MAY DAY WEEKEND

REGISTRATION

All students who intend to attend college in the fall must register for classes by April 12. This deadline is set by the Registrar's Office and cannot be extended. All students must register for classes, regardless of whether they plan to attend college in the fall or not.

Y. Presidents Name Cabinet

The Y-M-WA cabinet for 1953-54 has been chosen by the Association of Women Students. The officers for the Matin: vice-president, Mary Gillespie; treasurer, Bill Zimakas; Historian, Ed Block; Secretary, Sue Sadler; Campus Affairs Commission, Lois Garrow; Park Butler, Paul Shillingford; receptionist, Mary Faust.

The commission officers were also elected by the Association. Four groups attend to the secretarial, social, religious, and recreation activities of students.

Y. Co-ops with Faculty leaders. are Student Worship Commission, Jack Williams; Women's Campus Affairs Commission, Lois Garrow; Women's Exemplary Selection, Anna Hausman, Phil How; Political Action Committee, Carrie Ackerman, John Mattiani.

Sororities Elect Officers

For Coming Year, 1953-54

On Wednesday, May 6, the women's fraternity and sorority associations of the College will hold their annual elections. The following are the officers chosen for the coming year:

Armstrong, Walker, are chosen Ruby Editors

After a re-election, the new officers for the coming year were elected. The Junior Class last year is the winning team. The slate of officers is as follows: Vice-President, Sue Sadler; Treasurer, Mary Faust; Secretary, Bill Zimakas; Historian, Ed Block; Business Manager, Sue Sadler.

Chem Society Plans Banquet

Officers to be Announced

On Wednesday, May 6, the Board of Directors for the Chemistry and Physics Societies will meet to elect the new officers for 1953-54. The meeting will be open to all students who wish to attend. The new officers will select their slate for the fall semester.

New Head Waiters Chosen

The members of the Albriton Club and the Dufney YM-WA discussed the topic "How the Korean War Has Affected My Country" in Bomberger Hall on Wednesday night, April 29. The discussion, sponsored by the Political Action Commission, featured foreign students from Albriton and WSGA speakers - Isolto Frome from the British school in Germany, Arnold Ulrich from the German Army, and Curtin (University of California) associated with Russian intelligence. Russ Dalby acted as moderator.

The first speaker, Isolto Frome, correlated his experiences in the war with the history of his country. He believed that the people of his country were more closely knit because of the war. The second speaker, Arnold Ulrich, correlated his experiences in the war with the history of his country. He believed that the people of his country were more closely knit because of the war. The third speaker, Curtin, correlated his experiences in the war with the history of his country. He believed that the people of his country were more closely knit because of the war.
ART AT LAST!

We have often wondered at the fact that a liberal arts college such as Ursinus, offered no elective or required art course. Nearly every college with which we are acquainted offers an art appreciation course. In many schools an art course of some type is a requirement.

At last, the deficiency has been remedied at Ursinus. A seminar in fine arts, under the able leadership of Professor Richard J. Weil, has been added to the already rich curriculum. We feel that this course will be an excellent addition to the core. Besides broadening the educational facilities already in existence, this course will be greatly appreciated by those students who are interested in fine arts.

Perhaps, the student body feels that their requests and proposals for change are usually unheeded. We will admit an occasional feeling of futility in publishing many of the ideas which appear in The Ursinus. We would like to feel that the editorial which appeared earlier this year, which advocated an art appreciation course, had some influence in making the idea a reality.

Has “Book-Burning” Begun?

by Thomas Mauro '54

The other night I read an article on a commentator, as well known for regulation as for regulation. It was an article on the subject of “book-burning.” According to this article, if you haven’t already noticed, the United States is in danger of being engulfed in a “book-burning” epidemic. Similar to that which occurred in Nazi Germany, this book-burning will take place.

The action that precipitated this article was the announcement that a collection of records, both classified and declassified, would be placed at the disposal of the National Security Council. This collection contains documents that were written during the time when the United States was at war with Germany. The question involved in the controversy is whether these documents should be released to the public. The concern is that these documents might be used by our enemies to gain an advantage over us.

In the article, the author states that the release of these documents is a violation of the United States Constitution. He argues that the government has a duty to protect the nation from its enemies. He also states that the release of these documents is a violation of the First Amendment, which guarantees the right to freedom of speech.

The author also expresses concern that the release of these documents will result in a “book-burning” epidemic. He argues that if the government can release documents that were written during a time of war, then it is only a matter of time before the government releases documents that were written during other times.

