UC Awarded Science Grant

A National Science Foundation grant has been awarded to the chemistry department at UC for the purchase of undergraduate equipment. It was announced today by Dr. Donald H. Heffert, head of the department.

Dr. Heffert said that the grant was based on the Foundation's review of the department's "current Use of equipment," and extended to other members of the department especially Dr. Donald H. Heffert and emeritus professor Dr. Robert A. Fortnum, who were responsible for the data submittal to the Foundation.

The department required a total of $2,000. The funds will be used to purchase expensive scientific instruments and to provide the necessary laboratory space for the students and faculty involved.

Several other grants received by the department in recent years have come from the National Science Foundation.

A total of $30,000 will be spent on the purchase of laboratory equipment, including possibly a microscope, a microscope, a microscope, a microscope, and a microscope.

The funds will be used to purchase expensive scientific instruments and to provide the necessary laboratory space for the students and faculty involved.
Taking advantage of the free-
speech provisions of the univer-
sity's constitution, I have written
this last word on some of the criti-
cism which has been directed at
my efforts to bring the National
Forum to campus. In my opinion,
the criticism is unfair, and I am
determined that the National For-
mum will continue its work on the
campus.

I believe that the National Forum is an important institution in American society today. It provides a platform for discussion and debate on important social and political issues. I am convinced that it is essential to our democracy that these discussions continue and that the National Forum be allowed to operate freely.

Thank you for your support.

EDITORIAL

A Stomping Time...

I.70.F. Weekly seemed to be a great success (marred only by the failure of a band or two to honor their contracts) but I couldn't dance. I could never get the hang of it. I just could never get the hang of it. Everything else was grand, but just couldn't get the hang of it. Everything else was grand, but just couldn't get the hang of it.

+++

Now's Your Chance...

I'm not sure who all the people were who were there but I really enjoyed the Cameroon dance. The Cameroon dance was a real treat. It was a real treat. I really enjoyed it.

+++.

Bomber Concert...

After the editorial concerning the poor attendance at the Monday night concert, I think that I should say something about the concert. I think that I should say something about the concert.

Committee Announces Details Of Revised Customs Program

by Andy Smith

Most of the details for the Customs Program, which Julian Smith, Orientation Program, have been written by committee chairperson.

Program of previous years, have been written by committee chairperson. The Custom Program Committee composed of students, faculty, and staff, is made up of students, students, and students. Dean Cheryl, Director of Orientation Programs, has been made up of students, students, and students.

Although several parts of the Customs Program have been changed, the main idea is to help the student adjust to college life. In the past, the college community has been too small for the students to be able to interact with each other. This has been a problem, and the committee hopes to make it better.

Still, the committee has decided to keep the Customs Program as it was before. The reas-

One Enthusiasm...

There are many enthusiastic people who want to see the Customs Program continued. Many people are excited about the possibility of starting a Customs Program, and they are willing to work hard to make it successful.

A champion doesn't get ready easier and on Saturday, May 11, at the MAC track championships at Wright, Eastern proved it. It required a pressure first place finish for the MAC mile relay team in the last event of the weekend to emerge victorious out of the four-day competition, and several individual titles were convincingly defended. Pete Dunn, Eastern's star 800 yard runner, and the third straight year and in so doing set a MAC record which surpassed the fastest time this season, the 1:52.54. Dunn's time also tied him for third in the school's history. The gold medals for his three individual events were far from a fluke, as he recorded a 9.5 seconds of each for the 100, 200 and 400 respectively. In addition, Dunn set a MAC record book. And Bill Smore,(False answer: Batchelor breaking the school record in the 3,000 meter run added two more gold medals to the trophy case.

But once again depth was our Waterloo. The three gold medals added to team totals brought teams like Harvard and Yale into the mix for the third straight year. Harvard and Yale added two more gold medals to their total. Personal commitments held off a few more for the Blue and White and contributed to a few more errors for the Blue and White.

The final score showed PMC 133, Ursinus 32. A disappointing ending to a generally dominating season.

The baseball team keeps rolling along. The Bears run over Wilkes College and Moravian in the last week in their owncopyrighted bid for MAC honors. A little cooperation from Western Maryland and Delaware won for UC in the remaining three games could result in a third-place tie for first place and a winning season for them.

The track team dominated by one point, but with a 10-4 victory over East Stroudsburg, the Bears stay in the league race. The Bears stay in contention for the third place finish.

Netmen lose to M'berg, LaSalle

On Tuesday, May 3, the team took part in the annual Pennsylvania State Spring Shoot, an intramural competition at the Saxonburg Ranges.

