The library is not among those in our library, they will gladly purchase it if it might be of use to future classes, they will gladly purchase it if it might be of use to future classes, borrow it if it is an out-of-print or rare book, or, at least, locate the nearest copy, where it cannot be purchased or borrowed.

There is one other thing which made the work of the Campus Chest Drive.

We want to voice our thanks and appreciation for all those who have made the Campus Chest Drive.

Dawkins and Padula Win MAC Crowns;
Ed Dawkins Voted Most Valuable Wrestler by MAC

At Gettysburg this west-end, Ed Dawkins won the Most Valuable Wrestler award. That is about as saying he is the best wrestler in the Middle Atlantic. The "Mighty Atom", who knows as much about wrestling as any collegiate grappler, of late, has been an outstanding man since securing four championships at Gettysburg and Nixon. He has kept his streaks going at Ursinus.

11 Straight Wins

Ed has not lost in 11 straight dual meets and has been defeated only once in MAC competition—the finals of the Middle Atlantic two years ago, when Don Woods of Gettysburg defeated him 15-14.

Lost to National Champ

Last year Dawkins reached the semi-finals of the National before and know-how put him in a class by himself. No other wrestler in his weight class could come close.

Belpie Passes First Round

The only other Ursinus grappler to get past the first round was Dick Ursin, who beat Muhlenberg's Chasman, 4-2. Ursin lost in the semi-finals to champ Billy Belles, considered care of the outside, the Belles

LUNCH ON THE WINTER VACATION WEEK

Collegians in German, French, and Spanish classes are attending a University of Pennsylvania exchange program this winter. The program is sponsored by the Department of Languages and Literature.

The exchange program allows students to study abroad while receiving credit for their coursework. Students are paired with host families, who provide them with housing and support during their time abroad.

The French and Spanish classes are taught at the University of Pennsylvania, while the German classes are taught at the University of Konstanz in Germany. The program provides students with the opportunity to immerse themselves in a different culture and to gain a deeper understanding of the language and its people.

The exchange program is a great way for students to expand their horizons and to gain valuable experiences that will prepare them for future careers. It is a unique opportunity to learn a language and to explore a different culture in a way that is not possible in a traditional classroom setting.

The students are excited to be abroad and to learn more about their host countries. They are looking forward to making new friends and to experiencing new things.
