Dear Miss Snell,

You made me fight for what I thought even if no one else agreed with me.

You gave me the chance to prove myself in sports in college - and listened to me if I fouled.

I learned a great deal about learning as I watched and listened while you coached others - that after different people need the same thing explained to them in different ways for them to succeed is a basic part of my philosophy.

You are always an example

to me to never be satisfied
except with the best effort.

In the tapestry of my
life you are a major figure,
and I have never once
regretted that decision made
by a 14 year old on
a long ago day to go to
Ursinus because it had
a coach who had just
finished two undefeated
hockey seasons.

I hope you have many
more rich years in your
future.

Affectionately,

Jaime Duncan
