That time of year is again drawing near, when fraternity members, as the class of '56 anticipates becoming fraternity brothers. The program started off with a short song "Get Along Little Dog," by Betty Williams. Then a Scottish ditty "The Little White Horse, Now I was a St Cycle" was sung by the students of the college. We also had a short song "I Have Returned." The program progressed to the next song "I Have Returned." The program concluded with a song "The Little White Horse."
Have you ever stopped to think about the various offices which keep Ursinus College running smoothly. Who is it that received your application for admission? Who wrote the carefully typewritten letter of acceptance? Who filled in the beautiful forms?""
When memories of Ursinus are brought to mind, one can probably remember many of those who profoundly influenced our minds, and a few of us may have heard the name " Know Your College" which links itself to the New Gym. The activities which take place in the New Gym are well enough known for any discussion of them to be unnecessary. What you may not be familiar with are such things as the two offices upstairs beside the stage or the two rooms on opposite sides of the entrance to the T-G Gym. The two rooms are those of Mr. Everett M. Baldwin, the college Athletic Director, and Mr. Richard G. Sharpe, of our Head Football Coach, from which they direct the collection of pipe, that "Ace" Bailey and Mr. William M. Ritter, the Athletic Director, plan, coordinate and guide the athletic program. In one of these first floor rooms, mentioned earlier, is the office of the Head Director and Head Coach of women's athletics at Ursinus, and Miss Barbara J. Powell, of our Women's Basketball team, and Mr. Richard G. Sharpe, of our Women's Softball team, are graduates of Ursinus College. Mr. Sharpe is now teaching History at the @-hotel Medical School.

How I See It... by George W. Paull '55

The administration has confirmed the many rumors regarding the construction of women's dormitories. In lieu of our column this week, a report was secured from Dr. Norman E. McKenzie, President of Ursinus. What follows is a direct quote of that report which was made available to us on the afternoon of February 10.

"This past week Ursinus College received from the Pew Memorial Foundation two grants: one in the amount of $10,000,000 for women's dormitories, and one in the amount of $10,000 for general purposes. During the past few years the Directors of the Pew Memorial Foundation have made grants to the College.

"The plan of the Board of Directors of Ursinus College is to build a group of dormitories for about 200 women. The cost will be about $750,000. The gift of the Pew Memorial Foundation brings the total available for this purpose to $5,000,000. I am confident that during the past two years we have brought to the attention of both the Directors and the Board of Trustees the need for this change. The new dormitories will be ready for use in September.

"At present our enrollment is 262 (45 men and 217 women). Of this total, 262 are resident students, and we are able to enable us to increase the number of resident students to 350. We shall convert into dormitories for one hundred men and one hundred women above the present number. The College will retain most of the buildings that are necessary for the occupancy of these persons. Some of these buildings we shall continue to use as dormitories for women; other houses we shall convert into dormitories for men.

The Weekly extends a cordial welcome to all new students and congratulates all those who have returned for the second semester. Unexpected spring temperatures have brought a change from winter sports to tennis and horseback riding.

Members of the Lantern staff are beginning to organize extracurricular activities for the spring issue of the magazine. All contributions and suggestions from any student outside of the staff are welcome.

Women's magazine fashions are featuring straight skirts, linen and cotton suits for the spring. Navy, beige, and moss green, will be the modus colors this season.

From the men's point of view I understand the fashionable male will be wearing pastel shirts with buttoned collars, narrow ties and small jewelry.

Top entertainment list: The Desperate Hours, a play, Song of My Heart, a musical, and The Green Bible, currently showing in Philadelphia.

Real solaces include: Katherine by Anna Seton, Mary Anne by Du Maurier, Ill Fly Tomorrow by Lilian Roth, and William Faulkner's last book now, The Fable.

Record Raves: The Tara Theme from Gone With The Wind, and Earth Angels from Olympia Mann.

History Students Take Note!

According to The Nautical Chart of 1424, by Armando Cortezo, America was discovered by Portuguese sailors two generation before Columbus reached these shores. Bruce Catton, the author of "American Heritage," has reviewed the magazine of History, has reviewed Cortezo's book, which has not been published in this country, in the second issue of this magazine. Due to space limitations and financial restrictions brought about by the trip long before Columbus.

Not counting the Alumni game, the Ursinus basketball team has lost four games in a row. Now is why—boys usually start chiming in at this point. We think that we will do our best to support the team and to make sure that they win. We will be there and we will be cheering them on. We believe that it is important for the team to have our support and encouragement.

Ursinus-Delaware wrestling match was not held exactly as advertised. Some confusion arose as to the time and place of the meet. Fortunately, it took place as scheduled and provided a satisfying conclusion to the dual meet. Unfortunately, the Blue Hens solidly defeated the Bears 14-14 to spoil the Bears' chances of an undefeated season. In other sports, the baseball team has a chance to meet the expectations of the fans. The team is currently on a winning streak and has the potential to make a run for the championship.
