In Concert: A Success

by Carla Peck

The MSGA deserves our congratulations for trying to give the students of Ursinus an opportunity that has needed support. But the fact remains that the library has no network of graphics and many of us begin to feel that maybe we could use more than the books they have. So, the MSGA asked for an experienced printer and printer maker, and received a release from the Museum of Printing. Three plans in the works will reveal the basement of the Library. Also, the new calligraphy is supposed to be the best in the Medical. Quite a work we hear.

I had the opportunity to talk with the MSGA, and as an unscheduled announcement, they were busy working with us so we are giving them a big round of applause. If there is a good journalist or not.

Shrimp, shrimp on the table; All the men were there. Shrimp, shrimp boiled and run, wish that I could eat 1900's shrimp.
The Rev. Philip D. Dowling, Professor of Systematic Theology at St. Charles Seminary, spoke in Bombers Church on Tuesday evening in the College of Footwear and Educational Philosophy. Dowling teaches an optimistic note.

Throughout his talk, Father Dowling stressed the importance of Christian unity which is felt in many of the Christian churches. This feeling has its expression in the current international movement.

The Vatican Council was the Roman Catholic Church's most recent effort for unity among Christians. Delegates to the Council were from various parts of the world. One of the main tasks of this Council was to get to know one another.

Father Dowling remarked that, "The only way to end on an optimistic note. There was no way the delegates could talk beyond ten minutes. Even though to translate any speeches into all languages, there have been differences. Even if we may not completely understand each other, we may alter our language name in criticism. Principles and the people involved are the same."

The late Pope John stated the purpose of the Church was to renew others—so that she could carry her burdens better. That is the purpose of the Council to the world. The Church must be renewed in our union, our Lord, and in ourselves. The Church must also renew herself in the Church of Christ and the Christian unity. To Father Dowling, this Church would have no value. First, it involves the removal of barriers—the Church, the Catholic and Protestant, for whatever fault each had.

Chris Fuges and Friend, Thai-Thai Community Development Council

Perhaps six months is not enough. In a short time a person can make up their minds and go home; but here goes anyway. I am a Ph.D. student in Thailand. The last three seasons: the hot, the rainy, and the cold. The rainy season ended about one month and a half ago and the cold season just started. I find the weather extremely pleasant, with temperatures between 65 and 85 degrees F. The Thai people are very friendly and have done everything possible to make me feel at home. Described this, I often feel not a foreigner, and due to the difficulty of the language, unable to communicate with anybody. I have a translator or someone to help me speak Thai.

I am working for the department of Community Development under the Ministry of Interior of the Thai government. I have a Ph.D. student in the area of community development. In addition to this, the people here are very friendly and have done everything possible to make me feel at home. In any season or time, I have found that the people here are very friendly and have done everything possible to make me feel at home. For example, how far is a man away from the church related college community? Can these students be his friends? Can he get time, neither will in loco M. A.'s and B. S.'s be his friends? Can he give up on trying to be a person?

The Ursinus cagers looked a little shabby after the two-week holiday lay-off, but they managed to squeak by PMC, 70-68, Wednesday night. Once again Barry Troster proved to be as good as he did in 22 markers to pace the UC scorers.

PMC Defeated

The Bears being lured into theurs. PMC, consistently beat them off the boards, and a lull in the jumpshooting jack named Charlie Stumpf, threw the ball off the ring. Congratulations are due PMC’s under 10 points, one for its tenacious struggle.

Swarthmore Doused

Saturday night before a packed house the Swarthmore basketball team rolled into the MAC ahead by six points as they did in a previous meeting.

The UC five faced a well-seasoned Swarthmore front with two charters in double figures with Chuck Chaske leading both in and out of the park with 20 points. The UC defense clamped down until the second half when the Swarthmores took a 20 point lead in the second half before Spanish and Quakers into the hardcore with buckets in the final minutes to get the victory.
