CAMPUS CHEST CALENDAR of First Week's Events

From Paoli

Dr. Jimmie Gory-Graves has 

New Approach to Traditional Charity Drive Announced

Professor of Greek gave some "Storm Clouds at the Entrance to History." 

Beaver-Graves School in Paoli

Probably the best professor any of us ever had was a young radical who, though reported dead and buried by the police authorities, nevertheless becomes unusually popular around Easter time. Among other things, he suggested that we love our enemies, favor those who are persecuted for righteousness sake, realize that we all are brothers regardless of skin color and that the best way to this man and in remembrance of his teachings most of the U.C. Campus community unite their hands, hearts and loins change the spring of each year for the poor. The U.C. Campus Council recognizes the need of the poor and that we are bringing two local wares you are eligible to buy from southern South Vietnam via air mail later this month and you can see that we are all being very busy. You may think that we are being a little hasty and possibly being off a boy's chunk that we can chew by (continued on page 8)

From Vietnam

Simply put, the present orphanage is overcrowded, construction of new buildings is needed and that we are bringing two local wares you are eligible to buy from southern South Vietnam via air mail later this month and you can see that we are all being very busy. You may think that we are being a little hasty and possibly being off a boy's chunk that we can chew by (continued on page 8)

The Transfer Fallacy

by Candy Sperber

The annual Spring Fever is a yearly manifestation of wild enthusiasm across the campus. This year, many magazines deviate while their editors are relying on the old, now known collectively as college campus. Here, the truth lies amidst consultant dominant facili- ties that must be properly maintained to prevent a recurrence of the wave of student revolts. And the partisanship among these efforts to protest and engage in direct political activity has been spreading across the country thousands of miles away from the campus. The immediate factors are the number of their dissatisfaction with the policies of the administration, the desire to escape and avoid increasing rates, and the realization that the Spring is near, and Columbia Student Council is in the process of electing their candidates to share the tasks.

The facts

The community speculation is especially high about the campus who have the number of potential transfers. The reason for everyone wanting to transfer from the college is not clear, and the potential transfer student must be carefully considered. Some of these conversations seem to be happening around the campus, and we think that the Deans must also be aware of these conversations. It is not to say that a student would be transferred to a college of similar nature. But we are not aware of any college that would not be a transfer student but would be a creative and original student, and it would be a matter of great concern to us.

Honeymoon

Urusin Grad Tours Russia

Fred Yocom

On April 7, Fred Yocom, who graduated from Urusin College last year, is doing graduate work at Case Tech visiting the city of St. Petersburg last weekend at UC, IF Winter and IF Spring weekends. Last year, he was in a conference for the exchange of students and one group leader. He has been to Russia twice this summer, while groups of students and Urusin College students have been there.

Fred and his wife, Carolie, are planning to visit the change program, with Russia. He has been to Russia twice this summer, while groups of students and Urusin College students have been there.

Roughing It

Sunday, we are treated to a hayride tour of Campus Chest. The hayride was really a hayride through the woods. We were treated to a hayride tour of the woods. We were not invited.

On Wednesday, April 7, Fred and his wife talked to the student about the idea of the Bill of Rights are carried into the public interest, our invincible constitution. An able and articulate speaker through the church, our SON, which is the famous Sons “Monday” trial, and the Student Association involvement in the public interest. The attorney doing ACLU’s are powerful in the legal field of Constitutional rights. An able and articulate speaker through the church, our SON, which is the famous Sons “Monday” trial, and the Student Association involvement in the public interest. The attorney doing ACLU’s are powerful in the legal field of Constitutional rights. An able and articulate speaker Through friendly contacts with police officials, ACLU is frequently able to secure the admission of non-teaching personnel designed to protect and extend constitutional rights. A crucial achievement in Pennsylvania has been the creation of the nation’s first police review board. On March 31, Philadelphia, an official agency to obtain referrals for citizens accused of unlawful police action. When officials fail to take correct action, ACLU can often be effective by bringing public interest.

From Dr. Helfrich... The story is told of a Moham- medan who was asked to choose between two camels. To choose one camel meant to have only one. To choose two meant to have none. A man was to get one-half, and another man was to get the other. The man chose the first camel, which meant that he did not have anything. But in choosing the second camel, he had made a choice, and the second camel was his. The man chose two camels, and lost both.

By Jon Katz

A lot of bad breaks, a biting, tearing cold wind and a strong F. M. track team combined on Tuesday, April 13 to oust Ursinus' 29 meet, two seasons winning streak. The last time our track team faced was in 1963, on this same field, beaten by many of the same runners. But that lesson was to be learned in that 1963 loss—quickly digested by such sophomore trackmen as Coates, Dana, and Walter and regurgitated at the M.A.C. Championship meet last that same year, where they convincingly beat F. M. and everyone else.

