Ursinus News In Brief

Parsons Admitted To Sacred Heart

Dr. William T. Parsons, a member of the Ursinus History Department, was admitted to Sacred Heart Hospital in Norristown at 8:30 p.m., Wednesday, October 6.

Initially admitted to intensive care for an aneurism in the upper digestive tract, Parsons is at press time resting in good condition. Doctors are observing Parsons in order to decide whether surgery is indicated.

Reiner, Bozorth Receive Awards

Two educators at Ursinus College received the Lindbach Award for Distinguished Teaching, the highest honor Ursinus bestows, at the May 30 commencement exercises.

They were Dr. Albert L. Reiner, Associate Professor of Romance Languages and Linguistics of that department; and Dr. Richard G. Bozorth, Dean of the College and Professor of English.

Dr. Reiner, who joined the faculty in September 1971, came to Ursinus from Briarcliff College, Briarcliff Manor, N. Y., where he was chairman of the Department of Modern Languages four years.

He earned three degrees from Harvard University; the Bachelor of Arts, magna cum laude in 1973; the Master of Arts in 1977, and the Doctor of Philosophy in Romance Philology in 1941.

Dr. Bozorth, who joined the faculty in August 1969, was Associate Dean of the College at the University of Pennsylvania and Assistant Professor of English, where he served since 1947.

He earned a Bachelor of Arts Degree there and at Princeton University obtained both Master's and Doctor's Degrees in English language and literature.

Grant Supports Psych Research

Last summer a grant was given to three Ursinus students through the National Science Foundation. This grant was referred to as "Undergraduate Research Participation."

The purpose of the grant was basically to make it possible for students to engage in supervised research during the summer. It was to help these senior students get a head start on their honors work. The grant also supported student lab assistants who were helping the researchers.

Each of the students—Alan Turen, Michael Mathews, and Debra Weller—worked closely with an advisor. In addition, a weekly research seminar was held during which the students presented progress reports for the staff to criticize and comment on. This program is being continued throughout the year.

Staskiel to Make TV Debut

Not all Ursinus students become scientists. James StASKEL, whom seniors may remember playing the sadistic Corporal in proTheatre's 1974 spring production of TheCaesar Chalk Circle, graduated last spring from the Neighborhood Playhouse School of the Theatre in New York City, and is beginning to shape a career for himself as an actor.

On October 17th, Staskiel makes his professional debut in Kojak with Telly Savalas. In the segment, entitled "Where Do We Go When There's No Place to Go?" Jim appears in the bar scene as a young Irish fellow named Patrick.

Jim has also played a role in a low-budget film, What Might Have Been, which will be released later this season, and he is currently rehashing in What The Butler Saw, which will be presented next month at Syracuse University.

Freshmen Elect Officers

By STEVEN SHIRK

Following all the campaigning, speeches, and posters, the freshman class elected its officers October 7. Steven Greenfield, a biology major from Central High School in Philadelphia, was voted to take command of the freshmen in their first year at Ursinus. Defeating candidates Robert Holly and Michael Hoffman, President Greenfield looks forward to this great opportunity to advance the class and make our campus a better place. Greenfield looks toward calendar reform and changes in the dormitory policy as ways of accomplishing his goals. He will be responsible for all freshman activities and serve as a representative to the USGA.

Vice-president Ronnie Cubit, also a biology major, comes to Ursinus from North Patuxent High School in Pennsylvania. Representing the freshman biology majors in that department, Cubit says that she has the desire and interest to advance the class. She will be backed up by Edward "Ted" Lis and Alan Cooper, who were elected treasurer and secretary, respectively. Lis, who is here as a transfer student from Gettysburg College, plans to work with the students, officers, and administrators to make the class as productive as possible. Cooper, an undeclared humanities major, wanted to take an active part in her class, and figured this was the best way to help.

The representative to SFABC will be Patty Walters, Andy Fieno and Kevin Ludwig were elected as the two representatives to the USGA. Both Fieno and Ludwig are biology majors.

Nine Join Faculty

Nine people have joined the faculty and staff of Ursinus for the present academic year.

Dr. Roger Dale Kenyon, Assistant Professor of Mathematics, who was Mathematics Instructor at the University of New Hampshire, Durham, N.H., and received a doctorate there this year.

Dr. David G. Phillips, Biology Instructor, who was teacher and researcher at the University of New Hampshire, Durham, N.H., and received a doctorate there this year.

Dr. John P. Doak, Professor of English, who is chairman of the Department of Modern Languages at the University of Pennsylvania.

