Dear Mr. Huntington-Wilson:

Sorry I could not before this acknowledge your letter of March 15.

Thanks for the enclosure "Our Franklinshtein," which is very clever. I enjoyed it more than I can tell you.

I shall be interested to see if the magazines accept your article. If they do, let me know. In the meantime, I am glad to have it because it will guide our editorial policy and discussions. You certainly have an unusual grasp of the international situation.

Don't worry about Mr. Danforth. He never writes letters if he can help it. If he did, he would merely say forget the golf loss. The fact you wrote him shows your intention is all right and that the matter is ended.

I hope when you are in the North we will get together some time. I spoke to Amos about you and he was glad to know we had become acquainted. I hope you will keep in contact with me.

With best wishes and warmest regards,

Sincerely,

Frank Gannett x
