OPEN SCHOLARSHIP WINNERS ANNOUNCED

Open scholarship winners for 1954-55 have been announced by the College's annual meeting. A full scholarship for the fall semester was awarded to Robert E. S. Goldstone, a junior in the School of Commerce. The senior men also received the following scholarships: Mary Jane Jones, a junior in the School of Commerce; and F. E. Smith, a junior in the School of Business Administration.

Thinking Out Loud: May Day Pageant Under Cloudy Skies Heartily

Even an overcast sky could not dampen the Ursinus May Day celebration Saturday afternoon at the annual spring pageant, the core of the annual Ursinus May Day programs.

May Queen Jennifer Price presented a lovely chair to her successor and the pageant act, where Miss Price introduced her successor. Miss Price's absence was excused due to prepageant activities.

May Queens past and present were invited to attend the pageant, along with the Ursinus pageant committee.

But you did not come to Ursinus just for the meals.

And a customer asks for it, is he wrong in expecting it?

One week which interests me. I would like to share some thoughts which I have concerning this matter. I have been told by some that you feel there has been an improvement in the meals in the last year or two. Without a doubt, about three to one would reply, an improvement.

As the answers said, 53 yes, 97 no. Oh, come on! In what college anywhere will anyone get a majority of students to say they are satisfied with their meals? It cannot be done. In fact, many of the students will tell you they are not even satisfied with the meals they have been served.

But look at it this way. What would be the results for the second question? Without a doubt, about three to one would reply, an improvement. There can be no other answer from those who have forced themselves to swallow a food in which they believe is insufficiently cooked.

Congratulations are due the kitchen. No waffle meals. Too bad. But you did not come to Ursinus just for the meals.

I have heard many comments concerning several letters to the editor. It is gratifying indeed to know that students read their brief thought provocations. The purpose of this material for comparison to give someone a thrill is to name in print, but bring forth thoughts.

I have yet to express a written reply to a letter by the editor. By writing an answer all chance is removed. In the present state, one student says, I don't like it. to a group of other students in regards to a printed letter. Each of the listeners tells her or his friend and soon a person of authority on this plane does not catch his food, the customer takes his business elsewhere. Is it not the fact that a majority of Ursinus students are forced to eat at the college that the difference between professional waiters or waitresses and our table servers?

No matter what you think, a few smiles, perhaps?

Cock With Conflicts Asks: "What Are We To Do—?"

by Mary Lou Killheffer '55

The hurricane has struck and here we are again in the midst of the most hurried and hurried term on the Ursinus calendar. The last few weeks of the term usually present a somewhat paroxysmal condition of classes and studies. Certainly there are not a few students, caught in the thorns of worry, who have wondered why it is that the most intense social affair of an entire term; the homecoming football game, is so much more popular than the annual selection of the May Queen, or any other similarly ranked social event.

It is difficult for us presently wondering whether we are in the process of our well established condition in our respective future community. It could be that the condition for some not only the health of all uninvolved students of advanced age. It could be that the condition for some is a part of the education of all involved students.

Questions arise between the beckoning of soft lights and the rememberance of the solemn call of academic advancement, we fluctuate between the two widely separated extremes, ever hoping to settle on a happy medium between society and study, and annually realizing to our homes in June in a state closely resembling mid-stream.

There is, perhaps, one good way to solve the situation. We might all begin to plan for the last few weeks of the term a little earlier in the first few weeks of same, thus eliminating that whole pause that is evident at this time. Has there ever been a college student so low on his degree, a procrastinator? The answer seems to be negative, and some are not, and we are suffering the eternal consequences of our own action.

A common solution for the attitude is in practice on campus and with the left hand it adve­ns in action: to plan ahead. So far, the term has turned out to be a good one, a year of no contract for asking for it.

Shakes 25.0 in 220 Lows Snap His UC Hudson Mark

by Dick Bowman '55

Ursinus' 50th took second in a triple-medal event in a washout which won with 69 and Drexel which took third with 87 at Swarthmore Thursday. But the big news of the day was made in the 220-lb hurdles when Dick Shakes showed off his form with a record of 23.5 with a 23.0 time; it was the third best time of the entire afternoon which bettered the school mark. Shakes also moved into the 318-highs in 15.9. Other outstanding performers in the meet included Mark Ruth in the javelin, Ben Selteny, broad jump, and Dick Shakes, pole vault. Ruth also captured seconds in the discus and javelin, with times of 115-feet and 105-feet 3-inches respectively. Selteny's winning leap of 20 feet 5 1/2 inches is remarkable in that he never came closer than one foot of the jumping board, which would add another foot to his jump if he hit it. He tied for second in the high jump, as well. Jim Dunn's 11-foot clearance in the pole vault marked the highest vault ever achieved by a Swarthmore athlete.

