Helfferich Succeeds McClure as President

Ursinus College's eighth president in its 40-year history took office as Dr. Donald L. Helfferich succeeded Dr. Norman E. McClure as the college's new leader.

Dr. Helfferich, a native of Bath, Pennsylvania, is a graduate of Ursinus College and holds an honorary degree of Doctor of Laws from Ursinus College. He is a former president of the Upper Darby National Education Association and was named Executive Vice-President of the National Education Association.

Dr. Helfferich served on the State Board of Vocational Education in Maryland and is a member of the National Board of the National Council of Teachers of English. He is also an avid traveler, having explored many parts of the world.

Dr. Helfferich has been named Executive Vice-President of the National Education Association and will serve as the college's new leader.

Dr. Allan L. Rice has New Swedish Book Published

Dr. Allan Lake Rice, professor of German and Swedish, has published a Swedish grammar book, Swedish, A Practical Grammar. The Augustana Press, a division of the Augustana Book Concern, has released the book.

In discussing his book, Dr. Rice states that it has been in the process of preparation for several years. He has used his material in his grammar classes each year and has found it to be a logical sequence of ideas.

Though the book has just gone to press, Dr. Rice received several promising comments from other professors. He believes that his book will work well, for he tried to keep the presentation as clear and simple as possible.

Before publication the book was read over by a number of specialists who helped Dr. Rice improve the manuscript. The result is a diastrophically clear grammar form. The book as it is, through the painstaking efforts of Dr. Rice and his assistants, it may be a valuable tool for students.

If the book may in some way help those who are interested in learning Swedish, Dr. Rice feels that the book will have fulfilled its purpose.

As the freshmen arrived on campus, they were greeted by the Custom's officers and their welcome extended by providing refreshments. Hodeir; musicians Dizzie Gillette; and the orchestra entertained the student body.

Dr. C. N. Parkinson

Student Teachers Receive Positions

On Wednesday, October 10, the School of Education at Ursinus College cooperated with Ursinus in making programs possible and in selecting the future teachers. The students were assigned to the various classes and positions in the school.

The students were selected based on their performance, qualifications, and potential. They were instructed by the various faculty members and began their positions as soon as possible.

The program included a meeting in the School of Education, where the students were introduced to the various departments and courses. They were also given an overview of the curriculum and the expectations for their future positions.

Dr. C. N. Parkinson

Welcome Frosh! I am sure that you, the Class of 1962, have heard these words often enough to be well aware of the fact that this is the beginning of your college career at Ursinus College. Therefore, you have had a chance yet to stop and think about what these words mean.

Dr. Parkinson, who is Raffles Institute of Oriental Research, has just completed his book on the Japanese and American relationship. The book was published in English and Chinese.

Dr. Parkinson was also the author of a book on the history of the Harvard Summer School. In 1950 he was appointed Director of the School, and served as a R.A.F. Staff Officer with the British Army. During World War II, he was a member of the Senior Royal Strategic Staff.

Dr. Parkinson was the recipient of the 1976 Nobel Prize in Literature.

On October 10, 1958, the Ursinus College Book Review was published in Volume LIX, Number 10. The book was written by a number of students and faculty members, and included articles on a variety of topics.

The book was published by the Ursinus College Book Review Committee, and was edited by Dr. Donald L. Helfferich.

Dr. Helfferich was the ninth president of Ursinus College, serving from 1958 to 1968.

Dr. Helfferich, who is a former president of the National Education Association, has been named Executive Vice-President of the National Education Association and will serve as the college's new leader.

Dr. Helfferich also added that Swedish is the most important language in the world, and that Swedish is the language of the future.

The language in a non-Swedish tongue will be used once the text is ready for publication. The book will be in mimeograph form. The book as it appears in its final form will appear in 1962.

The book has will work, for he has tried to keep the presentation as clear and simple as possible.

Dr. Parkinson also adds that Swedish is the language of the future, and that Swedish is the language of the world.

The book as it appears in its final form will appear in 1962.

The book has will work, for he has tried to keep the presentation as clear and simple as possible.

Dr. Parkinson also adds that Swedish is the language of the future, and that Swedish is the language of the world.

The book as it appears in its final form will appear in 1962.

Soccermen Begin Practice, Season Opens October 15

This fall the Recruit Team does not swing immediately into a full schedule as it has in the past. This fall it has an official league game until October 15, when it will play Rutgers University here at Ursinus.

By the time that game rolls around the Bear eleven, led by Co-captains Bobby Schoen and Bobby Angstadt, should be sound and ready for the open game. This week the team is working out daily and played its first practice game this afternoon on the Bear Sod.

