**Ursinus News In Brief**

**S.F.A.R.C. Approves Letter**

The Student Faculty Administration Relations Committee approved October 23 a draft of a letter to be sent to Chairmen of academic departments endorsing the concept of formal student representation in departmental affairs. The Committee, representing the students, faculty and administration, sent the draft to the U.S.G.A. for acceptance. The U.S.G.A., by majority vote, accepted the letter for distribution.

**Ursinus To Install New President**

Richard P. Richter will be inaugurated as the President of Ursinus College during Founders’ Day ceremonies at 2:30 p.m., Sunday, November 7, in Helfferich Hall.

Richter succeeds William S. Petitt, who retires this fall after six years as the College's chief executive.

Richter, 45, is Vice President for Administrative Affairs and a 1953 graduate of Ursinus, a 107-year-old school, which opened for its fall term September 15.

Dr. Theodore R. Schwalm, President of the Board of Directors, will conduct the installation, and several dignitaries will offer brief remarks.

In his inaugural address, Richter will outline his ideas of what a liberal arts college tries to do in today's world: “to prepare young men and women to be thinking citizens who will see the creative connection between their private destinies and the destiny of their nation and their world.”

Featured speaker will be Miller Upton, President of Beloit College, Wisconsin, from 1954 to 1975.

**Schwalm Invites Students**

Theodore R. Schwalm, President of the Board of Directors, recently issued the following open invitation to the Ursinus community:

All students are cordially invited to attend the Inauguration ceremony of President Richard P. Richter on Sunday, November 7, at 2:30 p.m., in Helfferich Hall. The Inauguration will be followed by a reception in Wismer Hall.

**Temple U. Presents Brecht**

A photo-documentary exhibit on the life and works of German playwright BERTOLT BRECHT may be seen at Temple University from Wednesday, November 19 through Tuesday, November 26, 1976. On November 10 there will be two lectures on Brecht and his place in the theater. Brecht's former Stage Assistant, Carl Weber of New York University will speak on “Brecht, the Poet as a Stage Director,” at 11:00 a.m. and Reinhold Grimm, Alexander Hofhidel Professor of German at the University of Wisconsin, will discuss “Brecht, Artaud and the Modern Theater,” at 2:00 p.m.

The Brecht exhibit and the two lectures will be held in the first floor lecture hall of Temple University's Paley Library, 19th Street and Berks Hall. After November 10, the exhibit will be open Monday through Friday, 12:30 to 4:00 p.m., Saturday, 11:00 a.m. to 3:00 p.m.

The exhibit is made available by Goethe House, New York. It and the lectures, both of which will be in English, are sponsored by the Department of Germanic Languages, the Theater Department and the Library’s cultural events series, PALEY PRESENTS. They are open to the public free-of-charge.

**S.F.A.R.C. Alarms, Finance Discussed**

S.F.A.R.C. (Student Faculty Administration Relations Committee) held its second meeting of this year in the Austin Lounge Tuesday, October 19th. Attending were: Mr. Richard P. Richter, Mr. Andre Switzer, Dr. Ellwood Paisley, Dr. Charles Sullivan, Dr. Marvin Reid, Dr. P.A.S. ’43, Mr. William J. Mark, Mr. Fredrick Kies, Mr. George M. Rankin, Mr. Stephen Lange, Mr. William H. Small, Mr. Robert Simon, Mr. Michael Hoffman, Mr. Mark Woodland, Mr. Stephanie Gast, Mr. Patricia Webster, and Ms. Cindy Shulmire.

The discussion opened with the subject of fire alarms. Mr. Richter reported that the maintenance department intended to place fire alarm boxes in Beloit Hall similar to those installed in the recently renovated Blouch, Whitten, and Curtis Hills. Mr. Dalaker explained that the new alarms have a protective box around the alarm, which is designed to deter accidental releases. The cost of installation would be $150. Mr. Kies pointed out that two of the glass faces in the Old Dorms’ boxes have been broken already; therefore he suggested that the problem was not so much accidental alarms but false alarms. False alarms create friction with the fire department and a 1953 graduate of Ursinus, a 107-year-old school, which opened for its fall term September 15. Under the community’s approval, the letter for distribution.

