A Good Investment

In a letter to the members of the class of 1949, the Alumni Secretary, on January 5, 1950, brought to their attention for the first time the purposes and work of the Alumni Association. This was the first step in a program initiated by the Executive Committee this year to introduce recent graduates and present underclassmen to the Association and thereby correct an unfortunate policy of neglect that has been permitted to develop over the past six or seven years.

For upon investigation, the present officers of the Association found that during that period most graduates left the College without even knowing that an organized alumni group existed. This omission, principally the fault of the alumni themselves, in the long run could have operated only to the detriment of Ursinus. Fortunately, this was recognized in time. And it is encouraging to hear that within the past month, twenty-three members of the class of 1949 have joined the Association. We hope that many more will do so.

Locally Speaking

Don’t miss the article on the York County Regional Alumni Association’s recent square dance and spaghetti dinner, on page 5. Doesn’t that sound like a really good affair? Any party that can induce everybody there to dance his legs off to the knees and laugh till he aches, as seems to have been the case in York that night, must be a howling success. Orchids to Charlie Barnes, Johnny Rauhauser and Freddie Gladfelter for making it just that. But that’s not all—take a look at the rest of the York club’s plans for the year! A clambake, a tea for the ladies, and three other interesting activities are on the docket.

By the way, how’s YOUR local club doing? Having the fun that they are in York? We can’t think of one good reason why you shouldn’t be. All you need is a few good promoters to start the ball rolling, a few interested alumni, and a bit of enthusiasm to have a well-knit and wide-awake group that can find a great deal of pleasure sharing its memories of friends and times at Ursinus.

There’s nothing like getting a crowd together for a little reminiscing about “the good old days”. But when things get moving the way they have in York, you can go one better with plenty to say about the “good new days”.

To the Ladies

Have you ever thought, as you read a note in the Journal or the newspaper about The Ursinus Women’s Club’s doings, that you’d like to belong but aren’t quite sure how, or that you once did, but have a vague notion you haven’t paid your dues for so long that you’ve probably been stricken from the rolls. (The latter, we hasten to assure you, has never yet happened.) Or mayhap you have wondered just who may join the club and what we do in the course of a year.

First and foremost, any alumna or interested friend of Ursinus is a friend of the Women’s Club and is most welcome to join or come to any activity without joining.

What do we do? We meet in Philadelphia at Christmas time for luncheon, and again in June at the College for a dinner on or before Alumni Day. Between times we try, by various means up our collective sleeve, to raise money for increased facilities for the girls now attending Ursinus. At present the goal is a second sum of $1000, to be raised over a two-year period, and to go toward the building of a new women’s hockey field. The money comes mainly from benefit teas which members give to sponsor the fund.

Now, to join, it’s this simple: send your dollar to Mrs. J. Harold Brownback in Trappe, or to Libbie Ware Davison, the president, or any member of the executive committee. Failing that, just come to any announced meeting—the next is the dinner in June—and see your old friends whom you may not have seen for so long.

F.T.G.
Our campaign for *The Alumni Memorial Scholarship Fund* is of interest to all alumni. On November 5, 1948 the Reverend C. Eugene Blum, '27, President of the Alumni Association, and Mrs. Elizabeth Ballinger Grove, '38, Secretary of the Alumni Association, addressed a letter to all alumni. The following excerpts are of especial interest:

"The Executive Committee, authorized by the Alumni Association to decide upon an appropriate memorial to those who gave their lives in World War II, voted . . . to raise $100,000 to establish *The Alumni Memorial Scholarship Fund*. The fund will be a permanent fund, and the income will be used to provide scholarship grants.

"We decided that we could provide this memorial within a short time, and that it would be unwise to undertake a much more ambitious enterprise that would require our combined efforts over a period of years."

This important decision has the enthusiastic approval of the Board of Directors of Ursinus College. Many other colleges and universities have chosen this type of memorial. It gives each of us an opportunity to record his sense of obligation to those men who made the final sacrifice in the Second World War. It gives each of us also an opportunity to help Ursinus College and to help the students who will attend Ursinus College in the future.

The Executive Committee of the Alumni Association selected a chairman for each class to bring *The Alumni Memorial Scholarship Fund* to the attention of his classmates. To all who have already contributed and especially to the class-chairmen, the Board of Directors, the Faculty, and all others interested in helping Ursinus College are very grateful.

The campaign has proceeded steadily. The pattern of contributions resembles that at most colleges and universities. Forty per cent of the living alumni who were graduated before 1916—there are only 287—have contributed. Of the total number of alumni, 20% have given and pledged a total of $37,000. All of the living members of the Class of 1906 (Mrs. E. S. Fretz, Chairman) have contributed. Several of the older classes have contributions from at least 50% of the living members. The most recent class with 50% of the living members contributing is the Class of 1927 (William C. Denny, Chairman). The class with the largest number of contributors is the Class of 1949 (Richard Reid, Chairman). The largest totals of gifts have come from the following classes: 1912, 1913, 1915, 1920, 1921, 1931, 1932. *The Alumni Journal* will later publish a list of the contributions and percentages by classes and still later a list of all contributors.

