April 6, 1970

Dear Miss Snell;

For several weeks I have been trying to find adequate words to express our thoughts of your tremendous influence upon our lives. Words are far too inadequate, however I do wish to express some thoughts -

For the past eight years I have been teaching Physical Education in the Cherry Hill School District and not a day passes that I don't use a skill, technique, or call upon your basic

philosophy. Through you I
have learned the importance
of helping each individual reach
his or her maximum capacity.
I know I am far wiser in
many areas and have more
empathy toward my fellow man.

Your image shall last
on each of your students the
duration of their lives, along
with the tremendous influence
you have had on the field of
hockey, basketball, tennis and
lacrosse.

Both George and myself
are so fortunate to have been

a part of your life and to have
the opportunity to be guided by
one so great. Thank you for
sharing all this with us and
for giving so much of yourself.

Best wishes for your
future endeavors. It will
be hard for Ureinus to find anyone
who can measure up to your
high standards.

Most sincerely

Jane ("Mac") & George

Kennedy
