Central Comm. Announces Plans For May Day

The Central Nominating Committee met Friday afternoon to make plans for the election of class representatives to be held at a later date. A motion was made for a set of rules for the election of class representatives to be held on May 25. The motion was seconded by Bob Condon and approved by a voice vote. The meeting adjourned.

Lorelei Date Set As Feb. 12

The date of the annual Lorelei dance will be February 12. This date is the 55th anniversary of the Ladies of the Fair. The dance will be held in the Ballroom of the Hotel Fair. Tickets will be sold at the door and will cost $1.50. The dance will begin at 9:00 p.m. and continue until 2:00 a.m. The theme for the dance will be "Lorelei of the Fair." The dance will feature music by the Fairband and a special guest performance by the Fairband's new recording, "Strange Countree." The dance will be open to all students and guests of the Fair.

Forums Feature Irish Lord; Godley to Speak, Wed.

On Wednesday night at eight o'clock in the Student Center, Lord Kilbracken of Killeefer, better known to the American public through his role as the Irish Lord Kilbracken in the movie "Maudie," will speak to the Ursinus students. Lord Kilbracken is a member of the British Parliament and has been a prominent figure in Irish politics.

Schools of Egypt, U. S. Compared by Education

By Jean Fisher ’55

Mohamed Kamal, an Egyptian educationist, visited the United States, spoke to the Phi Kappa Phi at Ursinus on Tuesday, February 2. His theme for the talk was "The Egyptian University and the United States." Kamal discussed the history and development of the Egyptian university system, comparing it to the American system. He highlighted the differences in the curricula and the role of the university in society. Kamal also discussed the importance of higher education in Egypt and the challenges faced by the university community.

World War II held the hands which They carry thirteen subjects and at the University of Pennsylvania through the primary grades and well into secondary schooling. They fail a maximum of two at any level with each exam at Ursinus may take part. When the selection is made, a list of activities and communities will be formed. If you have talent in any field you will have a chance to participate in May Day events. There will be a float and a variety of activities including singing, publicity, dancing, and starting the date of the Lorelei dance. The Lorelei committee will need help. The Lorelei tradition enjoyed by all, especially those participating.

Bridge Tournament

Announced For May Day

The annual Bridge Tournament will be held on May 12. The tournament will be held in the Student Center and will be open to all students. The tournament will consist of a series of matches to be played throughout the day. The winners of the tournament will be announced at the end of the day. The tournament will feature a variety of bridge games, including duplicate and singles.

Ursinus welcomes new faces to our campus this semester and we are thrilled to welcome them as we prepare for the spring semester. This semester, we have welcomed over 150 new students who have returned to the campus or joined us for the first time. We are excited to see how these new students will contribute to the Ursinus community and we look forward to seeing what the spring semester holds for them.

Second Semester Welcomes 23 to U. C.

Ursinus welcomes new faces to our campus this semester and we are thrilled to welcome them as we prepare for the spring semester. This semester, we have welcomed over 150 new students who have returned to the campus or joined us for the first time. We are excited to see how these new students will contribute to the Ursinus community and we look forward to seeing what the spring semester holds for them.

U.S. Military in Vietnam

The U.S. military is involved in the Vietnam War, which began in the late 1950s. The war was fought between the Republic of Vietnam (South Vietnam) and the Democratic Republic of Vietnam (North Vietnam) for control of Vietnam. The war involved indigenous forces, including the independence movement in Vietnam, and the United States and its allies (the "Western Bloc") supported South Vietnam, while China and its allies (the "Eastern Bloc") supported North Vietnam. The war ended in 1975 with the defeat of South Vietnam and the reunification of Vietnam under communist rule.

Vietnamese War

The Vietnamese War (also known as the Vietnam War or the Second Indochina War) was a military conflict that took place from 1955 to 1975. The war was fought between the Republic of Vietnam (South Vietnam) and the Democratic Republic of Vietnam (North Vietnam) for control of Vietnam. The war involved indigenous forces, including the independence movement in Vietnam, and the U.S. and its allies (the "Western Bloc") supported South Vietnam, while China and its allies supported North Vietnam. The war ended in 1975 with the defeat of South Vietnam and the reunification of Vietnam under communist rule.