Dr. Sullivan introduced the subject of the recent tuition increase. A faculty member not able to be present at the meeting expressed curiosity about the type of discussion taking place and: “I wonder if he would like to expand on the increase. Evidently the increase in faculty salaries does not account for the entire tuition increase. Fuel oil, though expected last November to rise in price, did not, in fact, increase much, if any at all. The question, then: Why the tuition increase? Mr. Richter suggested a possible explanation. A downturn in enrollment occurs this year: the decrease was from approximately 1116 last year to 1975 this year. Therefore, he explained, the problem may not be so much in expense, but in income. Fewer students and fairly steady costs, each student must pay more. Although Mr. Richter did not mention summer sessions or discuss the budget in particular, he stated that the low- or enrollment factor seemed to be one ‘common sense’ explanation for at least part of the increase. Mr. Lange asked if a S.F.A.R.C. member might be allowed to go over certain items of the budget; Vice President Richter’s answer was negative. Dr. Takacs suggested that S.F.A.R.C. be notified of decreased college income. Though a member of the faculty, Dr. Pilgrim does sit in on budget committee meetings. It seems that budget information does not freely circulate. Dr. Pilgrim was invited to the following S.F.A.R.C. meeting in order to participate in budget discussions.

This led to a discussion initiated by a question from Mr. Simon. He asked if a certain amount of money had gone toward an “unspecified deficit.” His question was clarified by George Rankin, who explained that the subject was one of certifying the debt structure. If a person or an institution borrows an amount of money and contracts for a certain period of time to pay it back, but at some point before the end of that period accelerates payments, he, or it is “surprising” how quickly the debt would be paid off. By a different example, Mr. Simon stated that the school had borrowed no short term money. Mr. Sullivan explained that his (Continued on Page 2, Col. 3)

**U.S.G.A. Meets**

by IRWIN WOLFERT

With the return of the cold weather (all in good fun) from a cheerful romp through Winter Hall, last week’s U.S.G.A. meeting got under way. Seventeen other students attended the meeting.

The treasurer’s report revealed good news; the auction held on October fourteenth. Half of the money will probably be distributed to the community.

A letter from S.F.A.R.C. to the chairman of departments at Ursinus was approved. The letter dealt with the possibility of a student representative to the faculty of each department. This policy is already under use in the Biology department with much success.

Announcement was made that Kim McFadden and David Roth were elected to the position of freshman class student representatives to the U.S.G.A. president. Colombo suggested that U.S.G.A. consider rearranging the current U.S.G.A. constitution; the purpose of this would be to construct a governing body which would include freshmen, sophomore, junior, and senior students, and administration, as well as from the students. The point was brought up again that U.S.G.A. does not have enough representation from the junior and senior years. No definite course of action was voted on, but it was of general feeling that changes will be made later in the year.

**CRISIS INTERVENTION**

TEL-HELP

by GRAHAM PHILIP

Mr. Ed Hauptsuhl, Dickinson Law School professor, was the guest speaker at the October 6th meeting of the Ursinus Pre-Legal Society. Mr. Hauptsuhl was invited to speak to the group about Dickinson Law School. He mentioned that five Ursinus graduates were presently at Dickinson, including three women. Tuition at Dickinson Law School is approximately $5,000 per year. A fully accredited law school, Dickinson has no summer programs.

Criticism for admission to Dickinson, (as well as many other law schools) includes: the applicant’s record in satisfying undergraduate requirements, the management of the average of present Dickinson students (if any) applicant’s score on the Law School Admission Test, and character references through letters of recommendation from two undergraduate faculty members. Also considered is the applicant’s participation in outside activities.

Mr. Hauptsuhl also mentioned that, contrary to popular notion, no formal pre-law course of study is required for admission to most law schools. The best preparation for the study of law is a broad liberal arts education calculated to provide a critical understanding of the institutions and values with which law deals. College subjects recommended include (in order of importance): English, American history, mathematics, social science, natural science, scientific method and philosophy, Accounting and public speaking, and are also strongly recommended.