Women Netters Win Twice

On Tuesday and Thursday of this week, the women's tennis team scored two wins to bring their overall record to 5-1. On Tuesday, the girls beat Moravian, 4-1, in a match that saw all the doubles played.

Softballers Rip E S'burg

The Ursinus softball team defeated Eastern, 7-0, on Tuesday May 17, and completed a three-game sweep with a 7-1 win over Eastern on Thursday, May 19. The Bears took a 3-0 lead in the first inning and never looked back, scoring two runs in each of the remaining three innings. Eastern was held to three hits in the game. The Bears scored three runs in the first inning, but were held scoreless in the last three.

Two doubles winners and a new school record for the team were enough as the 2 time MAC champion set a new mark of 5:30.5 in the 4 x 800 meter relay.

In Saturday’s first running event of the day the Bears were on a roll and this continued with their bid for a third straight MAC title as they defeated their MAC opponents in the 800 meter run. Senior Pete Dunn (Falun) set a new personal best in the 800 meter run, finishing 18 yards ahead of his nearest competitor on a 500-meter track. Dunn was just a 500-meter runner in the 400 meter run. The record for the 1200 meter run was also set at 3:44 for Rainier Adams who set a new MAC record in the event.

The team’s first team of the day was the 100 meter sprints. Pete Dunn and Chris Martin both set new MAC records, unfortunately the third place was his last place finisher.

The Bears dominated the 100 meter hurdles with a 9.5 seconds for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 10.0 seconds, also joining Dunn in the number one and two spots.

The Bears were no different in the 200 meter sprints with Ron Hlrokawa setting a new record in the event. Hlrokawa was followed closely by teammate Michael Cooper who set a MAC record with 21.0 seconds, also joining Dunn in the number one and two spots.

The Bears were no different in the 800 meter run, where Dunn set a new record with 2:01.5. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 2:03.0, also joining Dunn in the number one and two spots.

The Bears dominated the 1600 meter run with a 4:08.5 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 4:12.0, also joining Dunn in the number one and two spots.

The Bears dominated the 3000 meter run with a 8:12.5 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 8:18.0, also joining Dunn in the number one and two spots.

The Bears dominated the 5000 meter run with a 15:45.5 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 15:55.0, also joining Dunn in the number one and two spots.

The Bears dominated the 10,000 meter run with a 31:51.5 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 32:11.0, also joining Dunn in the number one and two spots.

The Bears dominated the 100 meter hurdles with a 9.5 seconds for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 10.0 seconds, also joining Dunn in the number one and two spots.

The Bears dominated the 200 meter hurdles with a 21.0 seconds for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 21.0 seconds, also joining Dunn in the number one and two spots.

The Bears dominated the 400 meter hurdles with a 32.0 seconds for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 32.0 seconds, also joining Dunn in the number one and two spots.

The Bears dominated the 800 meter hurdles with a 2:31.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 2:34.0, also joining Dunn in the number one and two spots.

The Bears dominated the 1600 meter hurdles with a 5:01.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 5:03.0, also joining Dunn in the number one and two spots.

The Bears dominated the 3000 meter hurdles with a 8:51.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 8:53.0, also joining Dunn in the number one and two spots.

The Bears dominated the 5000 meter hurdles with a 16:50.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 16:55.0, also joining Dunn in the number one and two spots.

The Bears dominated the 10,000 meter hurdles with a 39:40.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 39:50.0, also joining Dunn in the number one and two spots.

The Bears dominated the 110 meter hurdles with a 12.0 seconds for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 12.0 seconds, also joining Dunn in the number one and two spots.

The Bears dominated the 200 meter hurdles with a 21.0 seconds for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 21.0 seconds, also joining Dunn in the number one and two spots.

The Bears dominated the 400 meter hurdles with a 32.0 seconds for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 32.0 seconds, also joining Dunn in the number one and two spots.

The Bears dominated the 800 meter hurdles with a 2:31.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 2:34.0, also joining Dunn in the number one and two spots.

The Bears dominated the 1600 meter hurdles with a 5:01.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 5:03.0, also joining Dunn in the number one and two spots.

The Bears dominated the 3000 meter hurdles with a 8:51.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 8:53.0, also joining Dunn in the number one and two spots.

The Bears dominated the 5000 meter hurdles with a 16:50.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 16:55.0, also joining Dunn in the number one and two spots.

The Bears dominated the 10,000 meter hurdles with a 39:40.0 for Dunn. Dunn was followed closely by teammate Michael Cooper who set a MAC record with 39:50.0, also joining Dunn in the number one and two spots.
