From the B-52's to the Beach Boys: Airband Was a Huge Success

Thanks to the Resident Life Association, Ursinus' 19th Annual Airband was an enormous success. Ursinus faculty and students were staking, flipping and dancing in their pajamas to benefit the Eric Altman Charitable Trust. Eric Altman, a former Ursinus student, succumbed last year to chondrosarcoma, a form of tissue cancer that unfortunately is incurable. Jane Altman, Eric's wife, founded the trust to research this form of cancer.

Thanks to the generosity of Ursinus faculty, staff and students, as well as the hard work of the Resident Life Staff, the college raised $10,000 for the trust. All of the funds go to the Joan Karnell Cancer Center of Pennsylvania Hospital to help purchase "DNA chip readers." ADNA chip reader is a machine that a person has.

This week Ursinus will be presenting "Twilight: Los Angeles" by Anna Deavere Smith. "Twilight" is based on interviews done with the crowds, and even the people who were spectacular the judges had to enumerate. Some acts ranged from the Beach Boys to The B-52's. There will also be an extra showing on Saturday at 2pm. Tickets are $2 for adults. To reserve tickets call 1-610-409-2631.

The night started off with the talented hos of Joe Pursey and Liz Pinchak, whose harmonies and at times off-color jokes, had the audience bursting with laughter. Next came the always entertaining faculty and staff act who got their groove on to the B-52's "Love Shack." This act, with a Wizard of Oz theme, was definitely a hit and a few of the audience actually sang along with the performers. The audience seemed to especially enjoy the sight of the some of the male RA's dressed in drag.

While all the performances were spectacular, the judges agreed to choose their top three favorites. First place went to Brandi Carey, Kimberly Lankford, Harry Michel, Oneida Pinopola, Loretta Togni, Nayan Williams, and Inna Africa for their "Tribute to Adagio.")

Tao Sigma Gamma, in their dapper colored suits and black shirts, were right on target with their medley of Beach Boys music. Third place was given to the Ursinus Gymnastics team, comprised of Casey Auvens, Amanda Barry, Jess Cowden, Jen Foose, Reyna Hochschild, Jermiah Johnson, and Bridget Young, who had the audience in stitches with their JELT Jack and Miss. Despite a few minor technical glitches, their routine was off without a hitch. Congratulations to all the performers and the Resident Life Staff, especially the co-chairs Krista Bailey and Gina Komsalski, their hard work not only made Airband a huge success but a night full of memories.

Special to the Grizzly

This week Ursinus will be presenting "Twilight: Los Angeles" by Anna Deavere Smith. "Twilight" is based on interviews done with the people of Los Angeles in the wake of the L. A. riot. The interviews range from former streetwalkers to Black church Coral West. Smith says in an interview with Women in Communications that she "looks at a poem that a person has. So when I am conducting an interview, I am waiting for the rest of a person's language to move out of the way for the poem to come forward.

To play examines people's feelings in the aftermath of the riots returned in L.A., after the verdict in the Rodney King trial. The play didn't have a single poem that was illegible to the souls of the people that we are on TV.

She focuses on the people that stand the streets, the men and women that had guns by the registries, the police officers that tried to attend the crowds, and even without nation, spokesperson for the USA. "Twilight" is the second in a three year series, "The Road." Search for the American Charlie." Her first play of the series was the critically acclaimed play "Finn in the Mirror" based on the 1991 riot in Crown Heights, Brooklyn.

Twilight opened in 1993 in Los Angeles, moved to New York City where it was the first non-musical show by a black woman to open in Broadway in ten years. Twilight earned two Tony Award nominations, an Obie Award, a Drama Desk Award, and an Outer Critics Circle Special Achievement Award. In addition to being a talented playwright, Anna Deavere Smith is also an accomplished actress, featured in films such as Philadelphia, Dance, and An American President, and she plays a recurring role on the television show "The West Wing." She also teaches at Stanford University. Directing the show is Dr. Tim Rappaport, assistant professor in Communication Studies and Theater. This is his third production at Ursinus College. His first was "Sue's Daughter," by August Baker. Rappaport says his reason for choosing to produce this play was in remembrance of the verdict and the people who were affected by it.

April is the month that the four officers that beat Rodney King were acquitted and the riots occurred. He hopes that we will listen to the poems these people have so that we can have the theme and learn from them as their lives were changed in 1992. He also states that the verdict told us what the Greeks tried to do so long ago when Diogenes was with custom.

The play runs tonight, Friday and Saturday at 7:30 pm. There will also be a last chance viewing on Sunday, April 21st. The run is $2 for students and senior citizens and $3 for adults. To reserve tickets call 1-610-409-2631.