Dr. Otto Springer, Visiting Professor of German, who recently retired at a 35-year career at the University of Pennsylvania, where he taught and administered duties, in addition to editing German-English dictionaries.

Dr. Linda L. Arkles, Lecturer in Mathematics, who received a doctorate from Temple University last spring, where she taught since 1972.

Mrs. Lynn E. Boller, Lecturer in Classics, who was an archaeologist and research assistant at the University Museum, and expects to receive a doctor of philosophy degree this year from the University of Pennsylvania.

Mr. William S. Bonds, Lecturer in Classics, who was a tutor of Latin and Greek the past two years at the University of Pennsylvania, and holds a master's degree in classical studies from the University of Pennsylvania.

Frederick Rase Pfeiffer, Instructor in Physics, who was assistant instructor of Physics at the University of Pennsylvania, and expects to receive a doctorate degree this year from the University of Pennsylvania.

Dr. William C. Bond, Lecturer in Classics, who was a tutor of Latin and Greek the past two years at the University of Pennsylvania, and holds a master's degree in classics from the University of Pennsylvania.

USGA Holds Carnival

The Economics Club began the fall semester with a reception in Wimer Parents' Lounge. The club is planning a year of activities for all students with an interest in economics and business.

The reception in Wimer Parents' Lounge attracted forty and fifty students from all classes and several majors. Karyn Antounakis, the club chairman, greeted the group, and Dr. Pilgrim, department chairman, introduced chief members, Mr. Myers, Mr. Symons, and Dr. Petekini, the club's advisor, to the new club members. The group plans include a trip to Wall Street during the spring semester, speakers, workshops by various authorities in the industrial, academic and political arenas, a discussion of economic issues in the election year by a representative from Eugene McCarthy's Independent Party, and a traditional Christmas party. Dr. Hall, the club advisor, has organized what appears to be an active club.

Economics Club Meets

By GEORGE GEIST
Another Look at Alumni

By DON WHITTAKER

Contrary to popular opinion, the alumni are not all ninety-six-seven year old rich snobs; they do not only appear on homecoming to steal all the parking spaces. As a vital force in the community they are dynamic, energetic, and concerned about the students, the college, and the college's future. That is why I ask you,ице of us on campus whose hunger for the arts cannot be satiated within the Bulletin, to appall the casual observer and infuriate those of us on campus whose hunger for the arts cannot be satiated within the Bulletin in states that our students cannot events mind reader and know the exact time and place the bus driver might deign to make his twice daily stops in Collegeville, or read flyers or posters publicizing interesting events soon to take place in the area.

formed in Phoenixville, and except for mention by a few programs similar to our Forum series.

ought to be set up to inform (if nothing else) students of the universities also have so little to foster beauty, unless culture-hungry Ursinus must also begin to stimulate an interest in the other colleges in the vicinity. Bryn Mawr, Haverford, Swarthmore, Villanova; all of these institutions have programs similar to our Forum series. Some sort of exchange certainly to be set up to inform (if nothing else) students of the programs available at these schools. These programs and universities all offer us an opportunity to stretch our imaginations, to concentrate on the simple fact of beauty and in light of that beauty, create a new one of our own. Our need is great; our time here short. We need information now. We demand a complete education.

Coming Campus Events

MOVIES October 15 in Wismer — "The Stepford Wives" — a rather horrifying movie in which suburban housewives are turned into perfect, sexy robots by their loving husbands. This satiric and suspenseful movie stars Katherine Ross, George Segal, Mastercard and Paula Prentiss.

October 19 in the Union — "Cinemascope" talk by Martin Boddey star. Telling the story of the classic fairy tale stars Jeramy Lewis is the title role. Dame Julia department of the editorial advisory committee, which reviews the college bulletins, the undergraduate relations, various classes and clubs, and various programs are always open; to one-to-one-student-alumni contact, how to help the students appreciate the value of an alumni education—these were the important points of the meeting. The successes of the committee, particularly the job seminar conducted last year successfully approved, and the committee determined to continue such activities. The need is there, and various members were candid and at times outspoken; agreement was far from unanimous.

Essentially, the alumni meeting was, in its own way, educational. I for one, will never successfully afford a familiar answer, "Because the alumni says so ...", because I feel that is a way that can never ever be justified. I think, at least from this meeting, that a student interest in the arts is possible in the very near future, and that active student participation in the alumni group is as possible a goal as active participation of the student affairs.
