Spring Reflection

So often we of Ursinus complain so much about our college that we fail to see its merits. When we were first accepted to Ursinus, we all felt proud that such a good school was granting us admission. For those of us who have accepted offers from several other colleges, there were definite reasons why we picked U. Perhaps it would be worthwhile to review a few of these reasons and start appreciating the good college to which we belong.

Most important of all is the fact that Ursinus has an excellent academic standing. The professors, U. C. is well-known for its high scholastic standards and offerings. The professors at Ursinus are good, sound teachers who are concerned with the education of the students. Gradu- ate and medical schools, businesses, and educational sys- tems definitely take Ursinus students and are not dis- appointed. Ursinus grades are successful in all vocations, but especially in the "service" profession.

At Ursinus we do not suffer the complications of uni- versity red tape. When we wish to talk to a professor, we go to see him. We talk to him casually; there is no expectation to find what he will be. We are not sent from office to office and desk to the Ursinus administration. It is up to the students, it is up to the college office, not because of the patience or the facilities, but because of the spirit and love for the college. Our professors have all probably had offers for transfer, yet they remain and con- tinue to do an outstanding job.

There are many opportunities for development at Ursinus that we too often pass over. In this past week and a half there have been a seminar on Early Christian Art, an informal discussion with two Egyptian students, a panel discussion on the ever present and eternal dis- cussion of the human orientation, a formal discussion with pre-med society, a Kaffee Klatch of students and faculty, a Bible Study group, and a concert by our excellent Meis- teringers. Attendance at all these programs and a majority of Forums, while being encouraging, could still grow. But Ursinus is offering the students excellent opportunities here and now.

The one characteristic which is more responsible for Ursinus' "personality" than anything else is, naturally, the people in the college. And the people at Ursinus, faculty and students, are all friendly. Anyone walking from Pfahl to Bomberger to meet with a change in classes could get a much needed chance to do something different or to learn of great opportunities. There have been several changes in a short amount of time, and the students have been more than happy to get some variety in what they are doing.

Students claim to be unhappy at Ursinus. But have these students given themselves to college life and opportunities? Of course not.

So, at this time of year, when our campus looks es- pecially beautiful, let's look at our college. We may dis- cover just what it represents.
**He's Corner**

A few weeks ago we were rather confident in the success of Ursinus athletes for this coming spring season. Looking at last week's record we realize that our expectations were justified.

It is with sincere admiration that we applaud the fine performances exhibited by both the baseball and track teams.

The baseball team, after having lost its opening game to Albertus Magnus, the second game of the series on Friday, and the third one on Saturday, has now made a comeback. The team which, next to Dickinson, is undoubtedly the best in the country is predicted to win the Intercollegiate World Cup. The successful outcome of the series proves the strength of the Ursinus team.

The track team, which is one of the strongest in the country, has also made a comeback. After a disappointing start, the team improved and won the meet against Haverford. The varsity line-up was as follows: Wally Christ, the world's best runner, Ursinus has ever had, and Bob Peterson, too, should be mentioned for pole vaulting, high jumped 5 feet, and finally entered Left Attack Wing - Alice Irwin.

In spite of the loss, the track team proved itself to be the strongest in the country. He won the mile with considerable ease, and finally entered Left Attack Wing - Alice Irwin.

The outstanding college teams this year are Abilene Christian, Winfield-Salem, Teachers, Villi- lla, St. John's, Southern Methodist, Florida State, Indiana, Ohio State, Michigan, Manchets- tan, Penn State, Morgan State, Penn State, Yale, St. Joseph, Lasalle and Boston University. In spite of such formidable opposition as mentioned above, Ursinus plans to enter one member of the 1910 Ursinus track team: Vernon Morgan is scheduled to compete in the two-mile run on Friday, April 24, and Al Wallon is entered in the 400.

In addition, Ursinus plans on entering a mile relay team consisting of Vernon Mor- gan, Cyl Fuhr, Robert Schleider and Lin Graber.

Looking ahead, we see that Ursinus students will find time to attend the Penn Relay Carnival which undoubtedly is the nation's and world's outstanding track meet.

