When starting college in 1998, the seniors had no idea how quickly time would pass. That time has taught us many important life lessons, including how to rig both the Myrin copy machine and the Quad dryers. We learned how quickly our neighbors could become our “old” friends and how a great professor could turn a boring class into an exciting journey. Ursinus has become our home, though, teaching us more than just classroom knowledge.

While we will look back on our years at UC with fond memories, we look ahead with a different perspective towards the world and life in general. Ursinus has helped us teach ourselves the fortitude and discipline necessary to go the distance.

But those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint." - Isaiah 40:31

"Preparation combined with opportunity yields success. Don't let your opportunities to shine pass you by."

"What lies before us and what lies behind us are tiny matters compared to what lies within us...The journey in between what you once were and who you are now becoming is where the dance of life really takes place."
