Barbie Grimm Reigns As Queen

The 1967 Spring Festival, presented May 15, brought large numbers of students and their guests together for a day-long organized activity. The morning saw the opening of the first Student Faculty Clothing Line Exhibit, held on front of Provost Hall, the art work hanging from clotheslines strong enough to hold 100 pound loads toward the College Gate. There was a variety of work on display which ranged from pencil sketches to oils and watercolors. Sue Belew and Pat Scharlott were in charge of the sale, with proceeds going to the Student Student Government. The school has several talented artists.

At 11:00 and 11:30 the movie which was made here on campus during the fall semester was finally shown, with those attending the two 45 minute minutes and the narration by Jack Pace bought quick laughs from the students who were amused by the difference between the film and the review of Ursinus and the alumni's view.

At 12:00 the actual Festival began, Ramblin' Rhythm as this year's top group, was followed by one presented by the lovely queen and her court. Barbara Grimm, Ursinus Spring Festival Queen, was escorted onto the field by Pete Wilcox and followed by her court. Seniors in the Court were Donna Armstrong, ex-members of the Festival and Jamie Reid. Betty Miller, a Freshman major and president of the Student Senators, returned to the Festival by being escorted into the field by Tom Pictures and Holly Zehl the Sophomore from the Drawing and Painting Society.

The Festival was set up in the large gym, with benches for the students to sit on during the Festival. The students were asked to wear ties and jackets, but many did not follow this rule. The Festival is planned by the Student Senator's Committee and is sponsored by the Student Senate.

The classes elected officers maintain status quo.

The students of Ursinus recently elected their class officers for the coming school year. The election held no surprises and showed that the student body is generally satisfied with the status quo. All class officers were re-elected for another year except for the president of the class of 1969.

NEW JUNIOR PRESIDENT
Barb Vohs, as president of the junior class, will be the only class officer serving for the entire year. A history major from Haverstown, Vohs belongs to Demus and will also be a freshman advisor during orientation.

NEW SOPHOMORES-ELECT
President and Mrs. Donald L. Helfferich cordially invite the Sophomore Class, their parents, relatives, and friends, to the Sophomore Reception, Saturday evening in the Super House, 542 Main Street, on Sunday, June 4, from 4:00 to 6:00 p.m.

Hartzells, Staigers Plan Vacations

Boarding every vehicle from a Volkswagen to an "Outback" bus, and relying to the sweet strains of "Auf wiedersehen," and "Alhambra," the "Wanderlust" of the Hartzells and the Staigers will soon find satisfaction in their respective ways through Europe and the British Isles.

Leaving on June 15th, Dr. and Mrs. Roger F. Staiger will briefly visit Peekskill, England, and then travel to Ireland, where they will tour the beautiful countryside, "the green isle," and perhaps the British Museum and the Tower of London.

The Staigers plan to concentrate on contacts with the average German, and to see and experience everyday German life. This, the Staigers say, "keeps the language alive." When in this last month, they will travel to Edward Freiburg—the site of the university where the family is interested in visiting, and the Staigers will move across the North Sea to the north-laid coast of Scotland, spending the better part of a month there, then visit the city of Edinburgh.

From Freiburg, the Hartzells will

Debating Club Offers Promising Future

The debating club at Ursinus which has been reactivated since last year has much promise for the future. Sponsored by Mr. Vannucci, and the Intercollegiate Debating League, the club will meet weekly for preliminary rounds and preparation for the coming fall season. The nod is received by the students who are willing to work hard to make the club become one of the best at the state. Tournaments last October from May, Ursinus has debuted in tournaments at New York University and West Virginia University.

Before actually debating, the members are given the presentation of the basic state in the status quo advocated by the affirmative team, and the one of the status quo advocated by the negative team. The team that best states its case can win the debate.

Swarthmore College is the only college in the eastern United States that holds the debating team as an independent organization.

Constitution Ratified

With the passage last week of the new constitution resolution by a 7-2 ratio, hopes are bright that the highly inefficient student organization will achieve a system of unified government. Newly elected Student Government will be the first to take up to the student body's action in a unified government. The new Ursinus Student Government is the fruition of an intensive effort over the past nine months of a small group of students, Mr. Vannucci's members, the MSGA Press, Eric Rausch, Dick Behenna, and Gretchen Hoffman. The attempt has been to consolidate the separate organizational bodies which exist independently throughout the school's structure. In the past, the consideration and passage of legislation has been hindered while all channels were committed and suggestions offered. In the new govt., all matters must come before a central executive, legislative or judiciary body. Here opinion may be sampled and discussion held, with the final decision depending only on faculty approval if the rule is passed.

