Spangler, formerly of the Philadelphia Eagles. Spangler comes to Ursinus from Bridgeport High School where his team compiled a record of 20 wins and only 4 defeats.

Up in the forward wall, Head Coach Kyhrt Wieneke is being assisted by Ron Landes, a senior whose four-year eligibility ran out in 1948 because of a year’s play at Moravian before coming to Ursinus.

Saurman Named Captain

Returning to a pre-war custom, the squad elected George Saurman captain of the team for the season. Saurman, a senior, shares the quarterbacking duties with a newcomer, Bill Poore. A co-captain will be appointed for each game.

Outstanding among the returning lettermen is Don Young, a triple-threat halfback, who showed his stuff in the Haverford game when he scored the Bear’s first touchdown after a 55-yard drive in which he bore the brunt of the assault. Other returning backs include Ted Yoder, Bill Fischer, Don Stauffer, Chick Scirica, Paul Doughty, and Sherwood Hewitt.

The holdovers in the line are Bill Turner, John Ehnot, Bill Helfferich, Steve Muench, Herb Fry, Ray Byldenburg, Gene Pascucci, Reed Watson, Bob Mitchell and John Law.

Squad of Forty-Seven Vie for Hockey Berths

The prospect of another successful hockey season loomed in the offing as forty-seven candidates reported to Coach Eleanor Snell at the first practice held on September 28. This year’s schedule calls for seven games in addition to the All-College Tournament slated for November 5 and 6.

Anita Frick, the newly elected captain, is but one of five returning letter winners. Others are Joanne Duncan, left wing; Mary Evans, right inner; Betty Keyser, center half; and Marge Johnston, left half.

Promising candidates coming up from last year’s junior varsity include Jean Daniels, Pat Pattison, Nancy Vadnor, Marion Kurtz, Joan Kirby, Barbara Landis and Marguerite Spencer.

Soccer Team Faces Nine-Game Schedule

Leading the pack of eighteen candidates for berths on Coach Baker’s soccer team is John Peterson, a senior, picked last year by Muhlenberg’s coach to fill the center halfback position on his all-opponent squad. The Bruin booters face a nine-game schedule this fall.

Other holdovers from last year’s varsity include Larry Pleet, sophomore goalie; Halfbacks John Powell and Jack Young; Fullback Jay Ely; Jack Arthur and Ken Mammel.

Baseball Fares Best
In Men's Spring Sports

A review of the record books reveals that the baseball squad compiled the best record in men's intercollegiate spring sports competition, winning six and losing eight of the fourteen games played. The team was coached by G. Sieber Pancoast, '37.

Having the strange ability to defeat some of the better teams they faced, the Bears, by the same token, rolled over and played dead for some of their less worthy opponents. Ranging from brilliant to poor the Pancoast charges provided the fans with variety if nothing else.

Track Team Improves

Despite a record of but one victory, Coach Ray Gurzynski, '39, was able to state that the '49 track season was the most successful for a Collegeville squad in recent years. The substantial improvement in times and distances, as well as the great future predicted for next year's team, have more than made up for an otherwise gloomy record.

Captain George Kennedy, '49, did a fine job in the shot put and discus, though he lost his Middle Atlantic championship in the latter event. Bill Turner, team high-scorer, performed in near-championship style in the pole- vault and hurdles. Another junior, Russ Binder, was undefeated in the 100-yard dash in league competition, Russ not only kept his MAC Championship, but tied the Patterson Field record of 9.9 sec.

Netmen Win 1, Lose 6

The Ursinus tennis team, ably coached by Mr. Charles W. Matlack, finished the '49 season with a record of one win and six losses. This, however, is an improvement over last year and there are indications of better things to come. This was Mr. Matlack's first year as coach and this, plus the fact that the entire varsity returns next year, should make for a winning team.

Dennis Leads Golfers

In the first season that the sport has been organized on a competitive basis and under the guiding hand of a new mentor, Dr. Foster L. Dennis, '31, the golf team played a total of six matches. Although there were several close scores, the linksmen won but a single match, against Moravian.

The entire squad was awarded the varsity "U", but according to the Athletic Council ruling, the golf and tennis teams are classified as minor sports and do not warrant sweaters.

