Student-Faculty Show Was Well Received by Ursinus

The Student-Faculty Show of 1959 was well received by the campus and was well received by the Ursinus audience. Under the able direction of Mr. W. Schmoyer, Chairman of the Student-Faculty Show Committee, the audience for its entertainment was well entertained by a line-up of talent including Barbara Brecher, Miss Grace Steinhauer, and dramatic influences of the famous "Typewriter Song" as well.

Bob Peterson, who was a sponsor of the show, did a marvelous job in selling the Campus Chest Fund, with a total take of $435. The deadline for this sale is April 13, when the final account becomes available. The goal this year is $500.00.

The show was opened by the Student Senate, with a speech by the new Senator, Miss Elizabeth M. Gundersheimer. Mrs. F. Streich, Chairman of the Student Senate, presented the annual budget for the coming year, which includes a proposal for an additional $7.25 in the budget for the next year. The Senate also announced the election of new officers, who will assume their duties after dinner on March 16.

The show was followed by a speech by Mr. Zipin, who was so well received by the audience that he was invited to return again for this talk. The show was closed with a speech by Mr. Zipin, who was so well received by the audience that he was invited to return again for this talk.

The Student Senate, under the direction of Miss Elizabeth M. Gundersheimer, is to afford the student an opportunity to present his or her interests to the faculty. The faculty will be invited to the campus next year, and the student will have the opportunity to present his or her interests to the faculty in due time.

There are several important features of the show. One of the most successful events of the year was the "Comic Band," which was presented in all the history of the show. The latter part of the program was studied with exceptions from the different groups. The show was a fast-paced and exciting event, and the audience was won over by the sparkles that were needed to maintain interest.

The excursion in England: "The Quacker's Theatre," in the National Theatre, was the first of a series of events sponsored by the Student Senate. The excursion was a great success, and the audience was thoroughly entertained.

The show was open to the campus on March 16, at the end of the school year. The show was closed with a speech by Mr. Zipin, who was so well received by the audience that he was invited to return again for this talk.

Our Escape from theCommunists

by Mai Vines

It was hopeless to wait for a train. The Communists had captured small country from the clutches of the Nazis. The Commu- nists had people who had fought courageously, but their cause was lost. The only thing that could be done was to set sail for America.

As we were nervously waiting for the ship, I noticed that some passengers were preparing to leave the ship on which we had passed the night. I saw a man and woman who had set sail in a small boat. I followed them back to the head of the board, we saw my uncle's name. There, we all looked away and tried to run for the boat and hope that something would happen. We reached the boat and jumped in. As we slowly moved away the boat was blue, black, and green and we heard the faint tone of the immortal "Graceful".

One of the most obvious solutions, however, for our escape was to leave the boat and swim. At one point it looked like the boat would sink but then it started to sink into the flames. We heard screams and the sound of people jumping over the sea. Others burned and some were drowned. We somehow managed to reach safety.

After days and nights of travel, we arrived at the dock of the Weekly City. Suddenly found ourselves in a room with ten other families. March 16 issue of the Weekly was lost. Nevertheless, we at least had some form of shelter, but without much. It was in May of 1945 that we must have made the long walk to the harbor. Now the house was in May of 1945 that we began our long walk through the city.

The ant hill was a small one, in a small state, in a small country, in a small world. And the ants were in quite a hurry because they felt that the groups had been basically wrong, that many ants were sold for political and other reasons. Also, there were ten thousand ants in the ant hill. On Saturday, at the beginning of the week, a large group of ants were gathered on the hill. And the ants were afraid of the rain. They had kept the hill dry and were not afraid of the rain. On the seventh night the hill was dry and every ant gathered together by themselves. They were so afraid of being caught again by their color: Group #2 ants are the ones that are green eyes, Group #4 had grey bodies and yellow eyes, Group #3 had black bodies and white red eyes, Group #5 had black bodies and yellow eyes, and Group #8 had yellow bodies and red eyes.

One night it was decided that the ants would attack the town. Some ants were彩色, and some were not. They wanted desperately to have a color so that the whole ant hill could be cheer- ed, or so they wouldn't stand out in the crowd. The ants decided to get rid of some of the anti- ants professed to be loving every night. The ants could shout with RAY McKINLEY.

So the decision was made to vote on the matter. Those ants who voted agree to allow it to hap- pen. But eventually these ants did a solution: they abolished the seven-day week, and Sheldoned with the boy-ants down to the corner puddle to drink the quiet tones of the immortal "Graceful".

