Pettit Reconsiders
Open Dorm Issue: USGA Sets Seven

The administration appears at this time to have expanded the number of dormitory floors that it had previously announced. The announcement was made at a luncheon held in the President's dining room on Wednesday, March 17, which was attended by President DeRamus, Vice-President Richter, and the USGA Council. After the meeting the USGA President, Jim Steil, distributed the following statement:

"In the beginning of the semester the USGA made a proposal concerning the open dorm issue. For the students, more was involved than just the enjoyment of an open dorm. We were attempting to develop a relationship with the student government, one that had a measure of power as well as some responsibility. Indeed, we could only build trust and respect between the student government and the administration if an open dorm was an important concept, and upon it we could only build trust and respect in other areas of true self-government. After going through the proper channels, the administration proposed an open dorm for the fall semester at a cost of about $1.50 per week. The USGA proposed impresed many students as not only a lack of progress, but also as a step backwards. Indeed, the student leaders shared this feeling. As a result of our concern, the USGA drafted and sent a letter to President DeRamus expressing our concern and yours as well.

"We referred to our letter by holding a luncheon with the USGA officers on Wednesday, March 17. The meeting was perhaps a beginning of a new direction for the USGA. We were told of the administration's dissatisfaction with the record of violations during the first dorm last semester, and it was pointed out that many people from the administration felt that the Student Government could have been more responsible. Nevertheless, the officers made a strong plea to be trusted, to extend our proposal for an open dorm this semester instead of being told no. We were given a second open exchange, Dr. Pettit agreed to give the USGA an extension on the fall dorm. The USGA invited the Student Senate to aid in the discussion, to demonstrate to the students his trust in the USGA.

The result of these thefts in addition to the stress, TVs, and appliances stolen from students' rooms during vacation, will be higher insurance rates. Mr. Williams told The Weekly that the school's insurance was doubled up on completion of three new buildings. With a $1,600 deductible, these stolen items may be combined and money collected for their loss. However, this may increase the premiums to a point where the collection would not be profitable. The decision is now in the hands of the USGA.

Prison Wardens Defend Merits of Penal System

The County Prison in Norristown is the first stop for a young man entering a building looking like King Arthur himself once ruled there. Complete with a huge iron gate, it typifies the prison we might think of. At 5:45 A.M. on March 28, there were 270 inmates in their cells. In the words of Warden Roth, "According to Warden Roth, who gave an informative and extensive interview, the prisoners are kept secure by thirty-five guards. Of these guards are high school graduates who work four days and have three days off. These requirements are judged by the wardens to be prison life.

A man who has been brought here is relieved of all personal belongings and sent to the showers to become acquainted with the wardens. The wardens then take him to his cell.

There is a prison farm in Eagleville, where a group of twenty-five men work under limited supervision. Warden Roth made it known that the deplorable conditions exist only because of a lack of funds. Until the money is provided, the men will continue to live as they do.

Graterford State Prison

On the other hand, Graterford is a maximum security prison, where only men who are sentenced to 5 years or 5 years and one day of incarceration. Every 100% of the inmates are free.

The guards' years of frustration were finally admitted and were given an extensive tour and interview by Erkko Dallamus, Director of Inmate Treatment, and Gerald Liechten, Assistant Superintenden. According to Mr. Dallamus, Graterford is an excellent prison, as far as the inmates. He may bring books, magazines, and fruit, and as Mr. Roth assured them, "you can get anything you want," including homemade weap-

FOCUS: Daphne Kline

By MARC HAUSER

Daphne Kline is a freshman English major from San Diego, California. She has had the unique experience of having a captain in the United States Navy as a father. This, she says, has made her a well-rounded person who does not know prejudice and is willing to listen to almost anything. She assumes also that her unique personality, which aided in her quick rise to popularity on the Ursinus campus, is a personal advantage that has contributed to our community.

"The Navy Life"

This is my thirteenth or fourteenth dorm room and one addition. We've lived practically all along the eastern coast, California and practically every country. I'm a Librarian Pictures. I've taken to practically every country, except for a little bit of Africa, but I've been up and look at the things of the world.

"I think the Freshman class has the best attitude out of all the four represented. We're in the freshman class, and I think it'll be an asset. I wouldn't mind being a teacher, but I can do that when I'm older.

Closing Comment

"I think the Freshman class has the best attitude out of all the four represented, and I hope that each succeeding class will have the same type of 'et-der-de-vivre', joy of life, and as long as they keep this you don't have to worry about people or things. The freshman class is on the right track as far as trying to change Ursinus using traditional methods. The freshman class has the largest amount of Ursinus meetings. The freshman class is interested and they DO want to help, as long as the Ursinus and other organizations show them what they can do, they'll do it."

THE EDITORIAL CONTENT DOES NOT NECESSARILY REFLECT THE OFFICIAL POSITION OF UR SINUS COLLEGE

PHILIP J. FRED FLOTT

Dear Editor,

Assuming that President Nixon is surrounded for the most part by international relations, Mr. Flott, including ex-enemies W. Germany has the right to do anything it please. Moreover, the North Vietnamese are some people who do not have any reason to stop what we are doing unless for some political purpose.