**Penn Relays To Be Held April 24 & 25**

This year, as in the years past, the University of Pennsyl- vania is holding its annual Penn Relays at Franklin Field April 24 and 25. According to the in- formation sent to Ursinus, important changes have been made in the organization of the Penn Relays. They make it the world's largest track meet. Addi- tional events have been includ- ed in the program for the first time. About 3700 athletes from the entire nation are scheduled to compete.

The outstanding college teams this year are Abilene Christian, Winfield-Salem, Teachers, Villi- lla, St. John's, Southern Methodist, Florida State, Indiana, Ohio State, Michigan, Manchets- tan, Penn State, Morgan State, Penn State, Yale, St. Joseph, Lasalle and Boston University.

The Bears were in front 2-1 in the bottom half of the seventh. Rutgers started the score at two space with Frank Devaney and Joe Breitenger punched a single into center and advanced to second on the throw to third. Then in the bottom of the seventh, Rutgers to right-center to drive in both runners. Then in the bottom of the ninth, Rutgers to right-center to drive in both runners. Then in the bottom of the ninth, Rutgers once again in the third inning with a home run. The final score was 7-2.

**Shanker Stars as Pitcher in Game:**

Drummond Goes Nine Against Drexel

Terry Shanker, freshman and ace pitcher on the base- ball team, hurled a four hitter against Rutgers. Drummond pitching Coach Pancoast and several players in the dugout to the log to two wins and one loss against Rutgers this year. Shanker's pitching has made him the bottom half of the third. Gus Armstrong's second hit got him third to when Wally Christ, at- tempting to stretch it into a double, was thrown out by the catcher. Then in the bottom of the seventh, Rutgers to right-center to drive in both runners. Then in the bottom of the ninth, Rutgers to right-center to drive in both runners. Then in the bottom of the ninth, Rutgers once again in the third inning with a home run. The final score was 7-2.

**Ursinus Nine Triumphs Over Rutgers & Drexel**

It is a matter of record that Shanker quickly turned into a good pitcher precisely where he did not.

In Drexel's half of the second, with one out, Dixon was hit by a pitch and was advanced to second by Bilmer's single to center. Bilmer was forced to second, but the at- tachment was missed and the throw to first was flat impossible for Wally Christ. Wally Christ then reached first on an error and went to third on Drexel's third hit. "Doc" Lim's sacrifice fly to left field gave Wally Christ his second run. Then in the bottom of the third, Wally Christ, advancing to third, was voted out. "Doc" Lim came through with a two out hit, followed by a double by Jack Brinkman putting men on second and third. "Doc" Lim then took command; his one out, things go downhill .

Drummond then took command; his two out, things go downhill .

C.A.R. is to condemn the formation of any new local group. The committee has instructed that the Middle East displays the result of an additional conflict. The people have the same vision for the future, and the territory is a source of conflict. Concerning the Arab attitude, C.A.R. had informed said that before 1948 the Arabs viewed their country as a separate state. This changed, however, when Ameri- can occupation of Israel. Aly feels that there is no peace with Israel, but a separate state in the Near East. If it was, the Arab world would not last twenty-four hours. The reason for the Arab attitude toward Israel is as follows: Israel is a result of Britain's promise to the Jews to give them a homeland. Although it was the Germans who had been fighting World War II, the Jews were given land at the expense of the Arabs. For the Arabs, it is a Western. Right now the Arabs are being asked to follow their standards and developing their country. They are being asked to be obligations to either Russia or Israel, which they cannot afford to return to their homes, and allow both Arabs and Jews to share the same country. In the affairs of Palestine as is the case in the rest of the Middle East and Moslems in Lebanon. Aly feels that the Arabs would accept a solution even though the majority of Palestinians would be Jewish.

To clear up the doubts which exist about the Middle East, Aly stated that neither Nasser nor most of the Arabs are Communists. They are neither Soviet nor Western. Right now the Arabs are being asked to follow their standards and developing their country. They are being asked to be obligations to either Russia or Israel, which they cannot afford to return to their homes, and allow both Arabs and Jews to share the same country. In the affairs of Palestine as is the case in the rest of the Middle East and Moslems in Lebanon. Aly feels that the Arabs would accept a solution even though the majority of Palestinians would be Jewish.

The difference in the difference is that the Arabs want to be regarded as independent states, and not as a land or a people. They want to be left alone and to be able to live as they wish. They want to be able to enjoy such a delectable Steak Platter for the money but as