U.S. military occupation

The United States began its military occupation of Japan in 1945, following World War II. The occupation lasted until 1952, when Japan signed the San Francisco Peace Treaty, officially ending the war and establishing the occupation. The occupation was characterized by efforts to promote democracy, economic development, and international cooperation. The United States provided military and economic assistance, and played a role in establishing the post-war international order.

U.S. military presence

The United States maintains a military presence in many countries around the world, both for national security and for strategic purposes. The presence of U.S. military forces can include permanent bases, troop deployments, or other forms of military cooperation. The United States has a number of military bases and installations located throughout the world, including in Europe, the Middle East, and Asia. These bases serve as operational hubs for military operations and as strategic assets for projecting U.S. power and influence globally.

U.S. military bases

The United States has a number of military bases and installations located throughout the world, including in Europe, the Middle East, and Asia. These bases serve as operational hubs for military operations and as strategic assets for projecting U.S. power and influence globally.

U.S. military

The U.S. military is the armed forces of the United States of America. It is composed of the Army, Navy, Air Force, and Marine Corps, and is responsible for the defense of the United States and the promotion of international security. The military is commanded by the Secretary of Defense, who is a civilian member of the U.S. government.

U.S. military personnel

The United States military personnel include active-duty personnel and reserve members. Active-duty personnel are full-time military members who serve for a set period of time, while reserve members remain in the military but are available for service when needed. The U.S. military has a large and diverse force of trained personnel, including officers, enlisted personnel, and civilians.

U.S. military strategy

The U.S. military strategy is guided by a number of key principles, including deterrence, defense, and preemption. Deterrence is the prevention of war through the threat of military force, while defense involves the protection of the United States and its allies from attack. Preemption is the use of military force to prevent an incoming attack before it has begun.

U.S. military operations

The United States military engages in a wide variety of operations around the world. These operations include combat operations, peacekeeping missions, humanitarian assistance, and counterterrorism efforts. The military works to protect U.S. national interests, support allies, and promote international stability and security.

U.S. military interventions

The United States has engaged in a number of military interventions and military actions in recent years. These interventions have included operations in Afghanistan, Iraq, and Syria, as well as interventions in the Horn of Africa, the Middle East, and other regions. The military interventions have been characterized by complex strategic decisions, risks, and challenges.

U.S. military bases

The United States has a number of military bases and installations located throughout the world, including in Europe, the Middle East, and Asia. These bases serve as operational hubs for military operations and as strategic assets for projecting U.S. power and influence globally.
Thinking Out Loud by Bill Wright '55

"CHAPEL CHANGE" THE FACTS

The purpose of this article is to set the student body straight on the idea of the chapel change that many of us have been discussing. We have all heard many reasons why the chapel change will be beneficial to the student body. To begin with, the new dean of students and the council agree that it will be an improvement to the changed schedule. Many unspoken but obvious reasons have been agreed that "it is a meaningless rule and that the students are ready for new deals for the new purpose of exercising his new power." The new rule originated and ends at the chapel, but the students that are not able to be at the chapel will be a good one and will benefit the students that are forced to be at the chapel. A “no attendance” is not an improvement. The chapel change will be a benefit of five days of chapel for everyone, not just the students that are not an injustice. Here is why! We have approximately the same number of students that attend the chapel. To begin with the Tuesday and Thursday sections are smaller than the Monday, Wednesday, and Friday sections, but there are about 200 juniors and seniors that are in the regular sections. It will be more convenient for those students that are in regular sections to be there for the chapel change. In short, there are about 350 in one section and 300 in the other. The new schedule is on a trip to regular sections. We will be able to adjust some more who will be attending at the chapel. It wasn’t very many years ago that we have had a chance at the chapel every day. If we don’t want this, we can ask for opinions and definite views on council policies.