STUDENT GOVERNMENT CONSTITUTION

According to the constitution, all full members are members of the Ursinus Student Government Association. The constitution consists of three branches: the Executive; the Student Senate, and the Judicial Board. The constitution is open to changes, and the position of student president is also up to anyone who is interested. Its ten members are from all classes and all fields, and all students have a say in the coming school year.

The constitution is comprised of the coming school year, and all members have the right to vote on any proposed legislation. The constitution is comprised of the coming school year, and the president of the class of 1969.

Standing committees are also established through the new constitution. The four standing committees are members of the Ursinus Student Government Association. The associations are in charge of the issues presented to the Student Senate, and the Judicial Board, and they are not apportioned. In the constitution, there are three officers and seven representatives of the student body. The Judicial Body will have the four council officers and the presidents of the student representatives of classes will have the four council officers and the presidents of the student representatives of classes will be the four council officers and the presidents of the student representatives of classes.

The Judicial body will have the four council officers and the presidents of the student representatives of classes will be the four council officers and the presidents of the student representatives of classes.

Constitutional provisions

The problem of no standing committee of its own from the fraternity groups who feared more restrictions on their activities, the IFC, expressed the fact that, "...the problem is a very serious one. It affects the School Charter and the fraternity groups who fear that the charter will be revoked. It affects the students who wish to belong to a fraternity. It affects the fraternity offices which might be considered a matter of principle that any fraternity which killed the constitution in favor of a central administration is subject to the following action against Beta Sigma Phi:..."...necessity of the constitution in favor of a central administration is subject to the following action..."

Standing committees are also established through the new constitution. The four standing committees are members of the Ursinus Student Government Association. WHAT PRICE LIFE?

Although there have been many (and quite) splendid and attempted episodes of
providing the pressure on the students (and more so on the myself), I think that the pressure on the stu-
dents is more evident in the classroom. Student suicides are more prevalent in the classroom than any place else across the nation, with MIT being the most student-suicide death.

On receiving newspapers from other colleges, some have chosen to withdraw from the college's press. Some fear that the existence of the IP and IS Presidents in the Senate would place the Greek organizations under IS control. One seriously doubts, however, that the students would turn against the fraternities and sororities who provide most of social life at Ursinus. A few nonfraternity and sorority students were vehemently opposed to the make up of the student organizations. This attitude is quite active in student organizations. This attitude is quite active in student organizations.

I think that most college students today, when asked whether they would do it again, would most likely say that the academic pressure is really four of our reaching goals that our parents expect of us.

I think that the most significant thing in this book is the way that the author, Andrew, makes it clear that anyone reading this book can't do it all. But he doesn't, in his own life, set a high enough standard for himself. Paget's this book isn't a self-help book. It isn't a self-help book.

To most students Ursinus College has always seemed somewhat a drab place. To many of the students, the educational life at Ursinus College has always been employed for a different purpose. Thus it came to pass that Ursinus Today, a motion picture about our alma mater, was created.

This is the typical story of the life of higher education include not only an attempt to understand the meaning of life, science, history and politics, but also a sense of identity, insight, and meaning. Few freshmen have characterized the college as a place of nothing and the students would be hard pressed to say that the college is really four of our reaching goals that our parents expect of us.
THE LANGUAGE LAB: How To Make It Work

This year's A.L.P. S.W. (pronounced "orgy") was not a particularly memorable event as a whole, but, in view of the meteorological adversities encountered, the weekend was a success. The first scheduled activity was an Agency I.F. concert featuring Dee-Doo Sharp, Lon Barry, and last but not least the Magic Koomen's all of whom comprised the "Tip Lit Blow." The show was off to an ominous beginning with several periods of disjointed noise interspersed with faintly audible yelps which may have been caused by a faulty sound system. The audience soon had the dubious pleasure of meeting the Magic Mushrooms who, looking like crosses between Tiny's Angels and Carnaby Street fairies, did an excellent job of camouflaging their outrageous lack of vocal talent behind a meekless blast of sound. To add real class to their performance, however, they provided in a liberal dosage of Rolling Stones-type antics including obscene gestures and words and a horrendous savage final which was reminiscent of an evening at Carnaby Street. I would probably have gotten through bared from Ted Mack's Original Amateur Hour had the Magic Mushrooms done a commendable job especially for their "specialty" of the M.M.'s. The climax to the weekend was the IF's picnic held at the back of the concert, designating the Magic Mushrooms as the "Orgy" of the M.M.'s.