I hope that in the meantime every alumnus who has made a contribution will now send another, and I earnestly urge every other alumnus to send a contribution, large or small. Gifts from recent alumni are especially welcome. Your contribution should be sent to the President's Office, and your check should be made payable to Ursinus College.

We shall certainly reach the goal of $100,000. The only question is whether we shall reach it in two years or in three or four years. Please do not wait for your class-chairman to write you again, but send your gift now.

Appoints Committees

Plans for increasing the active membership in the Alumni Association and the appointment of operating committees were the primary concern of the Executive Committee at its meetings held on November 5, 1949 and January 27, 1950.

The Committee fixed as its goal 1000 active members of the association by June 30, 1950. Special efforts will be made to contact recent graduates and to educate current graduating classes with the work of the Association. In line with this program, Max Jentsch, president of the present senior class, was invited to attend the last Executive Committee meeting.

The Old Times’ Day Committee, headed by Elizabeth Evans Stevenson, ‘25, which had developed plans for operating an antique booth on campus, was reappointed to continue its work on May Day. Other members of the committee include Dr. Harold Brownback, ‘21, Paul Levensood, ‘35, and Elizabeth Grove, ‘38.

The committees elected by the Executive Committee were:

- Nominating Committee — Marvin Godshall, ‘11, chairman.
- Election Committee—Eugene Miller, ‘33, chairman.

At the November meeting (standing, left to right): Richard Schellhase, ‘45; Elizabeth Evans Stevenson, ‘25; Harry Froberg; Thomas P. Glassmoyer, ‘36; Paul Levensood, ‘35; Muriel B. Pancost, ‘38; (seated) C. Eugene Blum, ‘27; Elizabeth B. Grove, ‘38.

Dr. Lentz Attends Church Unification Conference

The Rev. Dr. John Lentz, ’02, of Norristown, first vice-president of the General Council of the Evangelical and Reformed Church, participated in a conference at Greenwich, Conn., recently at which plans were discussed for bringing about the eventual unification of all Protestant churches in the United States.

Proposals made at the conference included one to leave local churches intact, but unify Protestant churches on national, regional, and diocesan levels; and one to convert various denominations into “branches” of a single united church.

Forty-five key figures from fourteen denominations, as well as consultants from the major interchurch councils, took part in the conference, sponsored by seven denominations. The sponsoring organizations were: The Protestant Episcopal Church, Church of the Brethren, the Five Years Meeting of Friends, the Augustana Lutheran, the Evangelical United Brethren, Presbyterian Church in the U. S. (Southern), and the Churches of God of North America.

9 Ursinus Hockey Stars In National Tourney

Nine Ursinus Alumnae and coeds were among the 44 representatives of the Philadelphia Field Hockey Association who participated in the national tournament at Baltimore, Md., Friends School, November 24-27, 1949. All-Americans Hilda Anderson, ’48, and Magge Harshaw Vosters, ’40, led the Ursinus group as members of the All-Philadelphia First team, which racked up two victories and a tie in the tourney.

Miss Anderson plays regularly as a member of the Ursinus Alumnae team in the Philadelphia Association. Mrs. Vosters plays with the Merion Cricket Club’s eleven.

Mary Evans, ’50, All-Collegiate right inner played with the All-Philadelphia 2d Team; Winifred Mutchler, ’49, made the All-Philadelphia 3d; Joanne Duncan, ’50, and Virginia Dulin, ’47, held positions with the Philadelphia 4th. The substitute roster included Ann Harting, ’48, Jane McWilliams Kennedy, ’49, and Betty Keyser, ’51.
York County Alumni Only Slightly Winded
After Vigorous Square Dance Opener

Forty members and guests of the York County Ursinus Alumni Association rolled through the intricacies of Honolulubaby, Texas Star, Virginia Reel, and other square dance figures, to start off the winter activities. The dance, preceded by a spaghetti dinner, was held November 18, 1949, at the West York Inn. Charles A. Barnes, '40, was chairman of the committee in charge of planning the affair.

After the invocation by Frank E. Reynolds, '37, who came down from Littlestown with his wife, Ruth (Roth), '38, toastmaster John F. Rackausker, Jr., '41, was accorded an ovation when he announced there would be no speeches. Of course, there was no occasion for one, since the election having been decided 10 days before and John’s supply of cigars exhausted. (In his initial bid for political office, John gave his opponent a close race for the post of County Controller and led the local Republican ticket in doing so.) A rustic motif was provided for the tables by ears of corn freshly cut by Norm and Pat Callahan, '42 (Frances V. Wilt, '43) dirt farmers in their own right. Red bandannas for the women and corn cob pipes for the men added a final appropriate touch.

Peter P. Carter, popular safety director of the York schools, was the “caller.”

Ursinus Women’s Club
Holds Yuletide Luncheon

Sixty members of the Ursinus Women’s Club met for their annual Christmas luncheon at Gimbel Brothers Tea Room, Philadelphia, on Saturday, December 3, 1949.

Elizabeth Ware Davison, '38, president, greeted the group and introduced the officers and committee chairmen of the club. Anne Hughes, '50, present president of the WSGA, briefed the club on the undergraduate activities at the College this year. Mrs. Norman E. McClure also brought greetings from the College, and Mrs. Donald L. Helfferich, '20, displayed and sold her Pennsylvania Dutch place mats which the Women’s Club still has on sale.

