Administration Negotiates After Massive Student Demonstrations

By JON WEAVER

After a cool and typically quiet Ursinus weekend, student concerns over the College social regulations once again came to active demonstration. At 10:00 p.m. on Sunday, October 11, a crowd of about 400 people marched from the area of the men's dormitories toward the basketball arena. The crowd assembled in the quad. The torch was placed in the middle of the south steps, and from there students advanced the crowd. As the oratory burned and chants were sung, the torch flagged, and soon the marchers were on the move again. The line of march passed the New Administration Building, and proceeded to 422 where it turned west along the sidewalk and campus grass. Just before the crowd reached Edgar Gateway, it turned across campus placed in front of the library, and continued back to the New Men's Dormitory. There the crowd was intercepted by Dr. Hunter who spoke to those assembled from the second floor balcony. He then called Dean Pettit to come on campus to meet with students and then led the marchers back across campus to the New Administration Building. Here representatives of U.S.G.A. chose ten students to meet with. (Dr. Caro, Dr. Bon, Dean Whatley, Dr. Hunter, and Mr. Viseon. Included in the ten students selected were Alan Novak, Mike Streib, Jim Stiller, Ted Holm-

eren, and Sue Walter. After the selection was made, the U.S.G.A. representatives persuaded the crowd to leave at approximately 11:30 p.m.

Eight of the ten student representatives left the meeting by 1:00 a.m. and described the proceedings as entirely inconclusive. U.S.G.A. President Alan Novak and Vice-President Jim Stiller remained until 1:30 a.m. discussing the position of U.S.G.A. in the matter. When this meeting ended, Dean William Pettit explained that he was in no position to state the policy of the college and that President Heffner's letter to the students issued on the previous Friday stood as policy. In a later interview, the Dean described the meeting as a question and answer affair in which he made himself aware of the students opinions. He felt that many of the students did not fully understand the structure of the colleges and how it precluded immediate change. He, in turn, imparted this information to the students.

On Monday another memorandum from President Heffner appeared. It read:

TO THE STUDENTS:

At the suggestion of Dr. William S. Pettit, who met with a group of students on the evening of October 11, I am arranging for a meeting of six students at large to be held in a special committee of the Ursinus College Board of Directors for the purpose of presenting their views. If the events of the past several days continue, I will arrange at the same time to have an injunction prepared to be brought by the Court of Common Pleas of Montgomery County. An injunction would legally restrict students further from demonstrating.

I am willing to confer with any group of students numbering up to 15, about their complaints.

Robert D. Heffner

With this as a basis, the U.S.G.A. held an open meeting on Monday evening in the Ursinus Auditorium. The rubbing discussion included a list of the names of 14 people to be elected as representatives to the special committee of the Board of Directors. It was also resolved that a combined form of the former student proposed Bill of Rights should be adopted as the platform of this group. The election was held at lunch on Tuesday. The five elected were: Janet Floyd, Ed Leggett, Art Severance, Jane Siegel, Jim Stiller, and Karl Wel-

Six Ursinus Beauties Seek Homecoming Title

By MARY ELLEN MCFADDEN

The activities of Homecoming Day, October 24, will start with the Bruins Club meeting at 10 A.M. The Loyalty Fund will convene at 11 P.M.; class officers are invited. The fund solicits contributions from alumni to compensate for increasing costs in curriculum and scholarships. The Alumni luncheon will be held in Wissmer dining hall at noon. Preceding the Homecoming buttons in the shape of a football and inscribed "Swarthmore." These will be distributed before the game.

At halftime, the traditional march of fraternity candidates for Homecoming Queen will occur. Representing Alpha Phi Epsilon fraternity is Marion Hunter, an English major from Swarthmore, Pa., and a sister of Omega Chi sorority. Mary Ellen McFadden, an English major from Berwyn, Pa., represents Beta Sigma Lambda fraternity. Mary Ellen is a member of Tau Sigma Gamma sorority. Delta Mu Sigma's candidate is Gail Hagy, a sister of Tau Sigma Gam-

County, Pennsylvania, where he served as vice president of his Senior class and participated in several dramatic productions. He intends to continue working in the theater here at Ursinus by participating in Footlights.

He has begun planning for a dinner dance at the Downingtown Inn sometime in the spring. In order to raise funds for this activity, he is conducting a fresh group of the men and women of the Freshman class. The first meeting was held on October 26, 1970. It was decided that the program would consist of a dinner dance in order to attract more attention. The meetings are to be held every other week.

Academic Deans Named

Weekly Apology

The Ursinus Weekly sincerely apologizes for the incorrect placement of Dr. Richard G. Bozorth and Dr. A. Curtis Goff by our October 15th edition. A state-wide investigation is currently underway to apprehend the culprit responsible for this boisterous mistake.
FOCUS:

by MARC HAUSER

Cris Crane is a senior Biology major from Kingston, Pa. Known throughout the campus for her pleasing smile and warm personality, this self-proclaimed outcast, here, of an unyielding spirit, tells us of her experience in preparation for the campus, its students and life.

Our Campus — A Joy

I've never been sorry that I came to Ursinus, it was the best thing that could have happened to me. It's the kids that make Ursinus what it is and I think today is no better and at Ursinus we have a little plot of ground you can go to where you can get to know every person on campus.

"Fifty percent of college experience should be academic, but the other 50% should be something extra. Being involved in the campus life means giving something of yourself, as in athletics. I have to support sororities and fraternities, because where sometimes they seem discriminatory and to limit friendships, I think that they actually expand them. It's an opportunity to be with people like yourself to make a contribution. Kids have forgotten how to have a good time, how to laugh, and especially how to laugh at themselves. There's a good side and a bad side to everything, and if people would learn to look on the good side of things, the world would be a lot better off."

