Dr. Lionel Mapp to Speak at Ursinus Forum Nov. 10

Dr. Lionel Mapp, a native of Trinidad, is Professor of English at Ursinus College, where he has been on the faculty since 1953.

Dr. Mapp was born in the town of Noniestown, Trinidad, and received his B.A. and M.A. in English Literature at the University of the West Indies, and his Ph.D. from the University of Pennsylvania. He has published several articles on the treatment of leprosy at the famous leper colony founded by Father Damien on the Hawaiian Island of Molokai.

At present Dr. Mapp is engaged in research at the University of Pennsylvania Medical School on leprosy and the treatment of leprosy patients with smallpox challenges. He will discuss not only the medical aspects of the mixed population of Trinidad but also the problems arising from British and American influences in Trinidad. These are suggested somewhat by the titles of his book "The Body and Soul of Trinidad: Medical and Ethnic" and "Medical and Ethnic Studies in Trinidad, West Indies and Middle America." Dr. Mapp, along with his colleague Dr. Margaret A. Kramer, Margaret F. Albertson, Barbara Althouse, Gayle Strode, Marilyn Auchenbach, Genevieve Bryson, Hope Adam, Sally Mills, Ciliberti, Randy Okino, Carl Smith '55, and Mrs. Norman E. McClure, Dean of Women, will be Trinidad: Medical and Ethnic.

Announcement of party, election of officers, and presentation of a scheme to sell jewelry and dress accessories to the benefit of the benefit of the Charity Home will be held on November 8. The council meets every week on Tuesday night in room 16 in the basement of Bomberger. For further information, contact Ordell Smith, Usher for the Charity Home.

GROWTH PLANS TOUR UN and Brooklyn College

WRCG Group Plans Trip to UN and Brooklyn College

The group plans to leave on Sunday, November 16, and return on Thursday, November 19.

The first stop will be at the United Nations building in New York. The group will be guided by a representative of the United Nations, and will take a guided tour of the building. After the tour, the group will visit the Brooklyn College campus, where they will be shown around by a representative of the college. The group will then return to Ursinus College, where they will have dinner and attend a meeting in the evening.

The following day, the group will visit the United Nations building again, and will have lunch in the cafeteria. After lunch, the group will visit the Brooklyn College campus again, and will have dinner and attend another meeting in the evening.

The group will return to Ursinus College on the third day, where they will have dinner and attend a final meeting. The group will then depart for home on the fourth day.
How I See It

by George W. Paull '55

Student Union Badly Needed

After several years of planning, raising funds, and actual construction, the Student Union located in the basement of Bomberger Hall is nearing completion. The only deficiency is the furniture which is to be purchased in the near future. Meanwhile, the students must look elsewhere for a place to entertain their parents or to enjoy a half hour of private conversation with their friends.

At present, the students are forced to use such places as Bomberger Chapel, the lobby of Pfahler, the supply store, or the library to meet their friends. Perhaps this lack of a meeting place can be blamed for the recent furor created by the noise in the Library.

Ursuline has long needed a Student Union, and after quite a wait, it seems that we will soon be able to boast of one. However, as mentioned above, the Student Union still lacks furniture. Committees have been appointed to secure bids on the furniture, but it still remains to be seen if the funds are available to pay for the furniture.

The Student union is complete and now stands idle while the students who are forced to seek out meeting places that are neither attractive nor private.

Abstractly Speaking

by David Garlich '55

To attempt the erection of a perfect plum-bob or to solve an equation with a vertical rule—would be good ways to define what "standard university life" is. But what is going might be better classified as a "configuration experiment in impossibility which, although frustrating, still retain their appeal to modern man." To make hash out of this fire-cracker blue plate you might say that it is the old battle of stuck-in-the-middle versus intellectual butterfly casting. Both positions present the extremes of social thought and action.

Volumes have been written about this subject, but you and I are just pushing toward the alluring ideal of mathematical precision. Notice the beauty of a set selected from the roots of one thousand random numbers planted neatly in a five-acre garden. Such is the beauty of pure symmetry. If such a pastoral scene intrigues you, read on further, but if it gives you an uneasy feeling similar to that which you experience when you begin to see your prototypes on an IBM tabulating machine. Then this is right when you should exercise your proper disregard for authority before it is too late.

WHITEY'S WIT

by Bill Wright '55

were you caught teasing mid-semester examinations hit you? were you putting off 'til tomorrow what you should have done yesterday? well, if you were, it's time to change your mode of activity. it's time to buckle down and be earnest and conscientious about the more serious side of college—studies. do not appease your fear by thinking it is better to be sociably accepted. actually it is necessary to integrate social and mental maturity trying not to over-emphasize one.

and now, let's have a special word of advice to the froshmen. are you among the group of discouraged frosh because of low mid-semester grades? i will not say there is not any need to worry. but why not try to turn that worry into honest, conscientious efforts for improvement? study. do not procrastinate. do not do anything. do not give up! there is plenty of time to raise those low grades into acceptable marks. use your time wisely—m.a.k.