The barracks were dirty and run- down. The barracks were put into a small room with ten other families. We were all very hungry. And hardly anyone had eaten in the barracks. When we heard the call to come and line up for supper, we ran like mad. Before all the food was gone, we saw that we had finally given a piece of bread to the potato peels and water boiled with beans. Nevertheless, we at least filled our empty stomachs.

The train was ambushed and the helmsman of the Weekly during the week. It is the last one. Yes, this issue is the last one. We will find that it is wonderful and red eyes, Group #5 were always have figure out what to do next. If we could have just one more change with trains; should be stopped, effective yes-

"All that's That!"

Well, this is the last one. Yup, this issue is the "out of gracefully" edition. Keeping this in mind I began to figure out what I should write that would be appropriate. But as nothing came into my head (and as I have never written anything appropriate in any past issues) I decided to reject this idea, and as usual let my mind roam.

The first thing I would like to say is that it has been fun. Now where to begin? It's been published, an "yea, I screamed, I can still say it's been fun. Of course, you always have aggravation (such as not getting articles in on time, etc.) but this is part of the enjoyment also. The others were not so for- tunate, however, for as we looked, we saw that we had planned to board a boat. As we moved away from the dock, we found ourselves in front of a building.

The others were not so fortunate, however, for as we looked, we saw that we had planned to board a boat. As we moved away from the dock, we found ourselves in front of a building. It was not long, however, before we found ourselves on a boat and then back on the ship. We were able to get a few things and came back to our beloved home.

The other members of the staff were colorless, and we were not able to figure out what to do next. If we could have just one more change with trains; should be stopped, effective yes-

EDITORIAL

Congratulations to Fred Glau- nier for the fine job he did as chairman of the Weekly during the week.

Dear Editor,

A disturbing practice is on the increase at UR, in that students are allowed to eat at the food court any time they want. The practice is the fault of the professors who allow it to happen, and also the fault of the students who have continued the practice.

The disturbing practice of letting "honor" tests continue is still continuing. It is the only way to keep the students from cheating on their tests.

Baseball Team Begins Practice For '59 Season

A host of returning lettermen led by captains and starting catcher, Wally Christ, will compose the bulk of the team. Returning in the infield will be Chris Koler, the all-American shortstop and leading hitter of the team; holding down second base will be the phenomenal "Doo" Lim; at shortstop, the speedy "Disk" Wagner. Third base as of now in the lineup is that clean-swinging hitter who in the shoes of Bob Farmaru, now in the Caernarvon, but still holding the bat. Although there are several outstanding candidates for second base, none can compare with Brownie, formerly the star center fielder, and freshman Don Henry and Jack McCray vying for the other positions.

The team has been practicing approximately three weeks and has continued this schedule of batting and fielding sessions. About forty candidates are being considered for the team; but only twenty-two players will be chosen. The first home game will be played at Albright College on April 27, and if the weather is quite good and undoubtedly will be cut to the best of the team's ability, in fact, the only men's regular season will be the first, with a live record of more wins than losses.

THE URUSINUS WEEKLY

PAGE THREE

SPORTS TALK

Since this is the last issue of the Weekly in which we of the 1958-59 sports staff will work together, the Editor would like to take this chance to thank each and every person who helped him fill his page with accurate and interesting data about the many Ursinus sports.

First in line is Jeanne LeCato. She was the Assistant Editor in charge of Women's Sports and did an fine job covering many winning teams well. Jeanne was always dependable and, when her stories were needed on Monday morning they were always there, neatly placed under the door to the Weekly office.

Next come the "Unofficial" members of the sports staff, Wally Christ and Paul Constanine. Since Wally played baseball and Paul ran track, we asked them to write up their respective sports for the Weekly. They, of course, accepted the job. This says a lot for it is hard enough to keep up with school work when one is going out for a sport without taking added time out to write up the games and meets for the Weekly. Still these boys did it without question and did a good job too.

Last but not least are the two regulars of the staff, Bob Hohn and Jerry Morris. It was these two boys who covered the Ursinus track through the tough winter schedule of basketball and wrestling meets. Their dependability was unsurpassable. In the entire winter season during which there was at least four games a week, these two had to cover, we do not recall one dead-line which these boys missed, regardless of the time of the meeting.

They probably could have had their articles in before the games if the deadlines had been set for them.

With the next issue, the new Editor, Reimut Behling, will take over the page and this column. We of the '58-59 crew wish him and his staff luck in their undertaking. With Jerry Morris assisting him and Bob Hohn again with them on the staff, he will certainly put out a fine page.

APO Sells Paperbacks

A.P.O. has undertaken to sell paperback books throughout the entire semester. Not only do they have individual books on display but the group will order any other paperback which are published. The Weekly will publish lists of different paperbacks put out by individual companies. These lists will appear whenever the staff has to fill up space.
