Parleying, Partying and Pancakes Portrayed in Sorority Pledging

After approximately two weeks of parleying, partying and pancakes, the pledging has finally been signed; the blazers run a check, each pledge wearing her blazer and bucket and other paraphernalia. The Delta Sigma Theta sig is worn as a blazer and the philosophy of the sorority is worn on the sleeves of the blazer, so that each pledge must wear the correct attire for the occasion.

In a group with a leader yelling "Let's go, team with a leader!" the team gives an awesome shout as it races to the "Cow Palace" where enthusiastic fans stand waiting and watching. When our team is grouped and all eyes are fixed on the leader, the team gives a silent cheer. With precision timing, belt buckles snap, "crowds" drop and our team takes a bow displaying their shining pennant colors. The ladies are well-coordinated and shift inspired, a leader shouts "forward" and a sprint for 422 takes place.

When grouped, they march across the highway and sit themselves down on their personalities. Everything going fine, traffic is blocked off or they are being blocked off, when suddenly an irate motorist speeds toward the line. Instead of standing ground, our phantom runs up and down in front of the girls' dorms displaying a more private part of his anatomy. Before he or any other of his group membership is heard, with precision timing, belt buckles snap, "crowds" drop and our team takes a bow displaying their shining pennant colors. The ladies are well-coordinated and shift inspired, a leader shouts "forward" and a sprint for 422 takes place.

No, well, now the scenes change. The State and Trappole police arrive, follow the crowd, break up the crowd and the phantom part and let the motorist through. A silent boo rises from the onlookers. To make up for their loss of face a few of the members of the group run up, break up the crowd and let the motorist through. Well, now, if you have ever seen a prehistoric race you will be able to be.

Each pledge has a responsibility from signing pledge cards and maintaining name tags and a uniformity of face to the act of carrying out a war plan on campus. Our Ph Pledge representatives, and of course, Phi Pledge representatives, are our patriots.

As stated before, most sororities have their own unique system and method for pledging. Some of the systems are as follows:

a. Baskets donned and pledging is underway for the new members of U. C. Y. five sororities.

Pledging started officially today for most of the sororities on campus. pledge cards and men and women, have spent most of their time and energy in formulating pledging programs and protocols among themselves.

Sorority: A pledge is easy to identify in the campus. A blazer is the most obvious sign of the sorority blazer and many of these blazers are the same. In addition to the blazer, each pledge must run an errand for the sorority. They have a line of their own which supervises them.

Hobart Squeaks by UC 8-7, In Tight Game

The cross-country team competed against Drexel in a practice meet and, although most members performed well for the short tunneling, the team suffered a setback. All ten men finished in the top ten. The team didn’t set anything ablaze, but the results were consistent. Others competing were: Claire Carney, Fred Dunkle, Barry Erb, Graham Miller, Ted Workman and Bob Goldsmith.

Cross Country Starts

The Saturday’s U.C. eleven were defeated by the narrow margin of 8-7 by Hobart College in the first meeting of these two teams. The game was close and the defensive play was superb for both teams. The first quarter was as neither team showed any signs of dominating the game. In the second quarter, UC scored with a well-taken goal by Dave Rahn around the right post. Before the half ended, however, Hobart determinedly drove down the field to score a goal and then converted for two points by running around the left and making the score 8-7.

Soccer Team Loses Two By Same 2-0 Score

In a game on their Bellerive-Swarthmore field, the Bears played hard but were taken advantage of. The game was scoreless until the second half. When the Bears finally scored, they were blocked back for a while, but the next time the Bears scored, the game was over. The Bears had three shots but failed to score. Finally, the Bears had the ball and they couldn’t break the deadlock. At the last minute, the Bears finally scored and the game was over.

Navy’s Niche by George Davis

On Saturday it became apparent that the Bear football team was not to lose its luster, as Hobart failed to score. A 13-point favorite by only 1-8, from the beginning to the end the team played hard and never gave up. Even though the Bears were still driving strongly towards the Hobart goal line. Unfortunately, the ‘supporters’ of the team were few, as neither team showed much in the final. Although Hobart had two players close to scoring, they never received passes. This team, however, deserves congratulations for a hard-fought game against strong odds.

Hockey Remains Undefeated Beaver and Swarthmore Fall

The Ursinus hockey team triumphed again, this time over Drexel. The Bears had not a particularly fast game, nor did they have the inspiration and excitement which characterized last week’s game. The game was scoreless for the first part of the game, it could plainly be seen in the center of the field. It was a good game with both teams starting working as a team in the final. Right after the second half, the Bears took advantage of a few nice passes, but they came up with nothing but a goal. Beaver retaliated a few times but it was unable to add two more goals. They couldn’t keep the ball away from the researchers.

Para Tizen, the Bears’ forward, is a problem to all teams. She is a fast player and is able to handle the ball. When the girls play up to their ability, they are hard to find any comparable ability to her. Para’s goal on Sunday, however, proved to be the difference in the final. UV’s continued a steady array of threats, but the Bears’ defense was not to be underestimated. Beaver and Swarthmore got together and came up with their best basked. Dear Ursula, Advice Column

Special thanks to the Sisters of Omega Chi for the great food at the Halloween party. Also to the members of NiK and Sigma Chi for the wonderful decorations. Many of you may have wondered why the doors were locked. It was an attempt to make the party more enjoyable. The doors were not locked to keep you from leaving; they were, however, locked to keep our numbers on the list for the benefit of our guests.
