As the Senior Class gets ready to embark on a new journey out in the **REAL WORLD** and begin a new chapter of their lives, they hope to apply what they have learned in their four years at Ursinus College to create a successful path for the future. Whether it be in competitive graduate or professional schools, the Peace Corps, or in their future careers, Ursinus seniors are poised to take on the challenge.

With the year rapidly coming to an end, placement tests like the MCATs, GREs, LSATs, and PRAXIS create panic in the minds of many seniors. Besides cramming for major exams and registering for their final classes at Ursinus, seniors focus on graduating, worry about getting a job, and think about leaving friends behind while creating memories for the future. Through out their journey, the senior class has made significant strides in becoming the **MUST SEE UC SENIORS** of 2003.

SERV 2000-02 (Chief '02), Ursinus Dance Troupe 2000-01

Transferring from UMass, Amherst to Ursinus was a major change. I would like to thank my parents for supporting me through the transfer because without their love and support, I would not be where I am today. Thank you both for EVERYTHING! I would like to thank all my professors for the knowledge they have given me in these two years, which has allowed me to be accepted into medical school. To my friends, thanks for being there!

A college education is not a quantitative body of memorized knowledge salted away in a card file. It is a taste for knowledge, a taste for philosophy, if you will; a capacity to explore, to question to perceive relationships, between fields of knowledge and experience. ~A. Whitney Griswold
