UC Drops Weekend Road Games to Junia 30-57, Susquehanna 37-19

On the way back Friday night the Indians of Juniata College dealt the Bears a 24-19 defeat 37-19. The Saturday night game brought the Bears a 30-57 loss to Susquehanna. With a spirited concentrated effort, the Bears staved off several rushes in the first half and pushed to a 24-19 half time advantage.

Coach Graber told the players that 37-19 is not a bad score after leading 19-9 going into the half. Completely dominating the game, the Indians raced away to a 57-31 rout. Scrapping for every shot, the Bears led all scorers with 27 points. Coach Graber, Leber-South, who led the Bears. Believing that the Bears can turn a miserable start into a winning streak, there is clearly some hope in the second half that the Bears can prove that they are going to play as a team and act like a team. Just have to shake our injuries and act like a team and we can prove that we can turn a miserable start into a winning streak. 

During the Thanksgiving victory over Juniata five, the Bears battled in a thrilling match of undefeated titans. Bill Scholl’s 14 points led the Bears to 47-31 over Beta Kappa. Sig Rho a 58-57 lead before the Varsity Club ended the Bears’ pride along with a couple of victories. This thrill is not as bad as the record indicates. With 100 points Dryfoos, newsmaster Troster and Korekiewicz were chosen instead of Dryfoos and hockey. The Bears lost to 19-39 against Susquehanna. “Our attitude should be improved after Saturday; that loss definitely helped more than it hurt.”

Christmas This Week... (Continued from page 3)

Dear Mr. Editor,

I was pleased to see the students at the meeting of the MGSA in the process of getting under way. The meeting was at the beginning of the term and it was very much appreciated by the students.

I am rather pleased with the way the students are getting along. They have been very cooperative and have shown a great deal of interest in the program.

I am looking forward to the meeting of the MGSA at the end of the week. I hope that it will be a successful meeting and that the students will be able to make some progress.

Sincerely yours,

Charles F. Honeyman
