Second Forum Enjoys Speech By Diplomat

The second in a series of Ursinus college forums was presented to a very enthusiastic audience in Bomberger hall on December 3. William Smyser, diplomat and educator, presented some of the basic differences dividing the two world. He discussed the recent difficulties in securing an early backing for India’s Korean Peace solution. Although some publications proclaimed a split in Anglo-American relations with understanding the world, he held, and we presented a united front to Communism again.

Mr. Smyser began his diplomatic career in 1923 in Vienna, Austria. He was sent to Berlin where Hitler was Chief of Press, and his last diplomatic office, where he still maintains. He saw Czech Slansky. The later two men have since lost favor. It is noted that our diplomats were harassed until the wound healed, and we presented a united front to Communism again.

Mr. Smyser retired from the diplomatic service in 1954. He discussed the recent difficulties in securing an early backing for India’s Korean Peace solution. Although some publications proclaimed a split in Anglo-American relations with understanding the world, he held, and we presented a united front to Communism again.

AMIDST THE MADDING CROWD
GDP Still Split

In the dim pre-election past one can see the nation as a whole, and the country talking about a big, fascinating and profound election. The Old Guard, led by Robert Taft, would list it under the category of "that kind of election that will not interest the public;" the Progressives, of course, predicted that the Old Guard would lose the election, and the two leading Republican candidates were elected. Taft would be the power behind the throne, they said.

It's clear by now that the matter that is on everyone's lips is not what Roosevelt is doing, but his "internationalist" wing of the party is in full control. His cabinet is made up of the usual people, as is the Associated Press. This implies that the external security should take a back seat to the economic policies. In every way this is being expected and is in keeping with what one would expect. It is a great step forward for American foreign policy.

CANTANKEROUS OUTBREED
However, the Democrats also show that they are not so sure in the GNP makeup that this would be a good idea, and this is a good idea. As such he would be in a position to influence our foreign policy. As such he would be in a position to influence our foreign policy.

Thus the two-headed elephant- Roosevelt and Taft- would still be a force in the election. It is fairly certain that the political parties would be able to make a good showing in the election. United States Rep. Charles F. Hare, in a recent meeting, said that the economy in the country has been going through a difficult period. It is in the best interest of the country that there be a new government.

The weather changed, the air became grippy, hockey equipment was put away, and as quickly as that Ursinus coeds changed hockey colors into dress blues.

Only three of last year’s varsity were still playing basketball. They are Captain Margarette Spencer, Margery Walsom, and Sue Schumacher, all forwards.

Seven seniors, ten juniors, seven sophomores, and twelve freshmen are listed on the guard line-up. Of the seniors, only one, Adele Boyd and Marge Merritt, won a varsity manager’s letter last year.

Returning Varsity Players
Coach Eleanor Snell has Joan Hitchcock, Agnes Murphy, and Alberta Barnhart, her returning varsity forwards, and Joan Hitchcock, Barbara Cunstine, and Adele Boyd advances to varsity early last season in her freshman year, as last year for the Belles attack.

At the present only Hitch is in good working order since Joan Hitchcock and Adele Boyd have been side-lined due to ankle trouble. Faced with a whole of ankle trouble. Faced with a whole of ankle trouble.

**Mermaids Begin Practice; “Sis” Bosler is New Coach**

by Sally Lomax ’73

Fish can swim! Birds can fly? Well, the Ursinus Mermaids are out to prove that we can do both—better than our four-feathered friends.

Marion “Sis” Bosler, a graduate of Ursinus in 1948, has been chosen to coach the team this year. "Sis" has an outstanding swimming record from her days at Ursinus plus some coaching and judging since she graduated. She is now teaching at Upper Darby Junior High school, and dashed back to Norristown for Friday and Tuesday practices. The prospects are so good that she doesn’t mind the trip.

More than 30 candidates made the initial plunge into the tepid waters of the Norristown YWCA pool last week. Interest is high, and the girls are eager for action. Although nothing definite can be forecast just yet, there seem to be many potential swimmers who look promising.