Friday night witnessed the first of the twin terrors connected with the Magic Mushrooms which was reminiscent of an evening at Carnaby Street. Fortunately, the Magic Mushrooms did not have the same destructive power as the others. Dee-Doo Sharp did a commendable job of camouflaging her outrageous lack of vocal talent behind a meekless blast of sound. The audience soon had the dubious pleasure of meeting the Magic Mushrooms who, looking like crosses between Tiny's Angels and Carnaby Street fairies, did an excellent job of camouflaging their outrageous lack of vocal talent behind a meekless blast of sound. To add real class to their performance, however, they provided in a liberal dosage of Rolling Stones-type antics including obscene gestures and words and a horrendous savage final which was reminiscent of an evening at Carnaby Street. I would probably have gotten through bared from Ted Mack's Original Amateur Hour had the Magic Mushrooms done a commendable job especially for their "specialty" of the M.M.'s.

Track Meet

The festivities continued on Friday afternoon with the I.F. track meet which, unaccountably, had been abandoned for the previous two years. The events included shotput, high jump, broad jump (without breeds, probably an act of renunciation), one hundred yard dash, two hundred, forty, mile, hurdles, and relay races. The meet was won by Zeta Chi with a strong independent team coming in a close second and it was conducted under the supervision of M.G.O. rules (Mr. Guryansk, President). The events included shotput, high jump, broad jump (without breeds), probably an act of renunciation, one hundred yard dash, two hundred, forty, mile, hurdles, and relay races. The meet was won by Zeta Chi with a strong independent team coming in a close second and it was conducted under the supervision of M.G.O. rules (Mr. Guryansk, President).

Back-to-back blasts at the Diecasters Hall highlighted the nightlife of I.F. Spring Weekend.

Traditionally Dry Campus Wet For I.F. Weekend

PLYMOUTH MEETING MALL
New Library To Be Constructed
As Part Of Building Bonanza

New buildings and major improvements to present facilities at U. C. dwell in a robustus realm for the longest time while the students are occupied with "eesum puns" promised for the future. Thus, a new project as well as University and Wilkinson have materialized, and there is plenty of proof that a new men's dormitory is being built now. Also coming out of the misty future is concrete progress toward realizing the goal of a new library.

HIGH PRIORITY
Urismus' application for a federal grant has been approved by the State of Pennsylvania. "Pennsylvania's allocation in the Facilities section has recently been announced, and Urismus received a significant amount of money in aid of this project. It is the first time that the state has provided a large amount of money to a college for the construction of a new library.

Rite of Spring Observed Under Benign Influence
It is a warm day at Ursinus with the sun smiling down on the soft greenwashed campus. Hark! Who goes there? What is that strange figure holding the basket wearing a robe, coat and slippers, etc.? Why, it's going to and from the sunbathing area. Should have known. Heaven forefadd, that coals should walk around in the halls, wearing bathing suits. Where is she going now? Oh, of course, the "PAR SIDE" of the unshielded one behind Pilcher Hall. What do you know, she is wearing a bathing suit under her robe, coat, slippers, and etc. She is suitably modest with the knee length bloomers and long sleeves. Our heed was worried about her sunbathing popularity becoming so intense that she may not shower and go out to the sunbathing area. This is a difficult choice.

The areas must be kept "picketed up." This refers only to "artiwine," as men and women may not fraternize on the sunbathing areas, but they become sunbathing areas. This is a church related school. But one must realize what a shock it would be to the men to discover that the women actually have legs. (Great Headway has been made in this direction since the miniskirts at L.F.)

Sunbathing is permitted only after 1:00 PM on Sundays, in hope that the students will attend church if there is nothing better to do. This regulation also discourages Cowen to Sun worship and similar pagan practices, such as holding hands.

Having read and thoroughly enjoyed "Politics Regarding Sunbathing," we are sure we are all looking forward to the next series, "27 Motivations for Judaism" in Your Chapel Time," to be succeeded by a documentary. "Gad Greene doesn't believe Ursinus Was Real."
RAINOUTS HURT BEARS, LOSE THREE GAMES

A combination of bad weather and bad defense has eliminated the U.C. Softball team from Middle Atlantic Conference (Southern Division) contention. The Bears, who were 9-0 in conference and suffered three losses and three rain-caused cancellations over the past two weeks.

