Some Comments on Culture
One of the concomitants of a college education-in-progress is the opportunity to participate, by one means or another, in the finer products of highly civilized living. Now it is true, as our old friends the campaigners point out every spring, that Ursinus does not have a number of endowed lecture and concert series as is the case in some other colleges; it is not there, at present, any ready means of access to the "cultural opportunities" in nearby Philadelphia. These facts are not and cannot be overlooked.

To be sure—and this argument is not unknown—that the college is considered fine enough for the upstart to eat, to study or watch to those things which are the finest products of highly civilized living. Behind the Sporting Scene!

by Bruce MacGregor, Sports Editor

There's no doubt about it — the fans like wrestling! I've never heard much yelling and screaming at any kind of a wrestling match. Fred Roddel started the ball rolling, bringing the fans to their feet with an unusual but exciting pin over his opponent. Don Schotten put on a real thrillizing performance with his impressive reversals, stalling off his opponent, driving him to the mat, and finishing him off with a wrestling hold. Roddel's job was not to get pinned. He did everything he needed to do to keep his opponent off balance, and he finished the job.

Then the fans stepped in, showing their bad side, by calling for some names at the end of the match. Bailey, Victory of the Season. They travel to Chester, Pa., to take on the Middle Atlantic Conference.
