The Health Board of New York city states that in the past five years, there has been an increase of 40 per cent in the number of suicides, the age of one hundred years.

We wish to commend Editor Schmitz's Letter from the Direction of an article on suicide, published in the last issue of the New York Times. It was an article on suicide, the author of which is an able and authoritative writer. The article was well written, and was an article of great value to the public.

The writer states that suicide is a disease of the mind, and that it is a disease that can be cured. He also states that suicide is a disease that can be prevented. He states that suicide is a disease that can be cured by the proper treatment of the person who is about to commit suicide. He states that suicide is a disease that can be prevented by the proper counseling of the person who is about to commit suicide.

The writer also states that suicide is a disease that can be cured by the proper medical treatment of the person who is about to commit suicide. He states that suicide is a disease that can be prevented by the proper medical treatment of the person who is about to commit suicide.

Observe
That a cut price sale is now on in the Carpet Department in order to liquify old stock on patterns. These are some remnants big enough for a small room.

Attention
is called to the effective pricing of Royal Shag and Waists. It was made effective by the fact that a selection of 1.35 to 7.50 Shag Waists amounts lost several months yet.

Notice
A varied reduction ending in a uniform basis has been made in Ladies Shag Waists and regularly at 50c, 75c, and $1.00.

Children's and Misses Fine Linen Stockings, fast black, that were 25 to 50 cents, are now 10 cents the pair. Examination of these stockings invited. They bear critical examination and will win appreciation. Souvenir Day, Friday.

It's not a bad thing, and well worth the while. I have, in the course of my experience, come to the conclusion that they were not a bad lot. They had a good deal of the old world charm.

It's a matter of business

If you have anything
To sell and want to sell it, advertise in the Independent and you will sell it. Advertising pays. Real Estate, Personal Property and Live Stock Sales, or sales of any description in the Independent, we are sure to arrive hereafter and hereafter.