In conclusion, the author calls for the government to take action to prevent the release of these documents. He argues that the release of these documents is a violation of the United States Constitution and is a threat to the nation’s security.

Whitey's Wit

by Bill Wright '54

May, with all its activities, was a hectic week-end. The play and Day was a real start with the Big Bho and Pre-Med dinner dances, the Phi Psi show, and the Mayday celebration. From all accounts it was a good start.

An English professor was rather embarrassed when one of his students wrote a descriptive paper about him. The poor man didn’t want the comp concerned until he read the jargon which described his blood, wavy hair. At this point, streaks of grease spread across his face. He’d be so embarrassed, though—be finished reading the comp aloud to the class.

Last week at the Littlerite Council Freshman Meeting, a young man displayed quite adolescent behavior—pardon me—infantile behavior. He had a question on his test which had 5 possible answers, and he gave 4 of them. His teacher gave him an F for the question.

Next week-end will keep us stepping. The play and Day are two things you won’t want to miss. We’ve seen a preview and can recommend them both.

It’s a good thing the nice dorms have porches, sun decks, and simple lawns. The gals need a start on their sun tans for the summer at Ocean City. Better known as Ursinus by the students.

Travel Bureau

Plans Sailing

New York—The Council on Student Travel (19 Broadway, New York) announced today two major round-trip sailings to Europe for students and teachers.

The E.S. Akins, which made several trips last summer for the council, will sail from Quebec for London, Le Havre and Bremerhaven on June 9 and 10. Return sailings, also for the council, will leave Bremerhaven for Paris and Versailles on September 2 for London, Le Havre and Bremerhaven.

The council also has reserved the Tideland Queen for the fall. A number of other sailings of the council are scheduled for the fall, including a trip to the Mediterranean in early December, and a tour of the Baltic.

One-way fares on the Akins are $500 for space in dormitory class, $450 for space in cabins for two, $350 for space in cabins for four.

The Akins, which is all different, class vessel, was used for several council sailings last year. Since that time it has been re-equipped, making the space more suitable for student travel. The lounge space has been doubled and a space deck has been added. The overall capacity of the ship has been increased to 860 passengers. The interiors have been reduced to 11berth, 4berth and 6berth. The council has added 32 cabins to the 26 cabins of the previous sailings. Eighteen of these extra cabins are for two, four of them for four, and four of them for six.

As usual, the council will sponsor educational programs while en route. Before leaving the council will sponsor an educational and recreational program for students and teachers on the ship, and an educational program for students on the ship.

The council, which is now a member of the National Association of College Students, is sponsored by the Educational Travel Bureau, a nonprofit organization which provides special transportation and travel facilities for students.

Medical Schools Report on Grads

A most encouraging report has just been received from the Associated Medical Students of America concerning the progress of the 1948 Medical Group. The report states that the American Medical Association has been maintaining that fine standing since 1948. The report also states that the average containing six to eight students in the medical school program, had to concede they were men who were being circulated in our tax.

Thirdly, the fact that our government has been using these books does not mean that the American Medical Association does not have a particular interest in this matter. The American Medical Association and the government have been working closely together on this matter.

The commendable record made by the first group of graduates of the Ursinus medical school is evident from the fact that 82 percent of the graduates have been admitted to the American Medical Association. This is a better percentage than the average percentage of graduates of other medical schools.

Medical School students now in their junior or senior year in medical schools have been admitted to the American Medical Association. The report states that 82 percent of these students have been admitted. This is a better percentage than the average percentage of students of other medical schools.

The report also states that 82 percent of the students in their junior or senior year in medical schools have been admitted to the American Medical Association. This is a better percentage than the average percentage of students of other medical schools.

The report also states that 82 percent of the students in their junior or senior year in medical schools have been admitted to the American Medical Association. This is a better percentage than the average percentage of students of other medical schools.

The report also states that 82 percent of the students in their junior or senior year in medical schools have been admitted to the American Medical Association. This is a better percentage than the average percentage of students of other medical schools.
An Open Letter Praises Life in a Co-ed College

by Jean Austin '54

Dear Norma,

Well, Spring has finally reached campus and that old annual "Spring Fever" is descending upon all of us. But at least it's not nearly as bad as it was in "Gilly, I surely do wish you had transferred, too. You just don't know what you're missing. Seventeen hundred women can be charming, I know, but they can get mighty boring. easier to act a part or fall into the monotony than to do anything else. We can actually wear the same skirt twice in one week. I'll admit it was good taste, and better yet no more fainting."