Barbs and Bouquets

by Mary Rotman '54

It seems that there is a great deal of turmoil in the major offices of this campus when a new semester rule around. Well, there is no need to prevent this confusion, but the same time nothing is done to alleviate it. The dean’s office this term had not only a new semester to contend with but also the mix-up of that accompanies such an implementation. There have been students who need their transcripts sent to graduate school immediately before attacking the rule book to alter, add and subtract regulations. No doubt, the new administrations. The prevalent pessimism is uncalled for. The new administrations. The new administrations. The prevalent pessimism is uncalled for. The new administrations. The prevalent pessimism is uncalled for. The new administrations.

Violent Mid-January Event's Motivate Student Expeditions to Sunny South

by Harold Smith '55

During the last week in January, while all Colelgeville lay sleepy in the cold northern climes, there were many of its acnestrances enjyoing the benefits of the Sunny South. It could be said that these trips were in part motivated by the violent events which occurred in Collegeville during mid-January events community and affectation alternately refered to as final exams. Do not wish to prove this argument further, but the fact remains that the usual time of departure is the first moment possible after the last exam. Not all of Uranus' citizens are privileged and adventurous enough to go on such trips and space limitations make it impossible to tell about all that went on during said trips. More or less the following adventures are the representative of the typical events during the time. 

The group then made their way into a town consisting of Messrs. Dawkins, Loder and Hance. This Fancier's collection bag. The Expedition also of Florida hitch-hiking, but they visited such places as Marine Island, St. Augustine, Melbourne's Mosquito's, and Palm Beach. They came to 

In three months, I surprised even myself by winning the Pacific Coast movie championship. Those years later I joined the Ice Capades. Butter will fly!

HOW THE STARS GOT STARTED . .

How to Torture Waiters: Or, Mealtime Diversions

by Ed Dawkins '55

As the new semester is now underway and you're all working so hard you ought to find some pleasant diversions to relax at meal time. As you sit at the table, before your waiter appears, it's best to go into a hobby and organize a plan. In this way you will have a real chance to make your waiter nervous. After all, as any of you who have worked as waiters already know, a waiter never does much work and is highly overpaid. Thus, anything you do to them is completely justified.

The waiter finally appears with a warm smile and a few flecks of grey on his hair. After carefully throwing the food down he stands at the head of the table and asks, "How many want coffee?"

A favorite trick is to ask for your coffee with your dessert. However, it would be better to just answer him, he thinks he's smart. Until he has the coffee all poured and has put the pot down then demand your coffee. If he fills it too full or too empty, be sure to complain. Also, if you notice he has run out of coffee on his last cup, grab your pot and demand as soon as possible the waiter. When he runs out of coffee he has to do it again to the kitchen so diversions to offset the hard work. Then, when he comes back, especially if he has the other cup at the table you can be sure, he will be high. Be sure to spill as much as possible on the tablecloth. That way you will be able to get rid of any objections about a dirty tablecloth. Putting on a clean cloth demands that the waiter completely clear and reset the table. As he has just cleaned up a little more work for his money, you can always throw his napkins into your glass of water or milk. Your waiter enjoys this activity. For instance, he might take your used napkins into your glass of water or milk.

As waiters already found out, some of the friends are priviledged and adventurous enough to make these trips feel quite satisfied with coffee with your dessert. However, and then make it a daily habit to put on the pot every time you go to the table. Therefore, he'll be doing the thing in every meal that you don't want to do.

Violent Mid-January Events Motivate Student Expeditions to Sunny South

by Harold Smith '55

During the last week in January, while all Collegeville lay sleepy in the cold northern climes, there were many of its acnestrances enjoying the benefits of the Sunny South. It could be said that these trips were in part motivated by the violent events which occurred in Collegeville during mid-January events community and affectionately referred to as final exams. Do not wish to prove this argument further, but the fact remains that the usual time of departure is the first moment possible after the last exam. Not all of Uranus' citizens are privileged and adventurous enough to go on such trips and space limitations make it impossible to tell about all that went on during said trips. More or less the following adventures are the representative of the typical events during the time. 

The group then made their way into a town consisting of Messrs. Dawkins, Loder and Hance. This Fancier's collection bag. The Expedition also hitch-hiked through the Everglades (narrowly avoiding some slow Seminole's that were crossing the road), along the Gulf to Tampa, St. Petersburg, the Cypress Gardens, Clearwater, Silver Springs and then Jacksonville.

