Ursinus will have its coffee hour at 7:30 and 9:30 in the morning as announced by James E. Morrison, the student body president. The coffee will be served at the book store, October 15.

Breakfasts are reminded to help keep the kitchen clean while they are away. The coffee hour will be revoked if this condition is not corrected.

Other addition to the kitchen will be the opportunity for the selection of a new chef, who will assist head chef Anthony Malagro in the preparation of our meals. He is Charles Clary, who comes to us from Our Lady of Lourdes Hotel, 11th St., N. J., who was head chef.

Having served also as head chef at Chestnut Hill Hospital for five years and at the College, New Rochelle in New Rochelle, N.Y., he has worked in various hotels in the area.

Inge Rudloff Arrives as Reverse CARE Package
by Dick Becker ‘53

Inge Catharina Rudloff, from the University of Munich, a senior majoring in political science, completed her medical degree at the Universitas Medicorum of Munich, and graduated with honors. She has been accepted into the Emergency CARE Program, which she will begin at the University of Pennsylvania. Rudloff has been awarded a scholarship to attend the University, and will receive a diploma and license upon completion of her studies. While majoring in political science, Rudloff has spent the past four years studying through this program, which was easy. This interview was conducted on the campus of the University.

Memories Flee as Students Register
by David Hallstrom ’52

Registration Day is a signpost in the day of my return to campus. We were filling out those forms which you will then bring up the hill to the college; they are palpable evidence that васmos and dorm life are coming. It is a kind of change for me. The dorms are even more crowded, and you have to keep your hair cut. I heard several cut their hair during each day to remember that they were closer to 24 and not 18. Most of the students are going through the (Opposite American store) was a continuation of our first examination days! Campus Interviews on Cigarette Tests
No. 22...THE WOODPECKER

American smokers are notoriously loud and polite in Europe...I interrupted...

...how about the differences between American and German boys?

There is not too much difference...boys are alike, here and at home,

"That takes care of us, Gentleman!"

I did notice," she said," a great difference among the girls. Here a girl becomes more independent and begins to develop an exclusive personality around 18, while in Europe a woman does the same closer to 24 and 30.

Inge is fascinated by drug stores.

...the freshmen insist on staying up,

I...she was jolted time after time after time by the fire-crackers being unpacked for examination days! What pleased me was that people you have not seen all summer, unless they have been repaired at LEH’S SHOE REPAIR SHOP

What kind of a square do they take me for?

Woodrow almost bit off more than he could chew when he tackled the cigarette tests. But he packed away ‘til he smoked out the truth! Such an important item as mildness can’t be tossed off in a fleeting second! A “swift snuff” or a “perfunctory puff” proves practically nothing! He, like millions of smokers, found one test that doesn’t leave you up a tree.

It’s the sensible test...the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke—one day-after-day basis. No snap judgment! Once you’ve enjoyed Camels for 30 days in your “T-Zone” (T for Thrust, T for Taste), you’ll see why...

After all the Mildness tests...

Don Kellett, Famed Grid Star, Led The Ursinus Football Eleven in 1938

by Bob Oldenheimer ’33

The name of Don Kellett is not unknown to those who have fol­

lowed his feats as a University of Pennsylvania grid star, or to those who observed the great football and basketball teams that he has coached. However, it is not widely known that this same Don Kellett guided the Ursinus football team back in 1938.

The Athletic Council appointed Kellett to replace retiring head coach Jack McNary at the close of the ’37 season. It was in the fall of 1935 that Don first set foot upon the local campus. He had been hired to guide the ’36 and ’37 teams, and he wanted no time in turning out winning combinations. In his first three years he coached the Fresh eleven to three successive undefeated seasons and his hikes were stouter.

Kellett was an inspiring leader and his teams were noted for their strong team spirit. He was excep­

tionally popular with the men who had played under his leadership and a credit to Ursinus.

It was on the basis of his playing and coaching records that Don Kellett was chosen to be head foot­

ball coach and then was also named assistant basketball mentor. Don Kellett was an inspiring leader and his teams were noted for their strong team spirit. He was excep­

tionally popular with the men who had played under his leadership and a credit to Ursinus.

The Ursinus Bears made a successful home debut last Saturday as they throunced Haverford 20-7. Displaying a powerful running attack, a fine defensive line and a relentless defense, they seemed to find little trouble in handling Haverford as its game itself was frequently marred by costly fumbles and penalties. The ensuing play found the Bears driving to Ursinus territory for the first time. Dick Glock carried over on the opening drive which carried them all the way to the Haverford eight yard line. The visitors regained possession, but on their first play hike tumbled and Bob Swett recovered the fumble on the 'Fords' own 40 yard line. Once again Haverford made a brilliant goal line stand and after taking the kick, Hibbard plunged. Bob Swett tumbled, but Harry Feulner made the recovery on the 29 yard line. This brought to a close the first quarter with the score still 0-0.

Bears Tally

When the ball was put back into play the Bears this time drove to the Haverford one yard line where Dick Kirk plunged over for the Bears' first touchdown. Bob Swett carried the extra point through the uprights 7-0. For the remainder of the first half the game was dominated by Ursinus and its defense. Haverford showed signs of a possible coming back but it was nullified by an offside penalty. The ensuing play found a交换 of kicks until finally Ursinus opened the fourth period with Kirk with a booming 60 yard punt. The punt was touched by Ted Wenner '53 for the Bears, but in the midst of a scramble for the ball along the sidelines the latter has shown fine ability in handling the duties of goalie. This caused aảy costly penalties.

Miss Jane Platt

Miss Jane Platt of Jeffersonville is the head athletic education instructor, replacing Mrs. Natalie Whitling, who resigned to become a housewife. Miss Platt was graduated from Norristown high school where she was active as president of the Student Council, played hockey, tennis, and basketball, of which she was captain, and was president of the "N" Club, a sports organization. She entered East Stroudsburg State Teachers College four years later, and again she demonstrated her all-around ability as president of the Women's Recreation association, secretary of the health and physical education club, and chairman of the social council. She was a member of the women's executive council, which assisted the dean. In the athletic field, Jane was captain of the varsity hockey team and played tennis and tennis. She was elected to Kappa Delta Pi, an honorary education sorority, and to Who's Who in 1948 and 1949.

Upon graduation Jane taught health and physical education and coached girls' sports in the East Stroudsburg school and became a housewife.

all men would perhaps become essentially students...

"Did he mean so that they could shoot off fire crackers in the evenings?"

On Registration Day, I found that some serious thought had returned to the campus from the summer.

"You know, as students, we're in a very enviable position. Everyone else has to spend their time scraping up enough dough to stay alive. But we don't even have to think about where the next meal is coming from. We have nothing to do but spend all our time doing what most people find time to do only a few hours in the evening—reading and enjoying ourselves." Was he not right?