Norma, fellows and girls can actually wear an old sweater around the dorm, and no curfew time on date nights! No, I'm not kidding. Firestone Tires and Batteries还不如说 something. I'm not saying that our chorus and glee club are much more lively. We change belles' tossing a coin with me to see who will play piano next time, and they don't give you the cold shoulder if you wear the same skirt twice in one week. I'll admit it was good taste, and better yet no more fainting.

Music, too, there is a difference in both band and glee club. Now more eight part women's harmonies are much more lively. We change belle-tos in one week. I'll admit it was good taste, and better yet no more fainting.

Norma, fellows and girls can actually wear an old sweater around the dorm, and no curfew time on date nights! No, I'm not kidding. Firestone Tires and Batteries...
Experience Aids Jayvee Tennis

An excellent response to a call for junior varsity tennis players allowed the girls’ tennis team to reschedule the remaining junior varsity matches for the season. A tentative ladder was set up by Coach Natalie Whiting and several matches were played off to determine who would play in the first matches at Albright. Marcie Merrifield defeated Ballie Lumia for the first singles spot and Ballie retained the second spot. Pat Condon is playing third.

In the doubles line-up Phyl Butcher and Judy Kaiser defeated Joan Hitchener and Little Betty for the first position and Jen Price and Jo Kuhn defeated Ruth Waner and Robin Blood for second place.

Challenging will start this week as soon as a ladder is posted. The remaining matches include Denver, Tempe, Schwelmore and West Chester.

Belles Defeat Rosemont, 4-1

A strong Rosemont tennis squad fell before the Ursinus Belles Monday, 4-1, on the courts.

Andrey Bittenhouse won her third match of the season by defeating Joan Thurkauf, 6-0, 6-4. Playing against a strong wind on a cloudy afternoon, Andrey produced a more cautious game than usual. The wind made serving difficult and placing almost impossible.

Both Heller lost the first set of her match to Joanne Teitle, but won the second. Also, playing a less aggressive game, she had difficulty with her control backhand shot and in excellent place to win the Rosemont girl, 6-2, 6-3.

Only Adie Boyd in the third singles lost. Little Betty Ashton took the match, 6-1, 6-4.

Two long doubles matches gave Ursinus the win for the day. Ben Syvertsen and Nancy Laib went to 6-4 before defeating Mary Virginia Belle and Rose Slesser in the first set. But they made short work of the second set with alert net play and Mary’s strong backhand drive and won 6-2.

Kathy Australia, 6-0, 6-2, not finishing until the middle of the event.

Connie Ackerman and Jan Jones, U, defeated Alma Rose, R, 6-4, 6-2.

A tentative ladder was set up by the varsity team against Albright, Wednesday, and defeated the squad, 6-1. It was the first match this year for the Ursinus women.

In the first singles match, skillful Marcie Merrifield opposed her opponent, Jeane Schaeffer, 5-7, 6-2, 6-1. After losing the first set, Marcie came back with fast drives and excellent placements.

Only Ballie Lumia, playing the second singles slot, failed to post a win. Julis Leinbach took her measure of mercy by 6-2, 6-2. Pat Condon defeated Pat Miller in identical sets as this freshman proved on her strong forehand shot to win 6-2, 6-1.

Both doubles matches went to Ursinus. Janice Jen Peters and sophomore, Jo Kuhn, switched from winning, for the first round.

Lida Pairyas and Lucille Hummell in a difficult and close match, 6-4, 6-5. In the first singles position freshmen Phyl Bladner and Riedy Beker had little difficulty with Pat Upczak and Alma Grove. The final score was 6-4, 6-2.

Summary
1st Singles – Andrey Bittenhouse, U, defeated Joan Thurkauf, R, 6-0, 6-4.
2nd Singles – Ruth Heller, U, defeated Joanne Teitle, R, 5-6, 6-3, 6-2.
2nd Singles – Betty Ashton, R, defeated Adie Boyd, U, 6-1, 6-3.
3rd Singles – Phyl Butcher and Judy Kaiser defeated Joan Hitchener and Little Betty, 6-0, 6-2.
3rd Singles – Betty Ashton, R, defeated Adele Boyd, U, 6-1, 6-3.
1st Doubles – Connie Ackerman and Jan Jones, U, defeated Alma Rose, R, 6-4, 6-2.
2nd Doubles – Phyl Bladner and Riedy Beker defeated Alma Rose and Pat Upczak, U, 6-0, 6-2.

Jayvee Tennis Team Wins, 4-1

The tennis team opened its season against Albright, Wednesday, and defeated the squad, 4-1. It was the first match this year for the Ursinus women.