All those who participated in these trips feel quite satisfied with the results and experiences they gained. Most of the travelers spent several hours crossing the canal to his farm but they reached the Everglades in the dry season. He had hoped to see large numbers of water moccasins concentrated at the few water holes left at that season and to catch and study some of these reptiles. Still, the results of the Uranus Herpetological Expedition to Central Florida were not insignificant, and the collection is made will perhaps be born soon in a reptile exhibition in the Phaler Mall.

Of a completely different nature was the task of the Uranus Soil Fancier's Association represented by Mr. Vogue and Schwem. These two gentle- men hitch-hiked to Miami, Florida, in six rides, the sixth of which took them from Baltimore to their destination. This trip took South rgb mixer and scissors. In Schwem, stayed at the famed universities for Mr. The5th Ave. & Main Street Paul N. Lott, Manager LIN and EL'S LUNCHEONETTE EPPS - STEAKS - HOT DOGS HAMBURGERS - SOFT DRINKS COFFEE - MILK SHAKES ICE CREAM - ORDERS DELIVERED - VALLEY HOUSE HOTEL Route 73 SKIPPACK, PA. Behind the Sports Scene

by Dick Bowman ’55

Dawkins and Padula Win; But Match is Lost, 20 to 8

From this point on the Bruin defense might wake up and get something going. In the
last 20 points to the Bears, Fred Goodling could drop a 6-4 decision to Bill Smith. The
preventive bearing the name of the Panthers blanked Jim Dunn of Ursinus 9-8. Standard Bear of
the victors pinned Aucott in 6:32. The absence of the injured Dick Knorr hurt Ursinus chances,
and they should go on to.

The divers, Joan Stroud and Jerry Nunn lost a .5-3 heart-
match with Stevensown. However, next on the scoreboard was Brown’s Jim Lopera, who scored a 3-3
tie.

The combined talents of Ursinus’ medal relay team, composed of Ginny Stecker, Beverly Syvertsen and
Carol Loper, were not quite enough to win in this 100 yard event. Dreadful with time of 53.7.

The divers, Joan Stroud and Joann Ruth, both showed good form for their final competition of the sea.

The Ursinus team won, 8-7, the score was 8-5. The absence of the injured Dick Knorr hurt Ursinus chances,

Belles Open With Bang; Topple Rosemont, 51-21

Kuhn, Watson, Friedlian Score for Even Point Spread; Tight Defense Stalls Foe's Attack; Beaver Next

by Pat Garvin

The Belles varsity girls basketball team thumped a fast, aggressive Rosemont Wednesday afternoon, as they set a dozen school records to outscore the visitors 51-21. With 17 points, Marge Watson followed closely with 15, and captain Jo Friedlian netted 14 for an even point spread. Liz Mason contributed three doubles and Mary Heller chipped in with 11 points, plus Jo Kuhn led the Belles with 12, totaling no more than six points in between. Jo Kuhn Leads Scoring

Four points on a drive, and two free throws from Jo Kuhn poured in 10 in a row to take the lead early in the game, they continued to build on their advantage. The Belles scored 15 points in the last period.

Liz Mason and Ruth Heller tallied toward the close of the period she fouled the Belles' lead as Jo Friedlian with 11 points garnered in the first half. Although no more than six points in between,Jo Kuhn led the Belles with 12, totaling no more than six points in between. Jo Kuhn poured in 10 in a row to take the lead early in the game, they continued to build on their advantage. The Belles scored 15 points in the last period.

Liz Mason and Ruth Heller tallied toward the close of the period she fouled the Belles' lead as Jo Friedlian with 11 points garnered in the first half. While the Belles continued to outscore, even with a quick start, they earned the Rose an early lead. After Mason Berghold, playing the talented high scorer Joanne Tietje, scored 11 points against the Belles' accurate shots and covered her efforts, she was stopped as Jo Friedlian knocked down a three-pointer at the close of the contest.