The Optimistic Side

"The kids that are here, and if everybody had the same outlook that I do this world would be a better place. There are people here that are from different types of backgrounds. You have to have patience and optimism to balance the world, both are necessary. I apply this to all the students problems here at Ursinus. I have been here for three years and have seen a lot of changes. I would hate to have to return in the way that Staufer-Board-Pailey are set right now. I think that's one of the problems that a lot of students are having. We should go on without any type of changes."

I don't understand why people who wanted a party school came to Ursinus, because it's the kids that make Ursinus what it is and I think today is no better and at Ursinus we have a little plot of ground you can go to where you can get to know every person on campus, every person is unique, but we have to understand that there is a difference."

"The most important thing to me is my family. . . . coming here was like going from a small family to a big one. I think that's the beauty of the college, who have just kicked in and have been given their chance."

Faculty Portrait: Albert Campbell

Dear Editor,

The final edition of the Weekly of Oct. 1st has two questionable features on page 2. 1) The printing of the names with all the editors’ names, etc. suggests that they were responsible for the text. If this was not so, it is doubtful if the editors should have allowed them to be published. 2) The diagram of the organizational structure of the college at last, a set of half-truths. The line of authority from the top to another does not indicate the degree of communication involved nor on which it depends. The book is not the only solution to this complaint, the students are not the only partners in a search for truth but, respectively, as dependent clients and employees in a business enterprise, Mr. Campbell will direct as the faculty member concerned, stated that, "a college that still believes in public colleges are run by politicians, and academics is academic." He wanted "a college that still believes in the traditional values and public colleges and universities have gotten too impersonal, and men must be personal or he is not a true man." The students at Ursinus he characterized as wonderful and possessing intelligence and humor. "The smallness of Ursinus is responsible for the obvious majority of the students." However, a question about his opinion of the recent student power demonstration led him to define the term. "If a student is a student he has no time—especially when he has not lived so long a time himself—to question what amounts to a natural and not a societal order of things. As Joseph Campbell the mythologist has pointed out, 'When the rules of life are reversed, chances ensue.'" Scholarship and creative writing are often considered incompatible. (Continued on Page 4, Col. 5)

INACCURATE ISSUE

THANKS

To the Editor of the Weekly:

I wish to express the sincere appreciation of the College at large, the library staff, and myself personally for the splendid cooperation and help of students, faculty, and administration in carrying the library collection from the Alumni Memorial Library to the Myrin Library on Tuesday and Wednesday, October 6 and 7. Especially thanks to those who gave extra time and effort, in some cases the whole day, to the Book Walk.

LITTLE MAN ON CAMPUS

LITTLE MAN ON CAMPUS

"It's a new way of handling routine physicals. It won't hurt any of the administrative applicants—to make sure you get a checkup.

Lost: 2100 Space

One of the favorite topics of conversation at Ursinus is the food served in Wiener. As a partial solution to this complaint, the kitchen has a problem they would like to see one block. Two thousand dollars less in silverware and dishes occurs each year. Last year the kitchen supervisors estimated that at most fifty thousand dollars—that represents a lot of food!

If one examines the largest purchase on the replacement list, he sees that the kitchen supervisors purchase in silverware. Two thousand and one hundred and sixty spoons had to be ordered last year. Because silver is not breakable, one cannot be as careful as have been "borrowing" spoons. In total, approximately seven hundred dollars worth of silver was missing.

Silverware, however, is only one to be mentioned in the "great disappearing act." Seventy stainless steel platters were taken worth about seven dollars each. The dish and glass loss, especially in the student’s kitchen for the监视器, especially for the Preparatory School.

As Joseph Heath, the kitchen supervisor at Ursinus, estimated that at most fifty per cent of these breakables may have been broken. The cost has varied.

With so high a loss, it must be assumed that much of the silverware has been "permanently borrowed"—whether through carelessness or design. This assumption raises the question of what motivates a Wiener get-away. Several answers have been suggested by the students and professors. A place setting of silver when they eat in their dorms. Some students decide they would rather eat at dinner hall instead of take the cake and borrow the plate.

The result of this mass disappearance has left the kitchen with no alternative, the food budget must be cut back. "The Ring Magazine Dining Hall supervisor, commented that, "It’s a limited budget, the money that could be used to put better food on our plates, could be used to replace stolen silver and dishes." Mr. Heath, a faculty member concerned about this pilfering, stated that, "Several students steal silverware, but only partially." So, the next time you see someone out of line, do not be afraid to give him a rub with the fork you just "bor...

MULES CRUSH UC GRIDDERS; PROSPECTS FOR .500 DIM

By JIM WILLIAMS

The misery continues. The 1970 grid squad, to our mind equal to last year's 7-2-1 championship group, is 0-4 thus far. Whatley & Company were again thumped last weekend, this time, by Mules of Allentown. The 33-12 defeat ended all hope for a better than .500 season.

The Muhlenberg offensive machine was in fine form again this year. Muhlenberg has always fielded a noteworthy offensive attack, and this year's crew is no exception. The Mules have such stellar performers as Bruce Weaver, a halfback who has given UC's defense fits for the past three seasons, and Carl Evans, their fine pass receiver. The Bear defense was no match for their talents this year.

Muhlenberg jumped to an early lead on a touchdown pass to Evans in the first quarter. They continued to roll in the following three quarters.

Urnus' two scoring drives were in the second and fourth quarters. Harry Adrian bulled over from the 2-yard line to score the first TD. Junior halfback Mike Sabrick netted the second score for the Bears.

One of UC's bright spots of the day was Felix Narag, senior co-captain and the team's best pass receiver. Narag had a fine day snatching the pigskin.

The final score: a miserable 33-12.
