MSGA Buys Record Player

At the Oct. 26 meeting of MSGA the first item of business brought forward was the purchase of a new record player. As a result of the recommendation of the Airborne Force at Fort Bragg, Maj. Wm. W. Baker, the President of the MSGA, purchased a new record player for the use of the students in the ROTC class.

Don Adams, president of Delta Pi Sigma Fraternity, Dr. Helfferich and other members of the fraternity presented a new record player, on behalf of their fraternity, to replace those lost during Hurricane Hazel. Dr. Helfferich accepted it for the fraternity.

Deltas Present "Greditza Moraine" to College

by Ismar Shorcz '77

During the Homecoming Week end the Junior Class of Ursinus's recent tune with Haze Delta Pi Sigma attempted to reproduce some beauty to the campus by planting a new tree to replace one that fell before the fury of the visitor. Though the new tree, already planted on Friday afternoon, the presentation took place at a day later on Saturday afternoon. Don Adams, the president of the fraternity, made the presentation to Dr. Donald Helfferich, who accepted it for the college. Dr. Helfferich, whose father planted the picturesque Gingko tree at the head of Bomberger Hall, remarked that new tree, whose roots have reached the fifth year of age, is doing well in school. The Gingko tree has the best of characteristics, it being 70 years of age, but not more than 28, and $6,600.

U.S. Naval Reserve to Visit Ursinus

Lieutenant Junior Grade D. R. Hopkins, U.S. Naval Reserve, will be in Ursinus College on Saturday, November 15, to attend the Naval Office of Captains, who will make the grad- ing of students in the Naval Reserve, will meet with the students working on this program and will interview and answer the questions of interested seniors.

The Naval Officer's Candidate Program is open to all students in their junior or senior year who are interested in applying for this program, regardless of whether they are in ROTC or not.

Thanks from Regiment

I wish to express my sincere appreciation to all students and others who helped in helping our visiting visitors and the Navy to welcome our visitors. I am especially grateful to the College for the use of the classrooms and the facilities of the college. I wish to thank the College for the use of the classrooms and the facilities of the college.

High School Campus

See Campus, Slides

A group of eighty-five and new women from fifty or sixty high schools in the State of New York and New Jersey visited Ursinus campus Saturday, October 30, in an organized tour. Under the direction of the Supervisor of Home Economics, the tour was arranged for political purposes.

The high school students were shown around campus on guided tours by Ursinus students, in addition to the YMC-YWCA reception committee, under the direction of Mr. W. B. Watkins, and the Ursinus Homecoming committee, under the direction of Mr. W. R. Blum, student and president of Ursinus College, respectively.

After lunch in the upper dining room, the program concluded with an address by the Dean of the School of Education at Haverford College.

More information about the tour is available by contacting the Dean of the School of Education at Haverford College.
How I See It... by George W. Pauff '55

Does College Life Promote Maturity?

The process of human maturation, if one were to believe some series of events which we all must endure, usually begins at conception and early pregnancy and then proceeds at an accelerated pace until halted by death. Fortunately for civilization, some people reach maturity at an early age, others have a longer maturity period, while many mature much later in life. The process includes growing up physically, emotionally and, as well as mentally. Very often, in the course of every day life, we come across individuals who have a deficiency in one or more of these faculties.

Due to limitations of space, we must confine our discussion to the most important element in the developing process—that of maturing mentally. It seems almost inconceivable that a person, after completing high school and several years of college, must still resort to juvenile pranks for entertainment. And yet, we have such people on our campus.

We do not want to condemn good clean fun, but we do want to emphasize the point that any moderately intelligent person should be able to limit his activities. Unfortunately as it is, we must bear the consequences of the irresponsible acts committed by those who cannot bear the realization that the passage of time may bring about our own maturity. We must pursue our quest into their seemingly immature personalities.