Adolph Reed To Deliver Pancoast Lecture

On April 24, Adolph Reed will be delivering the Pancoast Lecture at Ursinus. The topic of his talk is entitled, “Has Terrorism Trumped the Domestic, Political, and Economic Agendas?” Reed has been a vigorous proponent for domestic needs in America.

He argues that federal anti-terrorism efforts should not be used as an excuse for the lack of attention paid to domestic issues. He will be discussing, among other things, his effort to encourage legislatures to allocate funds at public colleges and universities to be provided by the United States government.

Adolph Reed is a professor of political science and African American Studies, previously taught at both Yale University and Northwestern University. Over the past fifteen years, Reed has published five books including: Glass Now: Paving an Anti-Poverty Path, and Other Thoughts on the American Scene; Separating Us: The Black Political Experience in the Post-Segregation Era, Without Justice for All: The New Liberalism and Poor People of Color; Righteous Ambition: The Jesse Jackson Phenomenon; and The Crisis of Patriotism in Afro-American Political Policy and Politics: Critical Essays on the Revolution of the 1960s.

In addition to his other accolades, Adolph Reed serves on the American Councils of the Political Science Association and the National Conference of Black Political Scientists. Some of Reed's writings can be found in numerous scholarly publications, as well as in Urban Affairs Quarterly, Race, Gender, and Ethnicity: An American Political Development and Policy theory.
Greek Portrait in Movies: Demeaning Not True!

Quinn Simmons
Grizzly Writer

There's always the stereotypical frat boy in the "seven-year" college track, chasing the dizzy sorority girl who disappears into his messy room for a one-night stand. You always have the Ritual and traditions that make no sense, hank or ridiculous pledge, intense clique behavior, and a lot of money wasted on maintaining appearance.

Don't forget the token chain-smoking jock and the "Cruel Innuendo" like President who with vanity in the back before you can get done with her boyfriend. As Junior Jenn Ludwig remarked, "The movies show: The sorority and the brothers are accurately portrayed in Greek life. And that should worry everyone.

I'm not naive. I know a lot of groups are accurately portrayed in these popular films when everyone gets a good laugh at the wild college party. And in honor, I wasn't thinking about profound social implications when I settled into my seat to watch a movie. Most of the KOs and the DDCs in "Sorority Boys" show them as Greek behavior, never-ending parties and broad elitism. But not all groups are alcoholic, lazy, and degrading to neurotics. Both national and local groups attract a diversity of members who have different visions of what Greek life should be. But for those not in the system to see the positive aspects, these movies paint a tainted picture of Greek life. And that should worry everyone.

Parking Policy not fun for some Residents!

Ann Antanavage
Grizzly Editor in Chief

Does anyone else see a problem with the new parking policies on campus? Don't get me wrong, I appreciate that Campus Safety does this, but we have two weeks of school left and now they are enforcing a new parking policy?

At my house the new parking policy is especially frustrating. I live at 202/203 North Ave. We always have cars wrapped around our house, something that should be blocked, I agree. With the enforcement of the new policy, we are no longer allowed to block the drive, park on the grass or in the driveway so that cars can park in the driveway due to the limited parking spots.

When talking to Safety, they said that students could not park in front of the house because the police required the more because it reduced visibility for people entering out onto Ninth Ave. I understand this, and as I mentioned before, students shouldn't block the drive, but why only allowing use of the four parking spots? There is plenty of space at the sides of the driveway. Meanwhile, students who could get by if people were more careful with their parking.

The administration needs to take serious action to fix the great demand for, and lessened supply, of rooms on campus.

Students on Campus

How do you feel about the housing process?

Nate Sperduto
Grizzly Writer

I'm in a frat (Delta Pi Sigma). So I get to live where I want. Bob Gray

I don't like. They could make it a lot better. Victor "Latin Lover" Rodriguez

I didn't even get a room. It's a terrible process that is being done much better at some other schools. I understand Residence Life has a hard job, but there could be a better way to do this. - Heather Pugh

Carrot Top: A Juice with a Kick!

Sarah Leigh
A&E Editor

He's handsome, he's red, and he loves 1-800-CALL-ATT! Who am I talking about? You guessed it, the ever angry, ever large and in charge Carrot Top.

White Carrot Top can be found trying to get girls to go skinny dipping with him on his A&T commercial. He was way too popular.

Carrot Top's real name is Scott Thompson. Although if you call him Commodore Spice he will sound just as cool. He grew up in Cocoa Beach, Fl and went to Florida-Atlantic University in Boca Raton. He was once into jet-skiing, but got his start in comedy by doing "open mic" nights while at college.

