Bishop's Players Present
"An Enemy of The People"

The Bishop's Players, California-based repertory theatre group, will present Henrik Ibsen's "An Enemy of the People" in Bensberg Chapel, Wednesday, May 5, at 8 p.m., under the auspices of the World's Young People's Federation.

The Bishop's Company was organized in 1935 with the aim of bringing quality theatre to the community. The company has produced a wide range of plays, including classics and contemporary works.

The play is a story of a small Norwegian village trying to protect its reputation by banning hot springs that have been used for centuries. The conflict between tradition and modernity is a central theme of the play.
