Junior's Ask Ruby Summer Delivery

"We have found that summer delivery of The 1963 Ruby will be a great success, both for ad revenue, and more time to raise money for student scholarship funds. Our costs to deliver are up to $300.

"In our recent surveys, we found that half of the campus community values Ruby, but there are some concerns. One is that we cannot reach all corners of the campus. Another is that the Ruby staff is so small, only ten people, which makes it difficult to distribute the Ruby to everyone.

"Despite these challenges, the Ruby staff is committed to improving the delivery process. We have already implemented some improvements, such as increasing the number of delivery staff and improving our route planning. We are also working on a long-term solution to ensure that everyone on campus has access to the Ruby."

**FALL, 1932**

On October 26, 1932, The Weekly printed a Presidential Address by President Robert L. Stevenson in which he made the following statement: "The heirs of the American nation are heirs of the heritage..."

**URSINUS in the FUTURE**
by Bill Pratt

On March 20, a group of dedicated freshmen students gathered in Alumni Hall in the center of Frederick, Maryland to hear the annual presidential address. President Pratt addressed the audience silently for 45 minutes. When, finally, the time of type was called, the public waited for the last word of the address to be read with a minimum of signs of relaxation. Half of the audience quietly and orphically left the room. By the law of averages, however, the fellowship of the great universities was not lost. The vigil and was appropriately followed by a quiet vigil at Fort Detrick. A newsletter was sent out to keep the alumni informed of the amount of interested people. At the end of the vigil, there was enough support to continue the dynamic spirit for 1932. Even after the planned finality of April 10, the vigil continued, but due to the smallness of the organization the committees decided to keep the vigil for only one week. Sundays, Mondays, and Tuesdays a vigil was kept.

The Vigil wrote a letter to the President, stirring the following four proposals:

1) Stop development of biological warfare.
2) Repeal the 18th Amendment.
3) Increase with secrecy, the research and development of germ warfare and biological warfare.
4) Maintain the same techniques used in the war.

**THE CURTIS STRING QUARTET**

Make no mistake about it, Ursinus College is not the cultural center of the East. Much weeping and wailing and much gnashing of teeth has been occasioned by this fact. Yet, for months, the more the grumblers were emitted, the smaller the Forum assemblies became...

It is said that the Curtis String Quartet is squarely up to the Ursinus grumblers by contracting one of the finest musical ensembles extant, the Curtis String Quartet. The departure of the Curtis String Quartet, the College, and the future of the ensemble, had been worked out...and one would have clearly been a disgrace to the college.

To employ a parapluie, never at Ursinus has so much been expected to be absorbed so painstakingly by so many. Students, faculty, neighbors, and a flock of prissy Hill School archivists filled the main floor of Bomberger Chapel to hear the four masters...or should it be four magnates?...or four emperors?...or emperors, et cetera.

"Did you notice Brodsky’s sobriety of tonality?" chirped one of the Hill School flock willy-nilly. The aura of the Curtis String Quartet was..."It is a jazz concert."This brought a stern frown from the teacher, who wondered why the music of Bach and the Curtis String Quartet should be so appallingly similar!...The Curtis String Quartet is squarely up to the Ursinus grumblers by contracting one of the finest musical ensembles extant, the Curtis String Quartet. It's Morgan Again; Miller Clocks 4:13.3Though Team Loses to Fords, F & M

The Haverford track team traveled to the Ursinus gym Saturday for the first time and brought back a 2nd place and a 3rd place. The team had been at Ursinus in the past, but had never been able to bring home a second place. The Ursinus team had been the only team to win the past two years.

Morgan's record last week was set on Saturday when he ran the mile in 4:13.3. This is the fastest time in Morgan's career and he is the first person to run under 4:14 for a second place in a race. The 3rd place was set by F. M.'s Mike Podell who ran the mile in 4:17.8.

The Ursinus team was able to win the meet by taking both the mile and the 800 meter. Ursinus' Mike Podell won the mile in 4:13.3 and F. M.'s Mike Podell won the 800 meter in 1:56.8.

The Ursinus team also won the 4x400 meter relay, the 4x800 meter relay, and the 4x1600 meter relay. Ursinus' relay teams were able to win the meet by taking both the mile and the 800 meter.

PARTIES

Y Retreat has proved to be one of the best social events at the college. As a result, many students feel that Y Retreat is beneficial for their social lives. However, some students are concerned about the impact of Y Retreat on the community, as they believe it may lead to a weakening of the social fabric.

Rachel Kershner and John Hope Margaret have raised concerns about the potential negative effects of Y Retreat. They believe that the event promotes a wishy-washy world, where people are producing weak-minded individuals. During intermissions, combo playing will be the main activity. The event is expected to last for two weeks.

The second possible reason for attending Y Retreat is that everyone is happy. According to John Hope Margaret, it is rather easy to overthink things, but a concession is part of the positive aspect of Y Retreat.

In the past, the annual spring concert on Friday, May 6, was expected to be a highlight of the event. However, due to unforeseen circumstances, the concert has been canceled.

It is possible that there is one more reason for attending Y Retreat. It could be because the event is a part of the spring tradition, and many students look forward to it.

If you would like to contribute to the discussion about Y Retreat, please add your thoughts in the comments section below.

Y Retreat... (Continued from page 1)

Joe Morrison, who is the best player on the team, has announced his decision to leave the team after the spring season. Morrison has been a key player for the team, and his departure will be a loss for the team. The team will be looking for new players to fill his shoes.

IMPLICATIONS OF COMPROMISE

by Gal Ford

To a country strongly steeped in legalistic respect for the law, the implication of compromise means a concession on part of a court's decision. This suggests that compromise is an act of give-and-take, where one party sacrifices something in order to reach a mutual agreement. However, this view of compromise is often criticized as being too narrow and rigid.

In a brief question from page 1, someone asserts that compromising means a concession on part of a court's decision. This idea can be criticized as being too narrow and rigid.

The Department of the Interior has announced its intention of enrolling one.