Since then he has appeared on college campuses all over the country, does tours, and now commercials. In fact, last year he was even a guest celebrity back chat on The Regis and Kelly Show. It was no big scene to see this guy be the little carrot.

"Consider myself perfectly strange. Sometimes I demand my left of the Kermitos, I'm a University of Kentucky graduate in Marketing," said Thompson.

At 5 ft 2 and 200 lbs, Carrot Top's newest endeavor is the Carrot Top Juice. It's based on the belief that clothes should never matter. In fact, he must create his own clothes because he can't find what he wants in the stores. He does admit that his favorite color is plaid, but he loves all colors.

As for personal preferences Carrot Top likes to wear boxed in. One of his favorite websites is www.carrottop.com. "Srowning Water, Sweet Charly," he also enjoys coffee from the time he gets up until the time he goes to bed. Along with his coffee he also enjoys many types of wine and almost any alcoholic drink.

Carrot Top has many comedic influences in Carrot Top's life. He says that his major influences are Jonathon Winter, Robin Williams, and George Carlin. He also crescent Moon and Bill Maher. And, recently he did a television special with Chris Rock.

Jamming at the DMB Concert

Kate Peterson
Grizzly Writer

On Wednesday, April 10, the Dave Matthews Band played a sold out crowd at the First Chicago Center in Philadelphia, PA. As usual, there was a nail-biting wait for the doors to open before the show. Beer was the drink of choice and the beautiful weather allowed some BMJ fans. Fans started entering the First Chicago Center at 5:30 pm, for the show that didn’t start until 7 pm.

Starting off the night with “What Would You Say,” the band worked its way through the entire set list plus a couple of encore songs. The drummers, wore the band’s logo.

And the light show was just as exciting as the music. The Dave Matthews Band jammed stoned of their concerns...
Skin Cancer is Not Your Friend

Sarah Kendall
Grizzly A.D.E. Editor

You’re never fully dressed without a tan?

That’s right! The weather is here, so it’s time to put away the sweaters and pull out the shorts and tank tops. But not too fast, if you’re like most people you might be a little self-conscious to start basking in your white skin. We’re all born with a perfect tan. As a fact, it was the color of skin cancer. Tanning beds don’t seem like the best alternative.

Another alternative, other than looking like a sunbather, is to get your tan from the bottle. Tanning creams, sprays, and lotions are a safe alternative to the sun and to tanning beds. They are usually easy to use, inexpensive, and the right brand can give you a very realistic looking tan.

In order to make sure your UVA/UVB was used to its fullest potential, I decided to scope out the self-tanners available at CVS. Now I looked at CVS’s website and bought my self-tanner from store to store, but probably not by much.

Neutrogena Instant Bronze

They had three different varieties, lotion, spray, and foam. The bottles all advertised, streak-free and the price for any of the types was $9.99. Not bad. The second one I looked at was Coppertone’s Endless Summer. This type came in a tube and also advertised it was streak-free. The price on this one was $10.99, but it was also 20% off with a coupon.

Coppertone also makes an oil-based tanner, Effortless color. The one I then looked at Banana Boat self-tanners, which you could get in a cream or a spray. Both cost $7.99.

Finally I checked out Bain de Soliel, which came in two varieties, Radiance Eternal and Streakguard. Both were a cream and also had a spray. I bought the spray. The bananas come in all types of cloths, Radiance Eternal and Streakguard. Both were a cream and also had a spray. I bought the spray. The bananas come in all types of cloths.

All of the self-tanners I came across were a light, brown, or dark depending on how long you wanted to get.

GREEK CORNER

Call all Greeks! It’s GREEK WEEK!!!! On Sunday, April 14th all Greek organizations at Ursinus College kick off Greek Week with the annual Greek Picnic. Tons of fun was had by all. There was a tug-a-war, and relay races. There will be many more fun activities as the week continues. All Greeks are invited to attend the events, and are strongly encouraged to participate.

So for a complete schedule of events check with your president.

The brothers of Phi Kappa Sigma would like to congratulate its newest members Brother Joshua Rucci, and Brother Sean Conley. In addition, the fraternity would also like to welcome back our long lost brother Alain Fernandez (aka Big Al).

The Brothers are pleased to announce as of April 27th our group here at Ursinus will be elevated from a colony to the Beta Rho chapter of our international fraternity. The brothers would like to thank all those in the campus community who have helped us in our chartering process; Todd McKinney.

