Field Hockey Players React to Move from Division I to Division III

UC Field Hockey is a sport that has been a staple of Ursinus College's athletic program for many years. However, the team is facing a significant change as it transitions from Division I to Division III. This move has raised concerns among students, the coaching staff, and the broader Ursinus community about the future of the team and the impact on student-athletes.

Small pink ribbons united so many players and alumni around the nation to commemorate Breast Cancer Awareness Month. The women of Phi Alpha Phi, a sorority that has a strong presence at Ursinus College, participated in this event by wearing pink ribbons to show their support.

The Phi Psi sisters will continue to support Best Buddies, an organization that pairs students with individuals with disabilities. This partnership helps to create one-on-one friendships while also raising awareness about the challenges faced by individuals with disabilities.

Opinion

The transition to Division III has raised concerns about the future of the field hockey program. With fewer resources and larger rosters, the team may struggle to compete at the highest levels. However, there is an opportunity for growth and development as the team adapts to its new division.

Field hockey players and fans are encouraged to come together and support the team during this transition. The move to Division III may present challenges, but it also opens the door for new opportunities and experiences for the players.

Gildea's responsibilities will include assisting students with writing assignments, providing feedback on their writing, and helping them develop effective study habits. He will also work with academic advisors to ensure that students are on track for graduation. Gildea's role is expected to evolve as the program grows and more students seek his assistance. He is excited to be part of the college community and looks forward to helping students achieve their academic goals.

Although "Riding in Cars With Boys," has a serious plot, the movie is check full of humorous occurrences due to Bev's naïve character and her hair for getting into trouble. Personally I thought this movie could have been done a bit better because that was on the cruddy side and didn't seem to flow together, but it still was amusing to watch and had good messages to give. I love this movie a lot.

The Bears Take Down Wooster

On October 16, 2001, the Ursinus Women's Volleyball Team defeated DeSales, 3-1. The Bears started the match with a 26-7 lead in the first set to take the game. Junior Andy Slayton had 10 saves for the Bears, while Sophomore Cara Goldberg added 9 saves for the team. Freshman Aubrey Outten added a dig. The Bears are now 2-0 in the season. Women's Soccer Builds Up Momentum To Beat Villa Julie

With the fall sports season coming to an end, UC women's soccer wound up to a great finish this past week. Although defeat to Rowan on Monday, they worked extremely against Bryn Mawr, and ended the season against Villa Julie. Overall, the women came out with a record of 6-9-3 and the Centennial Conference went 2-6-1. Next season, the Bears will have only four players and the underclassmen team that made the right call this year. We have a great chance at an even better record.

On Monday October 15, 2001, the women traveled to Glassboro, New Jersey to play Rowan. The good defensive tactics of the goalies helped. Ursinus to combat the 26 shots from Prof's and only by three points. Senior Erin Cattell registered two saves, while Sophomore Cara Goldberg had 8. Rowan's Allison Ross, Kristin Michalowski, and Chelsea Adams each received a goal to give Prof's a 3-0 win over UC.

After receiving more than 50 tickets to the game, the Bears put away their damaged pride to tie the Bryn Mawr 0-0. On Wednesday, October 20, 17 Uch as more of an offensive game at Bryn Mawr shooting 12 goals, but UC's keeper Sarah Caldwell left them scoreless with a couple of Goldblum's scores. The Bears took their first four.

In the second week of regular season games, Ursinus muscular Villa Julie with a 2-1 win at Patternfield. The Beanies had the upper hand in the bag to make up for the loss on Saturday, the Bears kept the momentum going. Freshman Aubrey Andrews opened the scoring in the 19th minute off an assist from Senior Courtyard Barbee. In the 34th minute, Senior Kristin Bizley put the game-winning goal from Junior Erin Toner's corner kick. Villa Julie had a tough time trying to find a whole in UC's defense. For the 21st game of the season, the Bears will play their last game on Wednesday, October 25, at 7:00pm. Put those tickets on their place settings! Good luck!

A new season and a new team for Ursinus Swimming brings much promise for the upcoming season. The men’s team has 12 returning members, while the women’s team has five returning members. The new edition of 12 freshmen women and men will greatly help increase the depth of the team. With the variety of skill levels and style specialties the 2001-2002 team will be more competitive in the Centennial Conference.

Practice started mid-September with great concentration on the formation of solid team bond ing.

September 30, the first meet took at Place Farms in Downingtown, PA. Here the Bears participated in a low key meet. That named pool team work and cooperation.

The first meet of the season is going to be like and amazing three to fourtimes a week in practice throughout the year.

The team is the first team to have a fun and exciting season. Both the women’s and men’s teams are regimented in a rigorous program that includes rigorous practice focuses mainly on prepa ration for the season. Fall ball is over and I have seen some promising things and I am excited because we have a solid group of six freshmen, as these first weeks, we are sure to have a fun and exciting season. By the end of the season we want it to be better. We have a lot of new athletes who will make us deeper. We have a lot of new athletes who will make us deeper.
