Spring Play May 12-14
In T-G Gym

The scene you see above gets right into the core of the action of the play "Spring Play." The production, directed by Miss Three Angels, which will be given May 13 and 14 at 8:30 p.m. in the Raymond-Gwynn Auditorium. The people in this picture are best known to you as Bill Montgomery, Jack Cronan, At Frank (back row), and Diane Armes and Bob Engel. This play will be presented on Friday and Saturday evenings of May Day week-end they will be known only as the audience as extremely different people.

Cast:
Bill, Jack, and Al play the parts of the three "Angel" convicts Joseph, Alfred, and Zule respectively. Bill describes his character as portraying a "playboy murderer" and the younger Al as "the last of the angels." Al, tells us, almost doesn't belong in prison, for he is a philosophical and talented young man who convicts Diane and Bob play the parts of the Warden. Bob makes a drifter far apart. The Angel try to remain friends and Diane says that by playing Diane is the only child of a French family on a penal colony. Diane says she is "Mr. Bud" type, sweet and very, very nice. The audience usually understands that part of Paul depicts a man who can't decide if he prefers his money or the girl he is devoted to. He is also the young lawyer of the materialistic uncle Henri, played by Bill Montgomery. Besides these people the cast includes Yvonne Davoli, and Paul Smith. Maurice Ziegler is the fourth on the list of committee chairmen as head of the business staff.

The doctor is considered to be one of the pioneers in the field of polio and its prevention, and he plans to report on the progress made at tonight's program discussing this field. He also serves the "T" and has three children.

Officer Nominations At this evening's meeting, the election of the society's officers will be held. This will be the third meeting of the "T." Meistersingers End Season With 'Music for You'

by Ruth McKevitt 36

The biggest event of the Meistersingers' current season was scored by the fact that their last concert was held at the Bridge Hall. This presentation of the third annual Spring Concert was the grand climax to a wonderful tour through Pennsylvania and New Jersey last week.

Favorite Selections

From a poll of some people here on campus, the "trio" of favorites was: "The Blue Bird," "Fervaal," and "The King of the Golden River." A number that really thrilled everyone was Willy Richter's "The King of the Golden River," a creation by Rodolfo Caprini. "O mio Balinio Caro" and "Aria da Capo" were beautiful and vivid selections.

Variety was shown by the program from the presentation of a workshop conducted by the late John Hottenstein, assistant professor, and Tom Ely, secretary. Their project was to feature the orchestra in re-

Old Traditions Revisited

This concert is just one of the presentations which show what some of our music organizations are doing to extend the work of music in the social sciences. Many people would like to have this tradition. These shows would provide opportunities not only for singers, but also for other musical talent. The typical concert would be the "Bee of Uncle Tom's Cabin" by Cook and a special number by "The Whole New Team .

John Guarnieri's 36 solos—one from Verdi's "Aida" and the others Rodger's "You'll Never Walk Alone" were very well presented.

**LETTER TO THE EDITOR**

by Spike Foreman

There is no doubt that most of us are looking forward to the approaching end of the academic year. I think that in many in- stances the worst time of the year is at times more to the standard and is being a place where the standard is being lowered. In a recent radio broad-cast, the President of the Board of Directors enumerated the number of den-sities and the number of den-sities that are being lowered. "I wish to take this means of communi-cation to bring to your attention the poor state of our finances on this campus. On the last Thursday night, on my way to the President's office, I would like to thank Dr. Williams for his support of the entire student body. It is a well-deserved word of praise from a President who, during his time as an undergraduate at Ursinus, has always been willing to help others.

Likewise, we owe our thanks to Jack Seaver, the head of the Music Department, and to George Aunus for his ballad. We are especially grateful to the ex-ecutive manager, who, in order to give us the best possible performance, has agreed to the request. The question which now raise in my mind is what the people of this community believe their teeth could possibly be. People who brush their teeth regularly and are aware of the proper technique of brushing.

Musically, it has been a fine year for the Music Department. The recital presented by the student orchestra was of an honorific music fest-a-lum. A group of people who have taken part in the orchestra are of higher accomplishments. My thanks to all who have cooperated with the music clubs.

The letter in the March 21 issue establishes a record of what has been said in the press and it is the most important thing in the world. The President of the College has already presented a view-point, a theory of responsibility which must be considered.

For more pure pleasure... SMOKC CAMELS! No other cigarette is so rich-tasting, yet so mild!

P.S. No other brand has ever been able to match the pure pleasure in Camel's exclusive blend of costly tobaccos — one of the reasons why CAMELS are America's most popular cigarette.

Dr. Franklin Watts Speaks to WRC

Dr. Franklin Watts, a visitor to the 1964 meeting of the World Council of Churches at Evanston, Illinois, spoke at a gathering at last week's "T" World Relatedness Commission meeting. Dr. Watts, pastor of Roxborough Evangelical United Brethren Church in Philadelphia, told the group of many interesting happenings in the life of the 106 dele­
gates who represented most of the major Christian religions sects in­
cluding representatives from be­
hind the Iron Curtain. The theme, Christ, the Hope of the world, was related with one of the problems of the season—
world peace. The theme, Dr. Watts said, created a debate between European and American de­
gen­rates, for the Europeans main­
tained there have been better coordinated and in­
sanding the local and national fraternities. The dictators, and two dollars dues per
member. Dr. Watts then presented a series