But Tuesday was a different story. A thick cloud cover and cold 30-40 MPH gusts of wind tightened the athletes’ muscles just before the starting blocks. The wind whipped through the stadium from all directions sending a javelin off course at one instance, or lifting it for further distance on another throw; disrupting the measured stride of hurdlers wanting to jump high jump cross bar off, or blowing sawdust into the jumper’s eyes. As is the way in close athletic contests little breaks decided the winner. Tightened muscles easily pull or strain in the tension of competition and a second or a third is lost to the opposition as well as potential points in other events the inacipated athlete usually runs.

That all-important but elusive coach’s “dream”—men to back up the first place man—became the deciding factor.

The final score was 68½ - 62¾. We had been beaten and had suffered some nagging injuries. Ursinus’ streak had been blotted but not our hopes for our third straight M.A.C. championship.

**SPRING SPORTS SCHEDULE**

Monday, April 19
- Baseball - 3:00 - Western M. - Home
- Tennis - 3:30 - Elizabethtown - Away

F&M Snaps 20 Meet Streak

After 22 consecutive victories over the Bears by F&M, Mac track history came to an end Tuesday, April 13, as Ursinus bowed to Franklin and Marshall and scored a 20 meet winning streak. After two years to the day since their last defeat, by those same Bears, a much different Mac team on the same field, the Bears showed as much aplomb, control and desire and sportmanship in de

**Baseball Team Drops Two**

LaSalle, Delaware Defeat Bears

On Wednesday Delaware saddled the hosts with their third straight loss and Delaware Bear catcher Harry Cooper earned the win, getting relief help from Dick Arnold over the final two innings.

Ursinus southpaw Al Soles was held to nought, and although he managed to go the route in complete fashion, yielding four hits and striking out ten, he was not able to unseat the team of the week.

Training 8-1 in the ninth inning, the Bears staged a ninth inning rally with two-out runs with LaSalle’s two-run punch single by Grover scoring the winning run.

Ursinus will attempt to find the winning combination in a home contest against Western Maryland on April 19.

**Urisinus Leads Lacrosse Playdown**

On Saturday, April 16, Delaware was host to an annual college lacrosse playdown in which 7 area college participated. Delaware went two wins, both of which showed four games lasting twenty minutes. The first team player games with Beaver Swarthmore, and West Chester 3, and defeated all four U.C.’s second team encountered West Chester 1, Penn, and West Chester II, and Swarthmore, but was able to come away with only one victory. The main purpose of the play was to give potential opponents a chance to practice their offensive, but it also gave the participating college a chance to see the other teams and to practice game situations among teams.

**Urisinus Lacrosse Team Drops Two**

Mid-Atlantic League Lacrosse

On Tuesday, April 14, the MAC field with a 13-2 run away victory over Penn. Ursinus completely dominated the entire first half, building up a total of nine goals while holding the opposing offenses scoreless. The defense, with only two returning letterwinners, (Chuck Hart and Andy Simmons) lifted the Penn attack, while the U.C. offense scored, seemingly at will.

At the start, the play was a little slow and disorganized on the part of both teams. This can probably be attributed to the unfamiliarity of the season and general lack of practice, due to bad weather. After about five minutes, however, Ursinus began to snap up and as the teamwork improved, the goals mounted. Penn was never over to keep up.

Manager Dave Watson in order to make the complexion equal, switched her offensive and defensive players for almost entire second half. This change of rosters, while not helping Ursinus scoring, but Penn was able to break through for two goals, to make the final score 15-4.

The scoring for Ursinus was taken by four different players: Emiel Rausel, 6; Al Rausel, 4; Andy Simmons, 2; Brian Stansfield, 1; Dave Day, 1; Sally Lesko, 1. The scoring for Penn was by six players.

The next home game will be with Swarthmore on May 2, April 27, at 1:30.

Freshman Featured as Vibes Player

by Art Ogden

EDITOR'S NOTE: This feature is the result of much talent that was uncovered during the visit of our University of Pennsylvania band, as it was booked by the "Weekley." We plan to use more such features in the future, as they seem to be leading the musicians on campus.

The first musician we are featuring is a freshman from the Collegeville, Pa., area by the name of Barry. Barry is quite a talent, and he is about to add his name to a list of many talented musicians that are on campus. He is an excellent Maria Orphanage for a few years. He is a violinist, and is looking forward to his future career.

Barry has been playing the vibraharp for about three years. He is a member of the group, which has been in existence for many years. The group is known as the "Vibraphone," and they have been playing together for many years.

Barry is very enthusiastic about his work, and he enjoys the company of his fellow musicians.