(Continued on Page 2, Col. 3)
Why More Trees?

One of the great assets of Ursinus College is its beautiful campus. In comparison to many other schools, our campus is a lush, green forest and we should be proud of that fact. Spring is an especially good season to see the variety of trees and shrubs in all their glory, but even in winter there is a special beauty when one looks across campus to see the evergreens sharply contrasted against the snow. One would think that the last thing Ursinus needs is more trees, but in the past few years (as is the case every fall for the last several years) more new trees have been planted. Why?

Trees, and the labor to plant them, cost money, and money has become a rather sensitive issue at Ursinus recently. The faculty is asking for higher salaries—the students are complaining about recent tuition hikes and practically every organization or activity on campus could use more money in its budget. The amount of money spent for the new trees is probably insignificant in relation to the total operating budget of the college, but why is any money being spent on something that we don't need to survive?

Every effort should be made to maintain the beauty of the campus as it is, but expenditures for trees where there were none before should perhaps be curtailed until aspects more relevant to the process of higher education are adequately funded. Traditionally the budget of Ursinus has not been open for inspection by students—maybe it's time for a revision of that policy. Most segments of the college community have worked hard to reduce the fat from their budgets; perhaps the Administration and Board of Directors might do a little more—starting with trees?

MOVIES

November's Oscar winner—Gene Wilder Festival—the "The Producers" and "Quackerfort Fortune Has Eleven Kids". Directing, directed by Mel Brooks and co-writing Zero Mostel is one of the first combinations of the many talents of Wilder and Brooks. An homage to the Hollywood studio system, the movie creates a flop. Quackerfort is the story of a non-conformist who military recruits and peddles fresco door-to-door. This comic drama was directed by Warren Beatty also starring Gene Wilder.

November 6 in the Union—Ayllon—a talentizing horror story which takes place in a private asylum for the incurably insane. The number of the movie's.Runtime:115 minutes. His story tell their stories in an attempt to discover the identity of men...a man who is married.

November 9 in the Union—Italian Job—Peter Collinson directs this film. A story of a bank heist and a Nod Coward, supercriminal operates a syndicate from inside a London prison. Murderous gang of Nightmengers—Spine-chilling horror films based on characters from Henry James' "The Turn of the Screw." A gardener at an English house is gradually being turned into a reign of terror. Stars Martin Brando.

Photo Concert

By KAMALA CHAPMAN

Dennis Sulter-Welles, a graduate of the University of Pennsylvania in Art in Design at the University of Edinburgh, his interest and later brilliant discoveries occurred with an almost accidental beginning use of the camera. He refused to specialize in any one photographic technique, form, or subject. "I believe that art which is worthwhile is always part of a whole." Mr. Sulter-Welles' belief is proven by the enthusiasm of the audiences that he attracted during a sponsored U.S. Department of State world tour, along with such diverse groups as Philadelphia's Art Museum, New York's Colony Club, and Washington's Smithsonian. He also appeared with live symphony orchestras in both the United States and Canada. Mr. Sulter-Welles, including two invitations from the Federal Republic of Germany. Through its Goethe Institute and Goethe Houses in this country and Canada, the United States will be sponsoring him in a "tribute of Photo Concerts on German Baroque Art" during the 1977-1978 season.

**THE URSINUS WEEKLY**

**Harriers Win One of Three**

**By KEITH WRIGHT**

On Wednesday, October 26th, the men's cross country team faced Widener. It was a downpour, the Bears tried to put it together to topple a powerful Widener team. During the race, top runner for the Bears, Joe Figurelli, injured his foot but still managed to finish in 9th place, 4th man for Ursinus, performance by Keith Kemper (4th), Ed Gilroy (6th), Chris Duvally (7th), and freshman Bob James (10th), and Swarthmore's squad, controlled the game throughout to win. Ursinus was not intimidated at all though, as they scored in the first two minutes of the game. As the game continued, so did the fireworks, and as Ursinus fought back, they called for many fouls. The fouls led to Widener's three goals, giving them three into victory over the Bears.