Milred Barth Schoenly, '26, entertained the group with several vocal soloists and concluded the program by leading the group in singing Christmas carols. Sylvia Erdman Schnabel, '37, and Frances T. Glassmoyer, '40, were the committee in charge of the luncheon.

and explained the various figures. By the end of the evening, G. and Ann Deitz, '18 (Anna Davis Beddow, '20) admitted they hadn’t had so much fun since they did their square dancing off the campus at Pottstown 30 years before. Peg Lentz, '19, also showed the younger alumni how it was done by an old Ursinus generation, but her husband, Fred Lentz, ex-'20, was sidelined with a broken cartilage. The only near casualty of the evening occurred when Glad Barnes Grosser, '30, formerly assistant librarian at the College, wound up one dance with her partner in a different “square”. This error was explained when her partner admitted he had gone to Gettysburg.

Oddly enough, the style note for the evening was set by the men—Gordon Stangl, '36, Fred Gladfelter, '39, and Charlie Barnes appearing in the most fascinating plaid shirts.

Other events being planned for the season include a stag smoker and oyster bake, a tea for the women, a forum meeting and the annual banquet. In addition, the men are continuing their semi-monthly luncheons on the first and third Thursdays of each month at the Y.M.C.A. cafeteria.

At the end of the dance, treasurer Charles M. Bowen, '41, turned auctioneer to sell off several gallons of unconsumed cider as a means of avoiding deficit financing.

Secretary’s Corner
by
HARRY M. FROSBERG

Expressed in simplest terms the two purposes of any alumni association are: first, to maintain a spirit of comradeship between the personnel of a college and its graduates; and second, to create a program that expresses the faith of graduates in the educational ideals of their college.

How college and university alumni associations throughout the East organize their activities were reviewed in detail at the Atlantic City conference of District II of the American Alumni Council held January 19, 21, and 22.

As a member of the Council the Alumni Association of Ursinus College was represented, and I would like to pass on to you my general impressions of the meetings.

Perhaps most memorable was the address of Dr. Mason W. Gross, Provost of Rutgers University, on “The Importance of Alumni Relations”. It is the contention of Dr. Gross that the value of any educational institution can largely be measured by the responsiveness of its alumni. On the basis of his extensive observation in universities in the East, he has concluded that those men and women who have had the most satisfying experiences in their undergraduate days become the most loyal alumni.

Woman Dead, Returns to Life
As Result of Dr. Valloti’s Diagnosis

In a rare and astounding surgical operation at the Chester Hospital, Chester, Pa., a woman died and was brought back to life recently, and for her life she is largely indebted to Dr. Joseph Valloti, '45, (better known at Ursinus as Joe Chiaravalloti) now internning there.

Victim of two stab wounds, one in the heart and one a few inches from it, the woman was brought to the hospital when Dr. Valloti was on emergency duty. As the young intern was performing his examination, he suddenly stiffened as he saw the veins of the neck bulging. To the medically wise that is a sign of tamponade, an engorgement of the sac enclosing the heart muscle.

It means an immediate emergency operation, and in the tense moments that followed at Chester, Dr. Valloti assisted the surgeons by administering the blood transfusion which had to be done with extreme care so as not to increase the pressure on the heart. During the delicate operation which involved the lifting out of the heart, the organ, suspended over the victim on a string, stopped beating. The surgeon massaged it with his hands for two minutes after which interval the heart began to beat feebly again. The woman had returned to life. Twenty-seven days after her admission to the hospital she was discharged.

The two surgeons who performed the operation expressed their conviction that the patient owed her life to Dr. Valloti who rightly concluded that the heart had been pierced, a diagnosis not easily made before the chest cavity is opened.
College Establishes New Placement Bureau

Vanderslice and Frosberg To Share Duties

With the retirement in 1949 of Dr. J. S. Heiges, former Director of the Ursinus College Placement Bureau, several changes have taken place which will be of immediate interest and importance to Ursinus graduates as well as undergraduates.

Because of inherent differences in the type of contacts necessary for the successful placement of teacher and business or industrial graduates, two separate departments of the Placement Bureau have been created.

Heading the Teacher Placement Bureau now is Dr. Harvey R. Vanderslice, of the Education Department, who over many years has been active in educational work and is well-known in educational circles throughout Pennsylvania and adjacent states. Harry M. Frosberg, who became the Public Relations Director at Ursinus in mid-1949, will have the responsibility for placing graduates seeking employment in the business or industrial fields.

Improved Service Offered

Under this new organization it is believed an improved service can be rendered men and women completing their college work as well as those graduates of the college who are for one reason or another contemplating a change in employment.

Plans of the present directors are (Continued on page 14)

McClure Elected President of St. Andrew's Society

Dr. Norman E. McClure, president of the College, was installed as the 55th president of the St. Andrew's Society of Philadelphia last November 30.

Dr. McClure succeeded Joseph W. Henderson, of Philadelphia. The last college president to head the Society was the Rev. Dr. William Smith, Provost of the College of Philadelphia, now the University of Pennsylvania, who held the office in 1775 and again in 1797.