The team, with nine jeter returns and two from the year before, is in good shape to face and to meet the experienced players. In addition to the old hands, most of whom have had two or three years of varsity football, there is a fine crop of promising Freshmen from the local high schools who are anxious to sound out the team.

I to ber back again this year to take over the goal post position which will be filled last year. In front of him for protection will be the squad, fullbacks Bob Schmuggler, John Ditko, and Lockie McKee, who held their respective positions for the past three years, and promise to fill in the same positions and to be successful in that which they have shown in the past.

Back and halfback slot has been left open but long. Our squad will hold on the scrimmage once again to their respective positions and with the return of the three players the offense should be in fine shape.

Northern and southern divisional tilt will pay off for the Conference championship. Last year Rutgers (1-0) won the Conference crown to southern winners. The conference for the championship requires each team to play at least one Conference game with the same teams. This year, the six American outside left will be faced with the University here at Ursinus.

The score does not tell the story of what the players give to the school by attending all games and as many away games as possible. A cheering section of whatever size means a great deal to the players on the field.

Hockey Squad to Meet Swarthmore For First Game

With a game coming up on October 14, the hockey team has been busy getting ready to defeat their first opponent Swarthmore. Under the direction of Max Shnel, Mrs. Heddington, and Penny Bailey, the team has been practicing and drilling after practice. During the off-season, the regis- tered defensive play has shown great promise.

Practice began in September for the physiques when they returned to play-at-home which is a hockey day. Back this year are quite a few players from last year's team which had a record of 4 wins, 1 loss, and 1 tie. The veteran Alice Irvin, who made the second all-Pennsylvania hockey team last year, is in the squad. The young Sue Wagner, who made the third all-Philadelphia team last year will be in the starting lineup and will be a threat to opposing forwards.

Also returning on the varsity are Kate LeCato, Elaine Emerick, and Barbara Smith. Donna Koonf, Nancy Krumbold, J.V. letter winners who are back are Gaal Rice, Goog Alexander, Judy Bratton, Wenonah Breyer, Nancy Paust, Erna Truax, Terry Schenkel, Joyce Gilbert, Faye Rich, and Liz Wheeler. The manager is Mary Louis Loek.

VARSITY SOCCER SCHEDULE — 1958

Wed., Oct. 15—3:45—Rutgers
Sat., Oct. 18—3:45—Rutgers
Thurs., Oct. 2—3:45—Rutgers
Sat., Oct. 25—1:00—Alumni
Thurs., Oct. 28—3:30—Swarthmore

Do You Think for Yourself

Can you honestly say you never imitate the manner of an executive or leader you admire?

Are you entirely confident that you would not get "lost" if you worked for a large firm?

When driving or walking some distance, do you like taking short cuts or trying to find the shortest route you can? Who do you think will get you where you're going?

In going to the movies, do you consult the list of shows or take your own decision?

Do you always look at the directions in a city before turning left or right?

The Man Who Thinks for Himself Knows...

ONLY VICEROY has a Thinking Man's Filter...

SHOW CASE

Before you light your next cigarette, do you think about yourself? Have you really thought which filter cigarette is best for you? Have you...choices are you've a VICEROY smoker. The fact is, men and women who think for themselves smoke VICEROY. Their reason? Best in the world. They smoke for a fact: it's smartly VICTORIOUS. VICEROY, with no other cigarettes—has a thinking man's filter and a smoking man's taste.

If you have...choices are you've a VICEROY smoker. The fact is, men and women who think for themselves smoke VICEROY. Their reason? Best in the world. They smoke for a fact: it's smartly VICTORIOUS. VICEROY, with no other cigarettes—has a thinking man's filter and a smoking man's taste.

Danforth Releases Applications for Graduate Study

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, has announced that July 1 marks the deadline for applications for the 1959-60 Danforth Fellowships. Applicants who plan to continue their studies beyond the bachelor's degree may apply for these fellowships, which are awarded to men and women of outstanding ability who are pursuing advanced studies in the natural and social sciences, the arts, and humanities. The fellowships provide funds for the completion of a graduate degree program. The Danforth Fellowships are open to students with a strong record of achievement, as evidenced by scholastic performance, research experience, and other evidence of potential for original research. The Danforth Foundation encourages applicants to consider a variety of fields, including those related to science and technology, and to think creatively about the ways in which their studies can contribute to society. The application process is competitive, and candidates are selected based on their academic record, research experience, and potential for future success. The Danforth Foundation welcomes applications from students who are interested in pursuing graduate studies in any field, and encourages applicants to consider the Danforth Fellowships as a valuable opportunity to further their education and career goals.