In a non-league encounter with the University of Delaware May 1, the Bears dropped a tough 8-7 decision in 11 innings. The Bears took a 2-0 lead in the first inning, but quickly saw it disappear when the Blue Hens piled up three runs in the fourth and fifth innings.

The contest remained tied until the bottom of the ninth when a single by Bob McDonald tied the score, and back-to-back hitters by Vince Scantlebury and By John Jessop propelled Ursinus into a 2-3 lead.

Pitchers John J. Muelle scored his ninth seventh inning in the ninth with an apparently safe 7-5 advantage.

Two singles and a home run promptly cut the edge to 1-7 and knowing that only one walk and a single off reliever Bill Harris would give the Bears a steal, tied the score at 2-3.

Muelle scored the deciding tally on a pair of walks and a single. To add to Ursinus' changing score, they added one to the final tally only once when a walk and a single off reliever Bower希尔 ended the game, 3-2.

Muelle's amazing .500 earned run average is the conference record as Ursinus' staff collected only four hits off him.

The Bears' winning streak in the very first inning and their lead was really小姐姐s by a long, single by the first, two walks, a triple, and a

single off starter Dave Campbell, staked the Dragons to their three-run lead.

The score remained 3-0 until the third when Ursinus piled on more runs. In the third, Ron Hirokawa was hit by a pick-up pitch on Cemetery Hill's sacrifice bunt, and scored on Larry Spaid's two-run double. The fourth inning was followed with a double to move Lightfoot to second, and Ward induced Poppy to end the rally.

Drexel scored its fourth run and brought the score to 4-0 in the fifth, when Larry Spaid did a very creditable job of mopping up, blinding the Dragons the rest of the way. The game was, however, for all intents and purposes, already lost.

Following the Drexel loss, scheduled league games with opponents Scranton, Wilkes, and Moravian were all washed out. The Bears were far from sharp when they finally saw favored Harvard on the field after a 24-day layoff.

In that game, the Bears chalked up a winning percentage of 7-3 triumph. Harvard took a 1-0 first inning lead, and was never headed. The host Ponds were only 1-0 in the ninth, when a walk, a single, and an infield error made the score 2-0.

UC cut the lead to 2-1 in the fourth inning of the single game, but that was as close as the visitors came.

Harvard outplayed the game with a strange four-run seventh inning in which the only hit out of the infielk wasシャルク's sacrifice fly.

Haverford added an insurance run in the ninth inning of two runs in the 11th double by Tubbs and Keen and a single by Pete Shannon.

High Scoring Due In Softball Loss

A well weathered Ursinus Girls' Softball team traveled to Trenton State College April 30 to play in the championship game of the 1967 season. In the first inning, the Bears led 5-3 and were well ahead of the game well in hand with 2 runs across, bases loaded and no outs. However, a major rule discrepancy provided the Bears with a quick victory.

After a somewhat disappointing decision of the umpires, the Bears felt that the innnings let just one run slip by while the other two were ruled out.

The Women's Softball team of Ursinus College was the winner of the sixth inning rally by Trenton State College last Sunday. The Bears closed out the game with a 15-12 victory. Even the home run of Joan Morgan with two outs was not enough to catch up. This defeat was to be the last of the season with a 5-2 record.

Girls' Net Win, 3-2, Even's Year's Mark

On Tuesday, April 9, the Ursinus Women's Tennis team defeated West Chester, 3-2, on the first in a triple jump. Although West Chester didn't field a relay team, the Bears won the first in that event.

A second team of Ursinus, led by David Akens, which led until the last 220. The regulars may not have wanted that they were nearly beaten by a would-be hur- dier, a mixer, a half-miler, and a

On May 2, Ursinus topped Al- bright College, 8-6, as junior Nadeen Miller suffered an arch- ival Jim Garvey of Albright for third, behind Ron Herman and Vincent Phillips of Ursinus. Kale is one of only three seniors who will be lost to the team, the others being Rich Baker and Steve Crawford, the team captain. There are five new seniors and a few others who they leave behind will be the best in the conference next year, with nearly everyone coming back. Ursinus, however, is in a much worse shape this year, and most people feel that this has been a very disappointing season.

The most new scored points for Ursinus were collected by Ron Sauerwein, second in the 100, third in the 220, and fourth in the 440 as the Bears added 20 points. Ursinus had the only double with George Dupont. The Bears had several athletes in the only hurdles, fourth in the 880, and a 4x110 relay with three seniors.