One of Philadelphia's oldest groups, the Society was formed in 1747 to aid Scottish immigrants. Five signers of the Declaration of Independence were early members.

Dr. John Mauchly Invents New Computing Machine

A new electronic "brain" that can do two years of complicated mathematical work in five minutes has been devised by two Philadelphians, Dr. John W. Mauchly and J. Prosper Eckert, Jr. Dr. Mauchly was Associate Professor of physics at Ursinus from 1933 to 1941.

It takes six months to build one of these contrivances, and the price is $300,000 each, but already the Eckert-Mauchly Computer Corporation, 3747 Ridge Ave. has more orders than it can fill. Most anxious customer on the waiting list is the U. S. Census Bureau which expects to save countless hours in working on statistics gathered in the 1950 census.

Engineers Mauchly and Eckert pioneered in the development of electronic computers as teachers in the Engineering School of the University of Pennsylvania. During the war they helped build a computer used by the Army to solve problems of gunnery and ballistics. They then left Penn, and started their own company.

Their newest device, called the Univac (short for universal adding and calculating machine), is a maze of complex circuits and tubes that makes the most intricate radar or television apparatus look

“So Much to Be Done” Filmed on Ursinus Campus

Ursinus men and women will in the near future have an opportunity to see familiar scenes and faces in a filmstrip completed in mid-January and planned for distribution throughout the country in Congregational Christian and Evangelical and Reformed churches.

When the two church bodies recently contracted with a New York City film producer for the production of “So Much To Be Done”, the Ursinus campus was selected as the location.

Very briefly, the story filmed tells of the experiences of a young man just out of seminary who accepts his first charge and faces the misgivings based on strangeness and inexperience. He finds in the congregation a young man who becomes a valuable assistant in many of the church projects. Through successive flashback scenes influences in the life of this young man are portrayed and throughout the contributions of a church-related college are stressed. The minister is heartened by the enthusiasm of his young parishioner and looks forward to the years ahead and the work he faces.

Portraying the role of the minister was Parker Worley, assistant librarian at Ursinus. Tom Swan, Senior English major from Maplewood, N. J., enacted the part of the minister's young friend. Alumni who will have an opportunity to see the film will easily recognize such familiar places as Bomberger Hall, Pfahlner Hall, the Eger Gateway, Trinity Church in Collegeville, as well as various members of the faculty.

Bailey Elected Officer of Athletic Conference

Everett M. Bailey, Director of Athletics at Ursinus, was elected vice-president of the Middle Atlantic Collegiate Athletic Conference at its Fall meeting held at Newark, Del.

The 35-member organization engaged in a two-day session during which all but four indicated displeasure with the controversial two-platoon system of football and recommended its abolishment to the National Collegiate Athletic Association.

Charles W. Havens, head football coach at Western Maryland College, was named conference president, and Dr. E. Leroy Mercer, of the University of Pennsylvania, was re-elected to the office of secretary-treasurer.
Art Catalogue Prepared For Lachman Paintings

A catalogue giving the location and a brief description of the oil paintings and water colors that were presented to the college by Mr. and Mrs. Charles Lachman, of Bryn Mawr, Pa., in 1947, has been prepared and will soon be available for distribution to interested persons.

Consisting of forty-nine oils and six water colors, the collection includes the work of American, British, German, Italian, French and Belgian artists. Many are by contemporary American painters. Since their hanging the paintings have added much interest and charm to the interiors of the various college buildings.

Any requests for the catalogue should be addressed to Harry M. Fosberg, Alumni Secretary.

Chandler Reelected To Museum Board

At a recent meeting of the Board of Trustees of the University of Pennsylvania, Dr. Charles Lyon Chandler, visiting Professor of Political Science at Ursinus College, was reelected as a member of the Board of Directors of the University Museum. Dr. Chandler's term will run until December 31st, 1953.

Dr. Chandler served in the State Department from 1906 until 1918 and was located at various times in Tokio, Formosa, Dalny, Montevideo, Buenos Aires, and Callao. He was also employed by the Southern Railway and the Corn Exchange Bank, in their foreign commerce departments. He served on the Rubber Development Commission, in Brazil, during 1945 and 1946 and also served as Curator of the Widener Library at Harvard University.

like a crystal set. Although it took an extraordinary pair of brains to conceive the Univac, any intelligent person can be trained to operate it. Says Dr. Mauchly, "Once the problem has been set up, it isn't any more difficult to operate than an elevator."

Dr. Mauchly, 41, who lives at 219 St. Marks St., is a native of Cincinnati, Ohio. He attended Washington, D. C. schools, earned a doctorate at Johns Hopkins in Baltimore at the age of 24 and joined the faculty at Penn in 1941. He is the father of two girls and a boy.

Ephraim Fry Slough, '77

Ephraim Fry Slough, oldest member of the Montgomery County Bar Association and practicing lawyer until two years ago, died on December 22, 1949, at the home of a daughter, Miss Ida T. Slough, 13 E. Elm St., Norristown. He was 97.