Heller, Bauser Named to First Team All-College

Over the week-end of October 30 the Ursinus Varsity Hockey team and a couple of the more seasoned veterans tried out for the All-College Teams. The Belles played as a team Saturday at West Chester and defeated East Stroudsburg 1-0, to meet Temple 2-0, and edged West Chester 1-0.

On Sunday only certain players were invited back to compete at Drexel where the All-College teams were picked. Ruth Heller, Ursinus center halfback, was chosen by the coaches as right halfback on the All-College First Team. Ruth played outstanding hockey over the week-end and enabled Ursinus to obtain a berth on the first team. Pullback Jo Kuhin gained a position on the All-College Third team.

Nata Lewis, left wing, Phil Stadler, left inner, Margie Daws, center, and left halfback Ann Dunn made the fourth team. Pullback Voni Oor and right wing Rebeca Moesch were given honorable mention.

The week-end ended the All-College games tryouts were held for the Ursinus' Rebel Anthony, picked as first team goalie.

Next week-end the All-College teams play each other and the Philadelphia Sectional teams which are composed of club hockey players. From these teams the four All-College teams will be chosen. The Sectional teams will then compete in the national tournament at Ann Arbor, Michigan, over Thanksgiving.

Girls Whitewash Rosemont 5-0 Lose Close Temple Game 3-2

Ursinus pounded Rosemont, 5-6, in the rain, mud, and cold weather last Wednesday. All of the scoring was done in the second half. Robm Blood whipped for the fourth point and Vornie saved a couple of good Temple shots. For a consistent winner, buy Fay's French Fries for the fourth team. Fullback Vonnie Moesch was picked for recognition when a team is drubbed 47-6, the only certain way. Harry Donnelly, Both, half players have been consistent goalies all season, and they kept right on plugging against overwhelming circumstances and rugged competition Saturday.

Paul put on a punting exhibition that put it out of any jam, and did some fine passing when he was not swarmed under by a host of on-rushing linemen. Harry was his adept pass-grabbing self, and even proved that he possessed leather-carrying talent by returning a kickoff 35 yards in the fourth quarter.

Ursinus' attack managed to gain deep in the first half as the Belles were held to one point, Captain Ruth Heller, Ursinus center halfback, was chosen by the coaches as right halfback on the All-College First Team. Ruth played outstanding hockey over the week-end and enabled Ursinus to obtain a berth on the first team. Pullback Jo Kuhin gained a position on the All-College Third team.

Girls Whitewash Rosemont 5-0 Lose Close Temple Game 3-2

Ursinus lost a close 3-2 game to Temple last Friday at Temple. The Temple team's two scores in the first half as the Belles were held to one point, Captain Ruth Heller, Ursinus center halfback, was chosen by the coaches as right halfback on the All-College First Team. Ruth played outstanding hockey over the week-end and enabled Ursinus to obtain a berth on the first team. Pullback Jo Kuhin gained a position on the All-College Third team.

Star of the Week by Dick Bowman '55

Although the reader may wonder why anyone could be considered for recognition when a team is drubbed 47-6, the week-end was memorable. Each team lasted the week-end and enabled Ursinus to obtain a berth on the first team. Pullback Jo Kuhin gained a position on the All-College Third team.

Looking and Listening (Continued from page 1) in my articles. Group I worked all night, that was obvious Wednesday night, but work must be accompanied to make a success. The Monkey’s Paw performance of November 3 must then be mildly damned and mildly praised. Often the actors overplayed their parts and failed to make important lines close. The director and the production staff did a fairly good job. The overwhelming fact that it was an amateur performance should, of course, be always considered, still, those who took part in the performance should be willing to profit by past mistakes and attempt to avoid these mistakes in the future. Constructive, objective criticism is badly needed by the Curtain Club. I, for one, am looking forward to The Night of January 10th on the nights of November 19 and 20.

I like CHESTERFIELD best!

Says "Lab" Hunter

Appearing in “Track of the Cat” in Warner Bros. Production in Cinemascope and Color.

Best for you...no cigarette can satisfy you like a Chesterfield, because Chesterfield has the right combination of the world’s best tobaccos. Only the tobaccos that are highest in quality, low in nicotine, and the most pleasure to smoke.

Change to Chesterfield now. Smoke them regular or king size. You’ll understand why Chesterfield is the largest selling cigarette in America’s Colleges.

In the whole wide world—no cigarette satisfies like a CHESTERFIELD