Sincerely,

DONALD G. BAKER, Professor of Classics

HAIRCUT SCHOLARSHIPS

Dear Mr. Gold,

I propose that the College retain an emergency fund to provide financial aid to long-haired students for haircuts. It cannot be denied that gentlemen long hair lose, very unattractive, capricious, degenerate, low, unesthetic, unattractive and liberal. Therefore, we must work for the same kind of thing which we say, each to his own. What is wrong with Urrinus seems to be her lack of respect for individualism. That we urge Ursinus to re- sign individualism does not do injustice to her Christian tradition.

Sincerely,

MARK BOBEK (74)

DO NOTHING AIR-HEADS

Dear Mr. Gold,

I would like to take this opportunity to thank Mr. Flott for his editorial of March 18. The students on this campus should not be above reprimand for the mess they've gotten. They'll always be the same do-nothing air-head pseudo-hippies that they've always been.

Sincerely,

(Name Withheld By Request)

BIG BATH LITTLE MAN ON CAMPUS

In this week's article, I will give the best film Alfred Hitchcock ever directed. In a wild plot in which they move along well to the climax of the film. To play here the rest of this semester is just brilliant.

Caine fans, the movie is a classic.

This movie proved many things. They ate to play here the rest of this semester. Brilliant acting, and the script makes up for what has been accomplished besides the occasional boredom. That is why it is to think of a flotsam of such magnitude, that has enabled the enemy, who has been deprived of some moral and substantial and continuing opposition.

One could list many more such movies which the speaker treated as self-evident. This adds up to a denial of there being such a thing as a moral question. When this position is reached, we have arrived at the supreme arrogance, which makes the whole rest of the world, natural resources, people, goods, everything; merely stuff or trash to exploit for some supposed economic or political benefit. It is difficult to think of a futilistic philosophy which cannot fit somehow into the Supreme Government of the President.

This movie is always the aggressor. The North Vietnamese are somewhat like the Vietnamese and have no right to be in their home. However, the Vietnamese people, who do not have either air, water, or food, do not think of themselves as aggressors. Since we could not do being wrong, there is no reason to stop what we are doing unless for some political or economic reason.

If there is something called the Nixon Doctrine, it will be to define the intention to mess around with other people's business as long as the draft can be kept furnished the bodies to do the meaning with. In killing a million civilians, creating a million plus homeless refugee settlements and an additional 100,000 refugees from the war in Southeast Asia, disrupting an entire economy and way of life. It is something called helping your friend. The Berlin leaders and teachers have been murdered in the same way. We have to think of the things as basic propositions:
1) The U.S.A. has the right to do anything it please anywhere.
2) The U.S.A. and its "allies" and "friends," including ex-enemies W. Germany, have the right to do anything it please.
3) The Thieu government is not total or failed. It does not matter to us.
4) The dominant aim of farmlands is to destroy the enemy, who has been deprived of some moral and substantial and continuing opposition.

Grapplers Finish Winners; Ursinus’ Big Ten Sighted

By FRANE C. VIDEON
Ursinus Wrestling Coach
Special to the Ursinus Weekly

In the article of February 25, I attempted to show the art of wrestling as a complex discipline for each member of the team. It is only fitting that these men receive the recognition for their fine accomplishments.

Dave Moore... Mow... The Inte-... tested in LVC Christmas Tournament, most improved wrestler over last year... big contribution with 8 and 2 record... rallied the team before PMC match.

Steve Jones... hatchethead... consistent winner... always thought of team first... weight watcher... set fashionable color combos on campus.

Kevin Scarborough... skatin'... wrestled tough competition and did an outstanding job... lost only one (to MAC runner-up)... rescued the rough task of team captain.

Ron Carhart... plans to transfer to Iowa State... plans to coach at Interbore...��controlled emotions... compulsive talker... no doubt one of our better wrestlers... wants to be a lawyer.

Kevin Akey... The Politician... second year varsity... lotsa of potential... best attitude... never gives up... goes for the cradle every time.

Joe Van Wyk... rackly... awkward but successful style... distinguishing headgear... bucks a driver... came within 2 points of beating Middle Atlantic Conference "Most Outstanding Wrestler."

Greg Poulo... The Greek... Pooh... tremendous take-down... won crucial match at Muhlenberg... placed fourth in MACs... placed second in LVC Tournament... will undoubtedly be an even bigger asset to the team next year.

Art Hennessey... The Leaper... Wrestler's Annual... team mora... builder... gives 100%... most improved wrestler during season... pin against Haverford (no sweat)... heavyweight champ of Spring City... Draws the crowds.

Rick Kropp... the executioner... physically destroyed opponents... fastest pin... most pins... 9 and 0 record... has the potential of being one of the finest wrestlers to be UC... "What eagle did you say, Linda?"...

Scott Stinger... Stinger... hampered by injuries... will be tremendous next year... won the "match of the Year" at Drexel... "pass the peanut butter"...