Girls' Softball Team
Ends 8th No-Loss Season

Ursinus' best performance in intercollegiate sports during the '49 spring season was turned in by the girls' softball team. Led by Captain Polly Mather, '49, the squad racked up six successive wins, to complete the eighth undefeated season in nine years of intercollegiate competition.

Besides a regular six-game schedule, the girls' held their annual Father-Daughter classic on May Day and emerged victorious by a 10-5 score.

Tennis Team Has Poor Year

The coed tennis team managed to garner only one victory in seven matches. Faced by opponents who had greater experience and a bit more skill, the Ursinus squad was blanked 5-0 in four of the seven matches and was able to collect only one point in two others. The lone win was at the expense of Albright in a rain-shortened contest, 3-1.

Harriers Condition
For Championships

The Ursinus cross country squad is undergoing training for the Middle Atlantic Cross Country championships, to be held at Allentown on November 11, under the leadership of Joe Shaw, one of the best distance runners ever to wear the Red, Old Gold, and Black.

The present Bear cross-country team was organized informally by Doug Smith two years ago. A regulation five mile course was laid out through the Collegeville woods and training sessions were started. Under the guidance of coach Ray Gurzynski, the sport has become a regular part of the school athletic program.

Rev. Dr. Peter E. Heimer, '01

The Rev. Dr. Peter Ellsworth Heimer '01, died on May 11, 1949, at Frederick, Md. After graduation from the Ursinus School of Theology in 1893, Dr. Heimer was ordained in the ministry of the Reformed Church and served pastorates in New Oxford, Pa., Detroit, Mich., Weisport, Pa., E. Mauch Chunk, Pa., Thurmont, Md., from 1912 to 1931, and Burkittsville, Md., until his retirement from active service in 1937.

Born in 1864, Dr. Heimer was a native of Wind Gap, Pa. He received the A.M. and Ph.D. degrees from Oska­loosa College. He was the author of several books and articles on local and church history. He is survived by a son and a daughter.

Dr. Melvin Clay Jacobs, '12

Dr. Melvin Clay Jacobs, '12, died suddenly at his home in Walla Walla, Washington on April 18, 1949 from a heart attack. A native of York, Pa., he was sixty-three years old. Dr. Jacobs received his A. M. from Princeton in 1914, his B.D. from Princeton Theological Seminary in 1915, and his Ph.D. from Columbia in 1935.

An ordained minister of the Presbyterian Church, Dr. Jacobs served as college pastor of Washington College, Tenn., from 1915 to 1918 and as chaplain of Hampton Farms Reformatory, N. Y., from 1918 to 1923. After three years as an instructor at New York University, Dr. Jacobs joined the faculty of Whitman College, where he served until his death. He was head of the Department of History, Weyerhaeuser professor of biblical literature, and curator of the Museum of Northwest History at Whitman. An authority on the history of the northwest, he was the author of "The Winning of Oregon Territory Considered as a Frontier Movement" and of articles in learned periodicals.

Dr. Jacobs is survived by his wife, the former Mabelle B. Heebner, '12, and four children.

Mary A. K. Raynor, '23

Mary Annes Kirkpatrick Raynor, '23, died on March 30, 1949, at Newport News, Va. Born in Conshohocken, Pa., in 1901, Mrs. Raynor taught at Millville, N. J., from 1923 to 1925, and was head of the mathematics department at the Eddystone, Pa., high school from 1925 until her marriage in 1946 to W. Ralph Raynor. She was for many years active in public playground programs in Conshohocken, Philadelphia, and Eddy­stone.

Mrs. Raynor is survived by her husband, two step-children, and her brother, George W. R. Kirkpatrick, '26, principal of the Bala-Cynwyd Junior High School.

Benjamin Franklin Arnold, '24

Benjamin Franklin Arnold, '24, after an illness of more than 11 months, died of a cerebral hemorrhage on March 25, 1949, at his home in Rehoboth, Delaware. He was 48. A native of York, Pa., Mr. Arnold was a teacher in the Laurel, Delaware, high school for twelve years following his graduation from Ursinus. He obtained an A.M. degree from Columbia University in 1929.

Mr. Arnold is survived by his wife, Evelyn Byrd Arnold, and one daughter, Sandra Lynne, aged 8.

