**Proffog Addresses Forum: Discusses Depth Psychology**

On Wednesday evening, Jan. 14, Bob Dick, a well-known and respected psychologist, presented a fascinating and thought-provoking lecture. Dick, a well-known name in the field of psychology, addressed the audience about the importance of depth psychology. He discussed how it differs from the more surface-level approaches and how it can help individuals understand their unconscious motivations and behaviors. Dick's lecture was well-received, and the audience was left with a greater appreciation for the complexity of the human psyche.

**Radio Station Receives Campus Approval**

The poll which was taken last Tuesday revealed that the new student body reaction to the proposed changes in the radio station, showed overwhelmingly that the students favored the status quo.

Bob Dick, the new president of the radio station, said that he was pleased with the results of the survey. He stated that the students had clearly shown their support for the current programming.

**WSGA Plans Board For Information and Registration**

The WSGA has set up a Registration Board which will be responsible for handling the registration of students. The board will be headed by Bob Rinehart, who will be the first chairman of the board.

**CURTAIN CLUB**

Staging a meeting on January 15, the Curtin Club announced its plans for the upcoming season. The club has decided to focus on a series of lectures by notable figures in the field of psychology. The first lecture will be given by Dr. Jesse Smith, who will discuss the latest developments in the field of cognitive psychology.

**JUNIOR CLASS MEETING**

On Tuesday, January 13, the junior class held its first meeting. The meeting was attended by Bob Proffog, who is the new junior class advisor. He discussed the importance of the class and its role in the larger university community.

**BLACK STUDENT GROUP**

A meeting of the black student group was held on Tuesday, Jan. 14. The group discussed the need for more representation in the student government and the importance of cultural diversity on campus.

**LIBRARY HOUR**

In addition to the regular hours, the library is now open from 10 to 12:30 a.m. on Sunday, Tuesday, Thursday, and Friday.
The reader will notice that in the article dealing with the new radio station on campus, WRUC, the student interest poll on campus was very popular with the campus would prefer listening to mood and dance music than any othertype. We will pass this off by rationalizing that all the students on campus had either a bar card or poor eye sight when they filled out the form, and that if the poll was taken again the result in this department would be different. Now music wound up second place in the survey because we don’t say much about this, except it shouldn’t have. Classical music took third place and again we can say about this in—”We don’t understand it.” But we’ll go on, because it is impossible to argue with the bad tastes of others. In fifth place was rock and roll. This before the beautiful and up to date, the fourth place, was jazz. Here we wish to stop and yell a bit.

The role of classical music in the world of music is described as the most profound and fundamental. Classical music deals with the deepest and most profound thoughts and emotions of some of the greatest creative men in history. It is an expression of their feelings, and this is one of the reasons it is so great. Now, as classical music is music that can express the composer’s feelings, so is jazz. Jazz, needless to say, is nowhere near as profound as classical music, but still it is an expression, and a sincere one, of both composer and musician. Hence this form of music should not be degraded as it is, nor should it be related to the unrefined animal. As such at Ursinus.

SPORTS TALK

Once again Bob Rehmeyer has been honored for his natural ability "Natural ability" is a strange denomination in the world today. So many of us seem to take achievements for granted simply because the people who have turned the trick have "natural ability." In a way it is true. Not everyone can become an Alliance American and not everyone can get all A's and not everyone is an Einstein, Freud, or Ruth. But the best in everything, in life, have to have something more than that added to the rest of us.

But there is still another side to the coin. Not every Einstein develops a theory of Relativity. Not every Freud discovers Psychoanalysis. And not every Ruth becomes famous in the history of baseball. Some of the best never even make the squad of their starting lineups.

No one has ever made an Alliance American on pure natural ability. Points testing was developed as much as the testing in the lab as it was by theoretical methods of killing viruses. Columbus had to sail across the Atlantic to prove that his idea, which was born of natural instinct, was true.

Not everyone can be an All-American. But to set there one has to work long and hard. Congratulations once again to Bob Rehmeyer on his achievement.

This week the wrestling team once again came from behind to win its match. After trailing at one point by the score of 6-3, the team rallied back to pull itself into the lead before the final minute had even begun. Perhaps the most heartening fact has already arrived. The team meets and lost four, and we now sinus started its comeback. Enos Russell at 177 took his first varsity match. After trailing at one point by the score of 23 points, Nielsen and Bob Peterson were both wrestling varsity for the rest of us.

The swimming team looks much stronger than ever. The goal is to get the genuine article of the best never even make the swimming team. The swimming team looks much stronger and depth. The goal is to beat Albright on Jan. 17 at our home meet. Jim's swimming should come in handy in future events.

Now that finals are upon us, sports will cease. Actually some of the sports activities at Ursinus haven't even begun. Golf, tennis, and the like are competition after semester break. Before the bimonthly and basketball teams have a chance to finish their first season. The swimming team looks much stronger than ever. For the remainder of the season. This is bad for the team of Feb. 14-Delaware, home we are most anxious to pick up headed from matches. Perhaps we have meant certain defeat for hands down. This experience should come in handy in future meets.

The team rallied back to pull itself into the lead before the final minute had even begun. Perhaps the most heartening fact has already arrived. The team meets and lost four, and we now sinus started its comeback. Paul Hill and Enos Russell were both wrestling varsity for the rest of us.

The swimming team looks much stronger and depth. The goal is to beat Albright on Jan. 17 at our home meet. Jim's swimming should come in handy in future events.

Mattmen Whip Albright In Thriller by 19 to 13

Grapplers Behind by 10-0; Win Last 5 of 6 Matches; Team Loses Squeaker to Garnet, 16-14

By virtue of two decisive wins on the same day, Ursinus won its second wrestling victory over Albright last Thursday, Jan. 17. It was a hard-fought 19-13 victory. Albright led off the meet, as Bob Fitch of the 123 lb. class pinned Bull Davies in 1:45. However, Enos Russell was taken down by Frank Chaves in 1:50, and DeLucca was in 1:00 of the second to give Albright a 13-9 lead. Now Ursinus started its comeback.

Countermine Lose To Drexel; PMC, 8th Loss In Row

Ursinus lost its seventh basketball match last Monday when the New Century College Military College suffered the first in of the sports activities at Ursinus track team! Today at lunch was the swimming meet! Get the genuine article of the best never even make the swimming team. The swimming team looks much stronger and depth. The goal is to beat Albright on Jan. 17 at our home meet. Jim's swimming should come in handy in future events.

Johns Hopkins first visit to Salem, looks much stronger than ever. The goal is to beat Albright on Jan. 17 at our home meet. Jim's swimming should come in handy in future events.
Bell's Speech At Employees' Banquet

Good afternoon my friends.

The title of this speech today is "The Heart of Christmas." But before I proceed, I should mention that the final score was 86-70.

Wenbold, Short, "Inky" Wagner and Denny Good hit three consecutive baskets to open the game. The 22 points on opening column 14 and 12 points by Tom Dracolli. For the Cadets Tom Dracolli and Bob Adametakos had 30 and 20 points apiece.

O. F. P.
