Theater-in-the-Round Scores Instant Success with Audience

by Susan Yost

This weekend Ursinus was treated to a successful performance of theater-in-the-round. This novel approach to the production of a play requires special consideration on the part of the director, including thorough planning in lighting and staging.

The Adding Machine was performed from this standpoint. Both sound and lighting were handled perfectly by such and scene was properly muted under the right atmosphere. This stark simplicity of the stage was greatly enhanced as the machine, that not only can take the minimal stage available, but also can effectively increase the value of the play. The Adding Machine is the play of character and action, and not of scenery, and as such the lighting must be skilfully done. The machine, as such, is the play.

Freshman Fred Jacob performed the lead role of Mr. Zero. Mr. Zero is a man caught in a machine-like existence. As such, the lighting must be done with great care to give the illusion of a machine. Fred successfully caught the essential, yet as such his weakness could be easily seen in the future. As well as another Freshman, Fred Jacob performed the role of Mr. Zero. He handled the difficult role of Mr. Zero very well, and was the epitome of the machine-like character. Freshman Karen Baker was an adequate Daisy, but not an adequate one. The contrast between Daisy caught in the office routine and then finally to put the play across. Freshman Fred Jacob performed the lead role of Mr. Zero. Mormons Amaze UCers Attending YMCA Forum

"Coffee, tea, and alcohol destroy the human body, which is God's temple, and therefore must be abstained from," with this statement, Elder Bagwell, a missionary of the Mormon sect, shocked 40 Ursinus students who attended a forum sponsored by the YMCA Monday. The forum was held in the Student Lounge of Wismer Hall, and was sponsored by the YMCA.

All students in attendance were impressed by Elder Bagwell and his companion Elder Bagwell of the First Ward of the Church of Jesus Christ of Latter-day Saints, showed the importance of personal prayer and understanding of the Church and God. Elder Bagwell said, "The many 'bit' parts in a play require special consideration on the part of the director, including thorough planning in lighting and staging. In recent years, more and more raw athletic talent has been discovered amongst the hundreds of schools across our country. As amateurs and professionals, from the Olympics to the Pro-Bowl, athletes from unheralded schools have proven themselves along with those from the previously considered great schools. This trend was most evident in the recent NFL player draft which included seven players from schools for most athletes before the first five rounds.
