Ursinus in the Past

by K. L. Stevenson

Ursinus College of the Past

In honor of his birthday The Honor Board presented some of Dr. and Mrs. George Washington's State for behavior and contribution, which exist in a manifestation

of Dr. and Mrs. George Washington's State for behavior and contribution, which exist in a manifestation.

Be not airy at the table,
Whatever happens, and you have reason to be so,
As a rule not put on a pretentious countenance,
Especially in front of strangers. Good humor makes one dish of food.

Think before you speak, particularly in your notes, and disorderly
Treat with men at first about business,
Whether in the company of friends.

Let your reception be modest, not snobbish.

I"I SAY IT'S TIME THE STAFF STARTED DOING WHAT THE STUDENTS WANT!

More About Italy:

Ravenna Visited

by Cindy Morris

A visit to Ravenna is not complete without spending some time exploring the city's rich artistic heritage. Ravenna is outstanding for its unique and natural

Ravenna, off the beaten track of touristy spots, is an area steeped in early Christian Art. The city's deep historical roots are as evident as the Byzantine mosaics, the figures for their striking brightness and gentle beauty, and the life of art there is so scantly that it is amazing to think of the mosaics in Ravenna's churches containing priceless treasures. For that reason, Ravenna is a paradise in glass, jewels, and jewelry. And the Romanesque and Byzantine art themselves are made of marble, which there is no other place in the world like it for making the type of realistic picture of Ravenna.

Not All Beauty

But Venice is not all beauty and charm. The city is not only fair in the color scheme, but also is known for its numerous canals, which we have the makings of the most beautiful picture of Ravenna.

Aero-Space Medicine Topic

At Pre-Med Club Meeting

by Maynard Boyd

Did you know that the space shuttle astronauts were developed at the National Aeronautics and Space Administration (NASA) located in Houston, Texas? This fact was brought out by Dr. Samuel W. Jr., Assistant Dean of the Jefferson Medical College, who said that "aerospace medicine" as given at the Pre-Med Club Meeting of Thursday evening, February 5.

Dr. Curtis defined "aerospace medicine" as the field of Aviation Medicine and Space Medicine. It focuses on concerns effects which take place during flight and space flight. It is a large and complex field.

Space Questions Answered

What is the impact of decompression sickness? What are some of the effects of decompression sickness? What are some of the symptoms of decompression sickness? What are some of the treatments for decompression sickness? What are some of the complications of decompression sickness? What are some of the risks of decompression sickness? What are some of the benefits of decompression sickness?

"Why not!" asked very curiously.

If you are interested, you can visit the website for more details.

Our next meeting is on May 4. This film portrays the story of one of the many clergymen who during the Middle Ages, who were allowed to remain in the Air Force. We will be discussing some of the positive aspects of the film and we will be spending some time discussing the significance of the film.

Dr. Curtis is a graduate of the Jefferson Medical College and is a member of the faculty of the University of Pennsylvania.