Mr. Slough had been a practicing attorney in the county for 67 years. Besides the distinction of being the county's oldest lawyer, he also was the oldest living graduate of Ursinus College.

Born at Trappe, near Collegeville, on January 15, 1852, Mr. Slough paid his way through law school by teaching school in Worcester township, Montgomery county.

He was a member of Trinity Evangelical and Reformed Church of Norristown. Besides Miss Ida Slough, he is survived by another daughter, Mrs. Willard Kleintop, also of Norristown; a son, Frank A. Slough, of King Manor; and a brother, Cornelius, of Daytona Beach, Fla.

Rev. Dr. George W. Welsh, '93

The Rev. Dr. George W. Welsh died at his home in Williamsport, Pa., on January 6, 1950.

A native of Bellefonte, Pa., Dr. Welsh was graduated from the Ursinus School of Theology in 1895 and later did graduate work at Gettysburg College and Penn State. He was also the recipient of an honorary D.D., degree from Ursinus in 1930. A minister in the Reformed church, he assumed his first charge at Berlin, Pa., and later served congregations in Scranton, Manheim, James Creek, Pa., Columbiana, Ohio, and Spring Grove, Pa.

Dr. Welsh was also a teacher in several York County schools and at Spring Grove. During the Spanish-American War, he served as a chaplain.

Dr. Edwin M. Fogel, '94

Dr. Edwin M. Fogel, a member of the Board of Directors of Ursinus College, died on December 16, 1949, at the Allenstown hospital. Dr. Fogel was 76 years of age.

A Director of the College since 1930, Dr. Fogel was widely known for his activities as a professor at the University of Pennsylvania, as an authority on Pennsylvania German folklore and superstition, as a student of Pennsylvania history and for his active interest in the welfare of his native village, Fogelsville, which was founded by his ancestors in 1798.

Following his graduation from Ursinus, Dr. Fogel spent two years at Johns Hopkins University doing post-graduate work. After a short stay at Moravian Preparatory school, he went to the University of Pennsylvania and continued there for more than 25 years.

From his early years he had been interested in Pennsylvania folklore and in 1906 he went to Germany to trace the so-called Pennsylvania German superstitions. He found their roots in both Germany and England.

He had many varied interests. He edited the German-American Annals, 1914-1917; was business manager of the American-Germanica Press; founded the Fogelsville National Bank; organized the Fogelsville Fire Co.; was one of the organizers of the Pennsylvania German Folklore Society; was a member of the Lenape Club, the Livingston Club, the Anthropic Society of Philadelphia, the German-American Historical Society, the Lehigh County Historical Society and the Lehigh Lodge, F. & A. M.

He was also the author of "Beliefs and Superstitions of the Pennsylvania Germans", "Proverbs of the Pennsylvania Germans", "The Pennsylvania Germans in War and Peace", a history of the Reformed church and numerous articles in historical, philosophical and philological periodicals in both German and English.

Dr. Fogel is survived by his sister, Minnie G. Fogel, of Fogelsville.

The Rev. William H. Miller, '98

Rev. William H. Miller, 79, a retired Reformed minister, passed away on December 24, 1949, at his home at Lewis­town, Pa., after a short illness. He is survived by his wife, the former Rose Wanner of Trappe and a daughter, Mrs. Paul Scheckler of Lewistown, with whom the couple resided.

Following his graduation from Ursinus College and the Seminary, he took up the ministry in which he served for 40 years in Shelbyville, Illinois, Sciota, Killinger, Glencoe, East Berlin, Hickory Bottom, Blain, Pavia, and Fayette, N. Y. He retired in 1941.

Dr. Raymond G. Gettell, '04

Dr. Raymond Garfield Gettell, for many years a member of the faculty of the University of California, died of a heart attack on October 10, 1949, in his 68th year, at Berkeley, Calif.

(Continued on page 14)
We are proud to relate that early in January the national social science honor sorority, Pi Gamma Mu, accepted a request for the opening of a new chapter to its organization at Ursinus. The purpose of the fraternity will be "to foster ideals of scholarship, scientific attitude and social service in relation to all social problems; and to encourage a greater degree of cooperation between students of the several branches of the study of society".

Have you had to conserve water? At present the water level of the Trappe-Collegeville wells is somewhat improved, but it is still far from normal; and we're guarding against dripping faucets and waste of water in any way. The situation is not serious enough to warrant a "dry Friday" but we are taking precautions to prevent such a necessity.

Coed Wins Magazine Post

Ursinus is proud that one of its coeds, Clara Hamm, '52, of Weatherly, Pa., was one of the lucky entrants of the Mademoiselle journalism contest. Of over 3000 applicants, she was one of the 850 chosen and the only successful entrant from Ursinus as a member of their College Board. The goal of a College Board member is to become one of the twenty Guest Editors to be chosen on June 5 of this year. Clara will report campus news, fads, and fashions, as well as complete three magazine assignments during the college year. Best of luck to her!

Dr. Eugene Miller, '33, is busy working as the head of the March of Dimes Drive in the lower Perkiomen area. We are all wishing him much success in this splendid, worth-while cause, and promise to support him 100 percent.

