Seniors Elect
Paul Doughty
New President

Paul Doughty was elected presi­dent of the Student Council after being nominated by voting seniors on Thursday. Doughty, formerly a member of the Forum, replaces Bob Henderson, a senior, who did not seek re-election.

An election will be held to fill the remaining executive positions. Any senior who is interested in being nomin­ated to a position should sign up with the secretary of their respective group. The vacancy caused by the resigna­tion of Henderson from that office.

At the meeting the committees were set up for the senior prrku which will work in cooperation with the National Association of Men's Societies and the Campus Senate. The National Association, Manufacturers will speak on the subject: The Price of Freedom.

Y Retrast Termined
Success; Varied Program Enjoyed

Nearly 100 students and faculty members attended the Y Retrast held at Camp Fernbrook, near Pottstown, over the past week-end.

A brief talk, In the Name of Christ, opened the program Friday night and was delivered by Dick Kolliner, former YMCA vice president and now a senior at Lebanon Theological seminary.

Later that night Dr. Eugene H. Miller showed colored slides of his trip to Europe this summer. This was followed by a ski hike, dance and a visit to the New York Zoological Park.

Discussions held on Saturday of this year's program are expected.

A breakfast meeting was organized on the basic concept of radioactivity in the morning. The program, which will take place on Sunday, April 25, will be held at the Bridge hotel. The keynote speaker will be Dr. H. Lloyd Jones, who leads the Nuclear Physics group at General Electric's Research Laboratory.

Tom Anderson, who leads the Nuclear Physics group at General Electric's Research Laboratory, will be advisor of the group. These and many other scientific lectures will be held at a future meeting.

Sam and Linda Balsam will be the advisors of the group. These and many other scientific lectures will be held at a future meeting.

The show, the theme of which will be the possibilities of the atomic pile, will be presented by the class of 1955 in the Thompson-Gay gymnasium.

For the grand finale of the season, the show will be presented to the public by the group. The theme of the show will be the possibilities of the atomic pile, which will be held at the Bridge hotel.

A committee of 13 members, composed of Charlie K student body prior to our football game with Wagner at 2 o'clock.

The Y Retrast will be held on the night of March 24. The show will be admitted to the school even if he is not a member of the National Association of Men's Societies.

The council expressed the hope that all the boys will come to the show.

The Forum, now in its ninth season, is looking forward to another year of stimulating discussions and thought-provoking questions. The Forum committee, consisting of a diverse group of faculty and student volunteers, meets weekly to plan and prepare for each event.

A series of events will address various topics and are scheduled for the 1951-1952 academic year. The panelists for each event are selected based on their expertise in the respective fields. The forums are designed to encourage open and respectful dialogue, allowing for the exchange of ideas and the sharing of knowledge.

The upcoming events include discussions on the role of science in society, the impact of technology on privacy, and the ethical implications of new medical advancements. Each forum is attended by a select audience of faculty, students, and community members, providing a platform for meaningful conversation.

The Forums have become a significant cultural event in the Ursinus community, recognized for its thought-provoking content and engaging discussions. The committee is committed to fostering an environment where diverse perspectives are welcome and respected, promoting the exchange of ideas and the development of critical thinking skills.

The Forums are a testament to the dedication of the faculty and student volunteers who work tirelessly to ensure the success of each event. Their efforts are a reflection of the university's commitment to education and intellectual growth.

The Forums provide a unique opportunity for students, faculty, and community members to engage with complex issues and to contribute to the ongoing dialogue about the role of science and technology in society. They serve as a focal point for intellectual inquiry, promoting a culture of curiosity, critical thinking, and open-mindedness.

The Forums are a valuable resource for anyone interested in staying informed about the latest developments in science and technology and in understanding the ethical implications of these advancements. They are a reminder of the importance of critical thinking and the role of education in shaping a more informed and responsible public.
Idi~neti cal Twins Revolt Against Heredity by Nancy Schubert '55

Defying tradition, Marion and Ruth Haslam, identical members of the freshman class, cut themselves loose. They are day students here and both English majors.

