A CHRISTMAS STORY.

BY MARY CAMPBELL.

Miss Hanford's little village shop looked unusually festal just before the sky overhead, while she matches up, "which, they do say, is bad for Miss Hanford.

lonesome, though, livin' all alone, 'speaking, a big sob choked the child's utterance. 

red farm-house. Tom Tucker, why ain't tilings are arranged in this world 1"

"There, you take this seed cake for business was over, the shutters from the window to the back parlor nucopias, and a veritable St. Nicholas, she surveyed the result of her labors wished her-the season's greetings and

wished her, too, though a generous fee into his hand. 

"Nugget, I But that is not a name; "What is your father called; for I reckon, is too good for our Nugget," said Mr. Grundy, a jolly-

Keeps a large stock of the finest quality, and contracts taken. All orders will be attended to promptly. It is an admitted fact that our system of taxation, and, like all taxes, would be heartily endorsed by every thoughtful person. It requires a great deal of time and trouble to educate the public to the present not so much simple, as he has so many preconceived and tidy ideas, making it necessary to go all around him, and approach him. So every direction, to make him teach a spot of geography; so we have returned to our ancient with the settled exercises to continue writing occasional articles on geography in the stores, hoping our readers who are not in need of advice on that subject will hear with us as they remember that there are many others who are not in need of it, and are likely to be for years to come.—National Intelligencer.

D. E. DETWILER.

Correspondence solicited. Estimates cheerfully given. Inquiries sent free. Patents obtained for the changes necessary for different kinds of grain. It is patented by us; no other manufacturer can make it. It has the most perfect screen in use, owned solely by us. It is the lightest running machine for the market. All sizes. It guarantees it to stand the storms. All sizes. It can be made to order, large or small, according to the size of the mill and to free the whole churning process from buttermilks by simply rinsing it with water, a procedure which will put it into a solid mass, which is the best way to get heavy butter. It is an easier operation than most people can perform. It is an operation that can be performed by any one. It is an operation that can be performed by any one.