Francis Heads School Board

Another Ursinusite in community news is Joel Francis, '28, who was elected president of the Collegeville-Trappe Joint School Board for the ensuing year. Henry W. Mathieu, '11, Trappe, was named vice-president. Joel starts on this important position as he resigns as superintendent of the Trinity Sunday School, in which office he served faithfully and capably for fifteen years. It is always heart-warming to see our Alumni elected to such responsible positions in the community, especially when we know what capable leaders they are.

Something new has been added here in the American Legion Home in Collegeville—dancing classes for children from 2 to 12 years. Many parents are hopefully watching for some signs of newly-acquired grace and rhythm in their small-fry. So far most of us going through this new experience have witnessed only small grunts and groans while the kiddies “practice” making feet and head meet as they lie on their tummies, and rather violent house-shaking. I fear, as they do a so-called “tap and shuffle” routine. But we're optimists. The lessons have just begun.

Residents of Collegeville and Trappe were treated to a Minstrel Show, sponsored by the Collegeville Fire Company, on January 27 and 28. It proved to be full of fun and good music. Ursinusite Lou Krug, '37, and the college’s assistant superintendent of buildings and grounds, Russ Remig, were among the soloists.

Hartzell Wins DeMolay Honor

Dr. George Hartzell recently had an honor bestowed on him by the DeMolay fraternity when he was awarded the "DeMolay Legion of Honor Degree" at his home-town lodge in the Masonic Temple at Bethlehem. Dr. Hartzell was one of the original DeMolay organizers in that vicinity.

We wish good fortune to "Jing" Johnson, '16, who, this month, was sworn in as the only new member of the Collegeville Borough Council. It's interesting to note, too, that two other Ursinusites—Franklin S. Sheeder, '22, and Alec Clawson, '36—were reelected to posts on our Town Council. Dr. Sheeder was reelected as president of the body, and Dr. George Hartzell was reelected as secretary.

Sewage Plant in Service

A great improvement—a newly-constructed sewage interceptor and sewage treatment plant—was placed in service at Ursinus early this winter. The system is designed for a population of 1,200 and incorporates the newest sewage engineering principles.

All hail to the Queen! Our May Queen this year is Doris Neill, '50, a native of New Jersey. She will be a perfect queen to grace the Ursinus May Day festivities, so if possible, try to return to campus for this lovely event. Sue Letson, '50, has been chosen as business manager and we expect great things from her. As for the pageant itself, the contest for writing the best pageant is just about to begin; and the Ursinus Circle plans, as in past years, to award a $15.00 prize to the girl who writes the best pageant—the one chosen for May Day this year.

Remember When!

The late Dean Whorten A. Kline, '93, brightened the campus with a shock of brick red hair with, of course, chin whiskers to match... Dr. Jesse Heyes, '98, completed his college education by dint of a good business head as well as a good scholastic head for the sum total of $40... Dr. John Lentz, '02, was the fearless captain of the "Iron Men of Old Ursinus"... Lloyd Yost, '17, regularly buzzed all the football games in his little pre-war (I, that is) bi-plane... Lois Hook Brownback, '20, reigned as King of the May Pageant, with Nora Keeley, '20, as queen... Dr. Elizabeth B. White, in her early years as Dean of Women pursued the powers that be to permit the co-eds to indulge in a little field hockey, attired adequately from stem to stern in black stockings, knee length bloomers, and elegant middy waists... Ty Hellfrich, '21, emoted (and ad libbed) through many's the dramatic success "on the boards of the Ursinus stage... Bruin Wrestlers Take Eighth Straight Meet
Jim Cox, Former Champ, Assists Coaching Staff

The Bruin grapplers took their eighth straight meet in dual competition when they downed Delaware 22-10 on Saturday, January 14.

Their record so far this season includes a 24-7 victory over Muhlenberg, and a 23-13 decision over Lafayette.

The assistance of graduate Jim Cox, '49, Middle Atlantic champ and winner of the Eastern Regionals, has materially aided the squad which includes three new men this year.

Loren Zimmerman, in the 121 pound class, was an intramural find from last year. He has been undefeated thus far in his intercollegiate career, recording one victory by decision, one by pin and one by forfeit.

Freshman Jim Hartman from Mercersburg Academy is another undefeated yearling who has bolstered the Bruin squad.

Captain Bill Turner and heavyweight Bill Helfferich have carried on their excellent wrestling records of the past and have taught their teammates a lot of the tricks of the mat sport. Other returning lettermen from the 1949 squad are Doug Leander, Ted Miller and Galey Chandler.

JV Courtmen Rack Up Six Wins in Eight Tilts

The Bears' little brothers on the hardwood floor have acquired an impressive list of wins already this season including decisions over Susquehanna, Moravian, Lehigh, Haverford, Textile and Delaware. The Jayvees dropped a close 31-30 verdict to the P.M.C. junior club and bowed to Swarthmore.

Coach Jerry Seeders uses his junior varsity primarily as a proving ground, juggling varsity men back and forth as their ability warrants their readjustment.

Andy Carter, Jim Devlin, Paul Lones and Stan Swenk are a few of the regulars who have helped to maintain their good standing. Such varsity conversions as Don Young, Cliff Wilson, Ed Klein and Bob Swett have greatly bolstered them from time to time throughout the season.