Perhaps it would be a good suggestion for some who think that he is just a bit immature mentally to try expanding their horizons and see where he can see it every day. On Halloween they print in large letters, "I'm making a right turn at light" or some other immature thing that will begin to draw more security like a residential individual and the process will be on its way to becoming a far more self-matured personality.

Junior Class to Sponsor "HARVEST MOON BALL" Dance

After the Morrisavian football team’s victory, Harvest Moon Ball will be presented by the Junior class on Saturday, November 6, in the T-Gym. The music will be provided by the "Townmen".

The dance theme of Harvest Moon Ball will be carried out with extensive decorations by Lillian Bistrometz and her committee. The admission price is one dollar.

Refundments will be sold under the direction of Earl Rehmann and his committee.

"Do you serve minnows?"

Sanctuary of Silence ?

Recently there has been much comment from both faculty and student body regarding the state of communion in the library. It has become apparent that Ursinus students no longer respect the written law of absolute silence that should prevail in any library. The library staff, thus far, has not threatened to take any drastic measures in the hope that the students will realize their mistakes and rectify the present situation without having any restrictions imposed on them. However, should the present situation continue unabated, then appropriate measures will have to be adopted to insure silence and prevent the unwise commotion which now exists. Too many students have become indifferent to the fact that the library exists for their own benefit and even if they do not use its facilities, they should at least have some consideration for others who use the library for purposes other than socializing. If everyone prots forth a certain small amount of cooperation, the library will once again become a sanctuary of silence.

Stars of the Week

by Dick Bowman '55

This week's Stars of the Week are freshman halfback BOB FAMOUS, named as Back of the Week, and quarterback KENNY WALKER, named as Lineman of the Week. Both men turned in outstanding performances on offense and defense to help the Hawks wallop Wagner 34-7 and gave the student body a holiday today.

Ken Walker had his finest all-around game to date, scored two touchdowns, and he passed to Glenn Greth on the 15. He then threw a 10-yard pass to freshman Davy Burger to help set up another TD.

Famous, playing his finest all-around game, had some of those breaks, as in the case of the two fumbles that resulted from his crisp passing.

Krasley was a consistent playmaker. His 15-yard punt was strong enough to pin Wagner's ball carriers.

Coach Alberti gave the losers their first point-less, and it was the first time this season high-scoring booter on Dr. Zartman was held scoreless.

Forced to accept their second straight loss, the Ursinus '50ers nevertheless did a commendable job in holding highly-touted Swarthmore to one goal, losing 1-0 at Swarthmore Saturday. It was the first time this season high-scoring Walker was held point-less, and it was the first shut-out administered to the Bruins. Swarthmore was broken 5-2 by Navy in its last outing, and yet could score only once against freshman Davey Burger.

UC Whitewashed 1-0 At Swarthmore

By Ted Sholl '56

The one big blow to local hopes of a very impressive 34-7 score Saturday. However, it was the first time this season high-scoring Walker was held point-less, and it was the first shut-out administered to the Bruins. Swarthmore was broken 5-2 by Navy in its last outing, and yet could score only once against freshman Davey Burger.

Against the Bears Swarthmore scored in the first period but could not repeat. The remainder of the game was played by line-backer Dick Padula in the first period, who was held scoreless.

Famous' booter on Dr. Zartman was held scoreless as in the case of the two fumbles that resulted from his crisp passing.

On Saturday afternoon, Famous' 5-foott 11-inch quarterback gave the appearance of being almost fragile. But he hit the line, scoring and leading a 100-yard drive to the Bruins' 15. Walker made a sparkling 30-yard pass to Glenn Greth, and the Hawks won.

Krasley was a consistent playmaker. His 15-yard punt was strong enough to pin Wagner's ball carriers.

good revisions. This plan will be presented to the student body, and after the presentation a special referendum vote will be held. Any serious complaints as to the foods served at meals should be presented to your MSGA representatives who, in turn, will pass them on to the kitchen. A close relationship between the MSGA and the kitchen, due to the fact that many of the representatives hold jobs there, enables us to offer this service to the student body.