This championship was held at the University of Delaware's new Athletic Complex, with the players' social convention in the arena. The runners found it very fast and comfortable to run on the track, which was unmarked by the rain which has turned up this year. Occasionally, runners have it that Four Franks has the best looking administration of the competitive surface to this year, for the event has been a great disappointment, getting administration approval for a new track and field course of study, and in fact, in the near future he may have to give up all running of boys track meets, or at least, time allowances to certify.

The championships were held at West Chester University, 94-14, on the Bears' all-weather track. Bart Bein's 577 was a new school record in the 440 hurdles, as the competition was very good.

Rainouts in the West Chester area until that event. Marty Smith scored 12 points for the Bears. Ursinus finished first in the triple jump.

On May 2, Ursinus topped Al- bright College, 8-6, as junior Nadeen Miller suffered an arch- ival Jim Garvey of Albright for third, behind Ron Herman and Vincent Phillips of Ursinus. Kale is one of only three seniors who will be lost to the team, the others being Rich Baker and Steve Crawford, the team captain. Debating Club

(Continued from Page 1, Col. 4)

The job of the negative team is to be prepared to meet any possible judge then comes into play. Hence, both teams have to go on the attack. In the affirmative case a motion is presented, measure the negative team attack upon the affirmative attempt to rebuff the case—bear in mind that the border of proof rests on the affirmative. Time limits are involved. Constructive speeches can last no longer than ten minutes and rebuttal for five. A debate consists of four speeches and four rebuttals.

Logic is involved in debating but the sense of affirmative fallacies. In the case where the affirmative team met, debate should be limited to this to the Greek vote. In every case where the affirmative team

Governments Unity

(Continued from Page 1, Col. 5)

Other concerns with a larger note than the smaller could be described as the Greek vote. But many feel that the affirmative vote was merely a reflection of those who had no vote against team but those who had opted for the affirmative case and those who had negative feelings are few because the people who voted for the affirmative case were not familiar with the proposed document.

Problems yet to be faced are the inclusion of an appellate system, concerning the administration that a student government is indeed necessary and effective, organizing the document's implementation, and getting used to a cord jurisdiction.

Despite the fact that Ursinus is not a democracy, the Weekly ensures all students become familiar with the constitution and to know one's rights!

GREEK GLEANINGS

Ed. Note: Yes, Delta Si, Sig Nu, Phi Psi, O Chi, and Tau Sig, I think for your Gleanings weren't printed. I'm sorry that the Examination Schedule took up too much room. Don't forget that the Examination Schedule is printed in the Graduation issue once a year. So, here we go.

Alphai Phi Omega

Congratulations to the new officers and new members. Moons: Y. P. Adams: Record: Hurley, J. A., Kappa; Barrett: Allee, S. E., Delta; Trenear: Ursula, H. M., Sig Nu. At Arms and Social Chairman Craig. Congratulations are also in order for Brother Bud and Brother Bud who was recently pinned to Sig Nu's Eli. Phi Xi, T. L. All brothers and Harry his middle name. Happy Birthday, Earhart, don't tell Shiner! How did Hellard break his knee? Lyn is all well. Thanks to all brothers who worked on Campus Chest. All agree the mixer with Sig Nu was great! Too bad there was no time for three or four more. Don't forget to make a big effort; Emig and Facenta fared well. Terry was so smashed every other world was gone, Hellard put up quite a show, show during and after the mixer—striping and singing. What do Kram do? Tell Bro your name. What started all the Goodby and Good Luck to the graduating seniors.

Sigma Rho Lambda

The Sig Rho softball teams are looking tough for the Spring season. Tuesday, the R team powered over Zeta Chi and then that same night the A team did a job on Apex. We don't know what Frank has, but it might be good gloves in back of him, except when Harris is in right field. Our power hitters are Bounder Shoemasters and Lev. We have the heart and the horsepower of Spike and Tike. We tried to put Olaf somewhere on a bet but his us too much—like catcher, but it didn't work.

We are forced to announce that Pete Stockett is our new Social Chairman. Pete is not only a very good dresser but he has kept quiet, too many of our sulphuric acid and phthalic anhydrides, both of which have been kidnapped and brainwashed by frustrated stomachs. Would it be possible to recover Pete with Larry's blessing? The police will be called in to help the man to a head house and can be accused of the motive of Spike's death. They will find that the自主创新 on the mat and the street, and that if Spike is still alive he is asleep. His family is planning to attend with Ocean City police.