Basketball Team Compiles 2-4 Record at Midseason

Lacking the necessary height to control the backboards the Bruin quintet has been forced to play a rat-race type of basketball this season.

With excellent floor play by Captain Bill Forsyth, Bill Winberg, Don Young, Ira Bronson and Phil Seibel, the Bears have managed to stay in every game, but superior height and a poor foul-shooting average have kept them from breaking into the win column in league competition.

Their record so far this season shows only two victories in nine starts. These wins came against Susquehanna and the Philadelphia Textile College. They have yielded to four league teams.

The outstanding game of the season so far was the hotly contested battle with the Cadets of P. M. C. when the visiting Chester five barely won a 60-57 decision against an inspired Bruin combination.

Jayvee Hockey Team's 3-Year Record Broken

At the practices held in the Norristown YWCA, the home pool for the Ursinus belles, there appeared new talent and some returning varsity girls for the swimming team's coming season.

Pat Pattison, the captain and star diver, will be performing for her fourth season. Dot Garris, Marie Linder, Jean Leety, Jeanne Cilley and Marge Grauch complete the list of veterans.

Among the new talent is Joan Crompton, a frosh, who does the breaststroke, Marjorie Coole, who is an experienced top-notch backstroke swimmer, and Anne Marzahl, a transfer from Penn Hall. While at Penn Hall Anne was the captain of the swimming team and a performer in the free-style event.

The squad has a tough schedule which includes the intercollegiate champion, Swarthmore, undefeated last year, and the team that was second only to Swarthmore, Bryn Mawr. The girls will travel to the Penn, Drexel, and Chestnut Hill meets and will play hosts to Beaver and Temple.

Pattison to Captain Girls' Swimming Team

Among the new talent is Joan Crompton, a frosh, who does the breaststroke, Marjorie Coole, who is an experienced top-notch backstroke swimmer, and Anne Marzahl, a transfer from Penn Hall. While at Penn Hall Anne was the captain of the swimming team and a performer in the free-style event.

The Ursinus Jayvee hockey squad turned in an enviable record of four wins against one loss. Their first defeat in three years came at the hands of the Temple gals in a thrilling 3-3 contest.

Co-captains Jean Daniels and Pat Pattison lead the Bearettes attack from the right wing and right full-back positions. The graduation of these two versatile athletes this June will be a serious blow to the feminine department of Ursinus athletics.

The junior misses are capably coached by Mrs. William Whiting (Natalie Hogeland, '42) better known to her squad as "Nat." The fine sportsmanship displayed by the squad is a credit to the excellent leadership provided by her.
Lone Victory Closes Poor Grid Season

The most outstanding feature of the recent Bruin gridiron season was the surging return of spirit among the students on campus. Led primarily by Gerald "Whistler" Donahue and senior cheerleader John Daniels, the school robed itself in cloak of almost fanatical enthusiasm in spite of the poor record compiled by the football squad.

Against Drexel, the Bears fought the favored Dragons to a scoreless first half but yielded to superior manpower and the two-platoon system in the second half by a 20-0 count.

The following week Haverford visited Ursinus and, only after an offside penalty gave the Quakers a second chance for an extra point, did they tie the Bears, 14-14.

From then on the games became poorer and the cheers louder. The losses piled up, but the fans continued their faithful attendance and built an atmosphere of determination that the Bears downed Susquehanna 14-0 to end the season with the victory the students so justly deserved.

In a post-season election the Bears elected their stellar backfield ace, Don Rears.

(Continued on page 14)

Hockeyites Win Five, Tie One, Lose One

Once more the Bearettes performed admirably for Coach Eleanor Snell and recorded five wins and one tie against a single loss.

In the All-College tournament held at Swarthmore College on November 5th and 6th the Belles won two games and were tied once. Individually, Mary Evans and Betty Keyser earned positions on the All-College First Team while Joanne Duncan and Margaret Hooper made the second team. In addition, Ursinus placed Marguerite Spencer and Nancy Vadner on the third team.

The Red, Gold and Black was again represented when Mary Evans and Joanne Duncan were chosen to play in the National Hockey Tournament in Baltimore over the Thanksgiving weekend. They played for the second and fourth Philadelphia teams, respectively.

College Hockey Star To Play in Europe

Joanne E. Duncan, daughter of Mr. and Mrs. William M. Duncan, of Upper Darby, sailed from New York on December 17 to participate with the Marsh Tours in international hockey matches in the British Isles and Holland.

A senior honor student at Ursinus, Joanne is one of the Philadelphia district's outstanding college players. A physical education major, she has participated in varsity hockey for four years, has played three years of varsity basketball and three years of varsity softball. As a left-wing, she was selected this year on the All-College second team as well as the All-Philadelphia fourth and took part in the national hockey tourney held at Baltimore, Maryland, last November.

The touring American collegians are spending three months playing matches in England, Wales, Scotland and Holland.

While traveling, Joanne has been working on course assignments given her by her instructors and will resume her classroom work on March 1.