In the first singles match, skillful Marcie Merrifield opposed her opponent, Jeane Schaeffer, 5-7, 6-2, 6-1. After losing the first set, Marcie came back with fast drives and excellent placements.

Only Ballie Lumia, playing the second singles slot, failed to post a win. Julis Leinbach took her measure of mercy by 6-2, 6-2. Pat Condon defeated Pat Miller in identical sets as this freshman proved on her strong forehand shot to win 6-2, 6-1.

Both doubles matches went to Ursinus. Janice Jen Peters and sophomore, Jo Kuhn, switched from winning, for the first round.

Lida Pairyas and Lucille Hummell in a difficult and close match, 6-4, 6-5. In the first singles position freshmen Phyl Bladner and Riedy Beker had little difficulty with Pat Upczak and Alma Grove. The final score was 6-4, 6-2.
Trackmen Drop Trio Meet; Lehigh Routs Bears, 91-34

Bears Face Swarthmore, Wednesday; Eshbach Dual Winter; "Albright 6⅞, Bucknell 48, Set Hot Pace in Triangle Meet"

by Dick Bowman '55

The outcome of the victors copped both the 100 and 220, running a long dash. Bob Odenheimer of the swimmers copped the 440 and a commendable 2:14.8. The third meet was a little more fast, but the point total was 546 for the visitors. The last meet was an interesting one and enabled them to make the runner-up spot to Bob Guth, of Lehigh, a winner in 10.8 for the 10. In the 400, 800, and 1,500 placed third against a winning clock of 2:09 set by Col. Guth.

Bob Guth, Ursinus' "Mr. Grit-videtermination," finished second in both the mile and 2-mile journeys. His time in the first event was the low of the day, 4:57.3. just seconds behind the clock set by Lehigh's Henderson. Guth's time in the latter event was 9:26.9.

Although this time was not close, neither Bob nor any other runner turned in by the victors' Henderson, it is not bad considering the weather. Running both a mile and a 5-mile race in soggy conditions in which the mud was up to the ankles is not a job on the back. The second-mile time recognition are Bruni Dallato and Bob Eshbach. Both runners remained gain in the 100 and 220 and second in the high jump where Lehigh's Husted was a 5-foot 8-inch leap, while蜥rd back in second in the high jump, Bob Guth's victory was at the expense of Bob Eshbach, who should develop into a typical hurdle puncher in hurdle.

Although the outcome of the meet was not close, quite really big. At War Memorial Field, 1,500 fans, some in the weights, Captain Bob Swett was the victor, but in the third and a javelin, Ursinus' Carter, "The Swett-Korn-Gunn and Horr all put the sphere over 64 feet. The winner was a 64-foot 11¾-inch toss by Swett, followed closely by a 64-foot 11½-inch put by Gunn and Horr. In the second match with Al- bright and Bucknell the Ursinus "Korns" and "Devine's" topped first in both hurdle events, the shot and the discus.

---

Softball Team Wins Over Albright, 35-6

Thursday the girls' softball team entered into the third game in Albright and beat them 35-6. Obviously, the game was long and drawn out and had to be called after the last inning was completed.

Jane Pittchen picked the way for the Bears, dropped a good job on Albright's hitting to a mini- mium. She was opposed by three different pitchers for Albright. Ursinus didn't really have a chance to prove what it would do. When they came to bat. Weaver later in the season they'll be better matched and the true test will come.

The lineup: Bihlah, c.; Price, pitcher; Stabber, 1b., Mason, 2b.; Dennis, ss, Bob Hamilton and Taylor, s.; Abrahamson, h., Basur- cf., of; Furet, f.

Employment Outlook Good for Jane Graduates

Martin F. Dunkin, Secretary of Labor, has announced that the year's employment outlook for college graduates is excellent. The opportunities presented by the various vocations seem to be as follows:

NATURAL SCIENCES -- Demand for personnel in most of the natural sciences has increased sharply. Although the present openings in such industries as pharmaceuticals and coal, food, and paper. Although the need for chemists has been greater, those with a bachelor's degree will continue to be in demand. Opportunities are especially good in nuclear physics, molecular physics, industrial and atomic physics.

TEACHING -- The demand for elementary school teachers is greater for 1954 than for 1953. A promising trend is the supply of newly trained teachers has dropped each year since 1950. This year's vacancies exist in such fields as education, agriculture, health and physical education, industrial arts, and certain areas of the military.

FEDERAL CIVIL SERVICE -- Increasing numbers of positions are available in the Federal Civil Service for physicists, physical metallurgists, geolo-