APFS Spring was a complete success, especially the picnic on Saturday. It was questionable whether we were on the inside or the outside. John—watch out for parents. If you're not, the best thing for you is the APE-cure-all.

Delta Mu Sigma

Delta Mu Sigma would like to congratulate all of its for its disappointing third-place finish in the track meet two weeks ago, but we have a good point about it. First, there was no pole vault, an event in which high school hero Bob Gilicis says he would have been a very good friend. Second and much more important, there wasn't any javelin throw, an event in which the Bears had been known to fall. We felt we were in an inevitable combination, and it's not the javelin that serves as a javelin. Bob Dixon was to represent the infrared logic. We planned to have Chuck Burton inspire our team by acting as a target. Joe Harg has sold his stick-concession to Rickey-Poo, and several brothers claim that it's fair play, have asked when we can expect to see Rickie-Poo again. In every case where the affirmative team met, debate should be limited to this to the Greek vote. But many feel that the affirmative vote was merely a reflection of those who had no vote against team but those who had opted for the affirmative case and those who had negative feelings are few because the people who voted for the affirmative case were not familiar with the proposed document.

Problems yet to be faced are the inclusion of an appellate system, concerning the administration that a student government is indeed necessary and effective, organizing the document's implementation, and getting used to a cord jurisdiction.

Despite the fact that Ursinus is not a democracy, the Weekly ensures all students become familiar with the constitution and to know one's rights!

Debating Club

(Continued from Page 1, Col. 4)

The job of the negative team is to be prepared to meet any possible judge then comes into play. Hence, both teams have to go on the attack. In the affirmative case a motion is presented, measure the negative team attack upon the affirmative attempt to rebuff the case—bear in mind that the border of proof rests on the affirmative. Time limits are involved. Constructive speeches can last no longer than ten minutes and rebuttal for five. A debate consists of four speeches and four rebuttals.

Logic is involved in debating but the sense of affirmative fallacies. In the case where the affirmative team met, debate should be limited to this to the Greek vote. But many feel that the affirmative vote was merely a reflection of those who had no vote against team but those who had opted for the affirmative case and those who had negative feelings are few because the people who voted for the affirmative case were not familiar with the proposed document.

GREEK GLEANINGS

Ed. Note: Yes, Delta Si, Sig Nu, Phi Psi, O Chi, and Tau Sig, I think for your Gleanings weren't printed. I'm sorry that the Examination Schedule took up too much room. Don't forget that the Examination Schedule is printed in the Graduation issue once a year. So, here we go.

Alphai Phi Omega

Congratulations to the new officers and new members. Moons: Y. P. Adams: Record: Hurley, J. A., Kappa; Barrett: Allee, S. E., Delta; Trenear: Ursula, H. M., Sig Nu. At Arms and Social Chairman Craig. Congratulations are also in order for Brother Bud and Brother Bud who was recently pinned to Sig Nu's Eli. Phi Xi, T. L. All brothers and Harry his middle name. Happy Birthday, Earhart, don't tell Shiner! How did Hellard break his knee? Lyn is all well. Thanks to all brothers who worked on Campus Chest. All agree the mixer with Sig Nu was great! Too bad there was no time for three or four more. Don't forget to make a big effort; Emig and Facenta fared well. Terry was so smashed every other world was done, Hellard put up quite a show, show during and after the mixer—striping and singing. What do Kram do? Tell Bro your name. What started all the Goodby and Good Luck to the graduating seniors.

Sigma Rho Lambda

The Sig Rho softball teams are looking tough for the Spring season. Tuesday, the R team powered over Zeta Chi and then that same night the A team did a job on Apex. We don't know what Frank has, but it might be good gloves in back of him, except when Harris is in right field. Our power hitters are Bounder Shoemasters and Lev. We have the heart and the horsepower of Spike and Tike. We tried to put Olaf somewhere on a bet but his us too much—like catcher, but it didn't work.

We are forced to announce that Pete Stockett is our new Social Chairman. Pete is not only a very good dresser but he has kept quiet, too many of our sulphuric acid and phthalic anhydrides, both of which have been kidnapped and brainwashed by frustrated stomachs. Would it be possible to recover Pete with Larry's blessing? The police will be called in to help the man to a head house and can be accused of the motive of Spike's death. They will find that the自主创新 on the mat and the street, and that if Spike is still alive he is asleep. His family is planning to attend with Ocean City police.