Soccermen Beat Alumni For Season's Only Win

Although the Ursinus soccer team failed to record a victory against its collegiate competition this year, the season was not without its bright spots. Both Lincoln University and Franklin and Marshall College were forced into overtime periods to defeat the spirited but outclassed Bruin booters.

Captain John Peterson performed brilliantly on defense along with John Powell and Harry Light, but the squad suffered a fatal deficiency of scoring power throughout the season.

In the annual alumni contest, the varsity proved victorious in an extra-period duel. Led by former Ursinus stars, Archie Simons, '48, Ken Fordham, '49, and Dick Fink, '48, the alumni had a 2-1 lead in the final period, but Roy Foster knotted the score and in the extra-period Jack Arthur angled the ball past goal tender Richie Wentzel, '49, to ice the game.

NEW PLACEMENT BUREAU
(Continued from page 6)
signed to give the Placement Bureau an increasingly productive list of contacts to assure all graduates of Ursinus an opportunity for satisfactory employment.

Although placement is necessarily of great importance to the newly graduated, there are older graduates who from time to time plan employment changes. The placement directors will welcome any alumni applications. Although the majority of the openings found are for recent graduates news of opportunities for experienced men and women does come to the Bureau. This is especially true in the teaching field. Any Ursinus graduate, therefore, is invited to register with either Dr. Vanderslice or Mr. Frosberg. For this service a registration fee of $1 will be charged to cover the incidental costs of telephone calls, postage and stationery. The directors will in turn keep registrants acquainted with openings that are uncovered and will also make every effort to find attractive new positions for all registered.

SECRETARY'S CORNER
(Continued from page 5)
Reporting on the contributions of alumni at Princeton to the senior placement service, Gordon G. Sikes, Director of Senior Placement there, described how the university’s graduates in various geographic areas served as employment advisors and counselors. He mentioned the obvious truth that the successful graduates are the university’s best advertisement.

At the University of Rochester, Charles R. Dalton, Director of Admissions, reported, alumni representatives are appointed in strategic areas and these assume part of the responsibility for interviewing prospective students and describing Rochester’s facilities for training.

He also expressed his personal conviction that today’s highly competitive bidding by means of scholarship aid for promising students is unfortunate. In his opinion it is unfair to other schools, unnecessarily flattering and, hence, damaging to the student and degrading to the colleges and universities involved.

Concluding the three-day session was a statement of the objectives of the new organization, “Americans for Competitive Enterprise System”, by Curtin Winsor, Philadelphia attorney. Only a month old, the group was started in Philadelphia to counteract all influences in this country promoting any collectivist ideas or systems. First president of ACES is Theodore M. Distler, President of Franklin & Marshall College.

Although conference discussions dealt largely with Alumni Office methods and procedures and the specific problems involved in efficient organization, the conference developed one overall and highly significant impression. From the reports given, it is becoming increasingly clear that more and more college graduates are appreciating the value of their alma maters in the American plan for living and are devoting their energies and resources in a rapidly growing volume to strengthening their respective schools. That is a heartening story, for it gives courage to college and university administrations in their struggle to maintain this country’s system of politically free education.

NECROLOGY
(Continued from page 7)
Born at Shippenburg, Pa., Dr. Gettell became active in educational circles throughout the country following his graduation from Ursinus. He received his Master’s degree from the University of Pennsylvania in 1908 and in 1941 was awarded the Litt.D. degree from Trinity College. He was a Professor of History and Political Science at Bates College, 1906-07; Trinity College, 1907-1914; Amherst College, 1914-23, and then moved to the University of California where he continued his teaching until his death. In 1926, he was named Dean of the College of Letters and Sciences, a post he held for six years. He also served as Dean of the Summer Sessions from 1934 to 1942. At various times he had been a visiting professor at Maine, Cornell, Columbia, Michigan, Illinois, Texas, Stanford and Hawaii.

Dr. Gettell was the author of seven books on Political Science subjects and numerous articles dealing with government.

John N. Kantner, '14
John N. Kantner, for many years a prominent educator and Superintendent of Schools at East Detroit, Michigan, died suddenly of a heart attack on October 1, 1949.

Held in high esteem by his associates and townsmen, Mr. Kantner has since been honored by having a newly completed $230,000 elementary school building at East Detroit named in his honor.

He had been an important influence in Macomb County after he became principal of the high school at East Detroit in 1927. In 1931 he was named superintendent of schools and held that post until his death. Under his direction his school system became known as one of the finest in Michigan.

Mr. Kantner was born at Wilmington, Delaware, was graduated from Ursinus with an A.B. degree, and received his M.A. from the University of Michigan in 1928. He had taught at Portland and Ionia, Michigan, before assuming his work at East Detroit. He was a member of the Kiwanis club, a Mason, and a member of the National Educational Association.

He is survived by his wife, Beulah, and two children, Peggy and Jack.
A recent check of the Alumni office files has revealed that the records do not contain accurate addresses for a great many alumni. In nearly all cases mail recently addressed to these persons has been returned as "undeliverable".

Our sincere thanks will go to anyone helping us to establish correct addresses for those graduates whose names are listed below. Just drop a post card to the Alumni Secretary, Ursinus College, Collegeville, Pa.