SPORTS

If one wanted to find out about the history of the Ursinus Women's Rugby Club, he/she would have to do some work cut out for them. The Ursinus College Web site lists up field and information on almost any activity the campus has. However, finding information on Women's rugby is not as easy, in fact the school as an actual sport. In the fall and spring seasons, there is little room for rugby to be recognized by the college. However, finding information on Women's rugby is not an easy task. In fact, the school has never recognized it as an actual sport. In the fall and spring seasons, there is little room for rugby to be recognized by the college.

The team is returning 15 players, and they will be graduating 4 seniors. The team will be led by new head coach Kevin Tinkham. The Bears took the honor for the third time this season. Erin Fitzgerald, a first-team All-American selection in 2001, scored 10 goals and assisted on nine others in a 25-5 win over Wash., and four handouts in a 25-5 win over Wash. and Putnam Williams (1255) finished fourth in the high jump and triple jump, respectively.

Another Flawless Season for Women's Lacrosse to Lead Team to Second Consecutive Championship Title

**Erin Fitzgerald**
Grizly Sports Writer

This past week was a big one for Ursinus Women's Lacrosse. They played three Centennial Conference games, and won all three, bringing their overall record to 10-1.

Still ranked 7th in the nation, the Bears traveled to Muhlenberg last Tuesday to take on the Mules.

Despite some heavy downpours, the team opened up a storm of their own on route to a 21-6 victory. Twelve different players scored for the Bears including four goals from Emily Durkin. Three goals and one assist by Erin Fitzgerald and two goals and two assists by Jaime Matty. Sarah Umler and Leigh Voigt each scored twice for Ursinus while Becca Mannion registered six saves in goal and Melissa Scholl made four.

After a day of preparation, the Bears boarded their Tropiano charter and settled in for the long trip to Washington College. The travel time did not slow Ursinus down however, and the team cruised to an 18-7 win. By half-time the score was 10-2 and the Bears never looked back.

Fitzgerald led the Bears with four goals and three assists while Durkin added four goals and an assist and Diane Elia chipped in with three goals.

Saturday was more of the same, with Ursinus playing host to Dickinson. On a beautiful sunny day in which the sun was the first half. Fitzgerald added three goals and five assists to the cause while Voigt and Elia recorded hat tricks. Eleven different players recorded goals en route to the impressive 25-5 win over the Red Devils. Durkin put on a scoring display to open the game, scoring six of her game high seven goals in the first half. Fitzgerald added three goals and five assists to the cause while Voigt and Elia recorded hat tricks. Eleven different players recorded goals en route to the victory.

The three Conference wins this past week have moved the Bears' CC record to 7-0, keeping them in first place. By hosting Muhlenberg this Wednesday, the Bears can keep their spot at the top on the CC Playoffs for the season straight up. The playoffs will be held April 27th and 28th.

UC Men's LAX Stars - What Are They Up to Now?

**Julie Micklos**
Sports Writer

You may be wondering where the men's lacrosse team has been this season. The program did not have enough players for a team this year.

This year’s team absence will be marked by intense preparation including recruiting, skill development, and strength and conditioning. Those who decided to stay with the program have been doing other things to get them ready for the 2003 season.

Some of the team members, like Sophomore Dan McGovern and James Ortiz, are coaching at area high schools. Others have joined the club Rugby team in order to keep their skills up to par for next year. Some have joined the program have been doing other things to get them ready for the 2003 season.

Sophomore John Karpinski is playing summer lacrosse to keep his skills up to par for next year. He feels we could have had enough players for a team this year.

This past week, the Bear’s Lacrosse team had a great week, winning three of their three games.

The Bears scored seven runs in the fifth inning of the second game. Jamie Rahling went 2-for-3 with three runs scored and two RBI, while Jess Troutman had two hits and one RBI. Patti Rutland added two hits, while Co-Captain Sarah Smith had two hits and two RBI.

The next game, however, left the team with a 13-12-1 overall record. UC was swept by Rowan, 13-12-1 overall record. UC was swept by Rowan, 7-0, and the playoffs were cancelled.

This past Saturday, UC Softball was supposed to play Franklin & Marshall, but due to rain at 5 pm, the games were cancelled.

This past Saturday, UC Softball was supposed to play Franklin & Marshall, but due to rain at 5 pm, the games were cancelled.

On Tuesday, April 16, the Bears rallied in the first half, with three runs in the fifth inning but fell short. Allison Vasta led the offensive with two hits and two RBI, while Sue Scholsen and Denise Cook also managed hits for the Bears.

UC Softball managed only three hits in the loss in their second game against Rowan. Sue Smith, Kim国旗, and Kelly McCracken for the Bears. Scoring in the one run in the loss in their second game against Rowan. Sue Smith, Kim国旗, and Kelly McCracken for the Bears. Scoring in the one run in the loss.