Although the twins are identical, there is a slight difference in their appearance. Marion, who is the older by three minutes, has dark brown hair and blue eyes. She is 5'9" tall and weighs 135 pounds. Elizabeth has light brown hair, brown eyes, is 5'9" tall and weighs 125 pounds.

Musi~cal Family

Since the sisters come from a musical family, it is only natural for both of them to be talented musicians. Liz and Marion began taking piano lessons for four years. Besides playing in the orchestra, Liz also was the assistant conductor of the orchestra. Along with cello lessons, she has devoted much time to practice piano lessons. She plays the piano for church functions, besides providing accompaniment for the church choir. Marion was a member and leader of the church choir as well as leader of the Youth orchestra for two years.

Their two older brothers devote much of their time to music. Both have taken cello lessons for many of them religious, and is a real pleasure, with names like Marian, George, is a trumpeter and has a job for Life. He was offered to give a program for Ruth in the orchestra. Along with cello lessons, she has devoted much time to practice piano lessons. She plays the piano for church functions, besides providing accompaniment for the church choir. Marion was a member and leader of the church choir as well as leader of the Youth orchestra for two years.

Their two older brothers devote much of their time to music. Both have taken cello lessons for many years, and are currently pursuing music degrees. Liz and Marion both took piano lessons for five years and are currently taking voice lessons. Liz also took cello lessons for four years, and is currently playing in the orchestra. Marion is currently playing in the orchestra as well as playing in the choir. Marion was the assistant conductor of the orchestra for four years. In addition, Marion has been a member of the church choir for two years.

School Activities

The twins were graduated from Philadelphia Girls' High, where they were participants in many activities. Marion was in the varsity swimming team and a Senior Life saver, while Liz spent most of her time occupied with work at the Chinese student center, and with the international activities at Philadelphia Hall, where their father is an administrator. The Fellowship House is a laboratory of racial and international understanding. In music alone, Marion has performed with the work at Fellowship House, Liz acted as accompanist at Camp Abna and Usami. At Camp Usami, Marion was president of the Young People's assembly, and Marion served as secretary of the assembly. Marion was the assistant conductor of the orchestra for four years. In addition, Marion has been a member of the church choir for two years.

spying by 'Happy' Chandler

helped centre top harvard

by ed klein '32

this is a tale of a kentucky boy

whose enterprising, though not en-

tirely ethical, attitude about

helped offset one of the classic

stories. all the best

the kentucky hindertiders began to tear

off some chunky yards. it was

then that "bo" mcclain, now

the coach of the philadelphia eagles,

ran off-tackle, cut back to the

sidelines and scored the game's only
touchdown to give centre a victory.

busted, the crowd realized they

had seen a great football game, a

game that marked the beginning of

the era in which harvard, yale, and

princeton no longer completely

dominated the pigskin parade.

"happy" chandler lived up to his

college name even before he

went to school at transylvania, he

turned up in 1922 at the centre football

career, a job he held before getting

his degree.

in danville, kentucky, the

winning olympian was remembered with
great esteem. alongside the president's picture

bust, a new statue of the man is

howard reynolds, sports editor of the

boston post.

SPYING BY 'HAPPY' CHANDLER

HELPED CENTRE TOP HARVARD

by Ed Klein '32

Then the saga began. It soon be-

came apparent that Chandler had

gotten the goods and obtained the

vital information. All the best

rivals' plans failed. This harvard

eleven hadn't been beaten in two

years and was to go through another

season challenged only once by the

upstarts from danville. the

harvard team was even using

leather gloves, now outlawed.

OFFENSE IMPLEMENT

While Harvard's offense looked

impeccable, the Kentucky boys be-

gan to befuddle their "big league"

opponents with a lock-step shift,

resembling an infantry close-order

drift then "red" rogers from the

kentucky hindertiders began to tear

off some chunky yards. it was