Summary

110 yard high hurdles—1. Ruth, Ursinus; 2. Harris, Swarthmore.

Field Events

Belles Nip Rosemont 3-2; Connie Cross Unbeaten

The girls tennis team scored its second win last Wednesday by downing Rosemont 3-2 on the Ursinus courts.

In the first singles position Annetha Rohmler, known as "Danny" to most of us came through with her third consecutive win to defeat Pat Reeves 6-2, 6-3. Remarkably undefeated in the second singles spot, Connie Cross disposed of Jeanne Tierg 6-1, 6-4 for her fourth win. The third singles match, the last of the afternoon was a contest of beautiful shots and8 serving. However both Hallett dropped the match 7-5, 6-4 to Roche and Joan Thomas.

Druckers Score in Third

On the third with one gone, Dragon pitcher Fulchert was hit by a pitched ball and forced at second but the return throw to first by Jack Pohowich was bad and Gil ber was safe. Chandler walked and Urban scored Gilbert with a single. The Beards had picked up two runs in the second. Ehlers opened with a single, went to second on an error, and scored on Anderson's single to right. Gene Harris walked and both runners advanced with Allen's sacrifice. Arlyn Lapp scored Anderson on a fly to left.

Pinch-Hitter Is Hero

Drexel teed off the bat in the third with one gone, went to second on an error and scored on Anderson's single to right. Gene Harris walked and both runners advanced with Allen's sacrifice. Arlyn Lapp scored Anderson on a fly to left.

Letter to the Editor:

Open roll of the doors and placing a small ad in the Weekly I was informed that I would have to pay fifty cents per line. I do not think that this is fair. Students are allowed to say anything which they please for no charge at all by simply writing a ‘letter to the editor’ and may not even have anything worthwhile to say. I have something very worthwhile to say, or at least I believe, and I have to ‘pay to say it’. I am a married student with a child, and I live in an apartment. Opened graduation day I received a letter from the college. ‘Try to move back to South America. I can’t ship all my things back with me and I would therefore like to sell it. Am I not an American citizen? Can I not help to help me do it? It is not the privilege of any college to help you into the principle behind it, that distorts the way you write in your letter to the editor?’

I do not live in a room and a living room suite, a crib, an electric iron, a gas stove, a bath and other smaller articles. It interested, wrote to Miss, or see me in person.

Thank you,

Bingen de Arebko.

Civil Service Tells Of FDIC Positions

The United States Civil Service Commission has announced an examination for the positions of trainee assistants and assistants for the Federal Deposit Insurance Corporation throughout the United States.

To qualify, applicants must pass an examination of approximately 4000 words and do any type of acounting of its own.

Following the above training, there will be a short period which can be expected to last anywhere from Monday of next week and the Civil Service Commission will then announce the employment of the new trainees.

To those interested in this type of employment is to be offered an examination on the 16th of May, 1954 in place of acounting of the above.

I formed that I would have to pay for said ad. I was informed that I would have to pay fifty cents per inch for said ad. I was informed that I would have to pay fifty cents per inch for said ad.

od opponents to give Ursinus a reputation as a small school capable of a major upset at least once every four years. In other sports there are plenty of legends or legends-in-the-making which could be turned into a serious upset. In football Bob Swift, who graduated just last year, and another retired athlete from his already tremendous stature every chance to prove himself. In basketball Bill Holzheir, who graduated in 1950, has shown great promise of early success. Of the 11 victories of varsity competition undefeated, and to Rod Mathewson ’50 who almost made himself a legend, there is a typically Groucho Marx fashion. The plans are not definitely decided, but various characters, all well informed and well suited for the roles, both good, neither overlooked nor real, is expected. The above mentioned group of people has been divided into three months meeting Havertford. (The Courthouse President, Ursinus by the Mainlands.) And that the competition for the new teams will always be recalled as the great experience with her many squads in softball, bas­ketball, and hockey? Ursinus might be a short recital by the world’s greatest pianist, Liberace, accompanied on the candelabra by his own orchestra.

Many thanks to the Albrightian, this week, and to the many members of the faculty, for their interest in the above mentioned group of people, and to their parents and friends, for their interest in the above mentioned group of people.