The other two Marge's, Abrahamsen and Dawkins, starting the game, added to the Belles' tally, with 11 points each. The Belles' famous three-pointer, forcing her to the foul line, became a steady occurrence throughout the game. With accurate shots and coverage by the Belles, Rosemont's talented high scorer Joanne Tietje, scored 11 points against the Belles' accurate shots and covered her efforts, she was stopped as Jo Friedlian knocked down a three-pointer at the close of the contest.

The other two Marge's, Abrahamsen and Dawkins, starting the game, added to the Belles' tally, with 11 points each. The Belles' famous three-pointer, forcing her to the foul line, became a steady occurrence throughout the game. Behind THE URUSINS WEEKLY

SUNDAY - JANUARY 24, 1954

I

children, certainly not in teaching. The educator devoted the second part of his talk to a criticism of schools in the U.S. By diversified such points as having non-professionals on school boards, our lack of any great emphasis on foreign lan-

supervision, and our many extra-cur-

The critic further said that we are hardly being truthful when we say our school system is democratic, with an equal oppor-

tunity afforded to all. For, Mr. Kamal said, some school systems are far superior to others. He cited such inadequacies as exist in one-

room schoolhouses with one teach-

er for eight grades. With statistics, Mr. Kamal showed that the U.S. spends $3 billion in education as compared to 14% in Egypt and 18% in Russia. The criticism was followed by a rather lively dis-

cussion.

We were fortunate to have as guest, Mr. Lewis V. Kost, Super-

intendent of Schools in Norristown, and some of his PTA members.

On Tuesday, February 9, Miss Cynthia Welder, a psychiatrist from the County Superintendent’s office, will speak to the PTA.

Bridge Tourney (Continued from page 1)

with a plaque designed to bear the names of the four individual cam-

pus champions. In addition, each of these winners will receive a certificate suitable for framing. Leaders in each of the nine na-

tional regions will be recognized and published.

Directing the tournament here on the campus is Dr. Foster L. Dennis. Play will be held on Thurs-

day, February 16, from 7 to 9 in Room 8-3, Fisher Hall. Those in-

terested should sign their names and their partners on the list pro-

cided on the bulletin board in the Supply Store.

I Dinner (Continued from page 1)

at 6:45. Highlighting the meetings will be guest speakers who will present exhibits concerning the various phases of art such as painting, sculpture and architec-

ture.

Notice is made here of the Y sponsored forum on February 17. Fiam Frieda Hoerburger, a former German consultant to the Ex-

change Staff of the United States Foreign Service in Munich, will speak.

President Bomberger, Pfahler, and the Committee were chosen to formulate a plan for an honor system to be presented to those organiza-

tions and to the student body for action. A committee was also formed to re-

This program has already given to us direct and significant in-

formation of benefit to the smoking public.

Our consultants include Arthur D. Little, Inc. of Cambridge, Massachusetts, "one of the largest and most reputable industrial research organizations in the country." (From Business Week Magazine) and eminent scientists from leading universities.

Today the public can confidently choose from a variety of brands — by far the best cigarettes ever made by the tobacco industry.

FOR more than thirty years we have used research day in and day out learning about tobaccos and cigarettes in the public's interest.

We have found that it can be fixed and so that you will not be charged for it by mistake.

Committees from the Men’s and Women’s Student Governments have been chosen to formulate a plan for an honor system to be presented to those organizations and to the student body for action. A committee was also formed to re-

The views expressed in the present articles and the opinions held by the authors are in no way to be confused with the views of the editorial staff of the Collegianville or the students of Ursinus College.

Committees from the Men’s and Women’s Student Governments have been chosen to formulate a plan for an honor system to be presented to those organizations and to the student body for action. A committee was also formed to re-

Since you have already paid a breakage fee, there is no reason to believe that the isolation and elimination of any element native to cigarette tobaccos today would improve smoking.

Today the public can confidently choose from a variety of brands — by far the best cigarettes ever made by the tobacco industry.

For four years we have maintained in the smoker’s interest an intensified large scale diversified research program. A half-million dollar 30-ton machine, the world’s most powerful source of high voltage electrons, designed solely for our use has tested tens of thousands of cigarettes. This program has already given to us direct and significant information of benefit to the smoking public.