Phoebe Carolyn Craven, '47

Phoebe Carolyn Craven, '47, died at Abington Memorial Hospital, Abington, Pa., on April 8, 1949, after an illness of over a year. A native of York, Pa., Miss Craven became a student and medical technician at Abing­ton Hospital until her illness became serious.

Harvey C. Rentschler, LL.D., '43

Dr. Harvey C. Rentschler, noted physi­cist, inventor and recipient of an honorary Doctor of Laws degree from Ursinus in 1943, died at his home in East Orange, N. J., on March 23, 1949. He was 68.

Dr. Rentschler was director of research of the Westinghouse Lamp Division of the Westinghouse Electric Corp. for 30 years before his retirement in July, 1947. His early research work with uranium supplied the knowledge which enabled the company to provide the first pure uranium used for experiments which led to the development of the atomic bomb.

A native of Hamburg, Pa., he was graduated from Princeton in 1903, and received his Ph.D. degree from John Hopkins University in 1908. He was also the recipient of an honorary degree from Princeton. After his retirement, Dr. Rentschler served as visiting pro­fessor of electrical engineering at Prince­ton.

Dr. Rentschler is survived by his wife, Margaret B., and a son, Laurence, of Brookline, Pa., who is married to Melva D. Danehower, '32.

John A. Stevenson, Litt.D., '48

John A. Stevenson, Honorary Litt.D., '48, president of the Penn Mutual Life Insurance Company and nationally prominent in business, education and civic affairs, died August 31, 1949 at the University of Pennsylvania Hospital. He was 63.

Prominent in American insurance circles, Mr. Stevenson pioneered in the development of cooperation between educational institutions and business. He recently headed the "Task Force" of the Hoover Commission, which completed an intensive survey of organizational weakness in the executive branch of the Government.

names of graduates for whom we have no correct addresses. If you can help us in our search for these addresses, we shall be grateful to you.

Naturally, through the creation of this new office, we all look forward to the continued growth of the Association and its activities. It is a long-term project which will depend on co-operation by all alumni for its ultimate success. For the coming year we hope to proceed along two principal lines.

We believe that events scheduled by the Association on the campus should be interesting and attractive to all graduates. As a start in that direction we have planned to add a band concert and a buffet supper to the program for Old-Timers' Day this year. If you can possibly arrange it try to be in Collegeville that day.

Local Clubs

By means of the Journal's columns and especially by assisting in the establishment of local clubs and helping those already in existence, we hope to bring more closely to a larger number of the alumni body the significance of the college-graduate relationship. Local clubs by virtue of their concentration and their smaller size can very easily develop programs that will contribute much to the prestige of Urisinus. In turn, the combined efforts of the local clubs will give to the General Association an impetus in its plans and efforts that will make it the effective instrument it should be.

To be fully effective, a local club should have more than a series of social activities. Instead there should be specific objectives planned for each year so the club will be bound together by a co-operative purpose. Such possible objectives are numerous. A local scholarship fund can be established. Outstanding high school graduates can be contacted and interested in Urisinus. Repeated efforts can be made to acquaint the club area with the reputation and contributions of the college. Local forums or panel discussions can be arranged with college personnel participating. Local clubs can sponsor programs by Urisinus groups. They can plan group visitations to the campus. Club members might well serve as hosts in the area to visitors from the campus or take the initiative in greeting Urisinus graduates moving into the area and helping them to feel at home. They can plan receptions or programs for Urisinus students home on vacations or high school students from the area who are planning to attend Urisinus.

They can perform the very valuable function of helping the college placement service uncover local employment opportunities for graduates. They can as a routine practice help the Alumni Office to obtain the latest news on Urisinus graduates in the area. In summary, they should so plan their activities that they make from year to year a definite contribution to the development of the college.

These are suggested club activities. There are many more. They are mentioned thus briefly only to stimulate alumni thought. As time passes we expect to have the opportunity to outline suggested club programs more fully.

As Alumni Secretary my function is to bring each of you close to the college and to bring the college closer to you. Fortunately the alumni body of Urisinus is a very loyal group. I look forward to my association with you. I feel sure our efforts to build the Association into a still more effective body will be both interesting and stimulating for all of us.

The Alumni Office has now been opened in renovated Room 13 in Bomberger Hall. There, all records of the Association will be centralized. We hope that at any time when you arrive on the campus you will call at the office. I shall personally be very glad to meet each of you.