Now that the football season has come to a close, there remains only the final statisticals to serve as fuel for the hot stove league. They say that figures do not lie; so if Dick Glock was the biggest offensive geyser by personally accounting for 492 yards on the ground on 193 carries and his passing arm churning up 445 yards with 41 completions in 169 attempts, then statistics follow the below figures:

Bob Swett Talled 75 as Bears Split Two Decisions

Ursinus Defeated by Crack Juniesta Squad, 88-77; Grizzlers’ Center Stars as Bear Whip Susquehanna, 82-69

The traveling Ursinus Bears found the answer to a potent offense this week-end as they based a high scoring attack on the potent offensive of junior guard, "Big" Bob Swett as they split a pair of decisions, losing to Juniesta 88-77, and defeating Susquehanna 82-69.

Friday night found the Bears giving a crack Juniesta squad a run by holding a five point lead at quarter and a six point third quarter advantage, mainly on the spectacular shooting of Bob Swett, who smashed ball records by tabbing 28 marks in the third period and a 26 point second half total. But the uptowners called on a fourth period spurt of their own when their high scorer, Pollock, converted ten fouls to enable Juniesta to win 88-77, despite Swett’s 38 markers.

The first half was a nip and tuck affair as the Bear’s Andy Carter held Pollock, Juniesta’s big gun at seven points, until an ankle injury slowed the Ursinus ace down. Ralph Schumacher hit the neta for fourteen points and Ted Collett for 13 on a sensational last period performance when he netted seven markers.

On Saturday afternoon, the Ursinus Bears found the surprise of their lives when Bob Swett followed his record-shattering performance of the previous night and tallied 37 points with another brilliant display of accuracy. This total gave the gymnast 86 points in 3 games, a 28 point per game average. The Ursinus team played as if Susquehanna, paced by their star, Bob Davis, came from behind a 15-12 deficit to hold a 39-35 half-time lead. In the process, however, Doney left the game on personal fouls.

of two summers. During the training, members receive $140.00 to $180.00, plus their food, uniforms, medical care and transportation to and from training camps. Enrollees receive commissions as second lieutenants in the Marine Corps reserve after they have graduated from college. Under Selective Service law, a member of the Platoon Leaders class is deferred from induction until after graduation.

Seniors who enter the Officer Candidate course are ordered to active duty after graduation and become second lieutenants after successfully completing ten weeks of officer training at Quantico, Virginia. Following this, is a five-month intensive Basic School.

Newly commissioned second lieutenants from both the Platoon Leaders class and Officer Candidate course may apply for further specialization in a variety of fields, including artillery, signal, armor, vehicle, supply, communications, distribution and flight training.

Y PLANS

(Continued from page 3)

December 14-16, 7-40 in the Faculty room of the library. "The Christmas story" will be the theme for those morning watch services, beginning with the Prophets' Billy Baldwin and ending with the birth of Christ.

At a special meeting of the Student Senate on Tuesday, December 5, plans were made to plan a Christmas tree for every evening after dinner over the amplifiers in the student center during the holiday season. The trees will be decorated by the students and these registrations will include the names of the students. Students are requested to attend a workshop in Philadelphia on December 14 and to promote this idea to other students. If anyone is interested, please contact any of these three people: Joan

"I always smoked Chesterfields in college just like my friends" says New York secretary, Elizabeth Lydon, "and here in New York it seems like almost everyone smokes them."

Elizabeth Lydon DUKE '51

AND NOW—CHESTERFIELD FIRST TO GIVE YOU SCIENTIFIC FACTS IN SUPPORT OF SMOKING

A responsible consulting organization reports a study by a competent medical specialist and staff on the effects of smoking Chesterfield. For six months a group of men and women smoked only Chesterfield—10 to 40 a day—their normal amount, 45 percent of the group have smoked Chesterfields from one to thirty years for an average of ten years each. At the beginning and end of the six months, each smoker was given a thorough examination including X-rays, and covering the sinuses, nose, ears and throat. After these examinations, the medical specialist stated . . .

"It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
