Campus Chest Set
To Begin April 6
Shorb and Riley Committee Heads

The annual Campus Community Chest will launch its sixth drive this month. The drive will run from April 6 to May 15, to raise funds to aid local and national charities.

The charities to be supported include those of the Children's Fund, Sunday School Boys in Phoenixville, the Associated Catholic Charities of the Philadelphia Diocese, and the Boy's town, Inc. in New London, the Royer-Graves Benevolent Fund of the Ursinus Music Department, and the World University Service.

Through the cooperation of the faculty, the drive has been made more efficient. Many activities have been planned for the campaign. In addition, the dates have been officially set for these events and will be held as follows: Activities begin Tuesday, April 7 with a dessert-a-day party to be held in Fisher Hall at 6 p.m. The scene will be set for the penny party to take place at 12:30. April 9 is the date set for the tie-breaking contest in which participants compete to determine the best cyclist. This will be held after lunch.

The weekend promises great entertainment. One of the outstanding features of the fund drive is the student-faculty show which will be held on April 10 at 8. Students are urged to participate in the event and sign up with either Jon Zirman or Sue Bruckner. An added attraction to the program will be an auction which is to be held in the evening.

The following evening, April 11, a student-faculty basketball game will be held in the gymnasium at 8:30. This year's event is in memory of the late Dr. Robert W. Bohl, who was a distant relative of Winifred Bohl, who was a distant relative of one of the team members.

The weekend will bring the dorms during the two-week period. The Crusaders, under the direction of Mr. Riley, co-captains of the drive committee, will conduct a series of events in party in the campaign and give lots for the worthy cause.

Ursinus Receives Gulf Oil Grant

Ursinus College received a $2,000 check recently from the Gulf Oil Company to provide research funds for four psychology majors. The money is part of a generous $15,000 fund that the Gulf Oil Company has given to the Psychology Department.

The grant will be used to support research projects in the department. The research will be conducted by the four psychology majors who are recipients of the grant.

Psychology Club Officers Elected

The Psychology Club met on April 5 to elect its officers for the coming year. President George Bublitzt conducted the meeting, during which Jon Zirman was elected president, Darlene Miller vice-president, and Mary Jo Banyai, secretary. All are psychology majors.

Jim Bublitz is a junior and serves as a member of the Psychology Club. He is currently working on a research project on the effects of music on learning. He is a member of the Phi Delta Thetas and the Psychology Club.

Don't Walk on That Grass

The MSGA has recently announced a new rule which states that anyone who walks on the East or West Campus bordering Route 422 will be subject to a five dollar fine. This action has been met with the fact that thousands of students have been coming to campus "cutting-campus" in direct disobedience to the rules. Supposedly, the rule is meant to preserve the beauty of the front lawn. It will mean that no one may sit on the lawns of the front campus. The MSGA has also stressed that they will enforce the rule if necessary. "For example, if someone is found illegally to walk, we will fine him a dollar," the MSGA has said. "We will do this even if they do it two times."

Compulsion Won't Do It

After two months under the new Chapel program, it is perhaps time to begin thinking about some more pressing issues in that field. No one will deny, particularly not the freshmen and sophomores, that the enforced compulsion is working. However, the Chapel program still remains as enforced religious indoctrination, non-sectarian to the extent that the students would be willing to listen, pray or believe, as the horse cannot be forced to drink. There are students who are interested in Chapel and who would attend if it were not compulsory. Those are the students that are benefiting from the program.

Religion, even in a church related school, should not be compulsory. Argued on strictly religious grounds, one would consider it to be imposed by God, and, therefore, no other would have the right to do so. This argument is applicable to the use of any compulsion, be it in the form of persuasion or otherwise. The students whom we are speaking of are benevolently interested in the church, yet the only way to induce them to participate is by compulsion. The situation is not much better for those students who are genuinely interested. We, of course, knew that Chapel was compulsory when we decided to enter Ursinus, but we have discovered that the little while for us to grow up and realize the nature of the program.

Journalism Grants Available

For the first time more than 100 scholarships in journalism will be available to college journalism students. The grants were awarded by the 1964 edition of the Journalism Foundation of the National Society of Newspaper Editors.

The Guide, published annually by the Journalism Foundation, lists 1151 scholarships, fellowships, internships and grants with a value of $301,016. Those are available to full-time college journalism students studying journalism in the United States.

A breakdown of the scholarships in the 1964 Guide shows that $277,763.80, or 88.9% of the total grants, is available to undergraduate students. The remaining amount, or $23,252.20, is available to graduate students.

By the Way...

by John Bradley

There is deserved caution among political consultants who they were to analyze the election. In 1960, when President Eisenhower won a resounding victory, the political consultants said his victory was based on a good campaign. On the other hand, they said that the 1964 campaign was a disaster. If that is true, as the political consultants feel it is, they have power to vote for the next candidate. Specifically, they feel that President Nixon has said that he is willing to reverse the trend of the past by running as a Presidential candidate. If he is right, the Prime Minister of England will be elected in the next Generations of which Britain will be a candidate in the next election. Nixon has now said that he is willing to reverse the trend of the past.

Mr. Kensey of Jackson, Mississippi, and a check for a generous unrestricted financial grant for Ursinus College, to James R. Rue, 40-year veteran educator, was in the treasurer’s office of which he has been since 1921 the manager, it is said by John H. Bogard, a member of such an amount of which Ursinus College has been the beneficiary.

Gulf Oil Grant . . .

Norristown in 1939 after approximately four years employment with the Pennsylvania Railroad Company. At that time he began work as an assistant in the treasurer’s office at Ursinus College, eventually becoming chief accountant there, and since 1951 has been manager of the office. He is a member of First Presbyterian Church, Morristown.

As the college’s financial officer for so many years Mr. Rue says that he has “lived through the days when we were a million dollars and more in debt, and had much less than a half-million dollar endowment. In recent years, thanks to the support of business and industry as reflected in the Gulf Oil gift, and the generosity of individuals, churches, and foundations, we have been able to acquire much needed new buildings, wipe out our debt, and increase our financial resources.”
